**29 degrees Leo**

*The Angels*

*of*

***Water***

**Also known as**

The Angels

of

***Andrachor***

**Beloved,**

**Initiations of Leo unite individual will with Omnipotent Divine Will.  
This divine will is heartfelt, pure and innocent, and yet all powerful.**

**Omnipotence is desire for the highest good of all,  
based on the unified field that unites all singularities.**

**As Individual will and Divine Will become one in awareness,  
miracles manifest with ease.**

***"I and my Father are ONE."***

***"All that I do ye shall do and more."***

***Our bodies and the body of earth are mostly water.***

***Science demonstrates that water is an ultimate  
computer storage system.***

***Emotions are compressed information and  
are magnetic.***

***Emotional information stored in water,  
determines what is attracted into form on the physical  
plane.***

***To out picture divine will, emotions stored in waters  
must be the highest good of all.***

**Frequencies generated by Will and it's resulting thoughts are  
electric and expansive.**

**Omnipotent Divine Will awakens divine visualizations of what is  
desired in any situation.**

**As these visualizations create thoughts in the mind,  
a transition to magnetism occurs as tangible feelings in the body of  
flowing emotions  
about these thoughts occur.**

**Electricity radiates, it is fire, it has sensations of expansion and  
warmth.**

**Electricity is the opposite polarity of magnetic divine flowing  
emotions.**

**Magnetism pulls in, it attracts, and has sensations of coolness  
turning to chill.**

**Using original divine being, will, and thought to create  
corresponding magnetic emotions  
attracts and manifests divine heaven on earth in physical reality.**

**This is the meaning of "*the power of the word*".**

**Therefore, in this second to the last degree of Leo,  
the element of magnetism,  
of divine emotion,  
and therefore,  
the element of water is mastered.**

**Remember that physical water holds immense amounts of  
information.**

**Water is the physical manifestation of the astral plane,  
which is the plane of emotional energies.**

**Both emotions and water are magnetic.**

***Therefore, mastery of divine flowing emotions is necessary to master  
earth.***

**Emotions are mastered by identifying with the core essence of omnipresent divine being within.**

**By identifying with divine core being within,  
a person no longer looks outside itself for direction.**

**According to divine will, in the time of infancy,  
a mother looks deeply into the eyes of her child  
recognizing  
divinity of the pure being looking back at her.**

**She sees the divine perfection.**

**This mirroring initiates the child to an affirmation of his or her true self.**

**Eggs within the mother have been within her since her birth.**

**The child has identified as one with the mother ever since her birth.**

**As the mother looks at her newborn child, and shares recognition of  
his or her divinity,  
the child receives reassurance,  
and understands that even in separation caused by birth,  
he or she is still one with the mother in divine essence, in love.**

**As each person centers on their own unique divine essence at the  
center of their awareness,  
emotions flow that are divine,  
and the element of water is mastered.**

**With mastery of emotions comes mastery of the elementals of the water, the undines.**

**This is a critical stage of mastery of will  
and also prepares the seeker for the next constellation of Cancer.**

**Cancer is Divine Will flowing in the emotional realms....creating  
feelings of faith and determination.**

**Remember that flowing emotions are the principle of change.**

**Emotions are magnetism and attraction.**

**Flowing emotions attract new realities into physical manifestation,  
so TO MANIFEST ANYTHING ON THE PHYSICAL PLANE,  
ESPECIALLY  
to manifest divine perfection, or HEAVEN ON EARTH,  
MASTERY OVER FLOWING EMOTIONS is necessary.**

**Beautiful emotions structure WATER,  
and water becomes not only life giving,  
but baptism into higher being.**

**Studies by Dr. Emoto demonstrate restructuring of water with high  
frequency emotions.**

**Emotions and water  
stay pure by ebbing and flowing with the cycles and rhythms of life,  
flowing freely.**

**Stagnant emotions and stagnant water become poisonous.  
Flowing and fluidity keeps them pure, and easily processes healing  
changes.**

**As people master their own emotions by  
mastering the principle of flowing, fluidity and the change process,  
they become masters of the beings of the waters, the undines.**

**Since the surface of the earth is over 80% water,  
as is the physical body of people,  
this step in mastery of will is of utmost importance.**

**Many books are being written now on the importance of flowing  
emotions  
in processes of health, quantum physics, change and manifestation.**

**We are specifically inspiring people at this time to learn that  
emotions attract and magnetize into  
form whatever physical situations resonate to their frequency.**

**For this reason, it is vitally important that emotions be kept  
healthy and positive,  
and especially that feelings of *supreme happiness* flow.**

**Emotions of supreme divine happiness create cohesion in physical  
forms.**

**Happy emotions also reveal solutions to any and all problems.**

**Emotions of the seventh heaven of delight are the sign of spiritual  
maturity.**

**The greater the intensity of beautiful divine emotions and the longer they are allowed to flow, the greater the magnetic pull to manifest heaven on earth.**

**This is why great masters of miracles understand and respect the role of divine emotions.**

**Divine emotions are the greatest attractor in the universe of new and beautiful realities.**

**If emotions are negative,  
we teach how they can be transformed and transmuted  
by releasing them to flow with praise, respect, thanksgiving  
and love  
for the important lessons learned from them  
on the path to spiritual maturity and harmlessness.**

**By flowing in a loving, safe and nondestructive way,  
negative emotions change and become positive.**

**Emotions, like water, are intelligent.  
They both contain compressed information.  
In the presence of praise, respect, thanksgiving and  
love, they  
release their teachings about the present state of woundedness.  
Then enlightened insights are understood  
about the causes  
of the originating traumas that caused them.**

**This wisdom promotes changing any previously unconscious  
destructive causes to good causes  
so that future fates are beautiful instead of painful.**

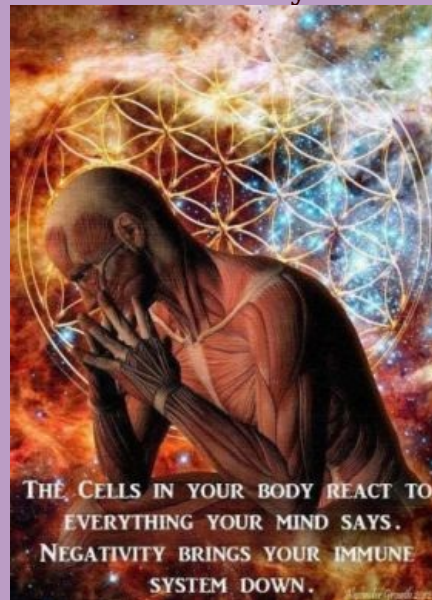

**So emotions heal themselves and become divine once again.**

**As emotions heal, they attract insights about the nature of what  
caused them to be  
negative in the first place,  
so that wisdom, forgiveness, and compassion are gained.**

**Without negative emotions,  
it would be difficult to learn from mistakes,  
so negative emotions make an important contribution to the  
process of spiritual growth.  
*"Give thanks for all things, for that is my will concerning you."  
"All things work for good to them that believe."***

**When any emotions, especially negative ones, are not allowed to  
flow,  
if they are denied, suppressed, or bypassed, etc.,  
they stagnate just  
like water stagnates when it is not allowed to flow.  
They become like a virus in a computer, causing problems in many  
ways.**

**Stagnate emotions are toxic and poisonous and become  
unconscious as they store themselves  
as tension in body tissues.**

**The body releases the same opiates into the bloodstream when the  
emotional body is wounded  
as it does when the physical body is wounded.**

**This deadens the pain, and is a survival mechanism of the brain  
stem, or reptilian brain,  
that allows a person or animal to escape physical  
and or emotional danger  
and get to a safe place before pain is felt.**

**The sad thing about this  
is that the same opiates that surpress pain  
also surpress positive emotions and sensations  
such as joy and physical pleasures.**

**This is why so many people feel numbed out,  
and have difficulty experiencing the wonderful emotions and  
sensations of life.**

**If negative emotions are left in an unconscious form,  
they suppress the immune system, often causing disease,  
and attract self-defeating situations on unconscious levels.**

**On the other hand, if negative emotions are acted out in destructive  
manners,  
traumas that are caused  
by these destructive acts create more negative emotions.**

**Therefore, the only way to transform and heal negative emotions is  
to FEEL THEM THROUGH IN  
LOVING, SAFE, AND NON-DESTRUCTIVE WAYS.**

**Negative emotions attract negative situations whether or not they  
are conscious or unconscious.**

**When they are unconscious, it is impossible to heal them,  
for they must be consciously felt to change.**

**The good news is that once negative emotions are allowed to flow in  
a safe and loving atmosphere,  
they usually heal quickly, as they flow like a rushing torrent of  
water.**

**Many books have been written on this, for example, the books by  
Arthur Janov.**

**For this reason, when negative emotions spontaneously arise in  
any situation,  
it is a wonderful opportunity to heal them.**

**When the process of healing emotions is embraced in the  
imagination,  
cellular memory is changed because  
the subconscious mind does not distinguish between real and an  
imagined happenings.**

**When cellular memory changes from negative to positive,  
the body's glandular centers produce corresponding wonderful  
healing chemicals  
which enter the blood stream and cause powerful changes in  
consciousness and health.**

**Negative emotions must first of all be accepted,  
and somehow loved with unconditional all-encompassing love, for  
love creates transmutation.**

**This is similar to holding and loving an upset or terrified child,  
and letting it cry, and feel loved and validated instead of punishing  
it or telling it to be quiet.**

**Loving wounded emotions is acknowledging them for allowing you  
to have  
experiences that encouraged you  
to reach for greater spiritual maturity, justice, light, understanding  
and growth.**

**These negative emotions encouraged you to gain wisdom, and  
compassion for others.**

***It is when we experience hurt that we learn how  
important harmlessness is.***

**Loving painful or dangerous emotions validates the inner wounded  
child  
that experienced emotional traumas that created these emotions.**

**Allow emotions to flow in a safe and non-destructive way.**

**Find a private place where you can let yourself go without feeling self conscious.**

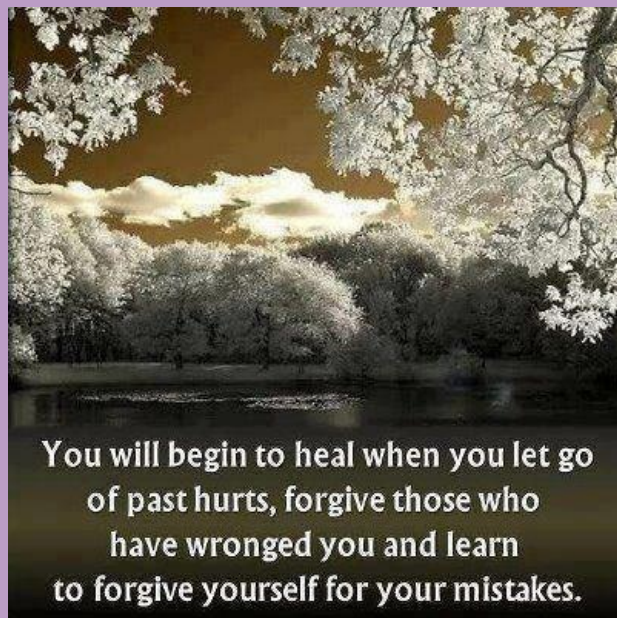

**Use eye movement, moving the eyes back and forth, right to left to right to left, over and over again to shift emotional energy back and forth between the parasympathetic and sympathetic nervous systems.**

**In this way they purify and cleanse themselves,  
just as they do in dreaming,  
and become positive more quickly.**

**It is helpful to use eye movement, moving the eyes back and forth,  
right to left and back again,  
over and over at any speed that is comfortable,  
while feeling through emotions.**

**This shifts feeling energy back and forth between the two sides of the brain and allows it to process.**

**This is exactly what happens each night during dreaming.**

**Often if negative emotions are very negative and painful,  
then as they flow, they awaken a memory of their origin.**

**Their origin is found in a remembered painful traumatic event  
earlier in life.**

**When this memory is remembered, give it a name and make a  
picture that represents it in your  
imagination, like a photograph in a scrapbook, of this old painful  
event.**

**This is the first step in restructuring the visual images of the memory in your subconscious.**

**Now live and relive this memory from beginning to end, feeling all the emotions that come up each time.**

**You will see that tangible feelings in the body of the emotions change.**

**They become less upset the more you feel them.**

**Also, important new insights into what happened and why occur.**

**Healing visions spontaneously erupt out of the psyche.**

**These new visions are the process of new cellular memories arising out of the old ones.**

**As emotions flow,  
and as new insights shed light on the original wounding event,  
a person begins to see  
and understand the event from an adult or Divine Self level  
instead of the original level of the frightened helpless child  
or younger person that they were at the time.**

**Now, as an adult re-experiencing the memory,  
restructure the event in your imagination by speaking and listening  
to the other people involved in the memory.**

**Ask any questions that you would have liked to ask at the time, be  
sure to  
listen to the reply, or say anything that you wished that you could  
have said.**

**Call in Divine Providence or the heavenly hosts in your imagination,  
and ask them to help and heal with Love Divine with any frustrating  
double binds, such  
as poverty, alcoholism, relationship difficulties, accidents, etc.,  
that may have triggered the traumatic event in the first place.**

**Take the visual images of this happening and create a new  
photograph of the memory.**

**Take this new photograph of the memory and, in your imagination,  
merge or push it together with the old photograph that you made  
earlier.**

**Watch what happens to the old photograph of the memory when you  
merge the new one into it.**

**The original photo changes in a positive way.**

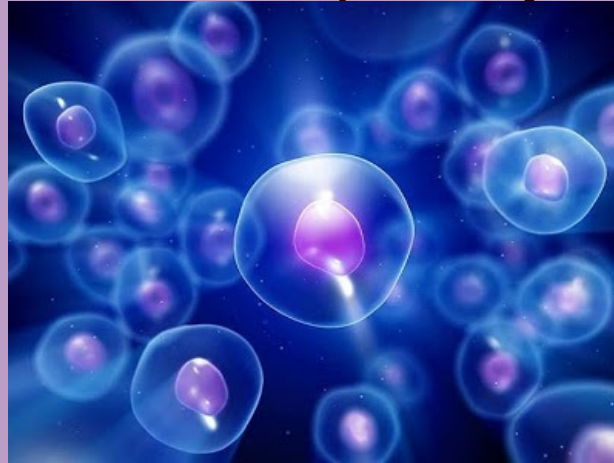

**This new changed image is the one that the cells will remember  
from now on.**

**Clinical research has shown that a memory is made up of only three  
things:  
emotions, thoughts, and pictures.**

**All of these have now changed.**

**This new changed memory will now be the one that you remember  
whenever you think of this event in your past.**

**New cellular memory is now in place.**

**Remember that when emotions are positive,  
it is the law of the universe that a situation will be attracted into  
manifestation that vibrates with  
a similar positive frequency.**

**When flowing emotions of supreme happiness are felt with great  
enthusiasm,  
heavenly situations are attracted into manifestation.**

**Master the element of water,  
of emotions,  
and then it is possible to heal diseases,  
control rain,  
and perform all manner of miracles  
through  
magnetism.**

**The human body is almost 80 percent water;  
by changing the frequency of this water in self and others through  
praise, respect, thanks and love,  
and with flowing emotions of divine virtues,  
instantaneous healings of body, emotions, thoughts, and desires  
are possible.**

***It is possible to impregnate even large bodies of water  
so that all life forms connected to it are healed and  
blessed.***

***This is very important to do at this time,  
so that the waters and oceans and the***

***creatures  
of the waters and oceans are healed.***

**At this time of the Alpha and the Omega,  
the end and the beginning,  
heaven indeed manifests upon the earth,  
and in the waters.**

**Through the enlightenment of the Children of Light and Love,  
all things are possible.**

**Eight levels of initiation of Omnipotent Power with the element of  
water,  
of flowing emotions in your life, are the divine virtues of the  
eight letters of our name in the ancient language.**

***A...soft A:***

***The first level is initiation into the highest wisdom and the purity of all ideas in existence.***

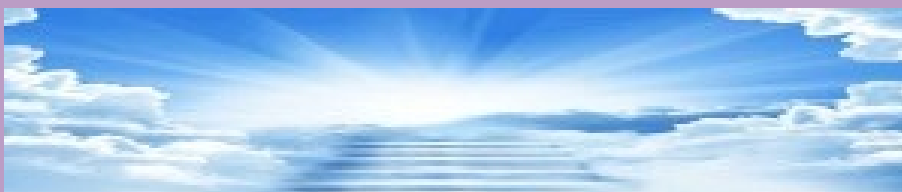

***This has as a fundamental feature the enlightened mind.***

***Reasoning, perception, the cognition of the most  
profound truths, highest knowledge, high intelligence, and the arousing of all intellectual faculties  
are expressed.***

***Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience, the art of levitation,  
and the control of the air element and its beings are all aroused by this initiation.***

***On the physical plane the command of the beings of the  
air, control over storms, are all made possible by initiation into the highest wisdom.***

***The color is light blue, the sensation is ease and relaxation, the musical note is G, the lungs are  
formed from this virtue.***

**umlaut A, ae**

***The realization of wishes regarding physical matter, no matter whether this physical matter is fire, air, water, or earth, is subjected to this virtue.***

***The sound of this letter, the long A, ae, in the cosmic language is the virtue of the origin and mystery of life and death regarding their transformation.***

***By meditating on this virtue, a child of God becomes convinced that in reality death does not exist, for the so-called death is only a transformation from one state into another.***

***Also will come enlightenment on the cause of this transformation. With this comes the ability to master all negative spiritual beings in all spheres and planes with regard to their scope of action.***

***The purpose for which negative beings have been created becomes clear.***

***Since, in the original principle all beings are alike, each having been created by Divine Providence to fulfill a certain task, there is no dissimulation of negative beings, for from the enlightened persons point of view everything is pure.***

***Here the saying: "to the pure one everything is pure" becomes plain. If there were no negative beings, it would be impossible to distinguish between good and evil; and if there were no passions, there would also be no virtues.***

***Gods love is like the sun, it shines EQUALLY on the good and bad alike.***

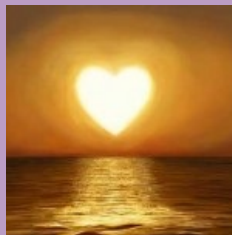

***BY LOVING ALL THINGS EQUALLY with unconditional all-encompassing love, a child of God becomes like the Divine and assumes dominion over all.***

***UNCONDITIONAL ALL ENCOMPASSING LOVE IS THE MOST POWERFUL AGENT OF CHANGE AND PERFECTION.***

***When negative beings feel this type of unconditional cosmic love, they gladly obey.***

***Always use The Law of One, The Law of Laws, and ask that all beings, all feelings, be who they are, and do what they do, ONLY in the way that is THE HIGHEST GOOD OF ALL CONCERNED.***

***This includes their own highest good.***

***Ask them to do this through all time and space; past, present, and future, and in all dimensions.***

***This virtue confirms the words contained in the Bible: "through night to light", the deep symbolic meaning of which now becomes clear.***

***In the intellect the ability is gained to see through all thoughts, actions and wishes concerning matter, and of becoming their absolute master.***

*In the emotions, this virtue represents desires, passions, and the inclination to self-satisfaction etc.*

*A person who masters this virtue  
in their emotions becomes absolute master and ruler of all desires and passions.*

*Also, a person is able to not cling to imperfect mental, emotional, and material virtues and objects.*

*This means complete independence and freedom and fulfills the saying "bind yourself and you will be free".*

*On the material level this virtue is one of the most materialized.*

*No matter whether you evoke it in the mind, the feelings, the akasha, or the material world, the earth is influenced by it to a larger extent.*

*The ability to infuse matter with divine virtues is heightened.*

*The color of this virtue is loamy brown.*

*The musical note is C.*

*The element is earth so it has the sensation of weight.*

*The anus is formed from this virtue.*

**N**

*The second level of this process, is the initiation into the highest state of happiness.*

*The drive for self-preservation becomes perfected and control over the elements of water, of emotions is gained.*

*In the material world mastery over the power of coherence in any material thing is gained.*

*This virtue gives control over the mental matrix, which is the spiritual bonding material that connects the emotional body to the mental body, i.e., to the spirit.*

*The mastery of this virtue reveals to the child of God all the mysteries relating to the mind and the emotions and bestows the ability to comprehend, see, sense and control, the mental matrix with its sphere of action, either in regard of self or others.*

*The color is dark red, the musical note is A, it is of the water element of feeling so it has a cool sensation.*

*The liver is formed from this virtue.*

*D*

*The third step is initiation into the mysteries of creation.*

*The same laws apply to the microcosm and the macrocosm, and the highest wisdom is gained in regard to creation in both the inner and outer worlds, to both the personal and the universal universes.*

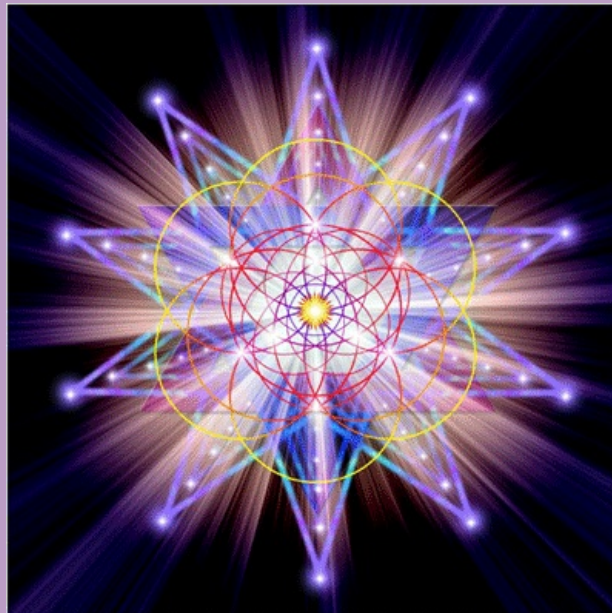

*In the mental level is attained the profoundest cognition with regard to the ego-consciousness.*

*In the emotions, the understanding of love in all of its aspects is perfected.*

*On the material plane the mastery of fertility and everything that has to do with procreation is attained.*

*The color is dark blue, the musical note is C and the element is fire, so it has the sensation of warmth and expansion.*

*The right ear is formed from it.*

*R*

*The fourth step is the initiation into the divine virtue of independence and freedom.*

*By this time [having studied the divine virtues of all previous letters in the alphabet] you have achieved a state of maturity by which your feeling of independence has been transformed into an absolute state of security and unimpeachability.*

*Mentally, you will have an eminent mind and emotions of freedom of will and action.*

*Not only this, but also the state of maturity in which you will never violate a law, having yourself become a master of all law*

*..*

*In spite of your freedom of will, you will find yourself willing to subject yourself freely to Divine Providence, and accept missions to serve Divine Providence with deep humility, immense gratitude and the highest devotion without losing your feeling of absolute freedom of will in any way.*

*Such great ingenuity will proceed from this that you will be able to comprehend any knowledge quickly and without difficulty.*

***See yourself as a tiny dot in the solar plexus region of your body.***

***Now see a golden light shining from a tiny sun in the leg region.***

***Have the sensation of weight and inwardly chant the musical tone in the note of C as you flow with feelings of clear inner guidance and genius.***

***The understanding of complete freedom and independence, sovereignty and clear following of inner guidance fills you and all beings in all time and space and even beyond time and space, on the inner and in the outer worlds.***

***This radiance passes through the pores of the skin of the left side of the nose with the out and in breath.***

***Dissolve the golden light in the body when you are finished meditating to protect the natural balance of elements in the body.***

***Keep the rhythm of the breath natural at all times.***

***Asoft A:***

***The next level is initiation into the highest wisdom and the purity of all ideas in existence.***

***This has as a fundamental feature the enlightened mind. Reasoning, perception, the cognition of the most profound truths, highest knowledge, high intelligence, and the arousing of all intellectual faculties are expressed.***

***Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience, the art of levitation, and the control of the air element and its beings are all aroused by this***

*initiation.*

*On the physical plane the command of the beings of the air, control over storms, are all made possible by initiation into the highest wisdom.*

*See yourself as a tiny dot in the solar plexus area with your body as a huge universe around you.*

*Imagine a soft light blue color shining from a tiny sun in your lungs.*

*It is filling all time and space, in your infinite inner consciousness and filling all of your body, and then in outer consciousness filling all of the world and the infinite universes of outer space with your out breath.*

*Imagine that this color brings with it a lovely sense of refreshing ease and imagine you hear a beautiful musical tone of the note of G as you flow with emotions of wisdom and mystical faculties.*

*Also imagine that with this color light blue, sensation of ease, and tone of G, the wisdom and purity of all ideas in the mind of Universal Consciousness is effortlessly available to you and to all beings everywhere according to your intent and visualization.*

*Umlaut A, aetransformation through releasesee above.\**

*Ch*

*The sixth level is the initiation into the virtue of clarity and perfect purity.*

*This is the virtue of flowing emotions of divine clarity and perfect purity.*

*A creator becomes one with this divine virtue in order to differentiate the clear from the unclear, to eliminate any obscurities and to perceive and understand everything in its purest form.*

*This virtue gives the ability to perceive and understand all languages of the universe, and to understand all symbols.*

*This gives the power to master rhythm, which is the secret of life, through emotion, and to achieve power over life and death.*

***A person working with this virtue can imbue liquids with the power of life.***

***In the material world this virtue bestows the faculty of solving all the mysteries of the water element and the power of magnetism.***

***The color is light violet, the musical note is D-sharp, it has the sensation of coolness because it is the water element of feeling.***

***The left leg is formed by this virtue.***

***Remember that in meditating on these letters, you visualize and feel yourself as a tiny dot located in your own solar plexus.***

***Your body is a universe surrounding you.***

***You meditate on the color, note, sensation, emotion, and meaning permeating your body.***

***Always dissolve the light in the body when you are finished to protect the natural balance of elements there.***

***Always keep the rhythm of the breath natural.***

***Umlaut O, er***

***Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything.***

***The ovaries and testicles are formed from this virtue of the profound cognition brought about by Love Divine.***

***In healing, heal the left ovary first and then the right one.***

***Akasha:***

***In the principle of consciousness penetrating all, the umlaut O oscillation evokes the most profound cognition which can only be brought about by love divine.***

***By the help of this a person gets to know all the possibilities of transformation of the spirit, all the systems and ways serving this end, and all knowledge concerning transformation in all other fields.***

***He/she is informed about everything that, deriving from the act of creation, had to pass through all the mode of transformation to be reunited.***

***A person must attain all the faculties that are offered by this profound cognition made possible by Love Divine, in the principle of consciousness-penetrating-all, and must make use of all possibilities, in order to get convinced that they cannot be described by words, by must be experienced, lived through.***

*I have mentioned the letters umlaut A and umlaut O as the last ones in this series of exercises, because by the help of their virtues one is able to comprehend, from the principle of consciousness-penetrating-all, the crown of all wisdom in the micro- and macrocosms, from the act of creation to the present state of evolution, and even to the final development.*

**Mental:**

*Evoked in the intellect, the virtue of profound cognition brought about by love divine gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.*

**Astral/ emotional level:**

*In the emotions, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her.*

*Apart from this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.*

**Material:**

*When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.*

*A person is taught the true preparation and charging of the philosophers stone in the physical sense.*

*He/she can influence, at will, any oscillation atomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her.*

*Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired.*

*By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.*

## *O*

*Also in the seventh step, you will experience through our help the initiation into the original principle of divine justice.*

*Mentally you will be able to give expression to the absolute legality of harmony in all four basic qualities of the elements.*

*You will have a high power of judgment and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of justice.*

*You will never be able to condemn anyone unjustly.*

*This will bring about the abilities to created any change in the emotional situations that you find yourself in and to have absolute success and happiness on all levels.*

*The ability to control emotions is the ability to control the element of water.*

*We inspire you to charge the element of water with the emotions that stimulate the immune system to heal any disease.*

*This virtue has an ultramarine blue color, the musical note of C, and is the earth element so it has the sensation of weight.*

*It formed the throat and windpipe.*

## *R*

*The eighth step is again the merging with perfect freedom and independence in its highest and most divine expression.*

### MIRACLES

### Note:

Since in my experience the time it takes for help to come from the heavenly hosts on a specific issue can range from instantly to decades, I have found that it is important to address the issue of timing with the angels when request for help is made.

If it is very important to me for help to be accomplished within a certain time frame, I have to let that be known to the angels in the beginning.

I have found that vague asking often equates to vague receiving.

The angels notion of time is unlike our own.

They are ancient and immortal and a thousand years to them can be a second to us and vice versa.

I have noticed that even when I ask for something to be done in a certain period of earth time, it still can take much longer or much shorter than I had imagined.

I have had instantaneous results, at times when I had an emergency and I called for their help.

It took about 10 seconds. [Which, under the circumstances, seemed like an eternity anyway.]

I have learned that when the results are taking a very long time, I can speak to them in my prayers about this and ask them to speed things up.

They always do, but sometimes I have to ask a few more times and state how important it is to me in no uncertain terms.

Secondly, it is important to learn surrender of control.

As they change my life and my consciousness, surrender is of the utmost importance.

When I ask them to speed things up, sometimes the changes are drastic and I have to be very flexible to embrace them.

Oftentimes they see a solution that I might not see, and I have to be willing to let their judgment

take control over any solutions that I might have desired originally.

Clear requests with clear visualization of what is desired, faith and surrender of control, are all skills that I have found to be absolutely necessary.

There are specific angels who help with each of these skills.

I have learned to ask as it often does not work very well for me when I try to do it by myself.

Jesus said, I of myself can do nothing, it is the Father within, it is HE that doeth the works.

Of the three skills, CLEAR REQUESTS and especially VISUALIZATION of the desired outcome are so important.

In their great power and wisdom, the heavenly hosts can get around lack of faith and surrender.

They can reach us and create changes on all levels regardless of obstacles within us or around us.

The angels respect the law of free will so it is helpful for them to have clear requests.

If you are not sure what is the best thing to ask for, but you know things must change, then you can turn the whole thing over to them to decide for you and that usually works very well.

However, it is very important to CLEARLY turn the whole thing over. I usually outline the situation and say, Do whatever needs to be done for the highest good of all concerned.

## Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,

and the angels who work with him or her.

The being and the angels share the same name.  
This name is a key to their powers and influence.

Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.  
Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].  
Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.  
These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

If you have these, it is helpful to read Frabato the Magician first, with appendixes, and then read appendixes from the other three for background.

### **THE LAW OF ONE**

**We are all one.  
When one is harmed, all are harmed.  
When one is helped, all are helped.  
Therefore, in the name of who I AM, and I am one with all;  
I ask that only THE HIGHEST GOOD OF ALL concerned happen  
I give thanks that this is done.  
SO BE IT!  
So it is!**
