The Angels of Loyalty

Also known as

The Angels

of

Istaroth

Beloved,

*Opening the heart to the purity of loyalty
is one of the greatest blessings possible on earth.*

Sacred loyalty opens ways to serve peace on earth.

Loyalty is essentially a commitment,
or meditation,
upon loving impeccability.

**Those who hold this concentration upon loyalty
have made a commitment to someone or some worthy quality.**

***A vow is made never to fall below a lofty,
inspired standard of ethical behavior
and commitment on every level of awareness.***

***A loyal person is purified and uplifted
by the very act of staying true to the commitment
to uphold the high standard, and never forsake it.***

**One of the special gifts bestowed by loyalty upon the person
who has taken on its mantle is inner peace,
a paradoxical gift:
by giving it away toward another,
you receive the solace yourself of always dwelling where there is no
betrayal.**

**By being completely loyal to the true spiritual essence of those you are
committed to,
and staying true to your commitment,
you embark upon an exquisite journey of transformation
to a special Garden of Eden,
wherein the paths of mastery and sainthood unite.**

**Although loyalty appears to limit ones options and restrict freedom,
on the contrary,
committing to be loyal opens a beautiful,
inner world
of refined emotions and peace of mind
which is not accessible by any other means.**

**In any relationship,
we inspire each person so that they will never be disloyal.**

**We help you discover anything that would cause infidelity, as you go
along,
so that you prevent it before it even starts.**

**We keep man and woman together in fidelity
through intuitive sympathy and caring of the heart.**

We teach you about love, friendship, and sympathy.

**Since the very beginning, we have helped turn enemies into loyal and
faithful friends.**

**Even though many people on spiritual paths might think that loyalty
calls for them to turn against those of other faiths, we teach that such
limited judgment
is replaced by loyalty to Omnipresent Divine Love.**

Judgment is an example of misplaced loyalty.

**Loyalty should never be misspent upon turning against another child of
God.**

**This kind of judgment misinterprets Divine Will
whose rightful use is to create, inspire, and sustain all with Love.**

**Loyalty is that most wonderful and endearing quality, which blossoms
forth out of Divine Love, the kind of pure love that never harms another
under any circumstances.**

Even though many have urged people to lay down their lives for the love

of God,
we urge each Child of Light to treasure his or her life
and the lives of others
for the love of God.

Love, not wisdom, has the power to transmute any temptations
to act out angrily or destructively to self or others.

It is written that if a person has wisdom and power without love,
then that person is utterly lost.

With flowing divine love, all else is added.

Divine Love sees all others as THE BELOVED,
for it knows that ONE LIFE
enlivens all the many beings in creation.

One version of the most sacred practice within the Islamic tradition,
is the repetition of a prayer that translates to
"God is love, lover, and beloved, all at once."

The purest loyalty is an initiation that allows you to enter into this
inner sanctuary of the Oneness of Divine Being,
the Oneness that unites creation in a unified field of Cosmic Love.

The Creator is Love.

The greatest loyalty of all is loyalty to Love itself,
which indwells and sustains all and is the root of harmlessness.

Love and harmlessness are found in the hearts of all children
in their natural state of innocence.

It has been written that you must be as a little child,
to enter the kingdom of Heaven.

Trust and innocence are inherent elements of loyalty,
and typify the natural attunement of a young child.

Trust, innocence, and loyalty are based on an intuitive attunement
to indwelling OMNIPOTENT WILL of Divine Love in all.

This attunement to all-penetrating Divine Willpower awakens
the power of love to transform relationships in a mystical and wondrous
manner.

With loyalty, difficulties in relationships are transformed in the fullness
of time
into stepping stones to Heaven itself.

"The crooked shall be made straight."

In this attunement of childlike loyalty, all life is a never ending treasury
of wonderful and fascinating discoveries and surprises.

Within this reality, all beings are precious that form the web of life.

They are manifestations of Divine Consciousness.

They are to be treasured and never harmed.

**The gift of loyalty to the presence of Divine Being in all Life is the
essence of true Wisdom and Enlightenment,
and is the perfection of The Law of Cause and Effect.**

**Among the heavenly hosts of the zone girdling the earth,
we are protectors of loyalty.**

**When you meditate on the divine virtues associated with the letters of
our name, and call on our help,
we give you the key to unlocking the mysteries of love, the "treasures of
the heart".**

**Cognition brought about by LOVE DIVINE
promotes beautiful feelings of harmony between individual parts,
IN PERFECT WISDOM through inner guidance,
in connection with all others within the unified field of Life, the Web of
Life.**

**THIS COGNITION OF THE DIVINITY
OF EACH INDIVIDUAL PART AND THE ONENESS OF ALL PARTS
is the vibrant birthright of all people.**

Enlightenment, love, ecstasy and beauty, is the fruit of this birthright.

Through Divine Receptive Wisdom the ancient prayer is answered:

Thy Kingdom come, thy will be done, on Earth as it is in Heaven

***We teach lessons about the divine quality of
loyalty,
which is one of the most beautiful flowers of love.***

**We, the heavenly hosts of Istaroth,
help the world find peace
and understanding
through loyalty.**

In Lak'ech

(I Am You/You Are Me)

You are my other me.

If I do harm to you,

I do harm to myself.

If I love & respect you,

I love & respect myself.

We are heavenly hosts of receptivity to divine love.

**We inspire integrating the head with the heart
in meditation and focus with special emphasis on divine loyalty.**

**Receptivity in meditation links to Universal Mind that
exists in all creation.**

***Universal Mind inspires the cultivation
of an ever more increasingly beautiful state of
Perfection
on Earth,
as the original purity of all ideas in Divine Mind
are understood and activated.***

**Contemplate individual mind as an extension of The
Divine Mind
which acts as the illuminating principle of human life.**

**The heart has an electromagnetic field
that is 5000 times stronger than the brain.**

**By seeing through the eyes of love,
this powerful field of the heart is joined to the brain.**

**This in turn activates the thymus, which in turn activates
the immune
system, bringing health and joy,
transmutation into divine perfection of the physical body.**

"The last enemy to be overcome is death."

***"I have not given you the spirit of fear, but of joy, and life
everlasting."***

**True loyalty sees The Presence of Divine Consciousness
that indwells each and every created being.**

I-S-T-A-R-O-T-H

I The sound of the letter I is the Divine Virtue of Cause and Effect, which represents the Law of Evolution of everything.

This law gives the understanding and mastery of the akasha, or subtle pre-matter principle.

The sensation of akasha is God-penetrating-all.

The understanding of cause and effect also enables the perfection of memory and conscience.

Because all life is connected as a unified field of energy, whatever is willed, thought, felt, or done have repercussions throughout the entire web of life.

When loyalty is chosen as a path to perfection, the entire kingdom of heaven, and indeed all of life, responds accordingly.

What is sown is reaped.

The loyalty of the indwelling Consciousness of God in the web of life is activated in this manner.

The letter I with its light opalescent color, representing the Law of Cause and Effect, is the spiritual essence of the left kidney. This virtue is of the earth element, so it has the sensation of weight. The musical note is G.

SThis is the sound of all-penetrating power, ALL-POWER.

This virtue gives the WILLPOWER to attune to the inherent divine perfection and beauty of others, so that loyalty is easy and natural.

This all-power is to be understood substantially.

With all-power you get into contact with the subtlest substance of the divine spirit, i.e., with the original divine fire, or will, which works as a substantial power in everything that has been created by Divine Providence.

**Oneness with all-power gives mastery over the fire principle of desire and will
and brings about a state of clairvoyance in its purest form.**

Complete control over consciousness results from this.

The color of this virtue is purple red, its musical note is G-sharp, it is the fire element of will and so it has the sensation of warmth, and the gall bladder is the part of the body that is formed by it.

T The sound of the letter T in the ancient language is the divine virtue of high inspiration with all the legal matters of this principle.

In the intellect, this virtue awakens remarkable inventive faculties and memory.

When a person chooses the path of loyalty in relationships, the heavenly hosts awaken high levels of inspiration, so that sympathy and ingeniousness removes all obstacles to love.

In meditating on this virtue, see yourself as a tiny dot in your solar plexus with the rest of the body as an infinite swirling universe all around you.

Meditate with focus on high inspiration from Divine Mind.

Do this with a sensation of warmth and fire filling the body from a tiny brown black sun shining forth from the head region and forming the right kidney.

Intone the T sound to the musical note of F and feel yourself having mastery over all the elements.

All that I do, ye shall do and more.

A The sound of this letter, a soft A like a sigh, is the sound of the highest wisdom and illumination that can be lavished upon a human being.

The color is light blue, the musical note is G, the sensation is ease since it is the element of air, and the lungs are formed by it.

Mastering this virtue in meditation gives clairvoyance, clairaudience, eloquence, artistic and musical gifts, and the control over the element

of air.

We awaken mental acuity in the seeker, ingenuity, the ability to grasp high abstract and enlightened new information very quickly and easily, and flawless mental functioning.

Umlaut A, aeall imperfection is then released to Divine Being for transformation into another state that is the highest good of all concerned.

R This sound is the sound of freedom and independence.

It has a golden color, the note of C, and is the earth element, so it is felt with a sensation of weight and is seen as a tiny sun in the leg region.

The left nostril is formed from this virtue.

The mastery of this virtue gives clear inner guidance that is in complete harmony with Divine Providence, so no mistake is ever made.

Umlaut O, euBy seeing through the eyes of the most profound cosmic divine love, indwelling perfection is revealed and enlivened in whatever is seen.

O The sound of letter O is the sound of the initiation into the original principle of divine justice.

Mentally you will be able to give expression to the absolute legality of harmony in all four basic qualities of the elements.

Intent controls thought and thought controls emotion.

Emotion is magnetic and therefore controls what manifests on earth.

You will have a high power of judgement and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of justice.

You will never be able to condemn anyone unjustly.

This brings about the abilities to create any change in the emotional situations that you find yourself in and to have absolute success and happiness on all levels.

This virtue has an ultramarine blue color, the musical note of C, and is the earth element so it has the sensation of weight. It formed the throat and windpipe.

TThe virtue of high inspiration gives ingenious guidance to overcome any obstacle to loving relationships.

H This letter represents the Power of the Word.

This virtue of The Power of The Word is the out picturing of divine virtues into being, will, intellect, feelings, and sensation, into form through the speaking of the ancient language.

The sound of each letter represents a divine virtue.

The ancient language is the use of each letter so that the entire brain is utilized.

In speaking the letter A, for instance, a person experiences pure being and unity with Divine Being and all

creation.

Then the sound of A is toned with the musical note of G as feelings of wisdom and enlightenment flow with the visualization of the color sky blue shining from a tiny sun in the lung region of the body, with SENSATIONS of ease.

The WILL to unite with all wisdom and enlightenment of Divine Mind joins with the visualization of the light blue color and with CONTEMPLATION of wisdom and enlightenment with the intellect, and the FEELINGS of eloquence, music and poetry, clairaudience, and clairvoyance.

This is done with sensations of ease and relaxation.

This exercise utilizes the entire brain, and stimulates powerful glands to produce neurotransmitters and other chemicals that lead to higher consciousness.

Within one minute of having a thought, over a hundred thousand chemical reactions occur in the body temple.

Each chemical reaction produces a flash of light.

In other words, the Delta brainwave, which is the brainwave pattern of pure being, is used with WILL and visualization, the Theta brainwave of deep inward thought is used with CONTEMPLATION, the Alpha brainwave of emotion is used with FEELINGS, and the Beta brainwave of the five senses, memory, and logic is used with their SENSATIONS.

This is done from the point of view of the As above, so below.

The ancients have left us this technique for doing this: Imagine yourself as a tiny dot located in your own solar plexus with your body as an infinitely huge universe all around you.

From this vantage point, imagine toning the letter A in the musical note of G, while the light blue color shines from a tiny sun in the lungs and fills the lungs or even the entire body.

At the same time, contemplate wisdom and enlightenment

and sensations of ease filling this area.

When you breathe out, see and feel this radiating out of the pores of the skin near the lungs and filling a person, a place, an object, or even the universe.

When you breathe in, see and feel this radiating back and filling your body through the pores of the skin over the lungs.

This becomes easy and automatic with practice, as in learning any language.

Because of the law of correspondences, the As above, so below law, the outer universe becomes filled with the divine virtue of wisdom and enlightenment when the body does, through intent and visualization, during this use of the letter A.

In using The Power of the Word, a Child of Light learns to understand how Divine Providence created everything.

In choosing loyalty, the heavenly hosts awaken the power to create in this manner, through attunement to divine loyalty in being, will, thought, feeling, and sensation, so that situations of love and harmony nurture relationships.

Be sure to keep the rhythm of the breath natural when meditating in this manner, and dissolve the light in the body when you are finished to protect the natural balance of elements in the body.

Footnotes

The names and meaning of angel groups come from Quaballah,

which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,

and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardón.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.
These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician",
gives historical background and was compiled by his German publisher from notes written by Franz
Bardon.

The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.

Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.

SO BE IT!

La ley de Uno

Cuando Uno está herido, Todos estamos heridos
Cuando Uno está bendecido, Todos estamos bendecidos
Por lo tanto, en el nombre de El Sagrado, mi Dios, yo soy presencia
Quien es uno con todo lo que es
Quien es Todopoderoso, Amoroso y Sabio
Pido sólo que el bien de las alturas de todos los involucrados,
se manifieste justo aquí y ahora y en cada dimensión y en cada línea
de tiempo
Doy gracias de que esté pasando ahora.
