## **The Angels of Air Creatures**

**Also known as**

**The Angels of**

**Sumuram**

**Beloved,**

**Many of us as children,  
when our parents read aloud spiritual tales of wondrous yore,  
in which magical and miraculous happenings were commonplace,  
wondered how these magical feats were done.**

**These simple wonderings,  
gently offered to the omnipresent Consciousness of the Divine,  
set in motion chains of events**

**that have led to you reading this message before you now.**

**There are ancient stories in which mystics appear with birds,  
even birds of prey,  
perched upon their shoulders.**

**The divine virtues of Sumuram were used by them  
to tame and merge consciousness and emotions  
with these wonderful creatures of the air,  
and create beautiful and loving relationships with them.**

**Beautiful love flows between creatures  
of the air  
and humans  
as the divine virtues of  
Sumuram  
are mastered.**

**Change of fate, with infinite power and emotions, are the virtues of  
the first three letters of our name.**

**S is all penetrating power, U is change of fate, and M is flowing  
emotions.**

**Emotions attract new realities out of the quantum field of infinite  
possibilities.**

**R is clear inner guidance.**

**A is wisdom.**

**Umlaut A, ae, is transforming imperfect states into the divine  
perfection of wisdom.**

***From the smallest fly up to the grand eagle,  
we know the secrets of all flying animals.***

**We protect and guide all animals of the air.**

**When a Child of Light remembers within Self  
the divine virtues of the letters of our name,  
amazing connections are often made in consciousness with creatures of  
the air.**

**With these divine virtues,  
a person can summon a hawk to land happily on their shoulder  
and the most powerful and dangerous birds of prey  
will safely and gently play with children and little creatures.**

**It is our great joy to work with you as you discover divine kinship  
with the creatures of the air.**

**These animals are capable of the greatest love,  
and they have many things to teach each Child of Light.**

**We are the heavenly host of Sumuram.**

**Look at the divine virtues of our name.**

**Fantasize with each one how it applies to the creatures of the air.**

### **S-U-M-U-R-A-M**

**S This divine virtue is initiation into all-penetrating power, ALL-POWER.**

**With all-power you get into contact with the most subtle substance of the divine spirit, i.e., with the original divine fire which works as a substantial power in everything that has been created by Divine Providence.**

**Oneness with all-power gives mastery over the fire principle of desire, faith, will and visualization and brings about a state of clairvoyance in its purest form.**

**With all power, a person connects with original divine will for the highest good of all within everything in creation.**

**With this divine virtue, a person connects with original divine will within any creature and directs this to create new realities of divine happiness.**

**Complete control over consciousness results from this.**

**The color of this virtue is purple red, its musical note is G-sharp, it is the fire element of will and so it has the sensation of warmth, and the gall bladder is the part of the body that is formed by it.**

**U The letter U in the cosmic language represents the faculty of comprehending the creative act and its relationship to karma.**

**This virtue evokes the highest form of intuition and inspiration and makes possible the understanding of ones own karma and its modification.**

**It also makes possible the transfer of consciousness to any state imaginable and this results in states of highest trance.**

**Then it is possible to deeply imagine the causes that direct the creatures of the air,  
and to visualize a new desired reality, such as bonding with a bird,  
and then flow with emotions of this reality.**

**Emotions contain compressed information, and attract  
corresponding realities into manifestation.**

**In this deep state, the ongoing effects of this reality are seen.**

**This letter is imagined as shining velvet black.  
This letter enlivenes the pancreas.**

**The musical note is B, and it is the element of Akasha,  
which has the sensation of consciousness-penetrating-all in  
meditation.**

**MThis letter is the sound of the original water principle,  
which is the divine virtue of flowing emotions.**

**This is the principle of fluidity, magnetism, gravitation and change.**

**By flowing with emotions of the reality created through the divine  
virtue of U,  
this reality is attracted into physical expression.**

**Emotions contain compressed information.**

**By flowing with divine emotions of a new creation, letter U,  
the information needed to manifest this creation is successfully  
communicated  
to intelligences that form creation on the physical plane.**

**In the intellect the original water principle is manifested as life and  
flowing divine emotion,  
and by mastering this, a child of God is given  
the mental faculty of becoming perfect master of emotions and life  
spirit.**

***This faculty also enables the penetration into the life  
and  
emotions of any person or creature with ones own  
consciousness  
and to study and master them.***

**The color of this virtue is blue-green, the musical note is D, the sensation is coolness or chill, and the abdomen is created by it.**

**UWith this virtue repeated a second time, a person goes deeper into high states of trance.**

**These states are used to create ongoing realities corresponding to the original divine blueprints of creation, the original purity of all ideas in divine mind and the highest good of all concerned according to clear inner guidance.**

**RThe sound of the letter R is the divine virtue of becoming the master and guardian of freedom and independence, which is the state of following inner guidance.**

**Genius and an eminent mind are enlivened.**

**In this state there is the feeling of freedom of any pressing burden  
of the laws, for by the mastery of all the preceding virtues you have  
achieved a state of maturity  
by which this feeling of independence  
has been transformed into an absolute state of security and  
unimpeachability.**

**This comes from the realization of the harmony and  
perfection of all divine laws and the identification and love of them  
so intensely  
that they have actually become merged with oneself.**

**In this case you are the personification and representation of the  
divine laws  
and they will serve you, and your sense of freedom  
will derive from them rather than in spite of them.**

**The color is gold, the musical note is C. The element is earth,  
so it has the sensation of weight.  
The left side of the nose is formed from it.**

**A The highest wisdom and enlightenment.**

**This sound[a soft a like a sighahhhhh] and virtue is an initiation  
into the highest wisdom  
and the purity of all ideas.**

**This has as a fundamental feature the enlightened mind.**

**Reasoning, perception, the cognition of the most profound truths,  
highest knowledge, high intelligence,  
and the arousing of all intellectual faculties are expressed.**

**Musical gifts, eloquence, poetic talent, and clairvoyance,  
clairaudience, the art of levitation, and the control of the air  
element  
and its beings are all aroused by meditating on this virtue.**

**On the physical plane the command of the beings of the air, control  
over storms,**

are all made possible by initiation into the highest wisdom.

The color of wisdom and enlightenment is light blue, the musical note is G, the element is air so it has the sensation of ease, and the lungs are formed from it.

Umlaut A, aeThe releasing of any imperfect desires, thoughts, emotions or sensations for transformation into other states that are the highest good of all concerned.

This gives control over negative situations and beings.

MMastery of the divine virtue of flowing emotions and change give mastery over manifestations in the physical realm.

Our emotional body is continuously bombarded. Why? Because it's the brick and mortar of our reality creation process. You can strengthen your emotional body simply by saying "I see you and welcome you in my field" to whatever emotion comes up for you on a moment to moment basis. Then give yourself a gentle reminder that your core essence energy is **joylightlove**.

Inelia Benz

Thus even the laws of gravitation can be controlled.

## MIRACLES

### Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity. Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence. Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.  
These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.  
Franz Bardon's last autobiographical book, "Frabato the Magician",  
gives historical background and was compiled by his German publisher from notes written by Franz  
Bardon.
