**The Angels
of
Love Miracles**

Also known as

The Angels
of

Afrei

Beloved,

We, the Angels of Afrei,
are exquisitely attuned to Divine Love,
and therefore,
when you are tangibly feeling Divine Love,
or want to feel Divine Love,
you automatically draw us to you.

"Love conquers all."

**Love flows from the heart,
which mediates between the spirit and soul,
between the electric and magnetic realities,
between the lower three chakras and the upper three.**

**The heart is the first organ to form in gestation,
and is literally a brain,
which organizes all else.**

**By loving first, instead of fearing, or analyzing,
a person brings harmony
even into the worst situation.**

We are the heavenly hosts of love miracles.

**We help those who ask to flow with tangible feelings in the body of
Divine Cosmic Love.**

**Even in the worst situations,
the magic of love seeks healing and harmony for all,
this intent opens doorways of quantum change,
as love facilitates amazing triumphs.**

**With flowing emotions of Divine Love,
only divinely loving situations move into physical expression.**

**We teach people to produce many wonders
in the mental, emotional, and physical worlds
by dynamization of divine qualities,
especially those that manifest Divine Love.**

We initiate masters of Love Miracles.

**As you know, the first letter of our name, soft A, represents all wisdom
and enlightenment.**

**This virtue unites individual intellect and intuition with the purity of all
original ideas in Divine Mind.**

**This virtue makes concepts clear,
including that all life is ONE LIFE,
and that what affects one affects the whole.**

**Wisdom reveals the role of love in Creation,
and inspires love concepts that restore harmony to any situation.**

**Umlaut A, ae, is then activated,
so that imperfections on every level are recognized easily and are
released
for transformations into other states
that are the highest good of all concerned.**

The dynamization of any divine quality is done through meditation.

**Enlivening a divine quality is experienced in a deep state of pure being
in which a person feels united with Divine Being and all Creation.**

**From this state of oneness with all,
a person accesses faith, visualization, clear thoughts, strong flowing
emotions and sensations
of a divine virtue to enliven it.**

The legality of harmony in all visible worlds is this very process.

**Aligning the four brainwave patterns that process the four activities
of intent, thought, feeling, and sensation
is the virtue of the second letter of our name.**

**The process of this alignment of manifesting a divine quality in being,
will, thought,
emotion and sensation, occurs first within the microcosm
of self and then, through additional intent and visualization, emotion
and sensation,
in the macrocosm of the outer universe through breath.**

This is the divine virtue of letter F.

**The understanding in the intellect, that all life is connected as a
web of energy that mutually sustains itself, awakens flowing emotions
of LOVE within the heart.**

**These flowing emotions of LOVE are the greatest POWER of magnetism,
attracting beautiful divine realities of Heaven on Earth.**

**Remember that the letter F, in ancient scripture,
represents the harmony and legality of all visible worlds.**

**Throughout the ages,
seekers of spiritual mastery have learned that the experience of pure
being
and unity with divine mind and all creation
creates will for only the highest good of all concerned,
it becomes in the mind clear wisdom and understanding,
in the emotions it manifests as flowing divine love,
and in the physical world as harmony.**

Harmony IS legality and legality IS harmony.

**This virtue then reveals how what happens in the four fold
consciousness
described above within the self in meditation,
creates causes so that it also happens in the outer world.**

Emotions are compressed information.

**The manifestation of changes in the outer world is determined by
resulting emotions of
what has been intended and thought.**

**Therefore, in situations where love miracles are needed to restore
harmony,
in any situations of stress, chaos or suffering,
call forth on every level in deep meditation the divine qualities of
flowing emotions of love,
and then through the as above so below divine law,
miracles of love dynamize and attract out of the quantum field
of infinite possibilities,
whatever is needed to restore harmony.**

**The divine virtue of the legality of harmony in all visible worlds
brings forth the ability to use being-visualization-will, thought,
emotions, and sensation
to create wonderful situations on all levels.**

**In the ancient wisdom, matter is described as existing in subtle and
dense states.**

**The least dense state of matter is the Akasha,
which is consciousness penetrating all.**

**This state of matter is sensed through the slowest delta brainwaves,
which is a state of Pure Being.**

This is the level of omnipresence, of consciousness penetrating all.

The next most subtle level of matter is fire, intent, or will.

**This state of matter is sensed through the Delta Brainwave state
also at the point where Delta becomes Theta brainwaves.**

This state of matter is activated through visualization and faith.

The next most subtle level is thought.

This comes through the Theta brainwave state of deep inner thought.

**At this level, clear mental thought forms promote understanding
of the original purity of all ideas in divine mind
the original divine blueprints,
of what is intended and desired by the will.**

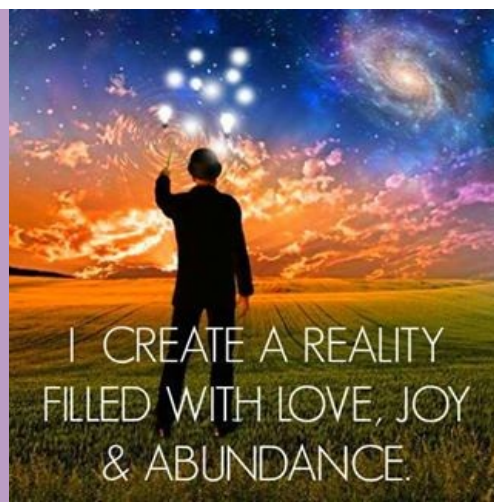

**These mental thought constructs, or blueprints, attract the proper
emotions
into them so that they become magnetic,
and this in turn attracts changes in physical form.**

Emotions attract matter in its fourth most dense state.

**Matter is attracted magnetically into form through the Alpha brainwave
state of emotions,
flowing, and the change process.**

Emotions attract third dimensional material manifestations to form.

**The densest state of all is third dimensional material forms
that are perceived in the beta brainwave state of memory, logic and the
five senses.**

The divine virtue of the legality of harmony in ALL visible worlds

**refers to harmony in all of these states of matter,
from the most subtle to the most dense,
within the consciousness and then in the outer world.**

**The next letter of our name is the letter R, which is the divine virtue of
free will,
of freedom and independence and following inner guidance.**

**By mastering this virtue, a Child of Light learns that
FREE WILL IS ATTUNEMENT TO INNER GUIDANCE FROM DIVINE
PROVIDENCE,
and is not following outside authority,
no matter how well meaning, unless inner guidance itself says to do so,**

Seek ye first the kingdom of God, and all else is added.

The kingdom of God is found within.

Listen to the still small voice within.

It is free will that connects the many to The One.

**It is free will in the form of inner guidance that informs the web of
energy of the Unified Field from Divine Mind.**

**Free will is flowing information that connects The
All-Pervading-One-Being to infinite expressions of Itself
as Children of Light and flowing Love.**

Divine Power and Consciousness are everywhere present.

This is the divine virtue of the next letter of our name, the letter E.

**By asking cellular memory to let you re-experience yourself as an infant,
the Delta brainwave state can be experienced consciously.**

**This is a state of pure being and unity with Divine Mind and all
Creation.**

This is the divine virtue of omnipresence.

**When a Child of Light and flowing Love masters this virtue, his or her
individual consciousness becomes
consciously united and one with Divine Mind and Divine Being within
and one with all Creation.**

**In this state of Supreme Consciousness, a Child of Light can transfer
any of the divine virtues to any part or any being in Creation.**

Stand on these rocks of Enlightenment and Truth.

Call forth the Divine Law of the legality of harmony in all visible worlds.

**Through the inherent authority of your sonship or daughtership with
Almighty Divine Being,
the harmony that is the legal right of ALL creation manifests!**

**Love and Mercy are key components of what makes this possible,
so call on us to inspire you with ecstatic divine flowing love.**

**We help magnify this love so greatly that the resulting powerful
magnetism attracts
whatever is needed into every level of being.**

**The act of flowing with Divine WILL AND EMOTIONS creates the light
that illumines darkness.**

The heart opens, flowing with LOVE so that divine harmony is restored.

The last letter I is the divine virtue of Cause and Effect.

**When a Child of Light masters the previous divine virtues
in Being-visualization- Will, Thought, Emotions, and Sensations, he or
she then uses this divine
virtue to awaken memory, remembrance and conscience**

to create specific causes and situations that bring harmony.

We inspire people to network with the heavenly hosts in ASKING for help in creating love miracles.

Holy scriptures repeat over and over, in every way imaginable, that the act of ASKING is prerequisite to divine intervention.

Ask and ye shall receive.

Knock and it shall be opened unto you.

As above, so below.

The act of asking the heavenly host is similar to asking someone in the physical world.

Connect with the heavenly host in meditation and clearly state what you are wanting to happen and ask for help that it be done.

It is a simple concept to grasp.

Use free will to ask for the perfect harmony of Divine Being that is omnipresent to manifest as a legal right of all in creation.

The divine virtue of omnipresence is in our name because the power to fulfill your request is everywhere present.

It does not come from /somewhere, it comes from everywhere.

**It is not for you to worry if Divine Being or the heavenly host hears your prayer,
your prayer is heard by the All-that-Is everywhere.**

We remind you that the letter I represents the Law of Cause and Effect.

We have explained this and now we will shed a little more light upon this subject.

Manifestation happens on four levels at once.

These levels are the levels of being-visualization-will, mind, emotions, and finally sensations of the physical world.

At the level of being or will, if you are blocked from asking for help, if for any reason you dont ask, the first level needs healing.

If, for example, you think that it wont work to ask, or you think you are unworthy,

**or you simply believe that it is wrong to intervene
in situations with personal will, the first level is blocked.**

**Because we are all connected,
harm done to self or others,
consciously or unconsciously,
affects the whole being of God.**

**Helping others, in ways that also helps the self,
blesses the whole being of God, the unified field.**

**Will is electric and is the omnipotent power aspect of Divine
Consciousness
that flows through each Child of Light.**

**Divine
Consciousness wills through you, as you are actually sons and
daughters of Divine Being,
Manifest Creators on the physical level.**

That is the purpose of following inner guidance.

**This is what spiritual Teachers have been trying to say from the prime
beginning:**

That each Child of Light is one with Divine Being.

**NOT using free will to create harmony in the world is a
misunderstanding of the Oneness of All Life
and the purpose of being in incarnation.**

**If your mind is confused and unclear about WHAT you are asking for,
the second level is blocked.**

That is why we are telling you that HARMONY IS LEGALITY.

**Asking for the highest good harmony of all concerned on all levels
brings about the highest good
and asking for the highest good brings about the highest harmony on
all levels.**

Do not WORRY about WHAT is the highest good.

**That part of your self which fills all of space and is one with Divine
Being already knows.**

This is omniscience, or the divine virtue of letter A.

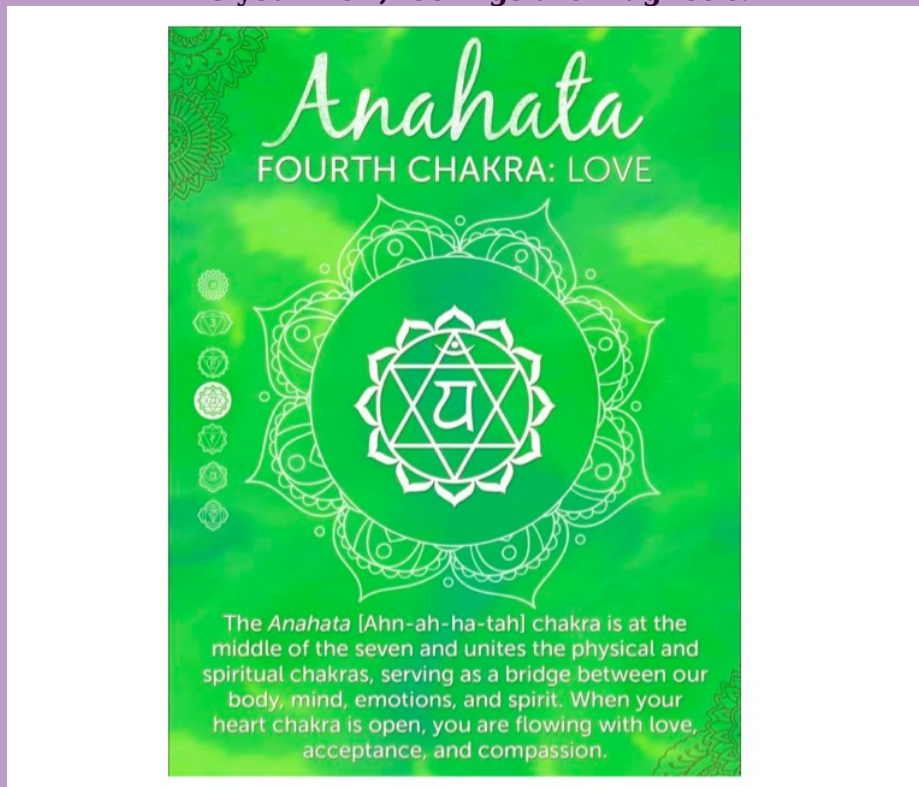

**By mastering the divine virtue of following inner guidance, you will
know in each situation
exactly what is needed from you in the moment.**

**By asking for harmony for your INDIVIDUAL SELF, the one that
experiences time and space,
your UNIFIED SELF will guide you to do exactly what needs to be done
in the web of life.**

**When you request help from the heavenly hosts, they also know in the
same way
what to do in any situation to restore the highest good of all concerned.**

**If you are feeling doubt and fear, the third level, which is the level of
emotions, should be healed.**

As you know, feelings are magnetic.

Like attracts like.

Doubt and fear attract situations that create more doubt and fear.

**Emotions change by flowing, so if this level is causing problems,
emotional healing and cleansing are important.**

**Denying, suppressing, or bypassing negative emotions makes them go
underground
into body tissue and the unconscious,
where they still attract negative situations.**

**It is only by feeling the negative emotions in a safe and non-destructive
way,
with deep empathy and unconditional love, in an atmosphere of
unconditional all encompassing love for the wounded child self within,
and gratitude for all the wisdom gained, that these emotions flow,
change and are healed.**

Emotions are compressed information.

**The information contained in painful and wounded emotions is
important.**

By allowing these emotions to flow, instead of seeking to fix them quickly and make them go away, important insights into the nature of reality, into the Laws of Karma and cause and effect are gained.

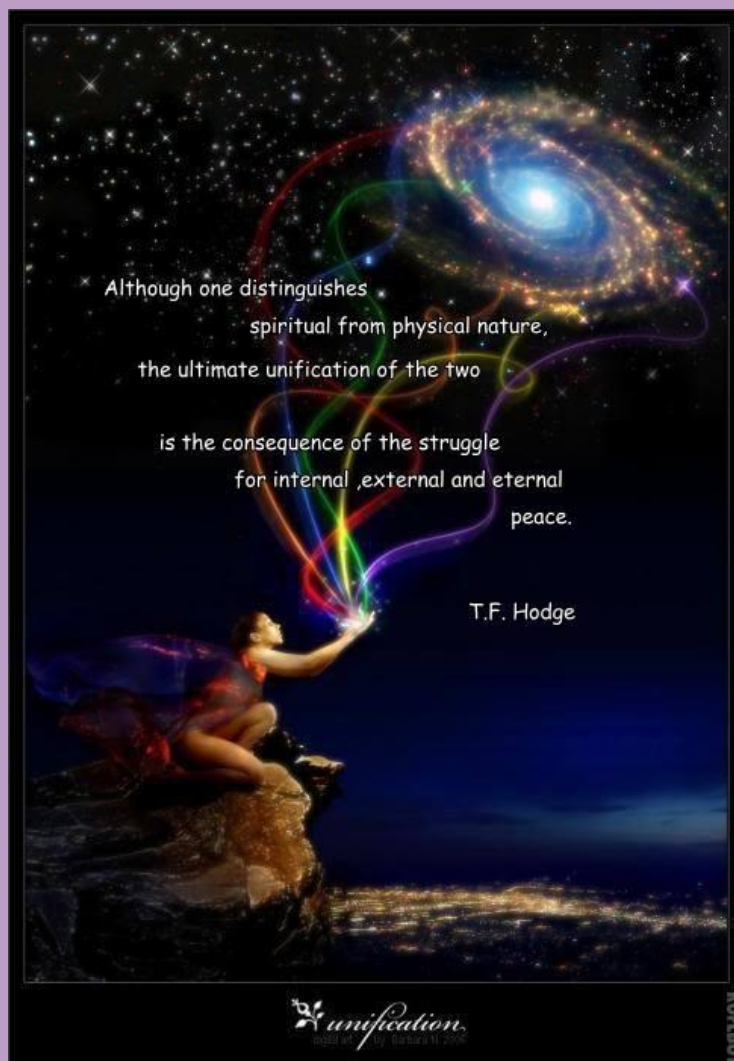

As the information contained in wounded emotions is recognized and understood, the emotions naturally change and become positive and life affirming once again.

*We, the Angels of Afrei, are exquisitely attuned to Divine Love ,
therefore, when you feel Divine Love,
or want to feel Divine Love, you automatically draw us to you.*

We help you when you ask us to fill you with emotions of Divine Love.

With emotions of Divine Love, only divinely loving situations are attracted into physical expression.

The fourth level, the level of material reality, cannot manifest in and of itself separate from being-visualization-will, thought, flowing emotions, and sensations.

This is why we are bringing you these messages.

We are helping you stand firm in the use of deep meditation and personal will, to understand clearly what you are asking for, and to fill yourself with flowing emotions and sensations of Divine Love.

In this way manifest miracles on the physical level as your spiritual teachers have told you that you would do, and must do, in these latter days.

The fourth level of material reality is understood and finally mastered by the divine virtue of Cause and Effect.

Mastering this virtue enables you to be-visualize will, think, feel, and sense SPECIFIC situations to manifest exactly what you want, making defined mental and emotional blueprints.

All that I do, ye shall do and more.

By understanding that harmony on every level is the Law of the Universe, it is easy to flow with Divine Cosmic Love for all so that harmony manifests easily.

By networking with the heavenly hosts and many other orders of angels, receive help to carry forth loving creations into manifestation.

Meditate carefully on the divine virtues associated with the letters of our name, and call on our help.

and USE the magnetism of DIVINE LOVE to attract mercy and grace to any situation.

A[soft A, as in ahhhh] Wisdom and Enlightenment brings the gifts of understanding, artistic talents, eloquence, and occult powers.

umlaut A, ae,then the divine virtue of transformation is accessed.**

This divine virtue gives control over destructive passion and over negative beings.

By mastering this virtue, a Child of Light learns to release imperfections on every level and gains freedom from clinging to old negative states of being, desires, beliefs, emotions, and possessions.

Through combining this virtue with the divine virtue of letter E, omnipresence, a Child of Light can transfer this control over negative passion and negative beings and freedom from clinging to limiting old values and possessions to others.

FThe understanding of the harmony and legality of all manifest worlds brings perfect understanding of analogy, and the as above, so below law.

RThe virtue of Freedom and Independence allows each person to follow inner guidance, and attune individually to Divine Providence, instead of following outside authorities.

EThe mastery of the virtue of Omnipresence is the ability to experience oneness with all life and to unite individual consciousness with Divine Consciousness.

This virtue gives the power to transfer consciousness to any other being.

IThe virtue of Cause and Effect awakens memory, remembrance and conscience to create heaven on earth for all beings.

It is our purpose to teach the power of Flowing Love to attract miracles.

Feelings are the attractive magnetic force of the universe.

The most powerful feelings are LOVE.
