Beloved,

***"I have not given you the spirit of fear,  
but of joy,  
and life everlasting."***

We are learning that at the heart of all divine religions of  
the past, present, and future, it is taught that harm caused  
to anything, to self or others or creation, harms us all.

"What ye do unto the least of these, ye do unto me."

We are all one.

Through the divine virtues of Nanairoa,  
we protect the physical possessions of all beings upon  
the earth,  
and inspire the children of Divine Being to do the same.

Call on us that you may greet each day  
with complete happiness, safety, and security  
concerning all physical possessions.

Emotions are magnetic and, good or bad, cause  
the quantum field of infinite possibilities to manifest  
corresponding situations.

Remember that when animals or people live in fear,  
unfortunate conditions are attracted into manifestation.

***We inspire happiness, so that people and  
animals  
attract successful solutions to all problems.***

***We guard the property of people and animals.***

If children of God live in fear and concern for well  
being on any of the four levels,  
which are desire, thoughts, emotions, and sensations,

**in addition to attracting negative situations,  
resulting physical stress causes aging, sickness and  
finally death.**

**This stress caused by anxiety, fear,  
and tension often results as diseases,  
especially sugar disorders.**

**When life is sacred, safe, and sweet, however;  
adrenal glands do not overproduce fight or flight  
chemicals,  
and the pancreas remains balanced in regulating blood  
sugar.**

***We protect against all kinds of catastrophe, not only  
fire, thunderstorms, and floods,  
but also against burglary and theft.***

**We influence thieves to return stolen property or GIVE  
THEMSELVES AWAY in some manner.**

**We aid in the recovery of lost goods by many different  
ways.**

**Original divine will has created and given in love  
to all beings the provisions that they need to live in  
divine happiness and plenty.**

**The homes and possessions of the Children of Divine Being,  
as well as the homes of the beloved animals  
and other creatures,  
are theirs in sacredness.**

**Through the divine virtues of Naniroa, we protect the physical possessions of all beings upon the earth and inspire the children of Divine Being to do the same.**

**Call on us that you may greet each day with complete happiness, safety, and security concerning all physical possessions.**

**When emotions are flowing with divine happiness, the pleasures of earth reflect joy to all of heaven.**

***"On Earth as it is in Heaven."***

**Life was created to be sweet for the sake of the children, and all humans are children in the eyes of the Creator.**

***"Ye must be as little children to enter the kingdom of Heaven."***

***"The kingdom of Heaven is found within."***

***"Seek ye first the kingdom of Heaven and all else shall be added unto you."***

**We inspire flowing emotions of the seventh heaven of delight so that flowing feelings of joy attract only the highest good of all.**

**Supreme happiness attracts solutions to every problem, and creates cohesion in creation.**

**The fourfold nature of Divine Consciousness is being-will-visualization, mind, emotions, and sensation.**

**This fourfold nature is sacred and important on each level.**

**Each level affects the others, and harmony must be maintained equally for them all.**

**Universal Life is present equally on all four planes of existence.**

**Any harm that is endured on any of these planes affects the entire unified field of energy,  
the entire divine being of creation.**

***Whether it is a widows mite that is stolen, or the hopes  
and dreams of a child,  
the damage done sends ripples out to the farthest  
reaches of the universe.***

**We are assigned by Universal Providence to protect the gifts that God so lovingly provides for each of his children and creatures.**

**Whether it is a simple jar of clay, a forest habitat, or the richest treasures, whatever rightly belongs to a person or a creature is sacred and worthy of our protection.**

**It matters not if the source of potential danger is a storm or a burglar; we have it within our power to protect possessions from all harms.**

**In this day and age, so many people feel powerless to protect themselves and their belongings from the forces of weather, earthquakes, fires, or corrupt people.**

**This feeling of helplessness is healed when the interrelationships between man and the heavenly hosts and Divine Being, with all the divine virtues, are finally understood as being omnipresent and omnipotent and omniscient.**

**Divine Love  
is then integrated into the experience of SELF.**

**This divine love attracts miracles.**

**At this point, the core of being-visualization-will, mind, emotions  
and sensations  
out picture original divine blueprints of perfection for all of  
creation.**

**At this point each Child of Divine Being comes home,  
and can say, as the great master said,  
*"I and the Father are ONE."***

**At this stage in the journey of consciousness, doors are unlocked  
and weapons are unnecessary.**

**At this level of spiritual development, storms and floods are looked  
upon as beautiful displays of nature  
that bear no harm to the possessions of anyone,  
for complete control over manifestation is gained according to  
impeccable inner guidance.**

**This is how it is in the original divine blueprints of creation.**

***Harmony, happiness and joy are the omnipotent will of  
Divine Providence.***

**The fear and suffering that has been endured for so long upon the  
earth can be stopped in a moment.**

**It takes a shift of paradigm, a shift in perception, that leads to  
magnetic emotions of safety, happiness, and  
wisdom, that attract complete protection of everything on the  
physical plane.**

**Because of free will, because mankind has been free to create  
anything,  
many people may have long forgotten the divine virtues and the  
heavenly hosts and therefore live in fear.**

**Much has been learned from lifetimes of this path of personal  
experience.**

**Through the virtue of cause and effect, it is now understood on  
deep personal levels  
that what is sown on any level of being returns many times over.**

**Causing harm for any reason is no longer seen as a possible  
solution, but part of the problem.**

**The Law of One is now being embraced in the hearts of all.**

**The Law of One is the original law of Creation,  
and is the supreme Law over all laws in all dimensions.**

### **The Law of One**

**We are all one.  
When one is harmed, all are harmed.  
When one is helped, all are helped.  
Therefore, in the name of who I AM,  
and I am one with all there is;  
I ask that ONLY THE HIGHEST  
GOOD OF ALL CONCERNED  
happen.**

**I give thanks that this is done.**

**SO BE IT!**

**Remember us now.**

**Ask us to come into your lives and into the lives of all others  
to help bring divine protection to everything in the material realm,  
and reawaken flowing feelings of supreme happiness and safety in  
all beings.**

**N-A-N-I-R-O-A**

**N This sound in the ancient language is the virtue of Supreme  
Happiness.**

**In the intellect, this virtue controls the connection between mind  
and heart, or thought and emotions.**

**Mastering this virtue gives control over any other being, and enables one to help others solve any problem.**

**On the emotional level, mastery over the drive for self-preservation and control over any being is gained.**

**On the physical level mastery over cohesion, or the power of coherence or gravity is gained.**

**This virtue has a deep red color, the musical note of A, is of the water element of emotion and has the sensation of coolness. The liver of all beings are formed by this virtue.**

**AThe highest wisdom and enlightenment.**

**This sound [a soft a like a sighahhhhh] and virtue is an initiation into the highest wisdom and the purity of all ideas in existence.**

**This has as a fundamental feature the enlightened mind.**

**Reasoning, perception, the cognition of the most profound truths, highest knowledge, high intelligence, and the arousing of all intellectual faculties are expressed.**

**Musical gifts, eloquence, poetic talent, and clairvoyance, clairsaudience, the art of levitation, and the control of the air element and its beings are all aroused by this initiation.**

**On the physical plane the command of the beings of the air, control over storms, are all made possible by initiation into the highest wisdom.**

**The color of wisdom and enlightenment is light blue, the musical note is G, the element is air so it has the sensation of ease, and the lungs are formed from it.**

**Aumlaut A, ae, [long A]...The realization of wishes regarding physical matter is subjected to this virtue.**

**The sound of this letter, the long A, {ae}, in the cosmic language is the virtue of the origin and mystery of life and death regarding their transformation.**

By meditating on this virtue, a child of God becomes convinced that in reality death does not exist, for the so-called death is only a transformation from one state into another.

Also will come enlightenment on the cause of this transformation.

With this comes the ability to master all negative spiritual beings in all spheres and planes with regard to their scope of action.

The purpose for which negative beings have been created becomes clear.

Since, in the original principle all beings are alike, each having been created by Divine Providence to fulfill a certain task, there is no dissimulation of negative beings, for from the enlightened persons point of view everything is pure.

Here the saying: "to the pure one everything is pure" becomes plain.

If there were no negative beings, it would be impossible to distinguish between good and evil; and if there were no passions, there would also be no virtues.

This virtue confirms the words contained in the Bible: "through night to light", the deep symbolic meaning of which now becomes clear.

In the intellect the ability is gained to see through all thoughts, actions and wishes concerning matter, and of becoming their absolute master.

In the feelings, this virtue represents desires, passions, and the inclination to self-satisfaction etc.

A person who masters this virtue in their feelings becomes absolute master and ruler of all desires and passions.

Also, a person is able to not cling to mental, emotional, and material virtues and objects.

This means complete independence and freedom and fulfills the saying "bind yourself and you will be free".

On the material level this virtue is one of the most materialized.

No matter whether you evoke it in the mind, the feelings, the akasha, or the material world, the earth is influenced by it to a larger extent.

The ability to infuse matter with divine virtues is heightened.

The color of this virtue is loamy brown. The musical note is C. The element is earth so it has the sensation of weight. The anus is formed from this virtue.

This divine virtue of supreme happiness gives the drive for self-preservation, and the ability to control any other being.

**I The sound of the letter I is the virtue of Cause and Effect.**

**The law of cause and effect is the law of evolution of everything.**

**This law gives the understanding and mastery of the akasha, or subtle pre-matter principle.**

**The sensation of akasha is God-penetrating-all.**

**The understanding of cause and effect also enables the perfection of memory and conscience.**

**The letter I [as in I AM] with its light opalescent color, representing the law of cause and effect, is the spiritual essence of the left kidney.**

**This virtue is of the earth element, so it has the sensation of weight. The musical note is G.**

**R The sound of the letter R is the divine virtue of becoming the master and guardian of freedom and independence.**

**In this state there is the feeling of freedom of any pressing burden of the laws, for by the mastery of all the preceding virtues you have achieved a state of maturity by which this feeling of independence has been transformed into an absolute state of security and unimpeachability.**

**This comes from the realization of the harmony and perfection of all divine laws and the identification and love of them so intensely that they have actually become merged with oneself.**

**In this case you are the personification and representation of the divine laws and they will serve you, and your sense of freedom will derive from them rather than in spite of them.**

**This is a very high state of consciousness, but it is the state that every human being is destined to accomplish.**

**It is for this reason that your teachers have told you that the truth is written within your heart.**

**Umlaut O, er, By seeing reality through the eyes of Love Divine, a person sees the underlying divine idea that is the highest good of all concerned and transmutes any situation or thing into its perfect divine expression.**

**O The sound of letter O is the sound of the initiation into the original principle of divine justice.**

**Mentally you will be able to give expression to the absolute legality of harmony in all four basic qualities of the elements.**

**You will have a high power of judgement and**

**the ability to comprehend spiritually any legality,  
any interference by Divine Providence for the sake of justice.**

**You will never be able to condemn anyone unjustly.**

**This will bring about the abilities to create  
any change in the emotional situations that you find yourself in  
and to have absolute success and happiness on all levels.**

**The ability to control emotions is the ability to control the element  
of water and magnetism,  
which is the ability to attract.**

**It is also the ability to manifest anything on the physical level.**

**This virtue has an ultramarine blue color, the musical note of C,  
and is the earth element so it has the sensation of weight. It forms  
the throat and windpipe.**

**It is through this virtue that storms and weather is controlled  
so that only the highest good happens, and no harm is done.**

**All states of imperfection are released for transformation, umlaut A,  
ae.**

**Because emotions attract reality to the physical plane, the creation  
of  
happiness in each and every person and creature is the way to  
establish safety and security for all.**

**We are the angels of Naniroa.**

## **Footnotes**

**The names and meaning of angel groups come from Quaballah,  
which is a very ancient set of teachings which together form a common precursor, or root, of three**

of the world's religions:  
Judaism, Islam, and Christianity. Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,

and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician",

gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
