## The Angels of Wood

Also known as

The Angels  
of

# Gesegos

Beloved,

*The plant kingdom is highly aware.*

*It responds to love, to thoughts and emotions from all life.*

*It desires to serve, to provide beauty, food and shelter for all life.*

*It is part of a divine and beautiful complex ecosystem out picturing  
Divine Ideas of Creation.*

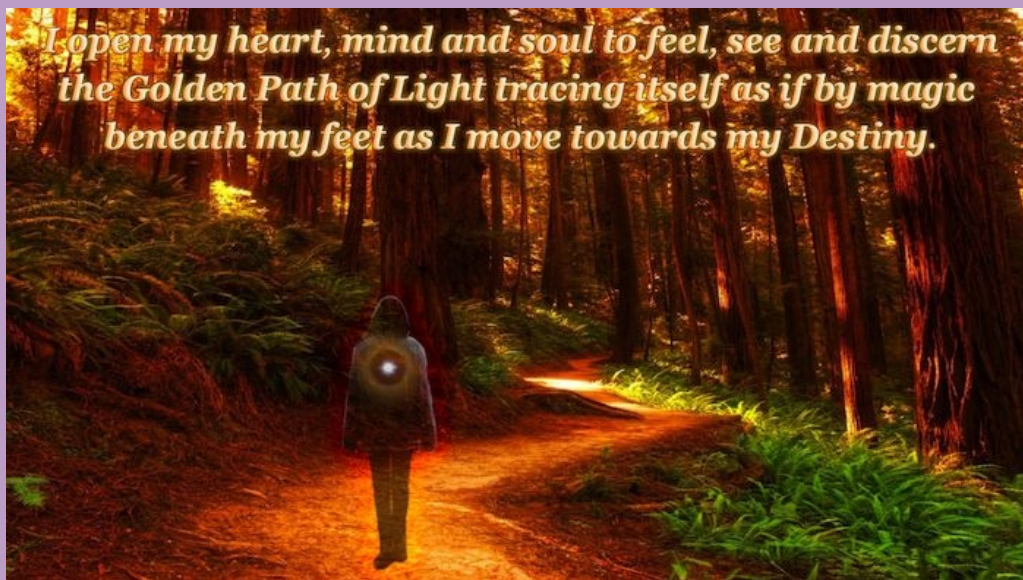

Wood and everything connected to it falls under our competence.

We are the guardians of all who are occupied with wood and its  
working.

In this time of heaven on earth, the use of wood is a  
sacred act  
that enhances the beauty and health of the natural  
environment  
and brings through blessings of love and creativity to  
all.

So that natural wood is used only in sacred ways and  
forests are protected,  
we are inspiring inventions that make safe wood-like  
materials for many uses  
from many sources, especially hemp.

Lumberjacks, carpenters, joiners, cabinet makers, turners, carvers,  
and people who in any way are working with wood or wood  
products  
are inspired and protected by us.

*I open my heart, mind and soul to feel, see and discern  
the Golden Path of Light tracing itself as if by magic  
beneath my feet as I move towards my Destiny.*

For example, some inventions make wood-like products out of the  
cellulose of sewage and waste by-products  
that are impervious to rot, to infestation, to fire, and to weakness.

These are non-toxic and good for the environment.

In the Orient, wood is considered one of the five elements and  
represents family.

Just as manure is fertilizer to a tree, and carbon dioxide is life  
giving to a tree,

so also on subtle levels a tree draws in neutral, confused, and even negative emotional energies and transforms them into positive life energies.

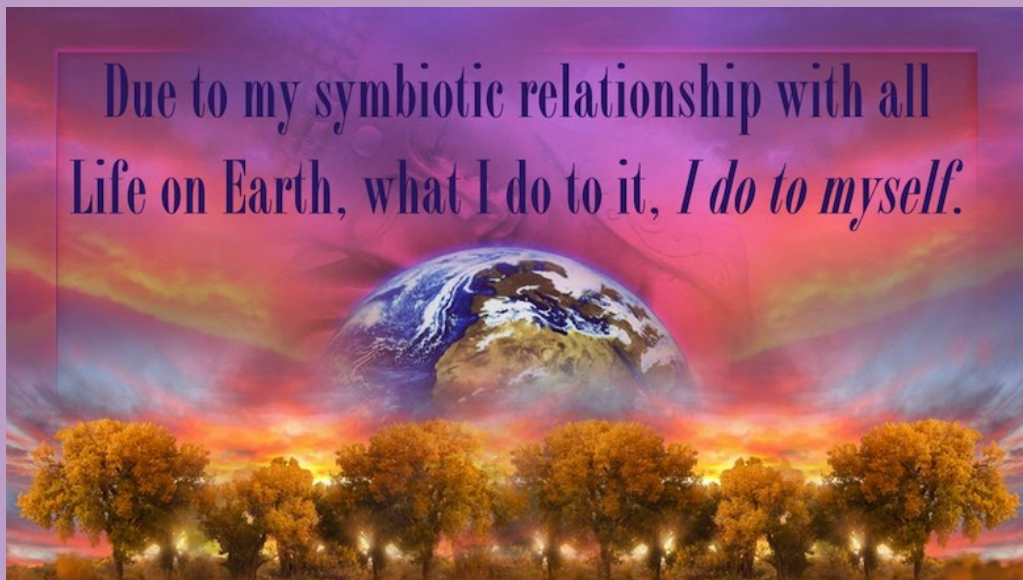

When a person meditates under a tree, the tree absorbs, filters, and purifies subtle energies and then broadcasts this life giving energy far and wide.

This is an ancient science, practiced by native societies.

Shamen of many centuries sat under a tree, leaning against the trunk, and processed states of physical, emotional, mental, and spiritual energies.

The following divine virtues manifest in trees.

**G-E-S-E-G-O-S**

*G Trees manifest the virtue of Grace and Mercy.*

*Trees are necessary to and bring true blessings to the environment and all sentient beings who live on Earth, and the wood they provide has blessed mankind and life from the very beginning.*

*In the mind, this virtue gives the experience of peacefulness, and the faculty of giving true divine blessing.*

*On an emotional level this virtue gives the feeling of happiness, of complete satisfaction.*

*Situations may be created by means of the elements and the will and feelings causing success and wealth in the world that is for the highest good of all concerned*

*The color of this virtue is a deep grass green. The musical note is F. The element is water, so it has the sensation of coolness that turns to iciness. Imagine it as a tiny sun in the abdominal region,*

*seen as an empty space. The left eye is formed by it.*

*E This letter is the sound of universal consciousness, which represents, as a divine idea and virtue, its omnipresence in everything that has ever been created.*

*Each species of tree manifests unique divine virtues.*

*Aboriginal teachings about trees show the unique contributions in consciousness and healing that each type of tree offers.*

*By meditating on this virtue of universal consciousness in everything, a child of God unites with the consciousness of the tree, and absorbs the unique healing virtues that make up the spiritual essence of that tree.*

*Meditating on this virtue unites your normal consciousness with the universal consciousness, with the cosmic consciousness, so that you can attain, in the akasha principle omnipresence yourself.*

*This is known in oriental wisdom as Nirvi-Kalpa-Samadhi.*

*The color of this virtue is deep violet, the musical note is D, the element is akasha, which has the sensation of God-penetrating-all, and the spine is formed from it.*

*S Trees manifest original divine will for grace, mercy, and justice with tremendous power.*

*They have an instinctive faculty of clairvoyance that come from this.*

*By standing next to a tree, and meditating on unity with it, a child of God can release negative emotional energy to the tree, which the tree then uses for growth.*

*As above, so below.*

*This is analogous to the tree using compost for food on the material plane.*

*The sound of this letter is initiation into all-penetrating power, all-power.*

*This all-power is quantitative in form in comparison to omnipotence, the letter K, which is qualitative in form.*

*With all-power, a child of God gets into contact with the most subtle substance of the divine spirit, i.e., with the original divine fire, or divine will, which works as a substantial power in everything that has been created by Divine Providence.*

*Oneness with all-power gives mastery over the fire principle of desire and will and brings about a state of clairvoyance in its purest form.*

*It is the will of Divine Providence for grace and mercy to permeate all of creation.*

*The color of this virtue is purple red, its musical note is G-sharp, it is the fire element of will and so it has the sensation of warmth, and the gall bladder is the part of the body that is formed by it.*

*E You attain the highest form of intuition in your mental world; you*

***transfer your consciousness so that there exists no sense of time and space.***

***Divinity in His highest form is able to speak through you.***

***The most profound mysteries of materialization and dematerialization  
become obvious to you  
as you master this, everything that is material  
may be transferred back into its refined and most subtle form and any  
idea can be intensified  
in such a way that it becomes physically visible.***

***G The blessings that come from trees represent all phases of riches and  
wealth,  
of food, shelter, shade, and habitat for all creatures.***

***In the physical world the virtue of Grace and Mercy  
represents all phases of riches and wealth, of happiness and  
satisfaction.***

***By this virtue Divine Providence has created abundance and, like the  
Creator,  
a child of God may also bring about, for him or her self or other people,  
abundance in everything, should that be desired.***

***Umlaut O, euby seeing plants and trees through the eyes of love  
divine, the reality, purity and perfection of their original purpose are  
revealed and enlivened.***

***O Trees flood the consciousness of earth with the divine virtue of  
justice, and the love of divine laws.***

***The sound of this virtue is the sound of the letter O.***

***The color that represents divine justice is ultramarine blue. The  
musical note is C. The element is earth, so it has the sensation of weight.  
The throat and windpipe is formed from this virtue.***

***The divine quality of justice brings about the feeling of absolute  
contentment and poise, satisfaction, security, infallibility and  
unimpeachability.***

***STrees connect clairvoyantly with the surrounding area,  
they purify it and broadcast the energy outward through the virtue of all-  
power.***

***Trees are the filters and the antennas of Earth.***

***Complete control over consciousness results from this.***

### Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence. Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies. The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

**The Law of One is the original law of Creation,  
and is the supreme Law over all laws in all dimensions.**

**THE LAW OF ONE**

**We are all one. When one is harmed, all are harmed.  
When one is helped, all are helped.**

**Therefore, in the name of who I AM, and I am one with all there is;  
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .  
I give thanks that this is done.**

**SO BE IT!**
