The Angels of Birth

Also known as

The Angels
of

Arioth

Beloved,

*Beautiful and ecstatic birth sets a foundation
of safety, love, and contentment in cellular memory.*

*Throughout life, even from conception,
each cell imprints emotions, both positive and negative.*

*Emotions come into being from thoughts, which come into
being from desires.*

*As the children of light desire love and rapture,
corresponding thoughts
and desires,
are awakened.*

*"Keep your eye single, and your body shall be filled
with light."*

*We help parents focus on their desire for perfect children,
and inspire them with divine thoughts of beauty and
wonder.*

*Corresponding tangible feelings create amazing changes
in the chemical composition of their blood.*

*Within one minute of having a thought
over a hundred thousand chemical changes occur in the
body.*

The Bear Essentials Code

Be who you are and know yourself.

Pretenders are not real.

Say what you mean and don't hold back.

Express the way you feel.

When you know yourself you can't be lost

And your life will take you far.

The key is being TRUE TO YOU

And remembering who you are.

Respect all life, it's here for you

And trust your heart to guide.

Know love surrounds you every day.

It never leaves your side.

Be still and quiet, you're not alone

And in your stillness hear

The whispers of a wise, sweet voice

Who cares for you, my dear.

Please, laugh and sing out every day.

Your joy expressed in sound

Can fill the hearts of those you love.

They're blessed when you're around.

Remember, every word and thought

Creates the world you'll see.

And say 'I Love You' every day....

And say it joyfully!

Remember, you are special child

And have a precious gift,

And when you bring your gift to serve

The hearts you touch will lift.

There's no one else like you, my child,

You are stardust made from love.

Appreciate the life you have

And thank your stars above.

I promise you can change the world.

Allow your feelings to be felt.

And trust the wisdom of your heart

To let you be yourself.

One final message for your heart,

Its power will ring true:

I believe in you with all my heart

Now, YOU believe in YOU!

***We inspire painless and ecstatic births
as Children of Light move into Heaven on Earth,
which is the will of Divine Providence for joy and happiness throughout
creation.***

***The birth experience colors the infants and Mothers
attitude for the rest of life.***

We are the guardian angels of all women on earth who are delivering babies.

**Having always taken into consideration states of development and maturity,
we have inspired mankind with various methods of midwifery,
starting from the most primitive deliveries up to the most modern
methods of gynecology.**

We are the protectors of all gynecologists and midwives.

**Eggs and sperms are profoundly influenced by the states of
being, desires, visualizations, thoughts, emotions and sensations of the
mother and father,
and whatever states of emotional consciousness that mother and father
experience at
the point of conception
becomes the first vibrational emotional blueprint within the
impregnated egg, the first cell.**

**As you know, emotions are magnetic and attract new realities into
manifestation.**

This first cell divides over and over, billions and trillions of times.

**Every division carries the original emotional imprint of the mothers and
the fathers consciousness
at the time of conception.**

At the end of the first trimester, the physical body is mostly complete.

**During the second trimester in the womb, a spiritual connection is
made with the higher self,
unity with divine being is established.**

During the third trimester the personality is developed.

**For this reason, enlightenment and transformation,
clear inner guidance,
mastery of cause and effect,
the ability to see through the eyes of love,
harmony and high inspiration on all
levels of awareness
are necessary
within the parents for their progeny to experience the rapture and peace
of divine conception,
prenatal development and birth.**

We, along with others, are the heavenly host that inspire these states.

**We also inspire ways to later heal emotional states of both parents and progeny
in the case of emotional wounding or trauma.**

**This can be done later in life by the child in meditation,
asking their cells to make them aware of cellular emotional memories
of mother and father at conception,
and reliving and healing these through meditation,
discovering sacred visualization and emotions,
that release all that is imperfect for transformation,
transmuting
through love divine,
these early emotions and states of consciousness.**

**Remember that the subconscious mind does not distinguish
between real or imagined happenings.
By later imagining an emotionally perfect conception, gestation, and
birth,
a child of light can rewire previous emotional cellular programming in
the subconscious.**

**In meditation, as previous memories and emotions flow in states of
empathy and acceptance,
staying in a state of gratitude for all the wisdom gained through this
experience,
wounded emotions heal and change,
causing powerful healing insights to emerge from the super and
subconscious minds,
so that a permanent healing occurs that
rewrites the cellular imprints.**

**Our emotional body is continuously
bombarded.
Why? Because it's the brick and mortar of
our reality creation process. You can
strengthen your emotional body simply
by saying "I see you and welcome you in
my field" to whatever emotion comes up
for you on a moment to moment basis.
Then give yourself a gentle reminder that
your core essence energy is **joylightlove**.
Inelia Benz**

**In addition to the emotional environment,
everything else about the pre- and peri-natal development of an infant
affects it and the mother and father for better or for worse.**

**The circumstances of birth itself, over which we preside,
should be beautiful for the infant and Mother
on every level, physically, emotionally, mentally and spiritually.**

**We help them experience emotions of harmony which bring about
success,
enlightenment, and high inspiration.**

This fulfills the paradigm of The Highest Good of All Concerned The Law of One.

For I have not given you the spirit of fear, but of joy, and life everlasting.

Awareness on earth is moving into divine wisdom and harmlessness, which is the divine virtue of the first letter of our name Arioth.

Imperfections are being brought to light and released back to Divine Being for transformations into states that are the highest good of all concerned.

**Evolution has reached a point where individual will
is aligning with Divine Will through heightened inner guidance.**

Inner guidance, or freedom and independence, is the divine virtue of R.

**Instead of listening to outside authorities, each person is learning
that true guidance and wisdom comes from within,
from inner connection with Divine Mind accessed through inner
guidance.**

**As inner guidance is mastered, true wisdom and enlightenment
express according to the laws of Cause and Effect.**

**The creating of beautiful causes brings harvests of beautiful effects
on every level of manifestation.**

The law of Cause and Effect is the letter I.

**By seeing through the eyes of Love Divine,
indwelling Divine blueprints of perfection are recognized and enlivened.**

This is umlaut O, eu.

Then harmony and justice bring success and satisfaction for all life.

This is the divine virtue of letter O.

**High inspirations concerning all matters are available
so that through The Power of the Word
the Children of Light unite Heaven and Earth.**

**High inspiration and The Power of the Word are the divine virtues of the
last two letters of our name.**

Call on the Angels of Arioth when a child is desired.

**We help, and when birth time draws near
we enliven divine virtues that bring about the highest good of all.**

**There are various orders of angels who preside over and guard each
phase of growth
from before conception through maturing of life on Earth.**

**Divine Providence has ordained at this time that birth into this world
ever more reflects Heaven on Earth.**

**Birth is easy, joyful, sacred, illuminating, and peaceful for infant and
Mother,
and all concerned.**

A-R-I-O-T-H

AThe divine virtue of WISDOM AND ENLIGHTENMENT governs birth.

**The process of birth is one of the greatest initiations
on the path of wisdom and enlightenment for all involved.**

**As all involved meditate on this virtue, with its light blue
color, the musical note of G, and the feeling of ease and relaxation,
the sensation of ease takes over the entire process and especially the**

body of Mother and Child, causing complete relaxation and lack of stress.

Lack of stress in the fetal development and birthing process is brought about by attunement to the original purity of all ideas in divine mind which awakens the ability to recognize anything on any level that is imperfect so that it can be released for transformation into a higher state.

Wisdom is the virtue that created the lungs, and the mastery of this virtue allows the Mother to relax and breathe in such a way that development and birth is easy.

Remember that this virtue brings through the awareness of the original purity of all ideas in Divine Mind and affects the spiritual development of the Mother and the Child as it grows in the womb.

Umlaut A, aeall imperfections, on every level, in self or other or in situations, are released back to Divine Being for transformation into another state that is the highest good of all concerned.

This is the virtue that creates and sustains the anus.

RThe virtue of FREEDOM AND INDEPENDENCE is the virtue of following the still inner voice of divine guidance.

When Mother, Father and midwife, and all concerned, follow inner guidance, difficulties are removed through ingeniousness and the will of Divine Providence for joy and heaven on earth.

As the Mother and others meditate on the glorious golden light of this divine virtue, with its feeling of weight and its musical note of C, clear inner guidance guides everyone to will, and think and flow with appropriate divine emotions to do exactly what needs to be done in each moment.

This is the virtue that creates and sustains the left side of the nose.

IThe virtue of CAUSE AND EFFECT must be mastered so that each person involved consciously creates in a whole brain manner the glorious unfolding of events.

[Wholebrain: will in a Delta state of pure being and visualization, thought in a Theta state of deep inner thought, flowing emotions in an Alpha state of attraction, change, and psychic sensitivity, and finally sensations in a Beta state of logic, memory, and the five senses.]

As the Mother and Father and others meditate on this virtue with its light opal color, its feeling of weight and its musical note of G, the law of cause and effect becomes clear and every detail is created to bring about the highest good of all concerned.

Mastering this virtue also enables the control of breathing. The control of breath during birth allows the birth to be painless.

The birth experience shapes the psyche of both Mother and Child for years to come, and when the birth process is controlled through mastery of the divine virtues,

great illumination, love and wisdom is gained by all.

This is the virtue that creates and sustains the left kidney.

Umlaut O, euCognition that is brought about by flowing emotions of the most Divine Cosmic Love to open awareness to the indwelling perfection of each person and element involved.

This awareness enlivens this perfection and brings about transmutation.

This is the virtue that creates and sustains the ovaries and testicles.

OThe virtue of DIVINE JUSTICE is the virtue of harmony.

As each person meditates on the beautiful ultramarine blue color, the musical note of

C, emotions of harmony, and the sensation of weight, great control over the will, mind, emotions, and sensations are gained.

By meditating on and becoming one with this virtue, complete harmony in every detail is achieved through the understanding and love of Divine Laws so that success and happiness is certain for all.

This is the virtue that creates and sustains the throat and windpipe area of the body.

TThe divine virtue of HIGH INSPIRATION guarantees the perfect state of awareness in mother, infant, midwife, husband, or any other person involved.

As each person meditates on the warmth and brown black color of this virtue, with its musical note of B, this virtue imparts ingeniousness, so that any difficulty is overcome.

This is the virtue that creates and sustains the right kidney.

HThe virtue of THE POWER OF THE WORD is of great importance.

It is through this virtue that Mother and midwife, Father and anyone else creates through whole brain concentration the perfect outcomes from conception all the way through birth and beyond.

This perfect outcome is not only the short term of the birthing process itself, but also the outcome of the life of the child and the family throughout time.

It is with the power of the word that everyone and especially the child is BLESSED and the life path of the child is imprinted with words of power to align the child with DIVINE VIRTUES and the highest good of all concerned.

**As each person meditates on the beautiful silvery violet light of this
virtue, with its musical note of A and its sensation of warmth,
the understanding comes of how to pronounce each divine virtue
in meditation in visualization and sound, silently or out loud,
as a letter,
corresponding to a divine desire,
thought, flowing emotions, and sensations to create heaven on earth.**

This virtue created and sustains the right arm.

This information on healing a trauma permanently in one session, with no recurring flashbacks or nightmares, has been carefully researched over many years in clinical settings by licensed psychologists when treating veterans with PTSD.

It was formulated as an amalgam from many successful therapeutic models at the PTSD clinic at the VA Medical Center in Tuskegee Alabama in the '90's by Dr. Paul Michael Schlosser, PhD.

The two free one hour and approx. 20 minute DVDs, done in 3D, that explain how to use the trauma healing form are important.

You may download or view these, including the emotional trauma healing form, at www.spiritussanctus.com .

[There are also other free emotional healing handouts here you can download and print to help you understand emotional trauma healing.]

The trauma healing form is to be used to facilitate healing a current or past emotional trauma permanently in one session.

It contains 23 steps that a traumatized person is led through by a facilitator in approximately one to three hours to permanently heal a traumatic incident with no recurring flashbacks or nightmares.

The trauma clearing form itself and the dvd's explain each step of this form. Please feel free to download, copy and share this information.
