The Angels of Omniscience

Also known as

***The Angels
of***

Ychniag

Beloved,

**A great master taught his followers,
"All that I do ye shall do and more."**

Masters, saints, and prophets are real,

**and their examples and teachings
are based on reality.**

**It is our purpose to help
each soul
walk in the footsteps of previous enlightened ones.**

**It is our purpose to help
each soul
shine in the splendor and brilliance
of complete Divine Consciousness.**

**We entrust seekers with methods
which make accessible
omniscience
and
highest divine intuition.**

**We inspire intellect enlightened by clarity and perfect purity of divine
virtues.**

**In the cycles and rhythms of life,
each and every soul has times of enlightenment.**

**Cycles govern life as it evolves over the centuries in
forms of mineral, plant, animal, and human.**

**These are cycles of vitality, emotions, and of thoughts and will and
being.**

**Through the divine virtues of the letters of our name,
we teach about many cycles and rhythms of life that manifest supreme
happiness, wisdom and grace and mercy.**

**By understanding the rhythms of life,
of time and space,
it is possible to control them through laws of cause and effect,
even to the point of materializing or dematerializing anything.**

**As many teachers foretold, now is the time in the cycles of creation
that the children of God
mature into great levels of Divine Consciousness and Perfection.**

It is time for Earth and Heaven to manifest as ONE.

**In the vast reaches of space, it is time in the cycles and rhythms of life
for beautiful alignments to take place.**

**This alignment allows an amazing impregnation of matter,
on all levels,
with divine essence.**

**Day by day a framework of deep heartfelt instinctive divine intent,
knowledge, emotions, and sensations of enlightenment grow.**

**The DNA of mankind, and of all life, is being upgraded from a
semi-dormant state to divine splendor and majesty.**

**Day by day, creation is blossoming into the most perfect flowers of
divine being in intents, visualizations, thoughts, emotions, and
sensations.**

**By using your birthright to establish communication with,
and receive assistance from,
the heavenly hosts and the beings of the elements,
who enliven matter,
the path to enlightenment becomes ever more easy and blissful.**

**Remember and make use of the bountiful love and resources of creation
on every level.**

**Masters, saints, and prophets are real,
and their examples and teachings
are based on reality.**

We are all one.

When one is helped, all are helped.

**Remember that whenever a long time goes by and there is no
interaction
or communication with a friend,
a distance develops between the awareness.**

**So it can be also with relationships with heavenly hosts and the
elements.**

**This can happen whenever you do not correspond and interact
frequently.**

**When a person first begins to ask for assistance,
this unfamiliarity and distance is quite large.**

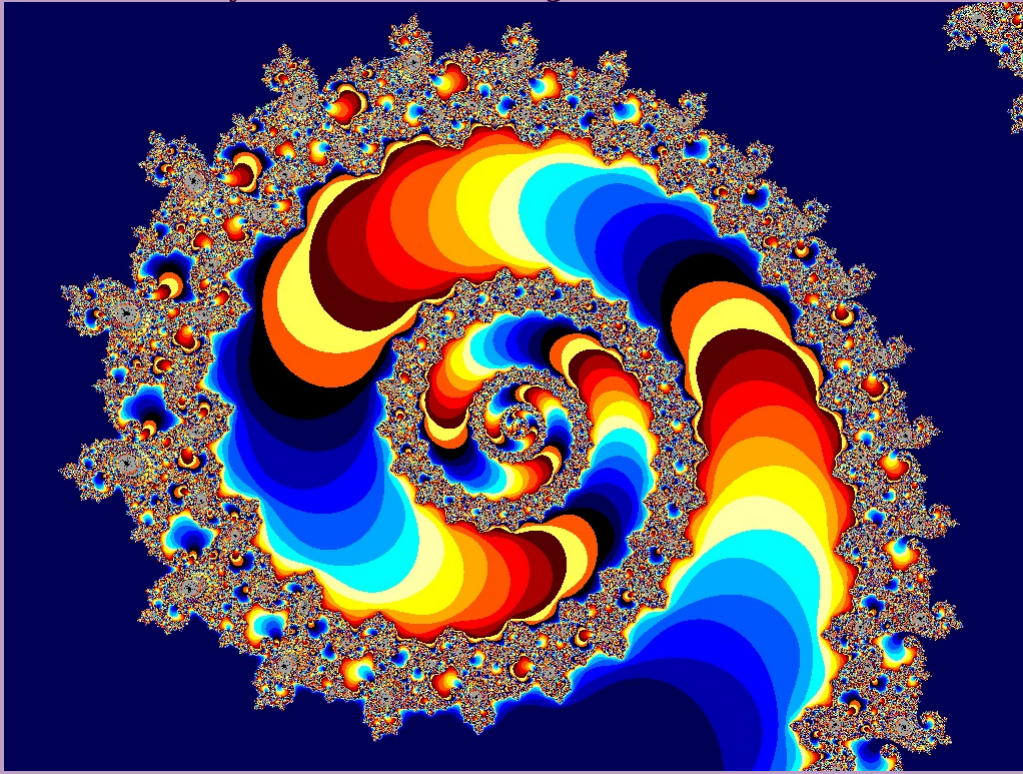

**As time goes by, and through meditation we interact together more and
more,
a great closeness,
understanding, and connection develops.**

**Remember that even though there are many beings in creation,
it is ONE creation.**

**Just as your own body has many cells, organs, and parts,
it is ONE body.**

**There is ONE self that lives and moves in creation,
just as there is ONE self that lives and moves in your own body.**

**Just as an atom looks like a huge solar system,
so are you made in the image and likeness of God.**

**When you ask for our help,
you are asking a part of your own self.**

**When we help you,
we are helping a part of our own self.**

All are blessed.

We are happy to help you meditate on divine virtues.

Many of you have studied these in other lifetimes.

**These virtues are the truth of being of the divine and therefore also
of mankind,
so you are regaining a skill that may have been programmed out in
childhood
by old educational paradigms that valued Beta brain wave function
to the exclusion of Delta, Alpha, and sometimes Theta.**

**The abilities to go into pure being-Delta and connect with Divine Being
and unity with all creation,
with indwelling omnipotent divine spiritual will for the highest good
of all concerned,
are natural and easy unless there has been deep emotional traumas
that
block this.**

**The abilities to go into deep inward thought-Theta and understand the
original purity of all ideas,
and function with clairvoyance, clairsentience, eloquence and artistic
abilities
are also natural and easy.**

**If imperfect thoughts and images have interfered with natural
enlightenment,
we help a person realize this, and dematerialize them for change into
thoughts of perfection.**

**Most importantly, abilities to flow with divine emotions and
attract beautiful realities into form are natural states.**

Emotions are condensed information.

**An emotion contains within it such vast information, such immense knowledge,
that books could be written to explain this.**

**If a person is filled with painful and wounded emotions,
we inspire being thankful for the lessons learned from experiencing them,
and healing them with unconditional love and validation
to the wounded inner selves within.**

**Each person is created perfect,
and this perfection is natural.**

**Each person is created unique,
and this uniqueness is natural.**

**By realizing one's importance to the whole,
and identifying with inherent divine original perfection,
the chakras of the body blaze with divine powers.**

**Therefore, by obtaining omniscience and divine enlightenment;
emotions
of beauty, happiness, love, purity, faith, harmony, unity, grace, high
inspiration,
and all divine emotions arise naturally.**

**Because emotions are the change process of creation,
with omniscience the natural cycles and rhythms of life evolve
all emotions naturally,
so that they,
like a tree that becomes bigger and bigger,
also become more and more powerful, ecstatic and beautiful.**

**Mastering omniscience and other divine virtues requires all of the
brainwave patterns working together in complete harmony.**

**This means that every day that the children of light and love are aware
of
being one with all,
and desiring to create beauty,
and are thinking about these desires,
and flowing with beautiful ecstatic emotions of these desires,
they are attracting splendor and majesty into physical realities.**

**When you desire to be one with Divine Consciousness,
and to absolutely follow in the footsteps of enlightened teachers,
call on us with the assurance that your desire is beloved.**

**When you call on us,
understand that whatever beliefs and knowledge you entertain in divine
beauty will be expanded infinitely.**

Over time the most profound intuition develops within.

All-knowing is more and more revealed.

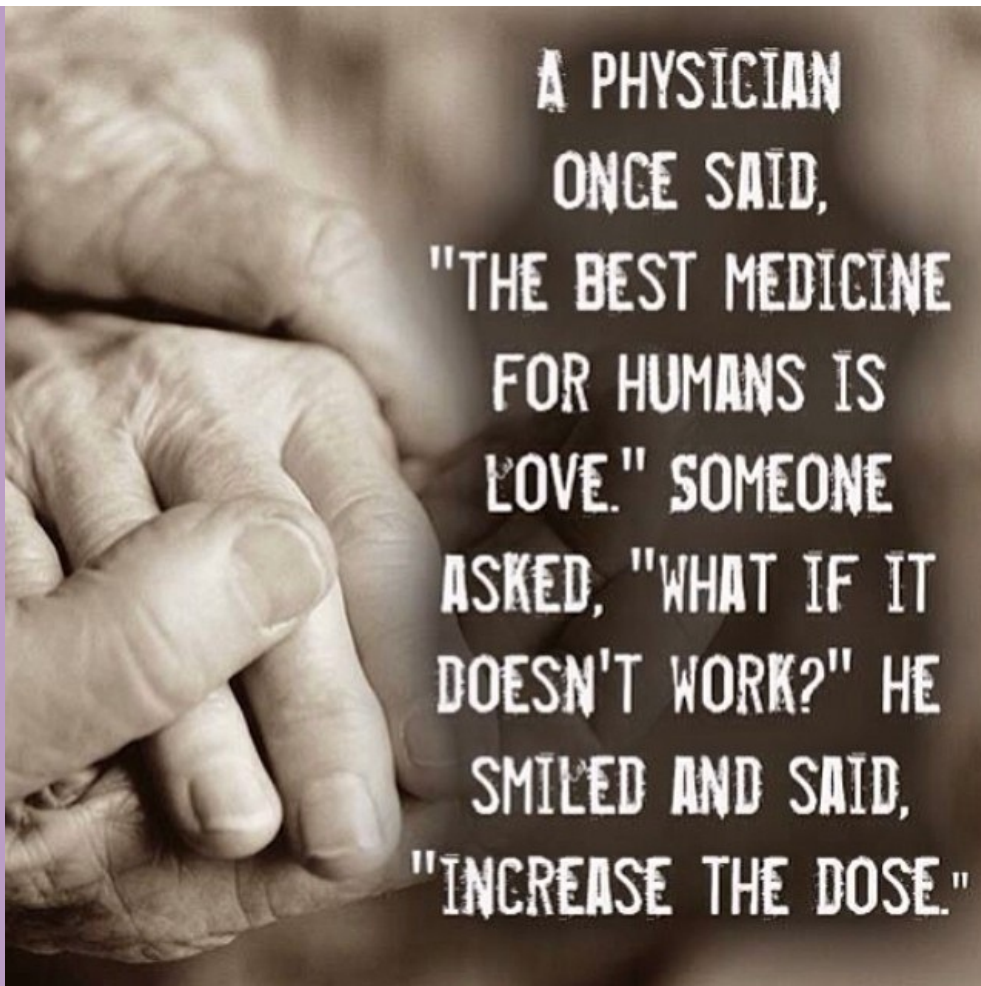

"All that I do, ye shall do and more."

Expect deep healing on every level to be accelerated.

**When painful emotions and thoughts come up, they are coming up to be
processed and healed.**

**Remember that love is the transformation agent, and handle these
times
with deep empathy for these wounded states that come from deep
inside.**

**Understand that they are normal reactions to previous emotional and
physical trauma, especially at early stages of life,**

A PHYSICIAN
ONCE SAID,
"THE BEST MEDICINE
FOR HUMANS IS
LOVE." SOMEONE
ASKED, "WHAT IF IT
DOESN'T WORK?" HE
SMILED AND SAID,
"INCREASE THE DOSE."

Allow them to flow and heal in dignity, instead of reacting in fear,
judgment,
shame or destructive acting out toward self, others or property.

Remember that as you heal yourself, you create a four part sine wave of
information that goes out into the collective on your out breaths.

When one is helped, all are helped.

As you heal yourself, you help heal all others.

Continue your meditation:

Imagine in your Divine Being what it would have been like if you had
been conceived in Divine Love, peace, bliss, safety and spiritual
perfection.

Imagine what your life would have looked like if it had flowed with
emotions of joy, bliss, love, safety, abundance and enlightenment.

Visualize this and flow with these tangible feelings in the body.

Now, in your imagination, merge this new reality with the old wounded
memories.

Watch as they combine energies and transform each other into a
profound
resolution.

This transforms, transmutes, and heals cellular memory.

When a mind and heart are opened to omniscience of Divine
Consciousness,
great is the rejoicing in Heaven.

Remember original Omniscience, so that illusion is mastered.

Transform imperfections.

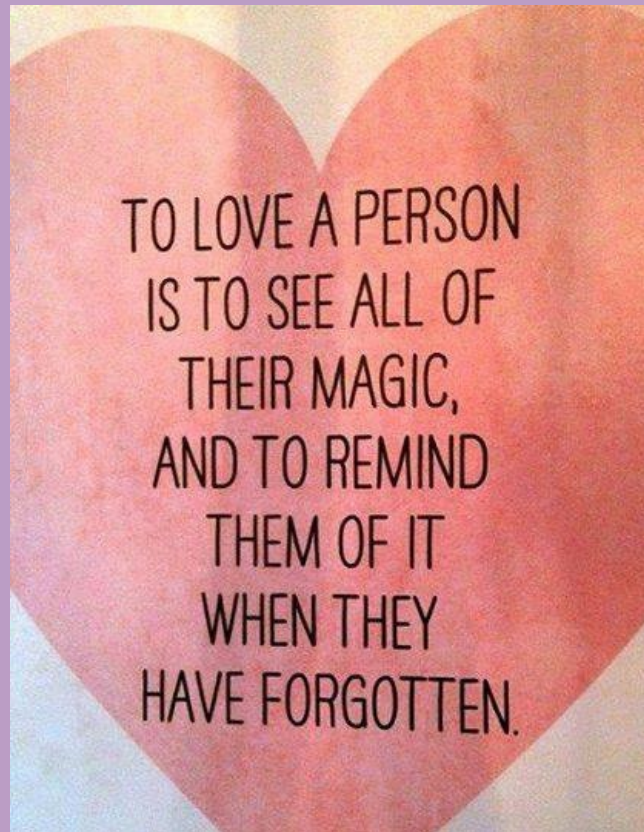

Transmute the inner and outer worlds.

***"One good man can heal a city of ten thousand.
Ten can heal the world."***

bible quote

Footnotes:

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

**Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].
Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.**

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

If you have these, it is helpful to read Frabato the Magician first, with appendixes, and then read appendixes from the other three for background.

Feel free to share these messages.

*The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.*

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I AM one with all there is;

I ask that only THE HIGHEST GOOD OF ALL concerned happen.

I give thanks that this is done.

SO BE IT!

So it is.
