The Angels of Food

Also known as

The Angels
of

Toilet

Beloved,

From the beginning of time

**we have guided people in the sacred act of growing,
preparing
and
eating food.**

**We inspire feeding habits,
and give inspiration on which kinds of food are
necessary
for the maintenance of health.**

**"TO KEEP THE
BODY IN GOOD
HEALTH IS A
DUTY... OTHER-
WISE WE SHALL
NOT BE ABLE
TO KEEP OUR
MIND STRONG
AND CLEAR."**

-Buddha

**We teach the children of divine being
the diverse kinds of food
which serve as stimulants for the production of special
states of mind.**

***So many times the very course of history itself has been
changed
through effects created in the sacred growing,
preparation, serving, and eating of food.***

**The act of eating is a celebration
of the mysteries of unending Love
with which Creation is sustained.**

**Whenever you partake of food,
whenever you prepare it,
call on us to inspire you.**

**A great mystery of the in breathing and the out
breathing of spirit,
manifest and unmanifest,
is enacted each time food is taken.**

**We teach you the difference between electric [will and thought]
food,
magnetic [emotions and sensations] food,
and
the electro-magnetic energies in their relation to various dishes.**

We teach how to take them into consideration in the case of illness.

We are also the initiators into all recipes for diets.

All people who work up food fall under our guidance and protection.

With our help, we connect an intuitive sense of well-being to the source of all nourishment, the omnipresent, omniscient, and omnipotent Divine Life, Love, Power, and Intelligence which pervades all of space.

Here are the divine virtues of our name.

The choice of food, when to harvest and serve it, how to prepare it

**and combine it with other foods,
requires the virtue of high inspiration to create the
most profound results.**

**The sound of the letter T in the ancient language is the divine virtue
of high inspiration
with all the legal matters of this principle.**

**In the intellect, this virtue awakens remarkable inventive faculties
and memory.**

**The color is brownblack. The musical note is F. The element is fire,
so
it has sensations of warmth and expansion. See it as a tiny sun in
the head region.
The right kidney is formed from this virtue.**

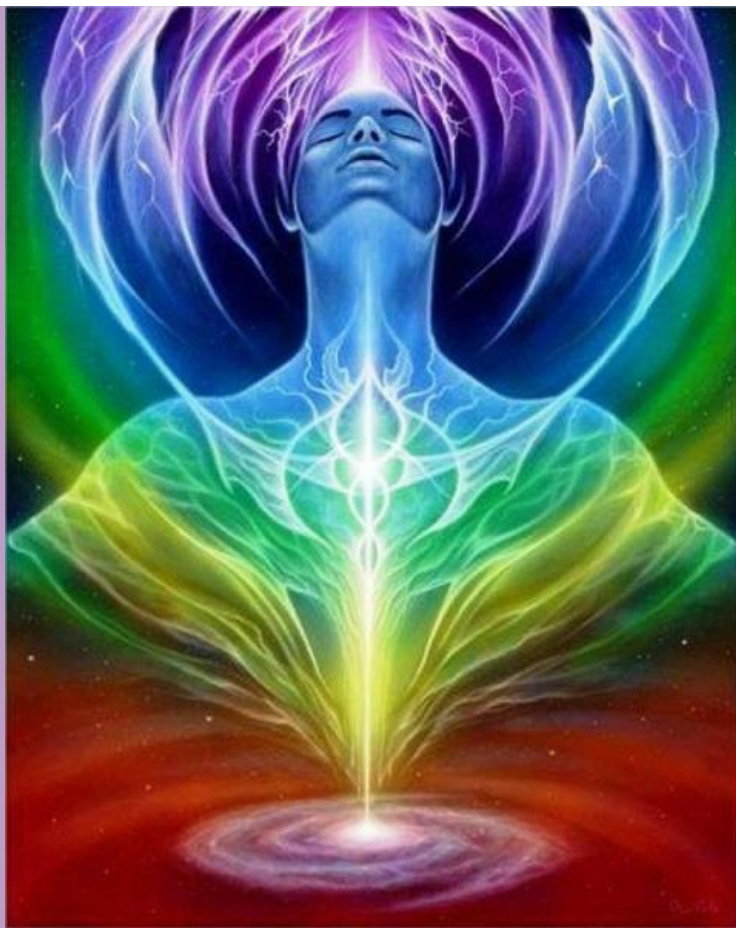

**umlaut O, eu, means profound cognition brought
about by Love Divine.**

**By observing everything connected to the preparing
and eating of food through
the eyes of love divine, a person sees the divine
energies working through every facet,
and works in harmony with both logical and magical
powers that are
part of the omnipresent, omnipotent, omniscient will,
awareness, emotions, and
sensations of divine being.**

**Akasha: In the principle of consciousness penetrating all, the
umlaut
O oscillation evokes the most profound cognition which can only be
brought about by love divine.**

**By the help of this a person gets to know all the possibilities of
transformation of the spirit, all the systems and ways serving this
end,
and all knowledge concerning transformation in all other fields.**

**He/she is informed about everything that, deriving from the act of
creation,
had to pass through all the mode of transformation to be reunited.**

A person must attain all the faculties that are offered by this profound cognition made possible by Love Divine, in the principle of consciousness-penetrating-all, and must make use of all possibilities, in order to get convinced that they cannot be described by words, by must be experienced, lived through.

I have mentioned the letters unlaut A and unlaut O as the last ones in this series of exercises, because by the help of their virtues one is able to comprehend, from the principle of consciousness-penetrating-all, the crown of all wisdom in the micro- and macrocosms, from the act of creation to the present state of evolution, and even to the final development.

Mental:Evoked in the intellect, the virtue of profound cognition brought about by love divine gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.

Astral/ emotional level:In the feelings, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her.

Apart from this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.

Material:When mastered in the physical body, the profound cognition

brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.

A person is taught the true preparation and charging of the philosophers stone in the physical sense.

He/she can influence, at will, any oscillationatomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her.

Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired.

By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.

Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything.

The ovaries and testicles are formed from this virtue of the profound cognition brought about by Love Divine.
In healing, heal the left ovary first and then the right one.

O The sound of letter O is the sound of the initiation into the original principle of divine justice.

With knowledge and genius comes great responsibility.

Those who come under our guidance learn that knowledge and genius must be used according to the Law of One, the highest good of all concerned.

Mentally you will be able to give expression to the absolute legality of harmony in all four basic qualities of the elements.

You will have a high power of judgement and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of justice.

You will never be able to condemn anyone unjustly.

This will bring about the abilities to create any change in the emotional situations that you find yourself in and to have absolute success and happiness on all levels.

The ability to control emotions is the ability to control the element of water and magnetism, which is the ability to attract.

It is also the ability to manifest anything on the physical level.

This virtue has an ultramarine blue color, the musical note of C, and is the earth element so it has the sensation of weight. It formed the throat and windpipe.

Divine Justice is predicated on the Highest Law of All.

It is the Law of One and this law states that we are all one, and that when one is harmed, all are harmed.

Likewise, when one is helped, all are helped.

The Law of One

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM, and I am one with all there is,

I ask that only the highest good of all concerned happen.

I give thanks that this is done.

So be it.

The preparing and eating of food in sacred ways requires initiations into all of the Divine Virtues.

This enables a person to flood food with the highest light.

This virtue is to be imagined as the color of olive green.
The musical note is F, the element is air, so it has the sensation of ease.

The spleen is formed from this virtue.

The sound of this letter represents the highest divine virtues that may be described by words, irrespective of whatever sort they may be.

This letter oscillation is used to comprehend the Divine Majesty and the greatness of God in the form of the purest virtues.

>From this comes the faculty of comprehending true morality as seen from the highest point of view.

This will lead you to the borders of saintliness.

On the emotional level, true equilibrium of character occurs and mastery of flooding the emotions with the highest light is attained.

On the physical level you gain perfect health, beauty and harmony and you become absolute master of your own vitality.

E To understand and correctly use food requires experiencing the virtue of Omnipresence.

In this virtue, a person goes into states of pure being and unity with Divine Being and all creation.

By gaining identification with Omnipresence, the spirit of Divine Being in everything that has ever been created, the divine essence present in food is enlivened.

When you ask us to initiate you into the mystical qualities of food so that you can follow in the footsteps of the masters who have gone before, we inspire you with the consciousness of your roots in the Divine Life, which enlivens all things and is omnipresent in them.

As you can see, once you see yourself as one with all things, with all life, communication with the divine nature of the food itself is gained, so that you know what to use and how to prepare it.

Also, you are not able to bless not only the food, but all who partake

of it,
because you are forever free from the illusion of separation.

This quality is seen as the color of the deepest and purest violet.
The E, with its deep violet color, the quality of omnipresence,
is practiced in the entire spine,
from the coccyx up to the back of the head.

It has the musical note of D, and is the akashic element,
which has the sensation of God-penetrating-all.

The divine virtue of high inspiration, on the material plane,
enables a child of God to comprehend fully, and make practical use
of,
all laws of analogy in the three kingdoms: the mineral, the
vegetable, and the animal kingdoms.

*With this virtue, a person can look at a plant or any
foodstuff
and understand the qualities that it embodies.*

We are the Angels of Tolet;

The Angels of Food.

Footnotes

The names and meaning of angel groups come from Quaballah,
which is a very ancient set of teachings which together form a common precursor, or root, of three
of the world's religions:
Judaism, Islam, and Christianity.
Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the
earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence.
Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of
Franz Bardón.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
