## **The Angels of Divine Will Power**

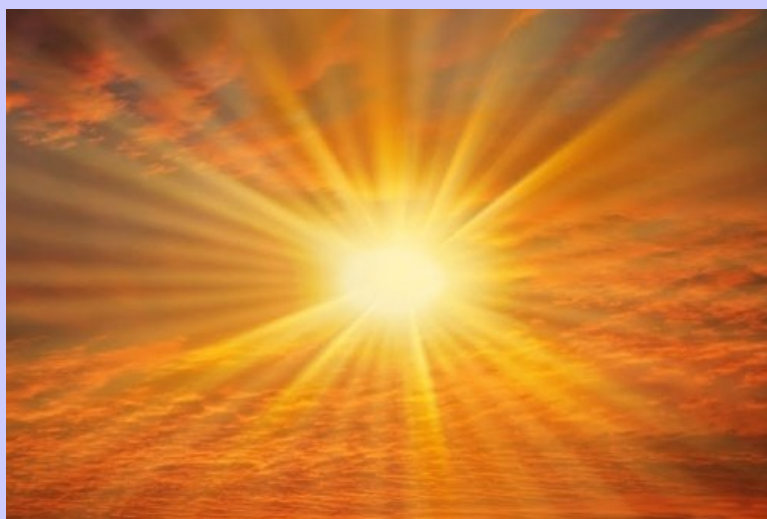

*Also known as*  
The Angels of

***Kosem***

**Beloved,**

**We welcome you to the heavenly hosts of Leo.**

**Leo is the natural sign of the sun.**

**Leo inspires initiations into the fire element of individual willpower,**  
**and the heavenly hosts of Leo inspire the alignment of individual will that is one with Divine Willpower,**  
**which is the desire for the highest good of all**

.

**The heavenly hosts of the previous sign of Cancer opened gateways**  
**into mastery of the water element of flowing tangible feelings in the body of emotions**

that are attuned to this omnipotent Divine Will.

Remember that in the sign of Cancer  
emotions  
of divine faith and courage were perfected.

Cancer is the natural sign of the moon.

Leo is the natural sign of the sun!

In Leo, a person aligns fiery desires and will with DIVINE  
desires,  
Divine fire, Divine WILL, and becomes master of the fire  
element of intention and visualization

.

This is done while flowing with those wonderful glorious and  
victorious strong divine emotions of faith  
mastered in the previous sign

.

Because of this,  
Leo is the sign of rulership.

Leo is also the sign of the heart.

An electromagnetic scalar wave is created through a  
combination of these divine desires and emotions that brings  
new realities into form on every level.

Leo is therefore the sign of creativity, of being as a divine child with faithful innocence and trust, of being a childlike person with deep understanding of creation as joyful and playful.

*"Ye must be as little children to enter the kingdom of heaven."*

*"For I have not given you the spirit of fear,  
but of joy,  
and life everlasting."*

Through Leo the unified field vibrates with ONE INTENT.

Omnipotent Fiery Divine Will, for the highest good of all concerned, rules.

Divine Will for fun, creativity, joy, innocence, safety, and laughter assumes ruler ship, in faith.

*The heart blazes forth with faith and almighty desire  
for all to be joyful,  
to have a wonderful time.*

**As flowing emotions of faith are COMBINED WITH OMNIPOTENT desires for the highest good of all, tremendous electro-magnetic power is continually unleashed, shining like a sun blessing earth.**

**This electro-magnetic power moves through the entire ocean of consciousness surrounding Earth and ripples out to all creation.**

**A person uses this power of rulership to walk in beauty, to be sure that creation is joyful.**

**This sovereignty and true dominion over creation, to manifest divine harmony and justice for all, shines like the sun.**

**This is why the sign of Leo is the sign of the sun.**

**Leo is true sovereignty, rulership and creativity.**

**Leo is called the sign of The Divine Child.**

**Leo is fixed fire, one of the four living creatures before the**

throne of God mentioned in ancient writings,  
it is the creative aspect of Uranus, a secondary sun that  
channels divine will through Earth and Saturn.

Where Earth manifests the creative aspect of divine will,  
Saturn manifests the receptive aspect of divine will.

Earth channels creative will to Leo and Cancer, while Saturn  
channels receptive will to Aquarius and Capricorn.

Intention, will, and desire, which are MASCULINE  
PRINCIPLES OF FIRE, in an innocent child, or a pure heart,  
are naturally aligned with Pure Being, or Oneness with  
Divine Consciousness.

Ye must be as a little child to enter the kingdom of God.  
Delta brainwaves produce fire.

Delta is dominant in infancy and deep dreamless sleep.

Delta brainwaves of pure being become intentions and  
thoughts and in so doing, speed up to become Theta  
brainwaves;

Theta is dominant in childhood.

Theta is deep inward thought within.

All of this produces strong creativity and imagination, with  
flowing emotions of faith and courage, so that all  
things become possible.

By seeing through the eyes of Love Divine, individual  
willpower is automatically aligned with Divine Will  
to create the highest beauty on all levels of the mind, the  
emotions, and the physical world.  
On Earth as it is in Heaven.

Strong flowing emotions are feminine magnetic power.

**Emotions attract new realities into the physical world of the five senses, of solid manifestation.**

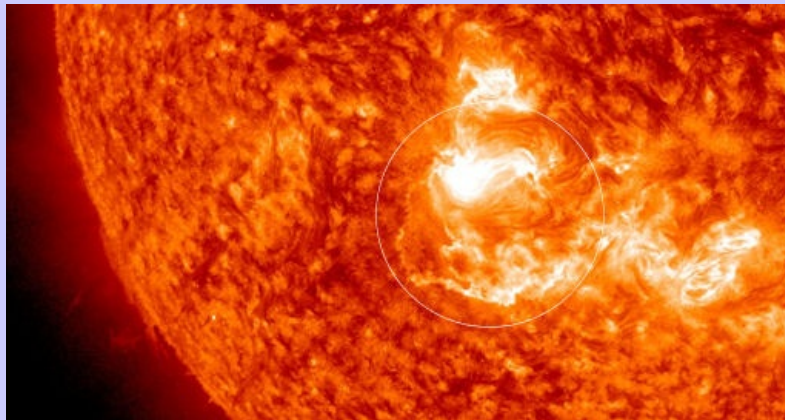

**Remember, together, will and flowing emotions create electro-magnetism.**

**Electricity spirals in a clockwise direction, emotions in a counter clockwise.**

**Together they form a scalar wave when they are in complete harmony, and scalar waves are tunnels to new realities in the infinite potential of the quantum field.**

**When the open heart of a child flows with Gods will, the brightness of this electro-magnetic energy, like rays of the sun, connects with the hearts and wills of many others . This chain reaction is similar to the processes of combustion in the solar sun.**

**Within people of all ages is an inner divine child self.**

**We help each child align the heart with Divine Will to assume dominion so that the earth rings with joyful sounds.**

***"Make a joyful noise all ye lands!"***

**Through emotions and wills attuned to Divine Will, it is possible for people to have infinite power to so profoundly guide, serve, nourish and bless the entire world that**

***"All that I do ye shall do and more."***

**The electro-magnetic power of unity with omnipotent Divine Will for the highest good of all opens doors to miracles and creates flowing divine emotions that attract ever new realities of supreme happiness. The children of Divine Being are heirs to the greatest power that there is.**

***K*The letter K in the ancient language represents the divine virtue of Omnipotence or All-Power.**

***When a person attunes to this virtue, a state of manifestation of faith occurs.***

***Anyone who fully manifests this faith, will achieve, as a result, a state of manifestation in which any idea, any wish, will at once become reality in whichever plane they desire.***

***Power and Will are two words that mean the same thing in this case, so K is the virtue of all-will.***

***Umlaut O, oe, and OWe inspire cognition brought about by love divine, so that the underlying perfection in Creation is manifest.***

***We awaken the divine virtue of justice and harmony.***

***Meditating on this virtue gives appreciation and recognition of the divine laws and the adherence to legality.***

***This virtue brings success and satisfaction in all endeavors.***

*S*The letter *S*, like the letter *K*, also represents divine power, or will.

*The letter S represents power and will in the sense of penetration, quantity, or an active state of doing. K, on the other hand, represents the virtue of power and will as a state of being, or quality.*

*So K represents power as a quality, as in a strong-willed person.*

*S represents power as a quantity, as in the act of asserting that will.*

*S represents the virtue of willpower actively penetrating everything.*

*E*The letter *E* is the divine virtue of Omnipresence, or the presence of Divine Life and awareness in everything.

*By meditating on this virtue and mastering this virtue in your consciousness, the ability to transfer consciousness, to unite individual consciousness with Divine Consciousness, and materialize or dematerialize anything on the physical plane is attained.*

*M*The letter *M* represents emotion, change and fluidity.

*Emotion is the magnetic attracting force of the Universe.*

*When the sense of strong, infinite willpower is combined with justice and the awareness of God existing in everything, and then combined*

*WITH POWERFUL EMOTION of a divine virtue, complete control over change is acquired on all levels, even to changing gravity.*

#### **MIRACLES**

**Note:** Concerning the constellation of Leo, the following information is useful:

**There are three major rays of Divine Consciousness.**

**They are Love, Wisdom, and Will.**

**The three outer planets of Pluto, Neptune, and Uranus are secondary suns transmitting these three aspects respectively from the Atman, or higher self, which are represented by spirit-sun and soul-moon.**

Under each of these three outer planets there are two planets each; one receives electro/masculine/will and the other receives magnetic/ feminine/feelings.

Under Pluto is Mars and Venus,  
under Neptune are Jupiter and Mercury,  
and under Uranus are Earth and Saturn.

Under each of these six planets are two constellations each, or astrological signs, making twelve signs in all. One of these two signs is also electro/masculine/will/thought and the other one is magnetic/feminine/emotion/sensations.

That means that there are four constellations each under Pluto- Love, Neptune-Wisdom, and Uranus- Will.

The four constellations that fall under each of these three divine aspects, represent the four elements:

Fire-[Will] and Air [Intellect] which are masculine, and

Water [Emotion] and Earth [Form], which are feminine. Therefore, the entire constellation of Leo represents the electro/masculine power of WILL, under the auspices of Uranus, which is the archetype of DIVINE WILL.

Leos thirty degrees teach the attunement of individual will with Omnipotent Divine Will for the highest good of all.

Footnotes:

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor,

or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly

host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence.

\* Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4]. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician",

gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
