Beloved,

N-I-M-A-L-O-N

Through Omnipotent intent, visualization, flowing emotions, and sensations of divine happiness and other virtues of our name, other dimensions and beings become wonderfully accessible.

N...We are attuned to supreme happiness and confer insight into the state of realization of any spirit or unseen being.

L...We reawaken any memory or ancient conscientiousness and sensitize you to the presence of unseen beings.

M...As masters of emotions, sensations, and vitality, we sensitize you to subtle emotionality.

A and umlaut A, ae...We bring to bear the perceptiveness and wisdom of the enlightened mind to clairvoyantly attune to and understand and articulate unseen beings.

We confer the wisdom of the language of symbols, the ancient language and the gifts and faculties of intellectual translation of ideas.

We help with the release of any imperfections on any level for changes into other states that are the highest good of all.

Control over negative beings is gained in this way.

L...We confer discernment as to what is true morality and spiritualization of emotions, and synchronization with divine qualities.

umlaut O, oe, and O...We teach transmutation into perfection, with true cognition made possible by love divine.

*We help mentor masters of metaphysics.
We evoke successful, happy outcomes.*

N...We teach healing power of cohesion.

Cohesion is the power over "gait and movement of all beings, men and animals".

Cohesion is created by emotional rhythms of flowing divine happiness.

By understanding these emotional rhythms, you understand the laws of attraction.

Through this virtue, solutions to any problem are seen and the level of maturity of other beings are known.

Divine Happiness can be conferred onto others according to inner guidance.

Often communications from non-physical intelligences are cognized through emotions and symbols.

These emotions and symbols are then translated in meditation into ideas and then into words.

Therefore, when communicating with invisible beings of other realms and spheres, a child of light and love requires the ability to translate in intellectual terms information received.

We teach and inspire this ability.

"Ask and ye shall receive."

In all circumstances, personal or collective,

we inspire the children of divine being, in this and all other realms, to understand and use The Law of One,

which is the original law of Creation,

and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

*When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM,
and I am one with all there is;
I ask that THE HIGHEST GOOD OF ALL concerned happen.
I give thanks that this is done.*

SO BE IT!

So it is.

Beloved,

When emotions run at full power, magnetic attraction peaks.

Remember,

magnetic attraction, caused by strong feelings, attracts changes in matter.

That is why tangible feelings of divine happiness are so important.

It is also why we help the children of divine being remember, intuitively, all that has been so carefully learned throughout lifetimes, in the infinities of time, that the soul has experienced in beingness.

These lessons, or experiences,

help a person to see through eyes of love, and in this way bring about justice and harmony for all.

We help each person experience oneness with all life, so that only the highest good of all concerned is desired.

Emotions attract particular realities out of infinite potentialities, that correspond to their frequencies, and manifest thereby specific physical worlds.

During the time of a full moon, emotions are at their most powerful, so manifesting changes on the physical plane is easier at this time.

This is why it is so important to attune emotions to the highest frequency possible, by healing negative ones and aligning with highest will and thoughts with their corresponding feelings.

Polarity is a fact of creation on all levels and emotions have polarity.

By mastering polarity in the emotions, all things are possible, including levitation of self, others, and objects.

The key is mastery of whole brain concentration on the four levels of being, simultaneously, while feeling powerful emotions.

The level of Delta brainwaves allows a person to feel oneness with the unified field of energy, oneness with Divine Consciousness and with all life.

At the end of the spectrum of Delta brainwaves, INTENT or WILL is generated for manifesting a divine virtue for the benefit of

the unified field.

This is the level of electrical energy.

The stronger the WILL, the larger will be the mold that is created on the next level, which is thought.

At the level of Theta brainwaves, a person contemplates the MEANING of a divine virtue that is being generated.

Clear and precise intellectual understanding of the divine virtue creates a blueprint,

or mold that will be filled on the next level with magnetic feeling energy.

The next level, Alpha brainwaves, is the level of EMOTION.

Strength of EMOTION determines the strength of the magnetic power generated to fill the mold that was created on the previous level.

When the mold, or blueprint is filled, it manifests on the next level, which is the level of form or matter.

The level of form is comprehended by Beta brainwaves, which register the five senses, memory, language and linear thought.

It is on this level that changes in form are experienced by the five senses and subject to memory,

when they can be remembered at any future time.

During a full moon, a person can align his/her strongest emotions with the most powerful emotional energy of the Unified Field with great ease,

and piggyback personal feeling energy with Divine Feeling Energy.

In this way, the most amazing manifestations in magnetic and physical creation are mastered.

Ideally, in the previous two weeks, divine intention/will, concept/thought, feeling/passion and sensations of desired changes in physical manifestation have been pondered and created.

Now, by feeling these creations with the greatest passion, is the time of ultimate manifestation.

Meditate on the divine virtues associated with the letters of our name, and call on our help, to gain the following:

E-Z-H-O-B-A-R

E...We infuse cosmic consciousness and awaken talents and abilities, especially clairvoyance,

and help you understand symbols and the ancient language of Quaballah.

Z...We impart an excellent gift for prophecy, and the ability to see the working of magic in the physical world.

H...We teach all languages of all spheres, and confer power to raise the dead,

and perform miracles using the power of the word according to the meditations of the ancient language.

O...We help you attain acute power of judgment, especially regarding justice and fate.

B...We initiate masters over life and death and the power to change fate.

We also gift magic powers and teach the need for the existence of polarity.

A...We aid development of artistic talents, eloquence, and magic powers like levitation and learning the language of symbols.

R...We cause mind expansion in order to learn new information quickly and easily.

We impart ingenuity that manifests itself in a number of abilities.'

"As above, so below."

The cycles of the moon are the natural cycles and rhythms of the sea of magnetic energy, the sea of the emotions of the universe.

By consciously aligning personal emotions with moon cycles, a state of almost indescribable bliss and well being can be maintained on an

on-going basis.

Periods of quietness at the dark of the moon gives birth to new feelings which grow gracefully into periods of intense excitement and completion at the full of the moon.

The period of passionate completion of the full moon then gradually relaxes into satisfaction and serenity at the end of the cycle, at the dark of the moon, again.

The 28 day cycle of the moon, the dark of the moon waxing to the full moon and the waning back again to the dark of the moon, carefully guides the emotional sea of magnetic energy for all creation, according to impeccable rhythms of harmony and life.

Here is a useful exercise to help master polarity of emotion:

Choose a polarity such as excitement/relaxation.

Close your eyes and feel excitement.

Concentrate fully until your entire being is infused with the feeling of excitement!

Next feel relaxation.

Concentrate fully until your entire being is peaceful and floating, filled with feelings of relaxation.

Now feel excitement again!

Feel it fully, taking your time to work up to full awareness of its power!

Now feel relaxation again, feel it until you merge fully into peaceful, calm, quiet, being.

Now remain in a state of relaxation WHILE AT THE SAME TIME FEELING EXCITEMENT!

Feel these two feelings AT THE SAME TIME!

This exercise enhances wholebrain awareness.

It becomes effortless with practice.

**This is useful to master any polarity such as acceptance/rejection,
joy/sadness, confidence/fear, etc.**

On the 14th day of every 28-Day Moon Cycle,

we flood the earth with powerful feelings to manifest miracles.
