## The Angels of Laughter

Also known as

The Angels  
of

## Parmasa

Beloved,

*Wonderful books, inspired by us, are written about the miraculous effects that laughter and joy have on immune systems, and how even terminal illnesses at advanced stages can go into spontaneous remission with the influences of gaiety.*

*Happiness is an emotion that attracts cohesion out of the unified field of infinite possible realities.*

*Under the influence of divine happiness, any problem is easily solved.*

Under our sphere of competence fall amusing ideas, jokes, jests, anecdotes, comedies, and all other sorts of entertainment that bring laughter and fun.

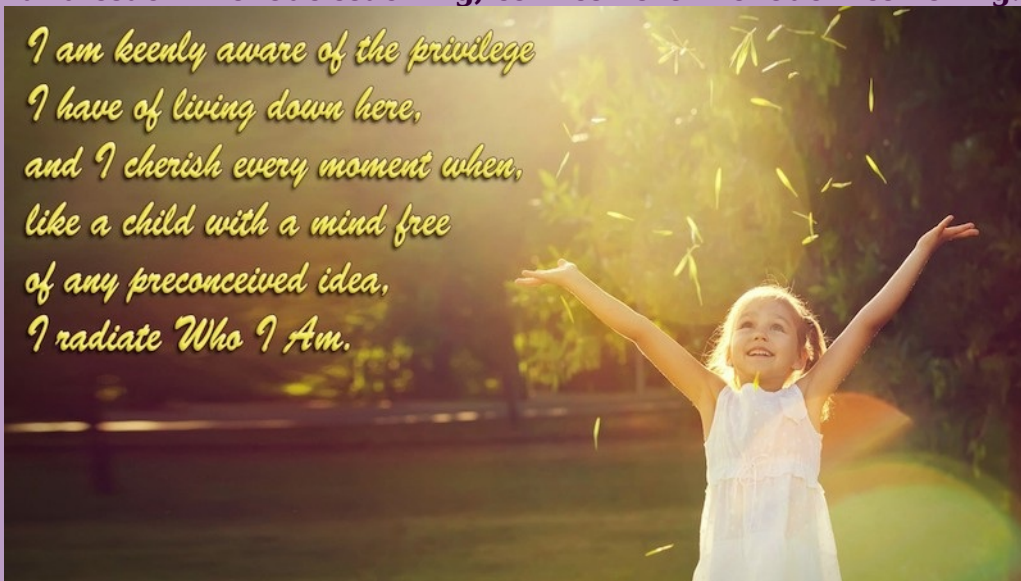

We are masters of gaiety and laughter.

Because the human spirit, mind, emotions and physical body temple are capable of so much happiness, creativity, and joy, everything is being done by the heavenly hosts to enhance these.

# What a beautiful and unique expression of the universe you are....

**We inspire teachers and parents to let children develop naturally,  
and teach without teaching, to interfere without interfering.**

*I am keenly aware of the privilege  
I have of living down here,  
and I cherish every moment when,  
like a child with a mind free  
of any preconceived idea,  
I radiate Who I Am.*

**This is a delicate art, akin to the study of Zen, or the Tao.**

**The best teachers are filled with joy and laughter themselves,  
and they exemplify creativity and inspiration that comes from play.**

**It is our divine pleasure to inspire enjoyment from the very core of being.**

**The sound of children playing with delight and happiness  
is one of the most beautiful sounds on earth.**

**Their laughter connects the world to the very heart of God.**

***Life is about playing and joy.***

***Health depends on it.***

**Through the divine virtues of our name, we inspire the Children of Light to enjoy life.**

**Flowing emotions and sounds of laughter and gaiety attract heavenly conditions on earth.**

***“I have not given you the spirit of fear, but of joy, and life everlasting.”***

**We inspire people to tell funny jokes and stories, and to write and perform them.**

**We flock around children and all who are young at heart.**

**If someone is very advanced in age, and their health is very fragile, laughter and joy turns their health and age around.**

Divine Providence has given us the assignment to bring more fun and laughter into the lives of everyone, so that emotional energies attract joy and heaven on earth.

*"Except ye be as little children, ye shall in no wise enter the kingdom of heaven."*

We inspire educators to realize that emotions of fun and laughter do more to enhance learning abilities of children than any other stimuli.

When emotions of fun and laughter are combined with other forms of learning, a child develops in a whole brain way.

Laughter and enjoyment stimulate glandular centers to secrete chemicals into the bloodstream that enhance genius and imagination in people of all ages.

Centers in the brain that are necessary for successful living, for strong immune systems, are stimulated and enhanced by joy and play.

Social skills, math skills, motor skills, emotive, memory and cognitive skills are easily developed in states of fun, play and laughter.

Laughter and joy develop in atmospheres of love, freedom, and safety.

Happy children grow up to be happy adults.

Way leads on to way.

To confine bodies and minds of anyone of any age, but especially growing ones, in schools or office buildings with limited movement and freedom, away from nature in unnatural lighting, is to deprive children of all ages of their divine birthrights to play and laugh and be joyful.

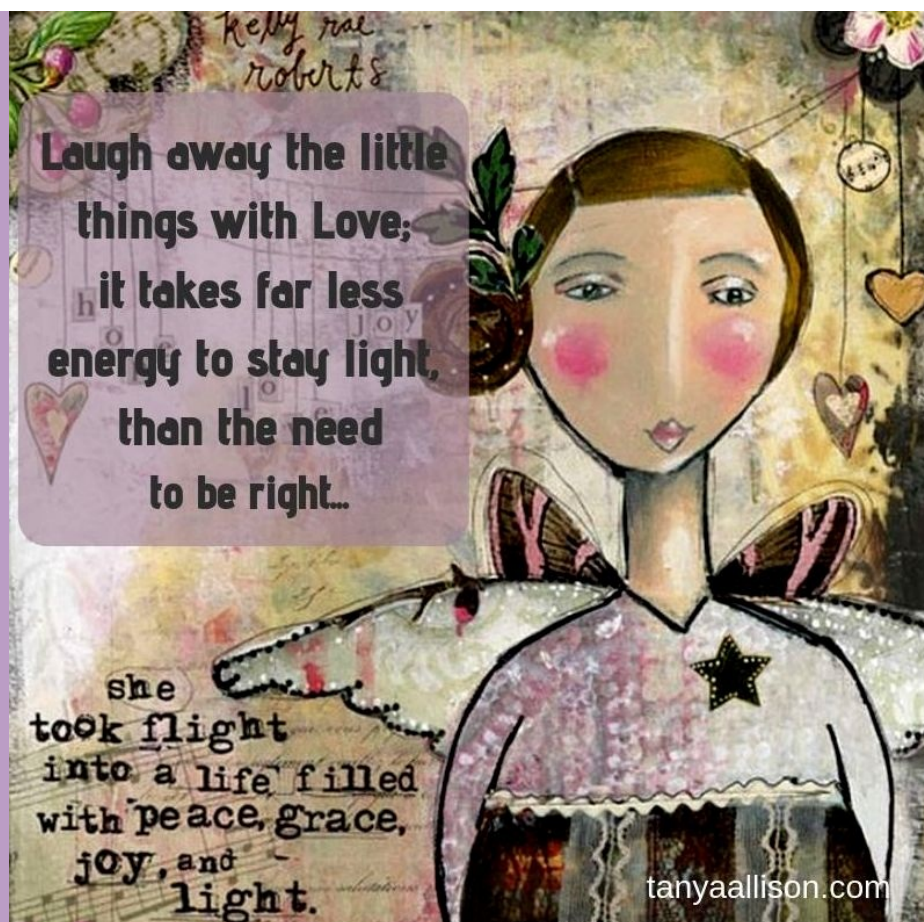

Joy, laughter and play are absolutely necessary for normal development of health, whole brain awareness and genius.

Natural play is creativity at its finest, and is nature's way of developing high spiritual beings who follow in the footsteps of the masters.

The Theta brainwave state is dominant in children.

This state is a state of relaxation and ease.

***In this state genius comes naturally.***

**Children should never be put in states of stress.**

**Even older students,  
even those of very advanced age,  
need conditions of relaxation and ease to continue to develop genius.**

**All of heaven rejoices when children are encouraged and given freedom to  
follow inner guidance,  
to create naturally and play and have fun.**

**We lighten your life.**

**Call on us and ask us to inspire you with laughter and joy.**

**We are the Angels of Laughter.**

**The Angels of Parmasa**

**P-A-R-M-A-S-A**

**Boundless happiness, unspeakable joy and eternal grace are  
the reward for my final and irreversible Choice to fully accept  
*Who I really AM.***

**P...The sound of this letter is the virtue of the longing for spiritual perfection.**

***Joy awakens divine nostalgia, the longing for purification  
and transformation of one's being, and the ability to perceive beauty  
universally,  
as the quality of God manifesting in form.***

**Here you feel the desire to strive upwards to the Divine Light, you  
sense an ever increasing profound longing for unification with the four basic  
divine qualities and realize how divine love,  
which is incarnated into every human being,  
constantly urges you to be connected to divine omnipotence, love and wisdom  
and to have these incarnated within  
yourself.**

**The color of this virtue is a dark grey, the musical note is B, the  
element is earth, so it has the sensation of weight, and the right side of the  
nose is formed from it.**

***A... In vibrations of joy and laughter, glands produce chemicals  
that facilitate insight into the virtue of wisdom.***

**The sound of this letter is the virtue of the highest wisdom and  
enlightenment that can be conceived of, into the highest wisdom and the  
purity of all ideas in existence.**

**This has as a fundamental feature the enlightened mind.**

**Reasoning, perception, the cognition of the most profound truths, highest  
knowledge, high intelligence, and the arousing of all intellectual faculties are  
expressed.**

**The color of wisdom and enlightenment is light blue, the musical note  
is G, the element is air so it has the sensation of ease, and the lungs are  
formed from it.**

**Then, umlaut A, ae...all negativity and imperfection on every level of  
being is released back to Divine Being for transformation into another state  
that is the highest good of all concerned.**

**R... This virtue is the freedom and ability to listen, hear, and follow the inner  
voice of guidance.**

***In laughter and joy, each person is following the still small voice  
within.***

**The sound of the letter R is the divine virtue of becoming the master and  
guardian of freedom and independence.**

**"The truth is written within your heart."**

**Freedom and independence is  
necessary for each child of God to follow that still small voice  
within.**

**By following this inner guidance, the child of God follows the will of Divine  
Providence, which is to be joyful.**

**When a child of God meditates on this virtue, there is the feeling of  
freedom of any pressing burden of the laws, for by the mastery of all the  
preceding virtues [of letters A through O] a state of maturity has  
been achieved by which this feeling of independence has been transformed  
into an absolute state of security and unimpeachability.**

**This comes from the realization of the harmony and perfection of all divine  
laws and the  
identification and love of them so intensely that they have actually become  
merged with oneself.**

**In this case you are the personification and  
representation of the divine laws and they will serve you,  
and your sense of freedom will derive from them rather than in spite of them.**

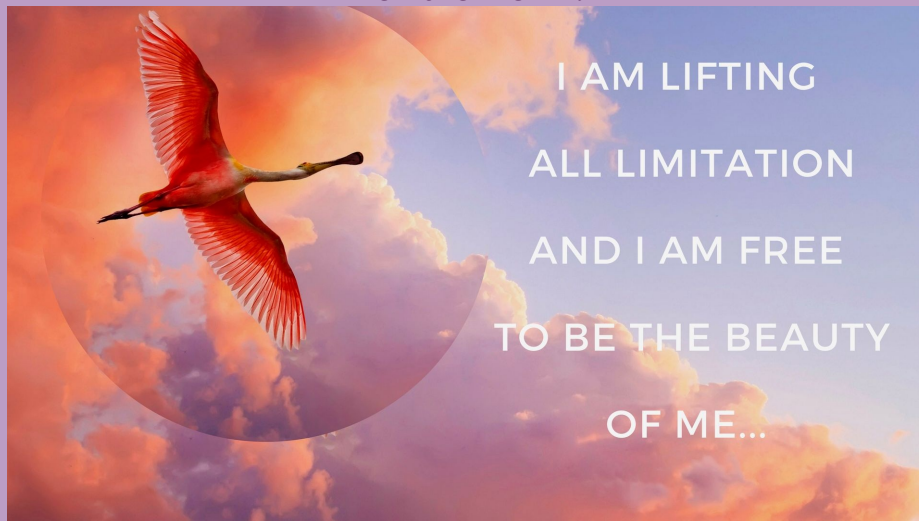

**The color is gold. The element is earth with a sensation of weight.  
The musical note is C and the left side of the nose is formed from this virtue.**

**M... The sound of this letter in the ancient language is the sound of flowing divine emotion.**

***Emotions are the magnetic feminine energy that attract new realities into form.***

***Laughter and joy attract pure delight and heaven on earth into the world of form.***

**This divine virtue of emotion is the water element, so it has sensations of coolness.**

**Its color is blue-green, its musical note is D, and the abdomens of all the children of God were formed by this virtue.**

**A...Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience, the art of levitation, and the control of the air element and its beings are all aroused by this virtue of wisdom and enlightenment.**

**Umlaut A, ae...all imperfection is gladly released for transformation into another state that is the highest good.**

**S...The sound of this letter is initiation into all-penetrating power, all-power.**

**This all-power is quantitative in form in comparison to omnipotence, the letter K, which is qualitative in form.**

**With all-power, a child of God gets into contact with the most subtle substance of the divine spirit, i.e., with the original divine fire, or divine will, which works as a substantial power in everything that has been created by Divine Providence.**

**Oneness with all-power gives mastery over the fire principle of desire and will and brings about a state of clairvoyance in its purest form.**

**It is the will of Divine Providence for joy to permeate all of creation.**

**\*Complete control over consciousness results from this.**

**he color of this virtue is purple red, its musical note is G-sharp, it is the fire element of will and so it has the sensation of warmth, and the gall bladder is the part of the body that is formed by it.**

**A...Any child of Divine Being in states of joy and delight attracts the protection of the heavenly hosts in all that they do.**

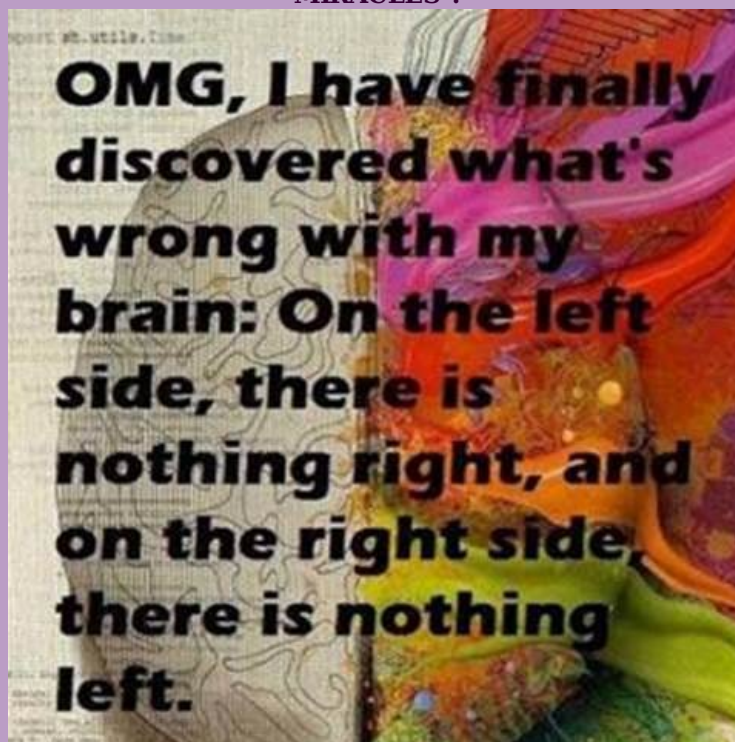

**On the physical plane, even the command of the beings of the air, control over storms, is all made possible by initiations into highest wisdom/.**

**Wisdom is a virtue of the Theta brainwave state of relaxation and ease. In this state, flashes of divine insights come naturally in any situation.**

**Umlaut A, ae...all imperfection is then released for transformation into another state that is the highest good of all concerned.**

## MIRACLES !

### Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity. Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4]. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
