The Angels of Initiation

Also known as

The Angels
of
Eralicarison

Beloved,

We are all one unified field of being,
even as it appears that we manifest as many.

In the created worlds of desires, thoughts, emotions, and forms,
like one tree with many leaves, branches, limbs and roots,
one life lives and moves in all creation.

It cannot be repeated enough that emotions are keys to manifestation.

Emotions are compressed information of corresponding desires and
thoughts.

This information is magnetic and attracts new realities into form on the
earth plane.

Beautiful emotions that flow with divine wonder and awe have frequency
codes
that attract miracles of happiness into manifestation on every level.

Therefore, it is preferable, especially at this time in the cycles of history,
for individuals and groups of people
to experience initiations into blissful paths of conscious awareness.

So it is with great joy that we introduce the divine virtues that are
the essence of our being to you at this time.

How great is the celebration in heaven when a request for initiation
is received from the heart of a child of Divine Light and Love!

On the 23rd degree of Leo, gifts of enlightenment occur
that open understanding
so that negative states that come from imperfection are released for
transformation.

This opens ways for new realities to manifest and bless all with divine
emotions,
especially emotions of supreme happiness.

The number 23 is very important.

There are 23 chromosome pairs in the human genome, 23 degrees in
the ecliptic,
the blood circulates through the body every 23 minutes, there are 23
years in the heliopause,
among many other analogies.

This is why Omnipresence, which is the virtue of letter E of our name, is
so important.

With mastery of this virtue in deep meditation, awareness expands into
the unity, the life

that lives in all.

At this point, communication with anyone is possible,
even to the extent of transference of higher states of awareness.

TAKTSANG LAKHANG

Great teachers, whether they are physically incarnate or on inner
planes,
transfer consciousness to students of truth and love through such
initiations.

Abisheka is an ancient word referring to absolute direct initiation.

This means that a state of consciousness from an enlightened being
is directly transferred onto another through the divine virtue of
OMNIPRESENCE,
this virtue of the first letter of our name.

E-R-A-L-I-C-A-R-I-S-O-N

This is done according to clear inner guidance from Divine Providence
within both teacher and initiate.

Inner guidance, the freedom and independence to follow direct
promptings
from Divine Providence within,
is the divine virtue of letter R, the second letter of our name.

In Abisheka, the actual energy of enlightenment, the actual beingness
of enlightenment [the divine virtue of the third letter A of our name]
enters the top of the head through the crown chakra, into the pineal and
pituitary glands,
and floods the entire body.

Through the omnipresence of Divine Consciousness, enlightenment
then enters the most subtle essence of form.

This changes the chemical output of glandular centers,
so divine consciousness is experienced.

Imperfections can now be seen clearly and are released for transformations into other states that are the highest good of all concerned.

This release is the virtue of life and death and transformation, again the third letter of our name in its umlaut form [umlaut A, ae].

Through the state of the oneness of all being, a person who has already attained cosmic consciousness and wishes to do so, permeates and anchors the actual presence of an enlightened state in spirit, mind, emotions, and body of an initiate.

This activates ALL divine virtues, awakening the vitality and true morality of the splendor and majesty of Divine Being [letter L].

Using the divine virtue of Cause and Effect [letter I], a teacher uses breath to REFORM or recreate an initiate with divine virtues.

The law of evolution of everything that has been created is expressed by this virtue of cause and effect.

Divine Providence in His most subtle form is manifested in this virtue.

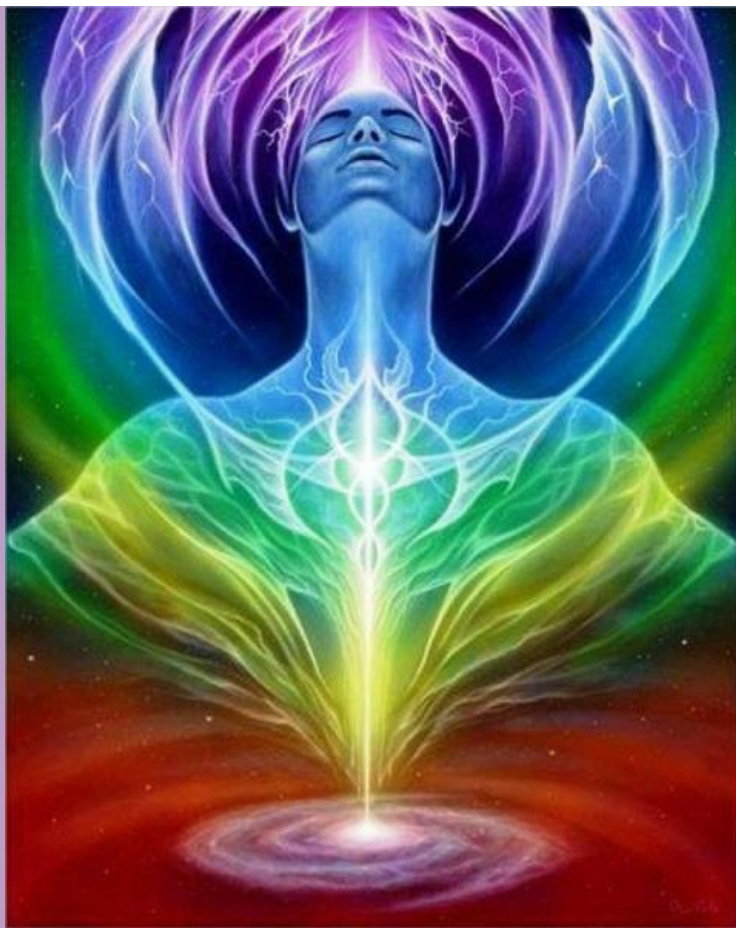

In the mind, a child of God who masters the laws of cause and effect is able to enliven everything as he or she pleases.

Also abilities to control both the breath and the connection between emotions and the physical body are mastered.

In this way, the beingness, will, mind, emotions, and sensations of an initiate are impregnated with divine virtues and spiritualized.

Spiritualization of matter with divine qualities is the divine virtue of letter C.

This transference of divine awareness to a person in physical form is abisheka.

With this direct initiation, all religious systems, especially all types of yoga, can be much more quickly attained by a seeker.

Then the divine virtue of wisdom, the letter A, is further activated through transference of awareness.

Wisdom and enlightenment confers mystical faculties, such as clairvoyance and clairsaudience.

Enlightenment also reveals the original purity of all ideas in divine mind, and enlivens artistic talent and eloquence.

Limitations are now further recognized and released, umlaut A, ae.

With true abhisheka, by receiving the direct energy of enlightenment, even the most difficult tantric texts can be understood by the initiate.

**When an enlightened initiate wishes to transfer higher consciousness to another person,
he or she continues the line of initiation that goes on and on in a
unbroken chain from teachers of old.**

So passes the transference of awareness from teacher to teacher.

The higher state of awareness is impregnated into the breath and is sent into the initiate, even over great distances through visualization, intent, emotion and sensation.

The virtue of Cause and Effect is used at an even deeper level now, the second letter I in our name.

A teacher activates with enthusiasm and all-penetrating-power, willpower and intent, the consciousness of an initiate with the highest level of divine will for happiness and the highest good of all.

This divine will is the original divine will that permeates creation.

Awareness of this will flows all the way through the mind and emotions and sensations.

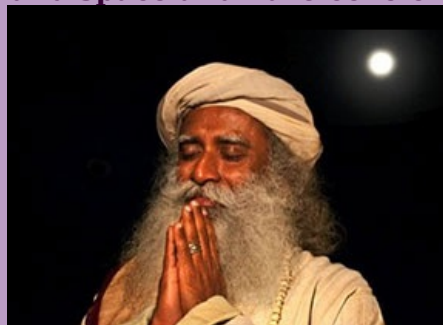

This is the divine virtue of letter S.

By meditating on this quality you get into contact with the most subtle substance of the divine spirit, with the original divine fire and will in everything that has been created.

On the mental level you have perfect mastery over will and intent.

On the emotional level you have absolute clairvoyance in its purest form.

You see over time and space and have control over other beings.

By seeing the initiate through the eyes of Love Divine, a teacher enlivens indwelling divine perfection into manifestation on all levels.

This is the virtue of umlaut O, eu.

Then complete satisfaction and success, harmony and justice, are assured through the divine virtue of harmony and justice, the letter O.

The ultimate outcome of this type of initiation is supreme happiness beyond any words to describe.

This is the divine virtue of the last letter of our name, the letter N.

This virtue gives control over the mental matrix, which is the spiritual bonding material which connects the emotional body to the mental body, i.e., to the spirit.

The mastery of this virtue reveals to the child of God all the mysteries relating to the mental matrix and bestows the ability to comprehend, see, sense and control, the mental matrix with its sphere of action, either in regard of self or others.

Whenever a seeker prays for peace for all beings, or heaven on earth,

and feels their unity with all creation,
they are in effect choosing an initiation for all beings into higher
consciousness and experience.

Then we, the heavenly hosts of E-R-A-L-I-C-A-R-I-S-O-N,
come and help
even in this type of collective initiation.

In the laws of the Universe, any embodied person can pray on behalf of
others,
because at the core, ALL ARE ONE.

This is called intercessory prayer.

Through intercessory prayer, it is possible for a son or daughter of
divine being or even a small group of a few people,
to ask for initiation on behalf of many others.

Remember it was written:
*"One good man can save a city of ten thousand, and ten can save the
world."*

As long as requested initiations are for the highest good of all
concerned,
we come,
and individuals or groups of people
experience a great speeding up of growth in spiritual consciousness.

It is preferable, especially at this time in the cycles of history, for
groups of people to experience collective initiations
into highest paths of consciousness and awareness.

So it is with great joy that we introduce the divine virtues that we
represent to you at this time.

How great is the celebration in heaven when a request for initiation is
received from the heart of a child of Divine Light and Love!

On the 23rd degree of Leo, gifts of enlightenment occur,
transforming negativity into other states that are expressions of divine
love,
and blessing all with supreme happiness.

The number 23 is very important.
There are 23 chromosome pairs on the human genome.
There are 23 years in the heliopause.
There are 23 degrees in the ecliptic.
The blood circulates through the body every 23 minutes.

Rejoice in this 23rd degree of Leo,
shining as divine power and love that you are in truth.

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her. The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

*The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.*

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM ,

And I AM one with all there is;

I ask that only THE HIGHEST GOOD OF ALL concerned happen .

I give thanks that this is done.

SO BE IT!
So it is.
