The Angels
of
Medicine and Healing

Also known as

The Angels
of
Karasa

Beloved,

**When people are sick and seek help from the heavenly hosts,
we inspire them with divine faith to heal themselves
or to find and receive help from appropriate healers.**

**When doctors seek right diagnosis and proper cures we help reveal
these.**

**Medicines that we have to share with mankind are becoming more
available now,
so that people, animals, and ecosystems return to abundant health.**

**These medicines can be enjoyed by all, during this time of Heaven on
Earth,
as people ask for this to happen.**

**Because of free will, it is sometimes very important that those in need
ask for assistance.**

An intense healing is upon earth.

"Ask and ye shall receive."

Many beings ask for healing.

It is within our power to answer these prayers.

**We also bring about such effectiveness in healers and medicines
as can hardly be described.**

Miraculous healing on all levels is revealed.

*It is the will of Divine Providence that our existence be made known,
because the need for the healing on earth sometimes is great,
and many request help.*

**From the most ancient traditional medicine people to
modern specialists,
we oversee and bless each and every one,
whose purpose and intent
is to administer healing for the highest good of all.**

**Under our guidance are those who make medicines of
any sort,
from any tradition,
including pharmaceutical companies,
whenever their intent is for the highest good of all.**

We protect and inspire all divine healers.

We help inspire omnipotent faith so that the body heals itself.

**We help healers utilize divine healing and medicine
that are necessary for immortality and enlightenment.**

We are in the process of introducing methods of creating and testing

**pharmaceutical products
that have much greater accuracy and reliability
than those using current methodologies that violate Divine Law.**

**When Divine Laws of justice are broken for any sentient being,
unwanted repercussions are almost endless in the unified field of energy.**

**The entire health care system of earth,
in all of its aspects,
is under careful transformation at this time.**

**The healing of emotions will be understood as a most important key to
spontaneous remissions,
because emotions quickly and powerfully trigger amazing chemical responses
in the body .**

**We are inspiring paradigms that scientifically unite mind
with emotions of the heart in healing and diagnosis.**

It is a fact that reality is composed of more than just the physical dimension.

**The heartbeat and rhythms
of the heavens beat within
each of us.** Harold W. Becker

**We have in place contracts with souls of health practitioners
made before they incarnated upon earth.**

**When a health practitioner requests special help,
we are often permitted by Divine Providence to do much more than
we could do
from the original contracts only.**

**Through attunement with us and the divine virtues of our name,
any Child of Light may receive inner guidance
that overcomes disharmony and restores health on every level.**

Specific requests result in specific results.

**Whenever you request our assistance,
be as specific as possible,
and remove all limitations on what you think is possible.**

**If you do not get results that you desire,
please look at the request itself and shift paradigms.**

**Most physical suffering is a result of
mental and emotional inharmony,
so the request should include healing in all areas, not just the
physical.**

**If the mental and emotional disturbances, of yourself or your
patient,
are karmic or inherited from ancestral origins,
then specifically ask for healing in these areas
and allow plenty of time for these causes to heal.**

**In cases of environmental poisoning,
the requests should include mental, emotional, and physical
healing
for all contributing factors.**

**Paradigm shifts are being made by many earthly participants in
medicine and healing at this time,
including pharmaceutical companies,
for all in Creation must obey The Law of One.**

**The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are healed.

**Therefore, in the name of who I AM,
and I am one with all there is;**

I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen.

I give thanks that this is done.

SO BE IT!

So it is.

The importance of flowing emotions to attract corresponding physical realities to the health of the immune system is being revealed.

Emotions must heal.

Painful emotions compromise the immune system by sending subliminal messages to the body that life is not worth living.

Painful emotions are like water, and purify when they are allowed to flow safely.

They must be allowed to flow with empathy and safety for healing to take place.

**Crying when you are sad,
speaking your truth when you are angry or hurt,
in safe and respectful ways to others,
catalyzes change into healing and forgiveness.**

Emotional well being must be given top priority for all sentient life.

There is equal growth in understanding the spiritual [will] and mental realms as well.

Only a holistic approach is scientifically valid.

We are inspiring all researchers and healers with this understanding.

**We inspire understanding and experiences of deep delta brainwave states,
experiences of Oneness with the unified field,
for each person who walks a path of healing of self and others.**

**As Oneness and interdependence are utilized,
both of humans and heavenly hosts,
we work together to efficiently heal all sentient life that cries out
for help.**

As it was spoken by a great master, "*...and the crooked shall be made straight.*"

By meditating on these divine virtues,

**abilities are gained to create medicines
or bring about healing
for the highest good of all concerned.**

K-A-R-A-S-A

K

***In the akasha, the subtle pre-matter, it is the highest and
purest light and is analogous to the original fire, or desire principle for
divine perfection.***

In the mind, it manifests as the state of faith.

***This is the faith that was spoken of in the Bible that can move mountains and
do all things.***

***In the soul, which is also called the astral or emotional body, this virtue
manifests as
endurance, toughness, courage, and the ability to remove any feelings of
fear within yourself or within others.***

***Since it is the Fire and Air element, it has the sensation of warmth and
ease;
it has the musical note of B, and the color of silvery blue.***

soft A

The highest wisdom and enlightenment.

***This sound [a soft a like a sigh[^]ahhhhh] and virtue is an initiation
into the highest wisdom and the purity of all ideas in existence.***

This has as a fundamental feature the enlightened mind.

***Reasoning, perception, the cognition of the most profound truths,
highest knowledge, high intelligence, and the arousing of all intellectual
faculties are expressed.***

***Musical gifts, eloquence, poetic talent, and clairvoyance,
clairaudience, the art of levitation, and the control of the Air element and
its beings are all aroused by this initiation.***

***On the physical plane the command of the beings of the air, control over
storms, are all made possible by initiation into the highest wisdom.***

***The color of wisdom and enlightenment is light blue, the musical note is G,
the element is air so it has the sensation of ease, and the lungs are formed
from it.***

***When pronounced umlaut A, ae, control over destructive passions and
negative beings is gained through learning to release, or let go, of
imperfections
on any level for change into the highest good of all.***

***Freedom from clinging to old imperfect emotions, habits, paradigms, values,
and possessions is attained.***

***Transformation of reality on all levels is mastered
through releasing whatever is imperfect back to Divine Being for
transformation
into other states that are the highest good.***

The color is loamy brown, the musical note is C.

The element is earth and has the sensation of weight.

The anus is formed from this virtue.

***This virtue is so important to the process of healing, that further explanation
is important.***

umlaut A, ae, [Long A]

The realization of wishes regarding physical matter is subjected to this virtue.

The sound of this letter, the long A, {ae}, in the cosmic language is the virtue of the origin and mystery of life and death regarding their transformation.

By meditating on this virtue, a child of God becomes convinced that in reality death does not exist, for the so-called death is only a transformation from one state into another.

Also will come enlightenment on the cause of this transformation.

With this comes the ability to master all negative spiritual beings in all spheres and planes with regard to their scope of action.

The purpose for which negative beings have been created becomes clear.

Since, in the original principle all beings are alike, each having been created by Divine Providence to fulfill a certain task, there is no dissimulation of negative beings, for from the enlightened person's point of view everything is pure.

Here the saying: "to the pure one everything is pure" becomes plain.

If there were no negative beings, it would be impossible to distinguish between good and evil; and if there were no passions, there would also be no virtues.

This virtue confirms the words contained in the Bible: "through night to light", the deep symbolic meaning of which now becomes clear.

In the intellect the ability is gained to see through all thoughts, actions and wishes concerning matter, and of becoming their absolute master.

In the emotions, this virtue represents desires, passions, and the inclination to self-satisfaction etc.

A person who masters this virtue in their emotions becomes absolute master and ruler of all desires and passions.

Also, a person is able to not cling to destructive mental, emotional, and material virtues and objects.

This means complete independence and freedom and fulfills the saying "bind yourself and you will be free".

On the material level this virtue is one of the most materialized.

No matter whether you evoke it in the mind, the emotions, the akasha, or the material world, the earth is influenced by it to a larger extent.

The ability to infuse matter with divine virtues is heightened.

R

This is the sound of the divine virtue of independence and freedom.

After learning all of the virtues associated with all of the letters of the alphabet in order starting with A, by the time you reach the letter R you have achieved a state of maturity by which your feeling of independence has been transformed into an absolute state of security and unimpeachability.

Mentally, you will have an eminent mind and the feeling of freedom of will and action.

Not only this, but also the state of maturity in which you will never violate a law, having yourself become a master of all laws.

In spite of your freedom of will, you will find yourself willing to subject yourself freely to Divine Providence, and accept missions to serve Divine Providence with deep humility, immense gratitude and the highest devotion without losing your feeling of absolute freedom of will in any way.

Such great ingenuity will proceed from this that you will be able to comprehend any knowledge quickly and without difficulty.

The color of this virtue is gold, the musical note is C, the element is earth so it is felt with a sensation of weight, and the left side of the nose is formed from it.

A

The divine virtue of wisdom and enlightenment gives the faculty for clairvoyance, clairaudience, levitation, eloquence, artistic and musical gifts.

The ability to heal the mind is gained, and therefore, the ability to heal the psychosomatic causes of disease.

Then pronounced umlaut A, ae, control over destructive passion and negative beings is gained through release.

S

This is the sound of initiation into all-penetrating power, all-power.

This all-power is quantitative in form in comparison to omnipotence which is qualitative in form.

This all-power is to be understood substantially, whereas omnipotence is to be regarded as the highest divine virtue.

With all-power you get into contact with the most subtle substance of the divine spirit, i.e., with the original divine fire which works as a substantial power in everything that has been created by Divine Providence.

Omnipotence, on the other hand, is manifested in the original idea as the

original virtue of the first divine principle in all the kingdoms and in everything that has been created.

Oneness with all-power gives mastery over the fire principle of desire and will and brings about a state of clairvoyance in its purest form.

Complete control over consciousness results from this.

The color of this virtue is purple red, its musical note is G-sharp, it is the fire element of will and so it has the sensation of warmth, and the gall bladder is the part of the body that is formed by it.

A and umlaut A, ae

The divine virtue of wisdom and enlightenment gives control over the spirits of the air, and the ability to heal any disease of the lungs.

All imperfection is released for transformation.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her. The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
