The Angels of Fortune and Contentment

Also known as

The Angels

of

Iserag

Beloved,

We are angels of good fortune.

**We inspire such joy and contentment,
that only in your fondest dreams
would you imagine such happiness!**

**In *The Ancient Future*, the alpha and the omega, as it is
being born now,
many beings are incarnations of highest Mercy and
Grace
as good fortune comes to all.**

These ancient words:

***"For I have not given you the spirit of
fear
but of joy and life everlasting."***

points to
our assignment in Divine Providence.

**All penetrating omnipotent Divine Will,
indwelling all creation,
out pictures original divine blueprints
of
harmony,
beauty,
love,**

joy,
contentment,
happiness,
and
success
for all.

Through inner guidance, grace and mercy,
and all penetrating divine will for the highest good of
all,
we enliven contentment within you and throughout
creation.

Through helping the Children of Light understand and use divine
virtues of Iserag,
we bring success and well being in endeavors for which our help is
asked.

We bring success in ways
that *help,*
not hinder,
spiritual evolution and growth.

Every letter in our name has been explained in previous angel
messages
regarding the divine qualities that it represents.

Keep in mind that it is not only the letters themselves,
but also the order in which they appear that is important.

The journey of Iserag is joyful
as spirit and soul assimilate lessons
to manifest Divine Contentment and Good Fortune.

**With each of the names of the heavenly hosts,
the order of the letters is a map or blueprint for a journey in
consciousness
through specific divine virtues activated to create specific results.**

Iserag

I is the letter of cause and effect, the karma law.

All life comes under this law of fate.

You reap what you sow is this law in a nutshell.

**All conscience comes from understanding and experiencing cause
and effect.**

WE ARE ALL ONE.

What affects one affects all.

***Deep in the soul of every being are memories that
undeniably prove that what has
been done unto others comes around and is experienced
by the self.***

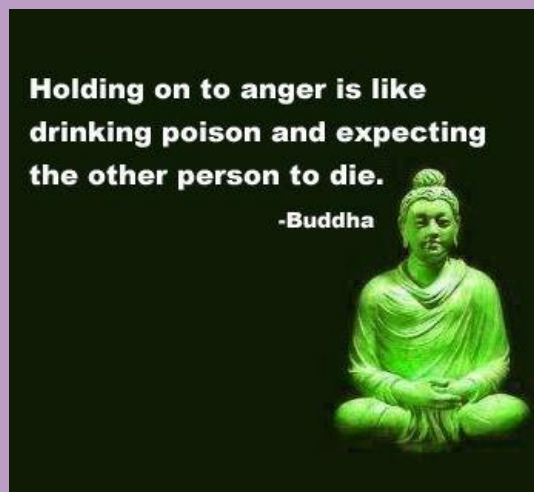

***Therefore, memory and conscience is the beginning of
the path
to good fortune and contentment
because
one avoids causing harm to any being***

***because it is known that
every such action
comes back magnified
many times over.***

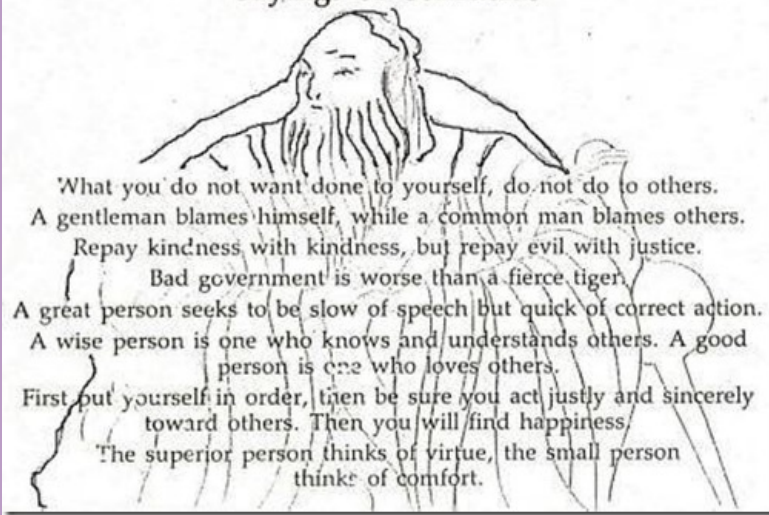

**When the divine virtue of memory of fate is understood and accomplished,
a person never ever knowingly harms another being.**

By understanding cause and effect, why would he or she do such a thing?

**Good fortune begins by good actions that bring good fortune to self
and to all.**

Sayings of Confucius

What you do not want done to yourself, do not do to others.
A gentleman blames himself, while a common man blames others.
Repay kindness with kindness, but repay evil with justice.
Bad government is worse than a fierce tiger.
A great person seeks to be slow of speech but quick of correct action.
A wise person is one who knows and understands others. A good
person is one who loves others.
First put yourself in order, then be sure you act justly and sincerely
toward others. Then you will find happiness.
The superior person thinks of virtue, the small person
thinks of comfort.

**S This wonderful letter represents the original and beautiful divine will,
the all penetrating omnipotence,
that exists in all of creation.**

**Just imagine!
You have been sowing only good actions,
and the divine power, the divine WILL,
that is present in all of creation,
works to bring back to you the results of the good energy that you
have created!**

**Now we enter onto the part of the journey represented by letter E,
which is the virtue of omnipresence of Divine Life and intelligence
throughout all of space and in everything that exists.**

**This means that there is absolutely nowhere that is devoid
of the beingness and intelligence
of Divine Consciousness.**

**On the most subtle level of creation,
everything communicates with everything else
as ONE BEING.**

Muladhara

FIRST CHAKRA: COURAGE

The *Muladhara* [moola-dah-rah] is the chakra of stability, security, and self-preservation. When this chakra is open, you feel safe and fearless.

**In practical terms this means that if you have been creating only goodness,
no matter who you are, or what you do, or where you are,
only goodness will be attracted to you,
only goodness can and will return to you.**

**Even though it is true that negative karma from this or past lives
can still affect you in the present one,
with the grace and mercy of true divine blessing
from another being or from Divine Being itself,
in response to prayer,
even this suffering is greatly lessened to mostly symbolic events.**

**If your life and presence is good fortune to all sentient life,
whether physical or nonphysical,
then all who are in your joy and your peace and your presence,
all the beings of earth and of heaven,
thank God for you and give back all that they can.**

Divine Being thanks you and surrounds you with good fortune.

Next comes letter R.

**This letter represents Perfected Freedom and Independence
that come from FOLLOWING INNER GUIDANCE.**

Study previous messages in which this letter is explained in depth.

**This divine virtue awakens emotions of mental perfection and
emotions of freedom
from any pressing burden of the laws,
because one has become one with divine law itself.**

**Inner guidance awakens emotions of spiritual maturity that words
can hardly describe!**

Ais ease, universal wisdom and enlightenment, the wind, the air.

**This is the virtue of meditating on and understanding the original
purity of all ideas in Divine Mind.**

**This wisdom results in mystical faculties
such as clairvoyance and clairaudience, eloquence, and artistic
talents
that express through good deeds towards others,
in will, thought, emotion, and action.**

**Umlaut A, aeis transformation through releasing imperfections back
to Divine Being
for changes into other states
that are the highest good of all concerned.**

**This virtue reveals the mysteries of life and death,
and shows that in truth there is no real death,
only transformations into other states that are the highest good.**

**This virtue gives control over negative beings,
negative desires, thoughts, emotions, sensations, and forms.**

**And now, to the destination of this journey of good fortune the
letter G.**

This is the last letter, and in many ways the most lovely of them all.

This is the virtue of Grace and Mercy.

**Grace and Mercy is the giving and receiving of flowing emotions
of TRUE DIVINE LOVE AND BLESSING.**

Emotions contain compressed information, like zip files.

One emotion contains enough information that whole books could be written

about it!

These emotions of grace and mercy result in downpourings of divine lights.

**Light waves become light particles in meditation.
The pineal gland decodes packets of light encoded frequencies
and produces amazing chemicals that altar consciousness.**

**Psychoactive chemicals from the pineal gland are
a thousand times more potent than psychoactive chemicals
from the plant kingdom or from laboratories.**

**Such downpourings of emotions of grace and mercy result in
tremendous enlightenment,
so that painful lessons from the past are learned in more pleasant
ways,
because returning negative energies bounce off the heightened
frequencies of the energy fields being emitted.**

**When negative karmas return, therefore, they manifest in symbolic
ways, instead of through suffering.**

**As a person receives and gives true divine blessings,
returning negative karmas are
lessened into mostly symbolic expressions,
because the lessons of harmlessness that such karmas must teach
have already been absorbed through grace.**

***This is a virtue of spontaneous remission of any negative
situation on any level.***

Grace and mercy shines with the color of emerald green.

Its tone is the musical note F.

**Grace and true divine blessing is the enlivening principle of the left
eye.**

**It is a magnetic virtue of FLOWING EMOTIONS and therefore
represents the water element.**

**Imagine it flowing through with a sense of coolness that turns to
iciness.**

In the physical world grace and mercy represents all

***phases of riches and wealth,
of happiness and satisfaction.***

By this virtue Divine Providence has created abundance and, like
the
Creator, a child of God may also bring about, for him or her self or
other people,
abundance in everything, should that be desired.

***On an emotional level this virtue gives the feeling of
happiness,
of complete satisfaction.***

Situations may be created by means of the
elements and the will and emotions causing success and wealth in
the world
that is for the highest good of all concerned.

In the mind, this virtue gives the experience of peacefulness,
and the faculty of giving true divine blessing.

Be still and ask us, the heavenly hosts of *Iserag*
for initiations into these divine virtues that we love to give.

Meditate on these virtues in being-visualization- will, thought,
emotion, and sensations.

***Come with us into The Ancient Future,
which is being born now,
in which all beings are blessed with Mercy and Grace,
and good fortune comes to all.***

Footnotes

The names and meaning of angel groups come from Quaballah,
which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's
religions:

Judaism, Islam, and Christianity.
Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the
angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon. Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Love brings miracles of happiness.

The Law of One is the original law of Creation,

and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

**When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;**

**I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.**

SO BE IT!
