Beloved,

Dominion over all in creation was bestowed on the children of divine being.

We teach the children of God how to control negative beings of the emotional world.

This is done through recognizing and releasing for transformation imperfections in desires, thoughts, feelings, and sensations.

**Through the power of gratitude for all the lessons learned,
and the non-resistance of flowing unconditional all-encompassing love,**

fear of these negative emotional realities and beings

changes into impeccable safety and harmony.

"Love conquers all."

**By responding with love and validation and gratitude,
gratitude for important lessons of wisdom about life,**

**that have been learned deeply on a personal level
from wounded emotions on a personal experiential level,
[instead of reacting in fear or hopelessness or anger],
even the most horrible tangible feelings naturally transform in self and others.**

"Give thanks for all things, all things work for good."

**Vast wisdom is learned from going through experiences where such emotions
arise,
and this wisdom makes clear on a deep personal level
the importance of creating beauty and happiness
in all worlds for self and for others.**

**By experiencing emotions of suffering, poverty, illness, or greed,
or any of the negative emotions,
a person learns to value the most simple blessings,
to give thanks for each breath.**

**A person learns to love other beings
, learns that there is connection between all beings,

and to move from fear to faith.**

**By moving from fear to seeing through the eyes of love,
high inspiration,
infinite faith and The Law of One
causes all things to work for good.**

**See how the original divine blueprints of creation
include a purpose for everything.**

All beings, both positive and negative are loved equally by the Creator.

***"God's love is like the sun,
it shines equally on the good and the bad alike."***

**We teach how to remain in states of love,
instead of fear,**

which gives control over all beings,

**and is combined with The Law of One,
using control to bless all.**

True dominion over creation is the birthright of the children of God.

Nowhere is this more clearly demonstrated than when negative beings of the emotional realm

**are loved, instead of feared,
and commanded with The Law of One.**

**The Law of One is the original law of creation,
and all other laws, civil and social, come from it.**

Being the original law, The Law of One overrides all lesser laws.

It is encoded in the life force of every created being.

**When a child of God chooses love instead of fear in relating to negative beings of the feeling world,
the utterance of The Law of One brings about instantaneous ripples of change in the Web of Life,**

so that no one is hurt and all are helped.

***"Judge not."
"Love conquers all."***

This is The Law of One, memorize it so thoroughly, that you speak it even in dreams.

Use it whenever protection is needed for you or for others.

This law can be invoked for any situation, large or small, near or far, or in any time, past, present, or future.

Summon ALL beings, visible and invisible, known or unknown to you, that are involved, and say to them:

The Law of One

***We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.***

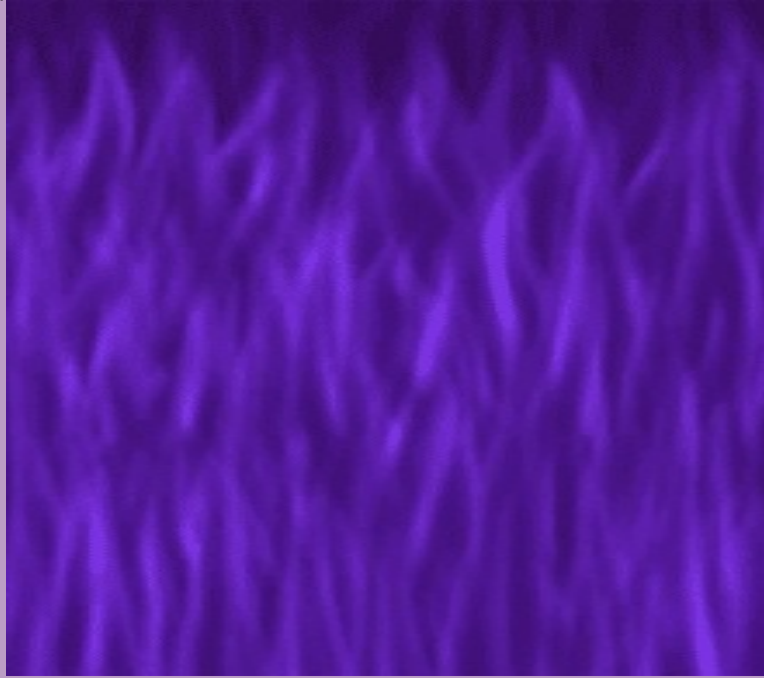

Therefore, in the name of Who I AM;

and I AM one with all there is,

***I ASK THAT ONLY THE HIGHEST GOOD OF ALL CONCERNED
HAPPEN.***

***I give thanks that this is done.
So be it.***

So it is.

When this law is spoken out loud or even in the silence,
remembrance is sudden and swift in all beings, negative and positive.

This law activates omnipresent Universal Consciousness itself,
and all powers act together to bring about the highest good of all.

Use this law often.

Use it retroactively or proactively, in the past, present, or future.

You may also ask us to invoke this law.

Meditate on the divine virtues associated with the letters of our name,
and call on our help, to realize the following:
