## The Angels of Fertility

Also known as

The Angels  
of  
**Nogah**

Beloved,

We are heavenly host who control fertility upon the  
earth.

**Whenever a child is desired for the highest good, we respond.**

**There are many things that we teach concerning fertility.**

*Supreme happiness,  
transmutation into perfection,  
harmony,  
grace  
and  
mercy,  
enlightenment  
and  
transformation,  
are combined  
in whole brain awareness  
of being, will, visualization, flowing emotions and sensations,  
to create incarnations for children  
of light and flowing love.*

..

**Through divine virtues represented by the letters of our  
name Nogah,  
all conditions that concern fertility are successfully  
addressed,  
including sterility and impotence.**

**We teach how to stay fertile until an advanced age.**

**Through the divine virtues of Nogah,  
we teach how to enhance vibrations of sexual fields  
between man and woman.**

**It was our inspiration, from direction of Divine Providence,  
that inspired John the Baptist to be born to his mother who was  
quite advanced in age.**

**Keys to fertility are found by meditations on the following divine qualities:**

***NThe divine virtue of Supreme Happiness and delight.***

***In the intellect, the virtue of flowing emotions of happiness controls connections between mind and heart, or thought and emotions.***

***Mastering this virtue gives happy helpful control over other beings, and enables one to help self or others solve any problem.***

***On the emotional level, mastery over the drive for self-preservation and loving control over any being is gained.***

***On the physical level mastery over cohesion, or the power of coherence or gravity is gained.***

***This virtue has a deep red color, the musical note of A, is of the water element of emotion and has the sensation of coolness. The organ formed by this virtue is the liver.***

***umlaut O [eu], means profound cognition brought about by Love Divine.***

***Akasha:***

***In the principle of consciousness penetrating all, the umlaut  
O oscillation evokes the most profound cognition  
which can only be brought about by love divine.***

***By the help of this a person gets to know all the possibilities of  
transformation of the spirit, all the systems and ways serving this end,  
and all knowledge concerning transformation in all other fields.***

***He/she is informed about everything that, deriving from the act of  
creation,  
had to pass through all the mode of transformation to be reunited.***

***A person must attain all the faculties that are offered by this  
profound cognition made possible by Love Divine,  
in the principle of consciousness-penetrating-all,  
and must make use of all possibilities,  
in order to get convinced that they cannot be described by words,  
by must be experienced,  
lived through.***

***I have mentioned the letters umlaut A and umlaut O as the last ones in  
this series of exercises,  
because by the help of their virtues one is able to comprehend,  
from the principle of consciousness-penetrating-all,  
the crown of all wisdom in the micro- and macrocosms,  
from the act of creation to the present state of evolution,  
and even to the final development.***

***Mental:***

***Evoked in the intellect, the virtue of profound cognition  
brought about by love divine gives the understanding of the  
transformation of ideas, virtues, etc. by the quabbalistically pronounced  
word,***

*which is a very great and comprehensive field.*

***Astral emotional level:***

*In the emotions, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her.*

*Apart from this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.*

***Material:***

*When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.*

*A person is taught the true preparation and charging of the philosophers stone in the physical sense.*

*He/she can influence, at will, any oscillation atomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her.*

*Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired.*

*By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.*

*Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything.*

*The ovaries and testicles are formed from this virtue of the profound cognition brought about by Love Divine. In healing, heal the left ovary first and then the right one.*

*O The sound of this letter is the divine virtue of justice.*

*By meditating on this virtue in the akasha principle, deep delta brainwaves of pure being, you will experience Divine Justice, and gain the appreciation and recognition of Divine Laws.*

*The absolute legality of harmony, in all four levels of the energy continuum -will, mind, emotion, and form becomes clear to you.*

*The attainment of a high power of judgement will be yours.*

*You have the ability to comprehend spiritually any legality,  
any interference by Divine Providence for the sake of justice.*

*Visualize it as ultramarine blue with a feeling of weight, filling all of  
space. It  
sounds like the musical note C, and is used to form and heal the throat  
and windpipe area.*

*The sound of this letter is the divine virtue that concerns  
everything having to do with the mysteries of Divine Grace and Mercy on  
all planes of existence.*

*When a person follows conscience and inner guidance from Divine  
Providence, they manifest blessings for all.*

*In the physical world this virtue represents all phases of riches and  
wealth, of happiness and satisfaction.*

*By this virtue Divine Providence has created abundance and, like the  
Creator, a child of God may also  
bring about, for him or her self or other people, abundance in  
everything, should that be desired.*

*On an emotional level this virtue gives flowing happiness and emotions  
of complete satisfaction.*

*Situations may be created by means of the elements  
and the will and emotions causing success and wealth  
in the world that is for the highest good of all concerned.*

*In the mind, this virtue gives the experience of peacefulness,  
and the faculty of giving true divine blessing.*

*The color of this virtue is deep emerald green; the musical note is  
F. It is the water element so it has the sensation of coolness. The left eye  
is formed from this virtue.*

***A Wisdom and enlightenment.***

***With this virtue a child of God communicates with all of the beings who facilitate the conception, including the incoming soul.***

***This is the virtue of the highest wisdom and enlightenment that can be conceived of.***

***This sound [a soft a like a sighahhhhh] and virtue is an initiation into the highest wisdom and the purity of all ideas in existence.***

***This has as a fundamental feature the enlightened mind.***

***Reasoning, perception, the cognition of the most profound truths, highest knowledge, high intelligence, and the arousing of all intellectual faculties are expressed.***

***Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience, the art of levitation, and the control of the air element and its beings are all aroused by this initiation.***

***On the physical plane the command of the beings of the air, control over storms, are all made possible by initiation into the highest wisdom.***

***The color of wisdom and enlightenment is light blue, the musical note is G, the element is air so it has the sensation of ease, and the lungs are formed from it.***

***This awakens umlaut A, aethe power of life and death and transformation through release of imperfection to Divine Being for change into another state.***

#### ***H.The power of the Word.***

***This letter is the sound of The Power of the Word.***

***By transferring consciousness into a divine virtue with the four levels of being-visualization-will, thought, feelings and sensation, the power to create with a divine virtues is attained.***

***In fourfold whole brain thinking, a person enters deep Delta brainwave states of pure being and unity with Divine Being and all creation.***

***This is the dominant state of infancy, so ask cellular memory to let you experience yourself as a divine infant.***

***Then the WILL and visualization of a divine virtue is held in the pure being state of Delta brainwaves, the CONCEPT AND MEANING of a divine virtue is contemplated in the deep inward thought of Theta brainwaves, the EMOTIONS of a divine virtue flow in emotion of Alpha brainwaves, and the SENSATIONS of a divine virtue is imagined in the five senses, memory, and logic of Beta brainwaves.***

***A divine virtue is experienced on these levels, by identifying with the virtue in a state of omnipresence, then visualizing the color of the virtue shining from a tiny sun in the body, with the body seen as a vast universe from the point of view of the soul being a tiny dot located in the solar***

*plexus.*

*This creates the 'as above, so below' phenomena,  
a small sinewave of information that fractalizes into a much larger  
wave in the outer world.*

*The sun that is the virtue shining within the body is located in the part  
of the body  
that corresponds to the divine virtues element,  
fire virtues are in the head,  
air in the lung area,  
water in the abdomen seen as a hollow space,  
and earth in the legs and feet region.*

*With the outbreath this virtue is breathed out through the pores of the  
skin  
located over the organ that corresponds to the divine virtue.*

*Keeping the rhythm of the breath natural, the virtue is then breathed  
back in with the inbreath.*

*The color is dissolved in the body when the meditation is finished  
to protect the natural balance of elements in the body.*

*By using the ancient technique of meditation taught in these  
messages to utter words within the human body temple,  
each word which is made up of letters that have divine virtues  
associated with them,  
creativity of the highest order occurs.*

*Through the breath, sent into the outer world, these virtues can be  
transferred to any being.*

*The letter H has a silvery violet color, is the fire element of will  
and has the sensation of warmth and fire, has the musical note of A,  
and is the virtue by which the right arm of every child of God is created.*

Through this process of meditation,  
we inspire powers to create fields of consciousness necessary for  
fertility to manifest.

## MIRACLES

#### Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician",

gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

#### THE LAW OF ONE

We are all one. When one is harmed, all are harmed.  
When one is helped, all are helped.  
Therefore, in the name of who I AM,

and I am one with all there is;  
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .  
I give thanks that this is done.

SO BE IT!
