La ley de Uno

Cuando Uno está herido, Todos estamos heridos

Cuando Uno está bendecido, Todos estamos bendecidos

Por lo tanto, en el nombre de El Sagrado, mi Dios, yo soy presencia

Quien es uno con todo lo que es

Quien es Todopoderoso, Amoroso y Sabio

*Pido sólo que el bien de las alturas de todos los involucrados,
se manifieste justo aquí y ahora y en cada dimensión y en cada línea de
tiempo*

Doy gracias de que esté pasando ahora.

The Angels
of
Perfection

Also known as

The Angels
of
Horog

Beloved,

***On paths of perfection,
application is everything.***

The Path of Perfection is co-creation with Divine Providence.

**The path of perfection comes from ancient understanding and
knowledge
of The Laws of Creation.**

**The Power of The Word,
which is conscious mastery in meditation,
of being, will, visualization,
thought, emotions, and imagined sensations,
*is how creation is formed and continues to function.***

**This is the path of following inner guidance,
seeing through the eyes of love,
manifesting divine harmony and justice,
and grace and mercy,
and solving even the darkest and most difficult problems.**

**This is mastery of consciousness to manifest miracles of grace and
mercy.**

**Herein lies mastery of the worlds of form, of emotions, of mind, and of
spirit.**

**Through fourfold application of love and faith and all other divine
virtues
meditating in will, visualization, thought, emotions and sensation;
we help people follow The Paths of Perfection,
of co-creating reality through mastery of consciousness.**

**The path of perfection brings transmutation, justice, harmony,
clear inner guidance, grace and mercy to Earth.**

**This Path is the Path of The Master,
of Oneness with Divine Will for the highest good of all.**

**This path will be easy, not complex,
through sensitive
attunement to inner guidance.**

**On this path, profound grace and mercy in meditation awakens divine
supreme happiness that reveals clear solutions to whatever arises.**

**Meditation on and mastery of Grace and Mercy brings about
spontaneous
remissions of any situation.**

**The purpose of karma is to 'reap what you sow' and gain insights
about the importance of harmlessness.**

**Through grace and mercy, the suffering of negative karma is greatly
weakened,
because *lessons are learned instead through the down pouring of divine
light.***

Because of this, returning effects of bad causes in consciousness are greatly lessened, and the effects manifest in mostly symbolic ways, instead of suffering.

**We are all one.
When one is harmed, all are harmed,
both senders and receivers.
When one is helped, all are helped,
both senders and receivers.
Therefore, in the name of who I AM,
and I AM ONE with ALL there is,
I ask that only the HIGHEST good of all concerned happen.
I give thanks that this is done.**

Great self discipline is required to maintain a single minded focus on the power of awareness to create reality.

We help with mastery of thinking in visual images of desired outcomes, with emotions of them already happening.

Great self discipline is required on paths of perfection to master every state of being, desire, visualization, thought, emotion and sensation in meditation, to become one with divine awareness of omnipotent will using Laws of Creativity.

The path of perfection is the path of The Power of The Word.

The Word is intent, visual images, concepts, emotions, and sensations in coherence.

**So important is this path, that when a person embarks upon it,
we make sure that the next teacher [who may be either in the inner
planes or in embodiment in the physical world]
is always there for overcoming every obstacle.**

**We assign teachers of the heavenly host to guide dreams, thoughts, and
insights.**

We protect, guide and instruct.

Nothing is by chance.

Everything that happens is by design.

**Every moment and difficult situation is a classroom;
every breath a quantum leap in comprehension and mastery.**

Ask us to assist as you study.

Ask us to assist as you study and master The POWER of the Word.

**The POWER Of the word is the conscious use of awareness on every
level.**

Primarily it is conscious use of intent and emotion.

**It is awareness and use of The POWER of your state of being, the
POWER of your will, the
POWER of your visualizations, thoughts, emotions, and imagined
sensations.**

**Ask us to assist creating merciful futures for self and
others, for truly WE ARE ALL ONE.**

"What you do unto the least of these, you do unto ME."

**We inform the child of God precisely about the way to perfection in
accordance with the laws of creation,
and help him/her to solve the darkest and most difficult problems in
this connection.**

**In the realm of the Akasha, which is the principle of
consciousness-penetrating-all or the Delta brainwave state of pure
being
and unity with Divine Being
and all creation, H represents the power of the word.**

**Meditate on the power of the word, first relaxing into pure being and
sensing personal omnipresence and unity with Divine Being everywhere
in
all things.**

**The application of the power of the word in the akasha principle makes
the seeker understand and use the cosmic language for the purpose of**

grace and mercy.

The mastery of the power of the word in the Akasha, or consciousness-penetrating-everything everywhere, enables the seeker to give each letter and its divine virtue dynamic and creative power.

In the realm of the spirit, focus on visualization of a virtue, on will and intention.

Meditate on willpower that penetrates all.

Horog:

When meditating with H in the mental realm, focus on the idea of the power of the word as being the way that Divine Providence works.

Not only is the seeker able to perceive it with the intellect, he is also able to receive it symbolically, in the form of pictures, by his spiritual senses.

By frequent repetition of the exercises with this letter, the ability of purest clairvoyance will be achieved.

The emotional realm is magnetic and feminine and receives energy from the mental realm which is electric and masculine.

At this stage, emotions of the power of the word are aroused by all that you are experiencing in meditation.

Focus so strongly on these flowing emotions that they can be remembered and evoked at will whenever you wish to use the power of the word in World Service.

In doing this the seeker attains the faculty of influencing, through the magnetic power of emotion, each fate at will, and also the faculty of fully comprehending, understanding and applying the cosmic language in all of its forms as well as all the mantra and tantra practices in their truest forms.

At this point one learns the full meaning of the words ...it shall be.

In the physical world, the color of H is silvery violet.

The tone of letter H is the musical note A, attune to it while meditating on H.

The letter H is a manifestation of the element of fire, which is analogous to will, so visualize and feel it as silvery violet expansion, warmth and heat.

Imagine the head region as an immense universe and see a small silvery violet sun in the head region that radiates immense power whenever you use this

letter.

The head region is the part of the body that corresponds to the fire element of will.

This letter and color was the means that the right arm of every human being was created.

Meditate on this letter permeating the right arm.

Imagine feeling this warm silvery violet air filled with the conscious power of the word filling all of the universes inwardly and outwardly through the pores of the skin with the breath.

Here are the other letters of our name:

pronounced umlaut O, eu This letter represents divine cognition brought about through love divine.

Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything.

The ovaries and testicles are formed from this virtue of the profound cognition brought about by Love Divine.

In healing, heal the left ovary first and then the right one.

Akasha: In the principle of consciousness penetrating all, the umlaut O oscillation evokes the most profound cognition which can only be brought about by love divine.

By the help of this a person gets to know all the possibilities of transformation of the spirit, all the systems and ways serving this end, and all knowledge concerning transformation in all other fields.

He/she is informed about everything that, deriving from the act of creation, had to pass through all the mode of transformation to be reunited.

A person must attain all the faculties that are offered by this profound cognition made possible by Love Divine, in the principle of consciousness-penetrating-all, and must make use of all possibilities, in order to get convinced that they cannot be described by words, but must be experienced, lived through.

I have mentioned the letters umlaut A,

*which is the recognition and release of imperfection for change,
and umlaut O,
which is seeing through the eyes of love and recognizing original divine
perfection,
as the last ones in
this series of exercises,
because by the help of their virtues one is able to comprehend, from
the principle of consciousness-penetrating-all,
the crown of all wisdom in the micro- and macrocosms, from the act of
creation to the present state of evolution, and even to the final
development.*

*Mental: Evoked in the intellect, the virtue of profound cognition
brought about by love divine gives the understanding
of the transformation of ideas, virtues, etc. by the quabbalistically
pronounced word, which is a very great and comprehensive field.*

*Astral/ emotional level: In the emotions, the virtue of profound
cognition brought about by love divine
develops the faculty of perfect astral projection and the mastery of
all occult and magical phenomena that have reference to transformation,
so that a person may, for instance, assume any desired vibration in
the emotional body without being recognized
by other beings and with only Divine Providence seeing through him/her.*

*Apart from this, a person is able to transform any emotional oscillation
into the oscillation he wants and to do the same with any element.*

*Material: When mastered in the physical body, the profound cognition
brought about by love divine leads to perfect knowledge
of quabbalistic alchemy in the material world.*

*A person is taught the true preparation and charging of the
philosophers stone in the physical sense.*

*He/she can influence, at will, any oscillation atomic, oscillation,
electronic oscillation- by quabbalah, and he/she is able to transform it
into the oscillation desired by him/her.*

*Therefore he/she perfectly masters the laws of transmutation and is
able to transform any metal into gold, any stone into a precious stone,
etc. if desired.*

*By the help of this virtue a person is furnished with many other
faculties of which he/she cannot even dream now
and which non-initiates would regard as absolutely impossible.*

O The letter O represents divine justice and harmony.

*Divine justice on a mental level gives a high level of justice,
so that a person is /completely filled with the legality of Divine
Providence.*

*By becoming one with the virtue of justice, the power of creativity
of the word
is always used according to the absolute legality of harmony.*

R The letter R symbolizes freedom and independence.

*On a mental level this gives an eminent mind, and a feeling of freedom
of will and absolute security
that is in complete accord with Divine Providence.*

*A child of God follows sure inner guidance in creating grace, justice,
and mercy in the world.*

*On an emotional and physical level, the virtue of freedom and
independence /awakens ingenuity and a rational widening of intellect,
so that any knowledge can be comprehended quickly.*

Umlaut O, eu.transmutation through love divine

O Divine justice in the physical world evokes situations which bring about absolute success and happiness in every respect.

The child of God mastering this virtue learns to understand, and eventually control completely, the working and functioning of the electromagnetic fluid, which is the will and the emotions, in the human body and material world, and in their relation to the higher spheres.

Endowed with this ability, a child of God becomes perfect master of astrophysics and metaphysics.

The sound of this letter is the divine virtue that concerns everything analogous to the basic qualities of the spirit with regard to harmony, fatefulness and legality.

The sound of letter O is the sound of the initiation into the original principle of divine justice.

By meditating on this virtue, Mentally you will be able to give expression to the absolute legality of harmony in all four basic qualities of the elements.

You will have a high power of judgment and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of justice.

You will never be able to condemn anyone unjustly.

This will bring about the abilities to create any change in the emotional situations that you find yourself in and to have absolute success and happiness on all levels.

The ability to heal and control emotions is the ability to control magnetism, which is the ability to attract.

It is also the ability to manifest anything on the physical level.

This virtue has an ultramarine blue color, the musical note of C, and is the earth element so it has the sensation of weight.

It forms the throat and windpipe.

G The sound of this letter is the sound of the virtue of divine grace and mercy.

In the physical world this virtue represents all phases of riches and wealth, of happiness and satisfaction.

By this virtue Divine Providence has created abundance and, like the Creator, a child of God may also bring about, for him or her self or other people, abundance in everything, should that be desired.

On an emotional level this virtue gives the feeling of happiness, of complete satisfaction.

Situations may be created by means of the elements and the will and feelings causing success and wealth in the world that is for the highest good of all concerned.

In the mind, this virtue gives the experience of peacefulness, and the faculty of giving true divine blessing.

The color of this virtue is deep grass green with a feeling of coolness, musical note F, and the left eye is formed from this virtue.

The melody of our name is A, D sharp, C, C, D sharp, C, and F.

Footnotes:

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

***Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.**

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
