The Angels of Physiognomy

Also known as

The Angels of

Ornion

Beloved,

*We inspire how to know the character
and condition of people
by their appearance.*

*All of the people who work in the arts of reading from a persons body
fall under our guidance and protection.*

Among these are the art of reading from a persons face
[physiognomy],
the art of reading from a persons forehead,
the art of hand reading [chiromancy],
of diagnosing from fingers and fingernails,
from the eyes, and so on.

All of the necessary scientific facts
by which you can tell the character, health,
and personal peculiarities
of an individual by his appearance
fall under our range of instruction.

Beyond this, we can instruct you in mystical discrimination

to be gained by a persons appearance.

"In the end times, nothing shall be hidden."

The physical body temple is primarily made up of water.

Like the earth itself, a human body is approximately 80 percent water.

**On a higher frequency of solidification,
water corresponds to flowing emotions
and therefore the change process.**

**Thoughts cause emotions.
Emotions cause change.**

**Within one minute of having a thought
over a hundred thousand chemical reactions occur in the body.**

Each chemical reaction causes a flash of light.

**Emotions are magnetic,
and are the divine feminine expression of life
that attract changes in physical manifestations
which are seen, touched, tasted, heard, and smelled.**

**Flowing emotions attract into form changes
in the physical body
and changes in the outer world.**

Positive emotions attract beauty, grace, health, youth, and vitality etc..

Negative emotions attract illness, stress, and aging etc.

**Therefore, a physical body temple accurately reflects the nature of
emotional maturity.**

**Beautiful spiritually mature emotions manifest as beauty in the physical
body.**

**Now,
in the time of Heaven on Earth,
people learn to flow with
and transmute
any emotions
in atmospheres of validation and unconditional all encompassing love.**

**Negative emotions are just trying to help,
they are reporting, in feelings, that something is imperfect
and needs to be healed.**

**By validating painful emotions
[instead of fighting them, or acting them out destructively],
and giving them gratitude for revealing what must be healed,
and letting them flow in this energy of validation and gratitude,
they heal naturally,
and transform into whatever love directs
for the highest good of all.**

Emotions heal this way and become more beautiful.

"The last enemy to be overcome is death."

"For I have not given you the spirit of fear, but of joy, and life everlasting."

**With validation and gratitude, negative emotions flow in safe and non-destructive ways
and heal and become positive once again.**

**Positive emotions, when validated and thanked,
flow and become even more positive,
attracting ever more perfect divine beauty into form, Heaven on Earth.**

**As negative emotions are felt through to resolution through divine
empathy in safe and non-destructive ways,
healing insights into the nature of previous emotionally wounding
events arise spontaneously
from the subconscious,
allowing not only the emotions themselves to heal,
but also negative beliefs about reality to heal.**

Emotions are compressed information.

**All emotions have a profound effects
on the appearance and health of the body.**

**As negative emotions heal,
the appearance of the body changes.**

"For I have not given you the spirit of fear, but of joy, and life everlasting."

"The last enemy to be overcome is death."

When feelings are happy, then life is worth living, and the body desires

to live.

By harvesting and giving thanks for wisdom gained
from the experience of having negative feelings,
they change to positive.

That is why it was taught that
"All things work for good to those who believe."

Everything happened for a reason.

"Give thanks for all things, for that is my will concerning you."

By giving thanks for negative feelings, and the conditions that created
them,
automatically the change process occurs.

By healing wounded painful feelings with gratitude and validation,
instead of resisting, denying, or acting them out destructively,
a person automatically shines light into the magnetic flows of the earth,
transmuting similar emotional negative feelings for all concerned.

It is like making a path in a dense jungle of emotions:
an information highway of change occurs,
and becomes a mighty river of change.

*"One good man can save a city of ten thousand,
and ten can save the world."*

Buckminster Fuller did the actual math,
and found that less than six people can change the course of history
by healing frequencies of emotional energy.

There is a reason the soul agrees to experience negative conditions,
because negative emotions contain lessons
and important information
about cause and effect.

By flowing with them in a state of empathy,
much wisdom is gained.

Reaping deep wisdom about natural laws
and what happens when they are transgressed
is a deeply personal and real experience.

Personal wisdom is one reason the higher self allows emotionally
traumatic situations:
for the purpose of learning empathy for others,
by experiencing what suffering feels like.

When you have a negative emotion,
let it flow and ask it what it has to teach you,
ask it what wisdom it contains.

If you are using emotional healing techniques that quickly make the
negative emotions go away,
there is danger that deep wisdom
contained within these negative emotions
may not be consciously absorbed.

To attract youth, vitality, beauty and immortality
the body must be filled

with positive flowing emotions of divine virtues.

Unfelt painful feelings are stored in the subconscious mind as tension in the body.

**This stress not only leads to disease and signs of aging,
but it keeps attracting more experiences of like frequency.**

**It is worth the time to go within and allow time to be with painful
emotions long enough,
to let them flow,
to reap transforming and positive insights about truth and life,
to harvest the well earned deep wisdom they contain.**

Emotions change by flowing.

**For example, if a person feels guilt,
and is able to remember and trace it back to a childhood trauma;
then in reliving the feelings of the memory,
the feelings themselves heal and become positive and insights
arise concerning the stress and unhappiness
of an offending parent or person that seemingly caused the trauma.**

**The Child of Light realizes that the negative judgements and actions of
this abusive person
were results of his or her own earlier emotional traumas.**

**Destructive behaviors and beliefs are passed down from one generation
to the next.**

The sins of the fathers are passed down, even unto seven generations.

Insights such as this help transform beliefs of self unworthiness into

compassion and forgiveness for the emotionally wounded parent or authority figure.

Remember that emotions of mother and father during conception are imprinted in the fertilized egg.

As this cell divides trillions of times, each new cell receives this original imprint.

By going back, in meditation in the heart, and reliving emotions of both parents at conception, and asking for and visualizing healing for all concerned, including all the ancestors in the ancestral line, the imprints on all cells will be healed.

Emotional traumas from pre and perenatal traumas, from birth traumas, and later traumas will be healed in the same way.

All emotions have a profound effects on the appearance and health of the body.

Remember that negative emotions cannot be healed by denying them, bypassing them, resisting them, suppressing them or medicating them away.

Using bypass techniques to dissociate from negative emotions causes negative emotions to become unconscious and they store themselves in body tissue where they attract internal changes such as weakness, pain, tension, curvature of bones and disease, and external changes such as lines, swellings, discolorations, marks, etc.

Acting negative emotions out destructively attracts additional negative situations into form as well.

By healing negative emotions as they come up by feeling and flowing with them in safe and non-destructive ways, they do not store themselves in body tissue to cause sickness and aging.

**By healing them and flowing with the positive emotions of the divine virtues,
the Children of God fulfill the prophecy:**

The last enemy to be overcome is death.

**To attract youth, vitality, beauty and immortality the body must be filled
with positive flowing emotions of divine virtues.**

**Flowing positive emotions attract internal vitality and strength,
and external youth, beauty, grace etc.**

A smooth forehead is an indication of a peaceful spirit.

***A straight back is an indication of an upright and strong
personality.***

**In the time of Heaven on Earth,
each Child of Light flows creatively with emotions and expresses
emotions of divine virtues.**

**In this way youth, vitality, beauty and grace are manifested in the
physical body.**

**It is possible that all people regain the ability to know the character
and condition
of people by their appearance.**

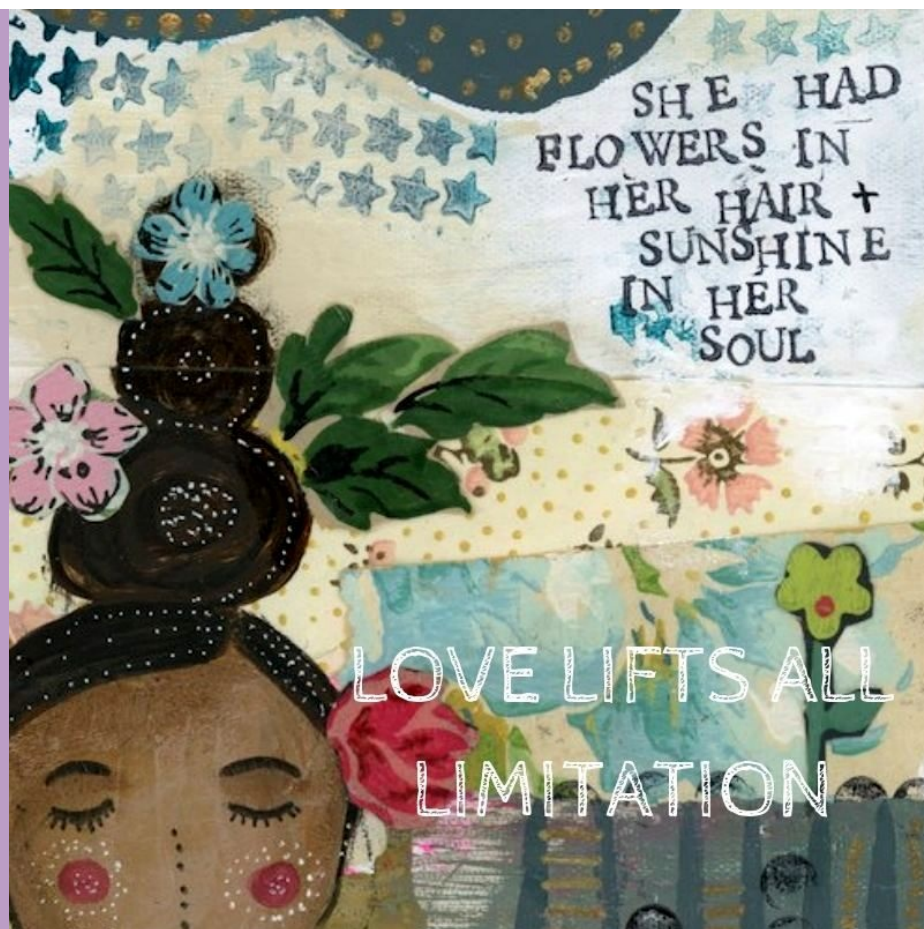

**This is part of the fulfillment of the prophecies that in the latter days
all men shall be known
and that
*nothing shall be hidden.***

The time is nigh that all is known.

We ask that you call on us for discrimination in relationships.

**With our help it is easy to look into the face of a child
and see whatever physical, emotional, or mental stress
is there to be understood and soothed.**

**It is also easy to see genius, kindness, and other divine
qualities.**

**Likewise, when looking into the eyes of a neighbor, or an acquaintance,
the state of their being is known to you,
and you will know how to proceed in a way that will bring the greatest
harmony and blessing.**

**When making decisions as to who to trust, or who and how to help,
information is available to you intuitively at the very least,
and should you desire, you can learn scientifically and logically as well.**

**This is a very important skill, and is one of the gifts of the spirit,
the spirit of discrimination, that is yours by Divine Right .**

**The Angels of Ornion are the 226th group of heavenly hosts overlooking
the earth.**

Two plus two plus six equals ten.

NUMBER TEN is the last number.

It is the reflection of number one in its roughest form.

Ten is the number of physical matter, the number of realization.

Ten is called "The Kingdom "in Hebrew Quabbalah.

***The human body is subject to number ten,
and so also is the mineral,
vegetable, and animal kingdom,
and everything that is perceived by the five senses.***

**Its symbol is a circle with a cross consisting of eight arms in its middle,
contrary to number one which is usually symbolized by a dot or a circle
as the sign of infinity.**

**Ten can also be represented by a square with a circle drawn in its
middle.**

Ten is the starting point on the way to God.

You are the Diamond Light

The human soul journeys through many lifetimes to be cut and polished by life, until the beauty of its core is revealed.

There are two Os in our name, they signify both umlaut O, eu, which signifies cognition brought about by Love Divine, and soft O, which signifies Divine Justice.

There are two Ns as well, which signify Supreme Happiness.

The R is for freedom and independence and the I is for Cause and Effect.

Meditating on these qualities connects you with our consciousness.

OUmlaut O, eu,

Akasha: In the principle of consciousness penetrating all, the umlaut O oscillation evokes the most profound cognition which can only be brought about by love divine.

By the help of this a person gets to know all the possibilities of transformation of the spirit, all the systems and ways serving this end, and all knowledge concerning transformation in all other fields.

He/she is informed about everything that, deriving from the act of creation, had to pass through all the mode of transformation to be reunited.

A person must attain all the faculties that are offered by this profound cognition made possible by Love Divine, in the principle of consciousness-penetrating-all, and must make use of all possibilities, in order to get convinced that they cannot be described by words,

by must be experienced, lived through.

I have mentioned the letters umlaut A and umlaut O as the last ones in this series of exercises, because by the help of their virtues one is able to comprehend, from the principle of consciousness-penetrating-all, the crown of all wisdom in the micro- and macrocosms, from the act of creation to the present state of evolution, and even to the final development.

Mental:Evoked in the intellect, the virtue of profound cognition brought about by love divine gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.

Astral/ emotional level:In the emotions, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her.

Apart from this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.

Material:When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.

A person is taught the true preparation and charging of the philosophers stone in the physical sense.

He/she can influence, at will, any oscillationatomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her.

Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired.

By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.

Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything.

The ovaries and testicles are formed from this virtue of the profound cognition brought about by Love Divine.

In healing, heal the left ovary first and then the right one.

R The sound of the letter R is the sound of freedom and independence.

On a mental level this gives an eminent mind, and a feeling of freedom of will and absolute security that is in complete accord with Divine Providence.

A child of God follows sure inner guidance in creating grace, justice, and mercy in the world through meditating on this virtue.

On an emotional and physical level, the virtue of freedom and independence awakens ingenuity and a rational widening of intellect, so that any knowledge can be comprehended quickly.

The letter R is a golden color, is of the air element and has the sensation of ease, has the musical note of C, and is the virtue from which the left side of the nose was created.

N This sound in the ancient language is the virtue of Supreme Happiness.

In the intellect, this virtue controls the connection between mind and heart, or thought and emotions.

Emotion is the precursor of manifestation on the physical plane.

By understanding this virtue, the corresponding thoughts and emotions of physical appearance are known.

Mastering this virtue gives control over any other being, and enables one to help others solve any problem.

On the emotional level, mastery over the drive for self-preservation and control over any being is gained.

On the physical level mastery over cohesion, or the power of coherence or gravity is gained.

This virtue has a deep red color, the musical note of A, is of the water element of emotion and has the sensation of coolness.

The liver of all beings was formed by this virtue.

I The sound of the letter I is the virtue of Cause and Effect.

Every nuance of the physiology of any manifest life form is the effect of specific causes.

The law of cause and effect is the law of evolution of everything.

This law gives the understanding and mastery of the akasha, or subtle pre-matter principle.

The sensation of akasha is God-penetrating-all.

The understanding of cause and effect also enables the perfection of memory and conscience.

The meditation on the virtue of Cause and Effect enables mastery of the chief components of the material world, which are shape, measure, number and weight.

The letter I [as in I AM] with its light opalescent color, representing the law of cause and effect,

is the spiritual essence of the left kidney.

This virtue is of the earth element, so it has the sensation of weight.

The musical note is G.

Umlaut O, eu. Transmutation through cognition brought about by the most profound Divine Love.

O The sound of letter O is the sound of the initiation into the original principle of divine justice.

Mentally you will be able to give expression to the absolute legality of harmony in all four basic qualities of the elements.

[Intent controls thought and thought controls emotion. Emotion controls earth.]

You will have a high power of judgement and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of justice.

You will never be able to condemn anyone unjustly.

This will bring about the abilities to create any change in the emotional situations that you find yourself in and to have absolute success and happiness on all levels.

The ability to control emotions is the ability to control the element of water.

The human body is mostly water.

Outer appearance of material forms accurately reflect the intents, thoughts, and emotions of the indwelling consciousness.

This virtue has an ultramarine blue color, the musical note of C, and is the earth element so it has the sensation of weight. It formed the throat and windpipe

When the children of God identify with Divine Justice they attain divine justice.

They never do anything unjust and never slip, for if they have worked up to this state through the virtues of all the previous letters, they are completely filled with the legality of Divine Providence, i.e., with an absolute sense of justice. Whenever the

principle of justice is in question, it is controlled by the oscillation of the virtue of letter O.

The most perfect sense of judgement is attained by meditating on this virtue.

NThis virtue gives control of the mental domain.

Meditating on this virtue teaches how to operate there, to see, sense, and control mind power in order to bring supreme happiness.

Footnotes

The names and meaning of angel groups come from Quaballah,
which is a very ancient set of teachings which together form a common precursor, or root, of three
of the world's religions:
Judaism, Islam, and Christianity.
Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the
earth, and the angels who work with him or her.
The being and the angels share the same name.

This name is a key to their powers and influence.
Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of
Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE
OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE
QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.
These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book,

"Frabato the Magician", gives historical background and was compiled by his German publisher
from notes written by Franz Bardon.
