The Angels of Sacred Ceremony

Also known as

**The Angels
of**

Algebol

Beloved,

**People are made in the image of Divine Being,
and experience unity with Divine Being and all creation
in deep Delta brainwave states
that occur each night in deep dreamless sleep.**

**This state is also the dominant state of infancy,
and can be re-experienced at any age in a waking state
through meditation.**

***"Ye must be as little children to enter the kingdom of
heaven."***

**Re-experiencing oneself as one with pure Divine Being
and all creation,
and aligning individual mind with Divine Will and Mind
and emotion,
is the ultimate purpose of ritual and ceremony.**

**Ritual and ceremony, therefore, can be thought of as
analogous to a dream that
carries the soul ever deeper into the dreamless state of
original pure being,
through the lands of remembrance of cellular memories
of divine infancy.**

***We inspire and protect religious rituals and ceremonies throughout all
time,
from the most ancient past,
now,
and into the most distant future.***

***We are the heavenly host that inspire sacred ceremonies
that are the highest good of all concerned.***

***People, in many cultures and situations,
access Divine Being through ritual and ceremonies we
inspire.***

**The original and most perfect ceremony is speaking The Law of
One,
which is the original law of Creation, and
is the supreme Law over all laws in all dimensions.**

The Law of One

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I am one with all there is;

**I ask that only THE HIGHEST
GOOD OF ALL CONCERNED
HAPPEN.**

I GIVE THANKS THAT THIS IS DONE.

AND SO IT IS.

**The divine virtues are so profound, pure, and great,
that words cannot cover their depth or their perfection or their scope.**

**It IS possible, however, to become one in consciousness with them
through focus, meditation and remembering.**

**Particular FORMS that ceremonial interactions take
and the appropriate Divine Virtues that are needed at any particular time,
are inspired by the heavenly hosts of Algebol.**

**Whether in an ancient holy place in a ritual that has
existed for hundreds of years,
or in the outback where a Beloved companion faces a
daunting task,
and prayers are being offered for Divine assistance;
wherever and whenever a sacred ceremony is being
performed
for any reason that is the highest good of all,
we are present with inspiration and empowerment.**

"Ye MUST be as little children to enter the kingdom of heaven."

**Through this union with original divine pure being,
all of earth is blessed,
and heaven and earth become one.**

**By attuning to the virtues of Algebol and asking for assistance from
heavenly hosts,
ceremonies are easily created,
understood, and mastered, bringing through miracles.**

**Because we are all one being,
asking for help is like the right hand helping the left.**

**As a person becomes one with Divine Being and all creation in
meditation,
whatever is WILLED results in visual images and thoughts.
Whatever is thought results in emotions.
Whatever is felt through flowing emotions
attracts and results in new physical realities.**

**We help the children of light create and enjoy ceremonies
that result in flowing emotions of divine beauty, so
that heaven and earth become one.**

Call on us, and other heavenly hosts for help.

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

"All that I do ye shall do and more."

These are the divie virtues of Algebol:

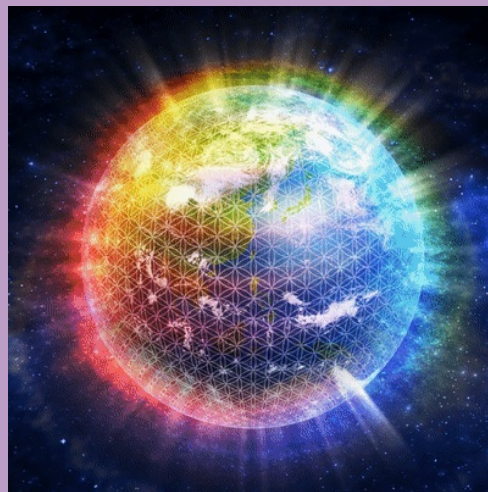

A

All wisdom and enlightenment.

This is attunement to the original purity of all ideas in Divine Mind.

**This virtue is the source of powers
such as clairvoyance, clairsaudience, eloquence,
artistic talent, control of the air spirits, levitation etc.**

**This awakens the ability to recognize imperfections, and to release
these imperfections back to Divine Being for transformations into
higher states
that are the best for all concerned.**

Transformation is the virtue of umlaut A, ae.

L

**The letter L represents the entire scope of all the Divine Virtues
taken together,
the splendor and majesty of Divine Being.**

**This virtue is the source of true spiritual morality and vitality of life,
leading to immortality.**

G

The letter G is Divine Grace and Mercy in all their aspects.

**This virtue is the source of true blessing,
peacefulness of the spirit, and abundance.**

E

**The letter E is Omnipresence,
the identification of self with the existence of Divine Being
in all things, in all times.**

This virtue is the source of transference of consciousness.

B

Polarity.

**The letter B is the understanding of the necessity for and the
balance of opposites.**

Polarities are necessary for creation to exist.

Letter B is Universal Consciousness.

**This virtue is the source of mastery over all polarity,
over will and emotion, life and death.**

Umlaut O, er

**The letter umlaut O is transmutation into perfection
brought about by seeing through the eyes of Love Divine.**

O

The letter O is Divine Justice and the legality of all divine laws.

**This virtue is the source of harmony and success
and satisfaction in all situations.**

L

**All of the Divine Virtues taken together, the splendor and majesty
of Divine Being.**

ANCIENT RITUALS
for merging individual consciousness with Divine Consciousness
are the performing of the meditations of the ancient language.

ONCE SUCH RITUALS ARE MASTERED,
ALL OTHER RITUALS AND CEREMONIES CAN BE MORE EASILY
MASTERED AS WELL.

For this reason, we wish to explain more about this process.

Even though each letter corresponds to a particular virtue, color,
sound, and bodily organ, all letters
belong to one of the four elements [plus the akashic element, which
is consciousness-penetrating-all].

The four elements each relate to an area of the human body
temple.

[The fifth element, The Akasha..... is oneness with
all....omnipresence]

All FIRE virtues and their letters are practiced in the region of the throat and
head,
with a sense of warmth, expansion and electricity.

All AIR letters are imagined in the area of the lungs,
with a sense of ease and relaxation.

All WATER letters belong in the abdomen area,
with a sense of coolness that turns to iciness.

The practice of the water element in general,
which is flowing feelings, fluidity, change, emotion,
love, magnetism, coolness and cohesiveness
is practiced in the abdomen area seen as a hollow space.

All EARTH letters are in the feet and legs,
imagined with a sense of weight and gravity.

**Remember when doing the exercises of the cosmic language in your imagination,
to see each letter shining from a Sun in the proper area of
the body for its element and also filling the particular organ of the
body that corresponds to its virtue.**

**Also remember to keep the rhythm of the breath natural,
and to dissolve the meditation in the body when finished
meditating to
protect the natural balances of elements in the body.**

The benefits that accrue from using this art of healing with the cosmic language are unlimited.

**In any ritual of any kind, when you pray for help and illumination,
we interact directly with your
Delta brainwave function of pure being and unity with Divine Being
and all Creation
and omnipotent WILL and divine thought.**

We inspire flowing divine emotions.

In other words, we inspire connecting the mind with the heart.

The hearts electro-magnetic field is over 5000 times stronger than the brains field.

When the heart of flowing love is in harmony with mind, the results are 5000 times more powerful.

**This is the way that DEEP INNER THOUGHT, the Theta brainwave state,
and the Beta brainwave function which is the function of MEMORY, LOGIC,
linear thought and language and THE FIVE SENSES
create and attract heavenly attributes
in conjunction with Delta states of pure being and will,
and Alpha states of flowing emotions.**

All seven chackras, in this way, are open and working together.

**The corpus coliseum, the neurological bridge connecting the two hemispheres of the brain, can be activated by eye movement exercises
(moving eyes back and forth as in REM sleep).**

**This allows the parasympathetic and sympathetic nervous systems to easily work hand in hand with the heart,
this is true whole brain awareness.**

**Perceiving with right-brain intuition and flowing emotions
and left-brain meditation in deep inner thought
while being centered in divine love in the heart,
enhances true communion in ceremony and ritual.**

Relax and find a balance between control [keeping the attention

focused on prayer] and allowing, surrendering in trust, in change and flowing.

This way whatever images and emotions [right brain and heart] and thoughts and memories [left-brain] that spontaneously arise can flow easily and naturally into awareness unhindered.

Ceremony and ritual is a natural ability of mankind.

Remember practice makes perfect.

Be encouraged.

As with learning any new skills, first attempts may be the most awkward.

Be patient and take your time. Ask for help from the heavenly hosts.

Rituals and ceremonies change reality simultaneously in the invisible as well as in the visible worlds.

MIRACLES

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues

and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background

and was compiled by his German publisher from notes written by Franz Bardon.

THE LAW OF ONE**

**We are all one. When one is harmed, all are harmed.
When one is helped, all are helped.**

**Therefore, in the name of who I AM, and I am one with all;
