Beloved,

**Everything in creation is sacred,  
important,  
interconnected  
and  
interdependent.**

**Animals process powerful emotions,  
and thereby generate strong magnetic fields.**

**Emotions determine which realities manifest  
out of the quantum field of infinite possibilities.**

**On all levels, basic rights of life, liberty,  
and the pursuit of happiness  
for all aspects of creation,  
are necessary for life to survive.**

Everything is connected in the biological web of life.  
When any part of the ecological system of earth is compromised, all is affected by it.

**When animals are happy and contented,  
and free to express their unique divine qualities in  
beautiful environments,  
they act as powerful emotional magnets that  
attract,  
out of infinite potential realities,  
happiness and satisfaction and security  
on earth for all.**

**It is for this reason that aboriginal peoples describe  
animals  
as protectors and teachers.**

***Each animal emits a unique frequency of happiness,  
which in turn attracts a unique quality of Heaven to  
Earth.***

*We control the health and duration of life of all animals on earth.*

*We control animal instincts.*

*We inspire mankind with curing methods and remedies against the various diseases of animals.*

*We guide and protect all zoologists, veterinarians, and tamers of animals.*

*Anyone who works with animals in any capacity are surrounded by us.*

**The Divine Creator lives within the creation, and has endowed all of creation with the right to life, liberty, and the pursuit of happiness.**

**Happiness is necessary for cohesion in creation, it works in a similar way to gravity.**

**For heaven to manifest on earth, animals, of necessity, must be recognized as having the right to happiness, life and liberty.**

**These rights of animals are protected by all of the Children of Light  
and the Heavenly Hosts.**

**Everything in creation is sacred, important,  
interconnected and interdependent.**

***All life is expression of The One Divine Being.***

**Divine Being is omnipresent, omnipotent, and omniscient.**

**Divine Life is flowing cosmic love.**

**Even the plant and mineral kingdoms have been given  
these inalienable rights by the Source of All That Is.**

**As the Children of Light penetrate the mysteries of life  
and consciousness,  
it is easy for them to understand why  
the rights to life, liberty, and the pursuit of happiness  
are necessary for the survival of  
ecosystems  
and why they are equally applicable  
to all sentient life,  
especially to animals  
because of their ability to create powerful attraction of pure,  
harmonious realities into physical expression.**

**On all levels, these rights of happiness, life, and liberty  
to express unique divine qualities  
are necessary for life to survive.**

**If any level of the food chain breaks down,  
life on Earth would be unsustainable.**

**It is an instinct of survival,  
in the human and animal kingdoms,  
on all levels of consciousness,  
and all of creation to be happy and to live in security.**

**The freedom to follow instincts and inner guidance for survival  
is divine consciousness itself  
expressing through everything in creation.**

**To attract happiness, safety, and love to earth for all, therefore, it is of the greatest importance that the animal kingdom emits happy and peaceful emotional states.**

**With other orders of heavenly hosts, we work to prevent cruelty and suffering in all parts of manifestation, whether through acts of weather, other animals or any other cause.**

**This is important because the magnetic emotions of all life, especially the strong emotional state of animals and people, attract which realities come into manifestation on the physical level.**

**Protecting and guiding animals' feeling natures to being of the greatest happiness, is one of the most important assignments for protecting all of creation.**

**Meditate on the happiness of all animals.**

**When you meditate and pray for the happiness of all animals, the heavenly hosts are allowed to bring forth even greater miracles to bring this into manifestation upon the Earth.**

**Ask to understand what animals actually are, and how their  
consciousness  
contributes to the quality of life for all beings.**

**Heaven on Earth depends on it.**

**When happiness, well-being and health for all sentient life is seen  
as the greatest priority, Heaven returns to Earth.**

**We ask you open your hearts and love the animal kingdom.**

**That is the original will of Divine Providence for each Child of Light  
on Earth.**

**Amongst other heavenly hosts, the angels of Nachero and the angels  
of Peekah,  
watch over animals from the minute of conception to the moment of  
death.**

**N...Anchoring the feelings of Supreme Happiness on earth is our  
priority.**

**A powerful way of doing this is through creating feelings  
of contentment and happiness in the animal kingdom.**

**The sound of N is the sound of the divine virtue of Supreme  
Happiness.**

**A...All life is evolving. Consciousness in the animal kingdom evolves  
into  
greater wisdom and enlightenment in an atmosphere of love,  
happiness, and security.**

**The letter A is the sound of the virtue of wisdom and  
enlightenment, and the purity of all original ideas.**

**Umlaut A, ae...Any imperfection in being, desire, thought, feeling,  
or  
form is released back to Divine Being for transformation into  
another state  
that is the highest good of all concerned.**

**This can be done in self or others, or with any situation.**

**Ch...In the emotional climate of contentment and happiness,  
animals  
emit with clarity and perfect purity the qualities of Divine  
Consciousness that express through them.**

**In the ancient language, the sound of Ch is different from C or H  
alone and is treated as a separate letter.**

**This letter has the sound of the virtue of clarity and perfect purity.**

**E...Divine Life and Consciousness is present throughout all infinity.**

**Within each animal this consciousness is expressing unique  
aspects.**

**By meditating on this virtue, unity of consciousness with all life is  
possible.**

**R...The sound of this letter is the virtue of Freedom and Independence.**

**Each lifeform has a direct connection with indwelling Divine Life.**

**Animals have a right to attune to their own inner guidance, in the pursuit of happiness and security.**

**When the children of light follow inner guidance in relating to animals,  
miracles of love expand exponentially for all.**

**Animals learn from humans, and the greatest lesson of all is "love conquers all".**

**Umlaut O, eu...By seeing all through the eyes of flowing divine love, the original indwelling divine perfection is perceived in the sacred space of the heart and enlivened, creating transmutation of self, others, or situations into perfection.**

**O...This letter has the sound of the divine virtue of Justice. Justice is harmony and harmony is Justice.**

**When all life lives in harmony, then success and satisfaction is certain for manifesting Heaven on Earth.**

**MIRACLES**

#### **Footnotes**

**The names and meaning of angel groups come from Quaballah,  
which is a very ancient set of teachings which together form  
a common precursor, or root, of three of the world's religions:**

**Judaism, Islam, and Christianity.**

**Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the  
earth,**

**and the angels who work with him or her.  
The being and the angels share the same name.**

**This name is a key to their powers and influence.**

**Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of  
Franz Bardon.**

**Information of the heavenly hosts of the zone girdling the earth
