The Angels of Prophecy

Also known as

The Angels

of

Rimog

Beloved,

**In recognizing imperfections on any level,
in self or others,
and using the power of divine dominion to release them for changes
into
other states that are the highest good of all,
a prophet guides his people.**

**We reveal that Humanity was never intended to make decisions from a
purely rational or logical viewpoint.**

**The mind makes a great servant,
but a cruel master.**

**When the eyes see through a heart of flowing LOVE DIVINE,
then underlying blueprints of perfection are easily seen.**

**Recognizing the underlying divinity of whatever is seen
enlivens the awakening and manifesting of this divinity.**

**In this way we help prophets mirror the underlying majesty of God in all
creation,
and choices that are made create realities of bliss all creation.**

"Love conquers all."

"The greatest of these is love."

**Creation is a unified field of energy
that contains infinite potentialities in time and space.**

Emotions determine which potentialities manifest.

**By attuning to the emotional frequencies of anyone or anything,
ongoing effects of these frequencies are easily seen.**

**We reveal that divine prophets,
by following inner guidance from divine love within,
and understanding previous causes and effects,
generate emotions of transmutation into perfection
made possible by cognition brought about by love divine,
and bring grace and mercy and true divine blessing
that alleviate much suffering from painful fates.**

Miracles of healing and redemption manifest.

**Because each act of Free Will causes cascading chains of results,
we receive prayers for guidance,
so that only the highest good karma is created for self and others.**

**Karma is an ancient term for the effects caused
by previous and current states of being, desires, thoughts, feelings, and
sensations.**

**Beautiful loving causes create beautiful loving effects.
Painful causes create painful effects.**

**We inspire clear inner guidance in each moment and situation,
and highest intuition and understanding of cause and effect.**

**Much like master chess players,
we help the minds eyes see moves and their causes and effects many
steps further
along, both past and future, in the game of life.**

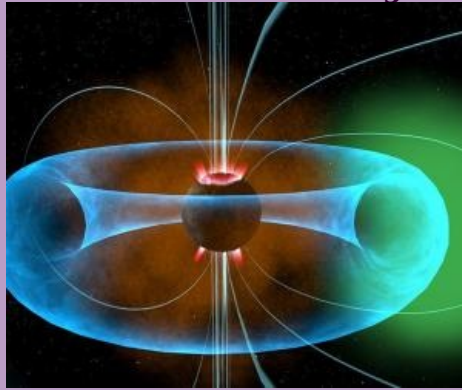

**We awaken within people clear inner guidance
and understanding of the short and long term implications
of each choice
made through free will.**

**We reveal that the HEART,
the wisdom of the heart,
is the best source of guidance for decision making.**

**It has been written that the longest journey is
the journey from being in the head,
to being in the heart.**

**Within the HEART
lies wisdom of love,
the best source of guidance for decision making.**

**The heart is first to develop in the womb,
and has a tube torus field of plasma energy
that is over five thousand times stronger than the brain.**

**Seeing through the eyes of love, instead of through logic,
is a major ingredient of
miracles.**

**We help people understand that intuition,
the province of the right hemisphere of the brain and the
parasympathetic nervous system,
adds a spatial and creative perspective to the linear, rational one of
the left hemisphere.**

**As this heightened awareness travels to a heart of love,
plasma is generated that gives life
to that which cognition brought about by love sees.**

**In this way, whole brain mastery is subjugated to the
flowing divine love of the heart and best fates are created.**

"Love conquers all."

"And the greatest of these is love."

Emotions are magnetic and attract new realities into form.

**For this reason, we help prophets understand and master flowing
emotions.**

By changing emotions, fates change.

**Loving feelings attract loving realities.
If emotions are negative, negative realities are attracted.**

**By teaching others to be aware of emotions on an ongoing basis,
and healing negative ones in timely ways,
potential futures are guided into manifestations of beauty.**

**Meditation on Divine virtues allows individual mind and emotions to
unite and become one with Divine Mind and Emotions,
thereby creating
fates that manifest sacred qualities of Divinity.**

**This is part of the meaning of the saying that people are created in the
image and likeness of God.**

All that I do ye shall do and more.

**When asked for assistance,
we permeate the mental and emotional worlds with access to highest
insights along these lines.**

**In meditation on the Divine virtues, we help each seeker see cascading
results of various decisions far into the future.**

We lovingly inspire right choices with this knowledge.

**We also provide information about the decisions that have been made by
others,
and the natural ongoing effects of those decisions.**

**This is one reason why we are called
The Angels of Prophecy.**

**We help a person see and take into account the laws of the universe,
and, most importantly,
the effects of Grace and Mercy on the future.**

**The Heavenly hosts work for the highest good of all concerned
because of their understanding of the oneness of all life.**

**When one is harmed, all are harmed,
and when one is helped, all are helped.**

**Therefore, Heavenly Hosts of Light assist when a choice is ONE that
will benefit the entire being of the One Omnipresent Divine Being.**

**Together the sons and daughters of divine being
and heavenly hosts make a complete feedback loop.**

**Angels evolve through ever greater complexity of service
while the sons and daughters of divine being
evolve through use of free will.**

**When a man or a woman uses free will to make choices that are the
highest good
of all concerned,
then it is designed by the Creator for both angels and heavenly hosts
to help that choice manifest.**

**Because of the existence of free will,
Angels of Destruction, often referred to as Angels of Darkness,
use their powers so that a man or a woman out pictures those choices
that harm,**

or cause destruction, to any part of the one being.

By experiencing the effects, or fate, of these choices,
a person learns that 'what goes around comes around.'

A prophet uses dominion that comes from the kingdom of heaven
within,
and often softens dire effects of negative causes in self or others,
through divine downpourings of divine light,
which is the virtue of grace and mercy,
letter G of our name.

When one is harmed, all are harmed, whether or not the harm is to self,
others, or property.

Harm harms everything,
and even harms the angels of darkness,
who themselves long to
transform into other states
that are the highest good of all.
This is one of the meanings of the alpha,
the virtues of letter a and umlaut a, ae.

A is enlightenment, and umlaut a is life and death and transformation,
the change from one state to another.

Whenever imperfections are recognized,
a prophet seeks transformation of these imperfections
into states that are the highest good of all concerned.

The state into which something is changed are the virtues of omega,
the virtues of o and umlaut o, oe of our name.

O is transmutation brought about by seeing through the eyes of love,
umlaut o is justice and harmony.

By conquering fates of self and others through love,
the fates of all are changed for the better.

That is why the original law of creation, the Law of One,
is overriding all other laws at this time.

All of creation longs for perfection.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM ,

and I AM one with all there is;

I ask that ONLY HIGHEST GOOD OF ALL CONCERNED happen.

I give thanks that this is done.

SO BE IT!

So it is.

Divine Being is omnipresent, even within the most amazing polarities of creation.

**When imperfections are recognized in self or others,
and released for
transformation
into the highest good of all,
heaven and earth become one.**

What goes around comes around.

Whatever is done to another comes back.

**When harm happens to self, others, or creation, great suffering occurs,
and in time the lessons of harmlessness are learned through reaping
results and experiences of suffering.**

**When help happens to self, others, or creation,
this help causes cascading effects of helpfulness
that result in healings for all in the unified field of being.**

This is the essence of karma, or fate.

**Remember that in The Art of Prophecy, the ability to feel the emotional
quality of
something gives knowledge
of what material results are being attracted into manifestation.**

**If through LOVE and Grace and Mercy, the lessons of harmlessness and
ONENESS are learned inwardly through growing enlightenment,
then returning harmful fates can be softened.**

Ask and ye shall receive.

We help awaken conscience and remorse for negative choices.

**We help even the worst criminal experience pricks of conscience that
alters everything.**

**Because we ask that all learning occurs in ways that are the highest
good of all,
often, when dark criminals experience pricks of conscience,
they ask for assistance from Heavenly sources.**

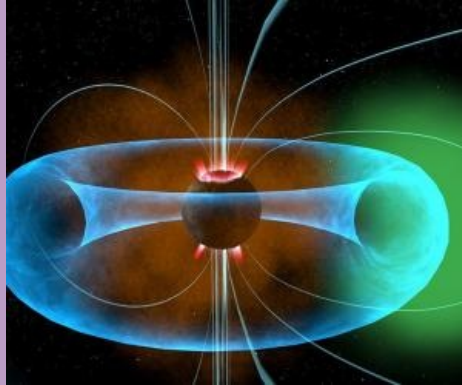

**We help such people see the short and long term effects of their
previous actions**

and help them realize a higher way.

**We open up their hearts so that they can finally see through the eyes of
love,
and understand the legality of harmony,
both for themselves and for others.**

**In this way people learn that the sine qua non of spiritual help
includes building and enriching links
with Angels and unseen beings
who are guides and mentors
of The Real Divine Self.**

**Inside each person the spark of divinity in its pure essence exists,
giving and sustaining life.**

**We help people access clear inner guidance through this spark,
and release previous programming for transformations into
enlightenment.**

Many people have not often communicated with the Heavenly hosts.

**Or if they have, sometimes it is a one-way communication where they do
all the talking and not enough time is given to listening.**

**As we said in a previous message,
a good friendship usually grows more distant and weakens
whenever two friends allow long intervals to elapse between
communications.**

So it is with the communication between people and the Heavenly hosts.

**Just as frequent, high quality communication is best to maintain a close
friendships between people,
so also is it the lifeblood of growing relationships between children of
Divine Being and the Heavenly hosts.**

**When praying to, versus receiving answers, it is important
to switch gears from speaking to listening in meditation.**

Most prayer is from the left, linear, rational, verbal brain.

Most listening is from the right, intuitive, spatial, nonverbal brain.

**As the two hemispheres of the brain work consciously together,
joining logic and intuition,
and the brain and the heart are connected and work together,
the eyes begin to see through LOVE DIVINE.**

At this stage, consciousness is open for Divine guidance and knowing.

**By experiencing oneness with all, use of The Law of One
can change fate for self and others.**

**By meditating on and becoming one with the virtue of Divine Justice
and Harmony,
a child of God can determine the fate of any being.**

**Take time out from daily routines to establish communications with the
Heavenly hosts and with inner connection with THE ONE.**

**Learn how to mentally ask us to come,
how to wait to feel our presence,
how to listen within the heart.**

**Learn to frequently stop, slow down, relax, go within, become
receptive, call in the higher beings....wait, relax, breathe deeply,
trust what comes.**

**Guidance is often discerned differently by each person,
some see mental visions, some emotions, some sensations, some get
thoughts, some get combinations of some of these.**

TRUST.

Then alternate praying and listening.

**Learn how to be just as comfortable with linear-verbal thought
processes as with nonverbal-intuitive ones.**

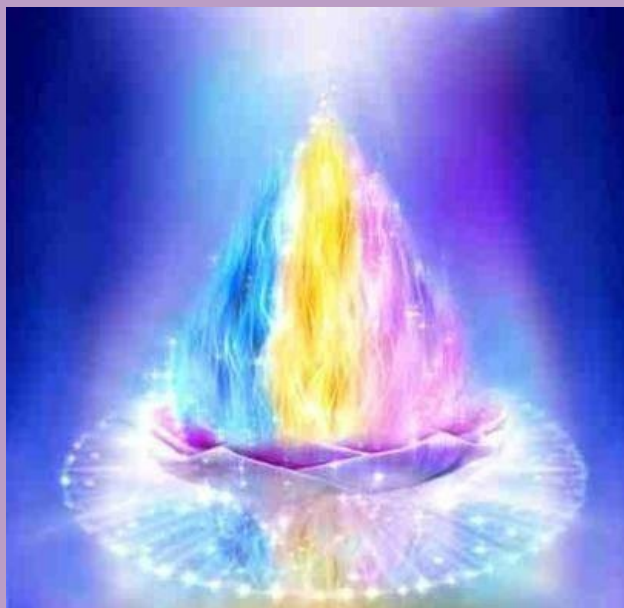

**Learn how to join this with the knowing in the heart
so that you see through the EYES of LOVE DIVINE!**

**Then when meditating on Divine virtues with specific intent, we open
awareness.**

**We help you merge awareness with Divine Awareness, and from this
state alter
fate of self and others through
Grace and Mercy, and True Divine Blessing.**

**True Divine Blessing awakens the higher knowing within the HEART,
so that lessons of harmlessness are learned from within.**

**This uplifts the Consciousness so that suffering from returning
negative karma is
greatly lessened,
and manifests in mostly symbolic ways.**

**Through the divine virtues of the letters of our name, it is possible
to prophesy with great accuracy.**

R

This sound is the sound of freedom and independence.

The mastery of this virtue gives clear inner guidance that is in complete harmony with Divine Providence, so no mistake is ever made.

Because the Divine virtue of free will is an extension of Divine Mind operating within each being, a high state of maturity and ingenuity is gained that allows quick understanding of all knowledge.

Inner guidance has a golden color, the musical note of C, and is the earth element, so it is felt with sensations of weight.

The left nostril is formed from this virtue.

I

The letter I represents the Law of Cause and Effect in the ancient language.

By mastering this virtue, the faculty of a perfect memory and conscience is gained.

The Law of Evolution of everything that has been created is expressed by it.

Divine Providence in His most subtle form is manifested in this virtue.

In the mind, a child of God who masters the Laws of Cause and Effect is able to enliven everything as he or she pleases.

Also the ability to control both the breath and the connection between emotion and the physical body is gained.

The mastery of this virtue allows a person to understand the ongoing effects of every cause through time.

Cause and effect has a light opal_color, the musical note of G, radiates from the left kidney, and has sensations of earth and weight.

M

The sound of this letter in the Ancient Language is the sound of flowing tangible feelings, of divine magnetic EMOTIONS.

Emotions are the divine magnetic feminine energy that attracts reality into forms.

Each human body reflects tangible feelings of unique expressions of Divine Spirit within it, and the ability to read the unique appearance of each body reveals unique emotional realities of its indwelling soul.

By changing EMOTIONAL REALITIES, material realities also change.

In the Art of Prophecy, the ability to feel the emotional quality of something gives knowledge of what material results are being attracted into manifestation by it.

If a person is sad, then situations that reflect that sadness are being attracted into this person's life.

If a person is happy, then happy situations are being attracted.

This is a basis of prophecy.

By being blessed with divine grace and mercy,

Sad emotions can be healed, and fates can also be healed.

This Divine virtue of Flowing Emotions is the water element, so it has sensations of coolness turning to chill.

The color of flowing divine emotion is blue-green, its musical note is D, and the abdomens of all the children of God are formed by this virtue.

Umlaut O, er

Umlaut O is the ability to see through the eyes of love and awaken indwelling divinity.

It shines dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything.

The ovaries and testicles are formed from this virtue of the profound cognition brought about by LOVE DIVINE.

In is written that in healing, heal the left ovary first and then the right one.

Akasha:

In the principle of consciousness penetrating all, the umlaut O oscillation evokes the most profound cognition which can only be brought about by LOVE DIVINE.

By the help of this a person gets to know all the possibilities of transformation of the spirit, all the systems and ways serving this end, and all knowledge concerning transformation in all other fields.

He/she is informed about everything that, deriving from the act of creation, had to pass through all the mode of transformation to be reunited.

A person must attain all the faculties that are offered by this profound cognition made possible by LOVE DIVINE, in the principle of consciousness-penetrating-all, and must make use of all possibilities, in order to get convinced that they cannot be described by words, by must be experienced, lived through.

I have mentioned the letters umlaut A and umlaut O as the last ones in this series of exercises, because by the help of their virtues one is able to comprehend, from the principle of consciousness-penetrating-all, the crown of all wisdom in the micro- and macrocosms, from the act of creation to the present state of evolution, and even to the final development.

Mental:

Evoked in the intellect, the virtue of profound cognition brought about by LOVE DIVINE gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.

Astral / Emotional level:

**In the emotions, the virtue of profound cognition brought about by LOVE
DIVINE
develops the faculty of perfect astral projection and the mastery of all
occult and magical phenomena
that have reference to transformation,
so that a person may, for instance, assume any desired vibration in the
Emotional Body
without being recognized by other beings and with only Divine Providence
seeing through him/her.**

**Apart from this, a person is able to transform any emotional oscillation
into the oscillation he wants and to do the same with any element.**

Material:

**When mastered in the Physical Body, the profound cognition brought about
by LOVE DIVINE
leads to perfect knowledge of quabbalistic
[the use of will, thought, emotion and sensation]
alchemy in the material world.**

**A person is taught the true preparation and charging of the
philosophers stone in the physical sense.**

**He/she can influence, at will, any oscillation atomic, oscillation,
electronic oscillation- by quabbalah,
and he/she is able to transform it into the oscillation desired by
him/her.**

**Therefore he/she perfectly masters the Laws of Transmutation and is
able to transform any metal into gold,
any stone into a precious stone, etc. if desired.**

**By the help of this virtue a person is furnished with many other
faculties of which he/she cannot even dream now
and which non-initiates would regard as absolutely impossible.**

O

This sound is the virtue of Divine Justice.

This virtue gives expression to the absolute legality of harmony.

**According to the adherence to Divine Laws, fate is determined in all
future incarnations.**

**By meditating on and becoming one with the virtue of Divine Justice
and Harmony,
a child of God can determine the fate of any being.**

**This virtue has an ultramarine blue color, the musical note of C,
and is the earth element so it has sensations of weight.**

It forms the throat and windpipe.

G

The letter G symbolizes the virtue of Divine Grace and Mercy.

**In the Physical World this virtue represents all phases of riches and
wealth, of happiness and satisfaction.**

**By this virtue Divine Providence has created abundance and, like the Creator,
a child of God may also bring about, for him or her self or other
people, abundance in everything, should that be desired.**

**On an Emotional Level this virtue gives feelings of happiness, of
complete satisfaction.**

**Situations may be created by means of the elements and the Will and
Feelings causing success
and wealth in the world that is for the highest good of all concerned.**

In the Mind, this virtue gives the experience of peacefulness, and the

faculty of giving True Divine Blessing.

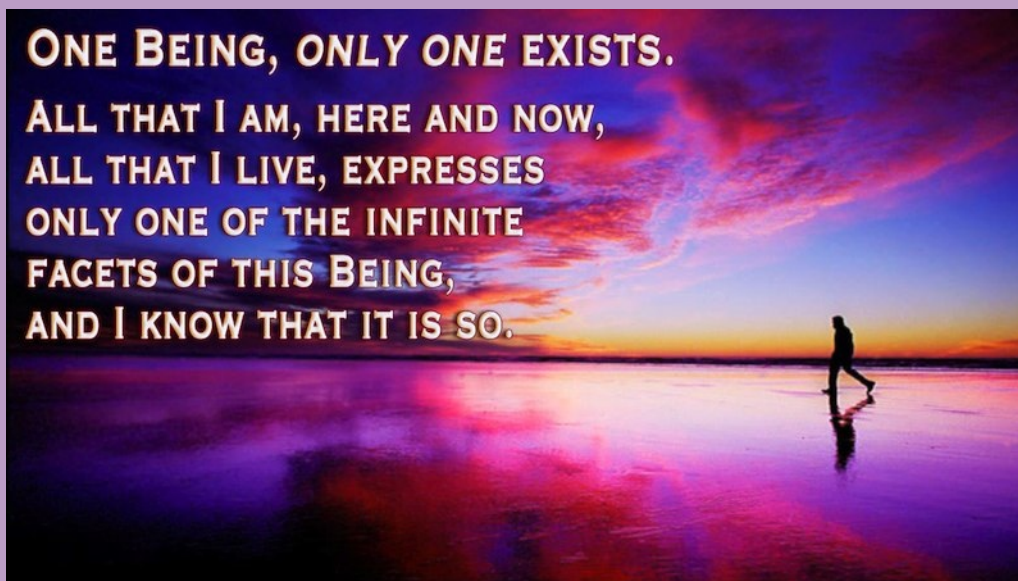

Those who are blessed with Gifts of Prophecy are also blessed with Gifts of Knowing the profundities of Divine Grace and Mercy in all their aspects, and to realize how far Divine legality goes and how Divine Grace and Mercy effects man and animal.

By being one with this virtue, a prophet can see how much the virtue of Divine Grace and Mercy will ameliorate painful fates of the future that were caused by failures to adhere to Divine Laws of Justice and Harmony.

The melody of our name is C, G, D, C, and F.

MIRACLES

Footnotes:

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her. The being and the angels share the same name. This name is a key to their powers and influence.

* Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

This book is helpful for understanding present day issues.

If you have these, it is helpful to read Frabato the Magician first, with appendixes, and then read appendixes from the other three for background.

Feel free to share these messages.

**The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM ,

and I AM one with all there is;

I ask that ONLY HIGHEST GOOD OF ALL CONCERNED happen.

I give thanks that this is done.

SO BE IT!

So it is.
