## The Angels of Medicinal Springs

Also known as

The Angels of  
**Megalogi**

Beloved,

*Throughout history we have inspired people and animals*

***to heal themselves with water,  
especially from healing springs.***

**As you know, emotions are magnetic and attract new realities into form  
out of the infinite potential of the quantum field.**

**Here in the last degree of Libra,  
the perfection of flowing divine love  
manifests as sacred and healing medicinal springs.**

**As the ancient future blossoms in present time, and the alpha and the  
omega are one,  
*Earth is a heavenly paradise for all life just as it was  
created to be.***

***We are the heavenly host that protect and empower all  
medicinal springs on the earth.***

**We guide animals to step into certain waters instinctively  
in the case of injuries.**

**With our assistance mankind has learned from the animals  
how to cure themselves of many diseases  
with the use of medicinal waters.**

Through the perfect use of the divine virtues of our name Megalogi,  
we infuse springs with healing energies.

*We inspire people and animals with these virtues  
so that their awareness also infuses spring waters with  
healing.*

*Spring waters are impregnated with flowing emotions of  
divine qualities, especially divine love,  
bringing about transforming fluidity through the divine  
virtue of the letter M.*

Next the virtue of omnipresence of Divine Consciousness, letter E,  
merges individual consciousness with Divine Consciousness.

Drinking water infused with omnipresence generates experiences of  
unity with the entire web of life,  
of oneness with all life.

Then follows grace and mercy, true divine blessing, the letter G.

*Wisdom and enlightenment, the original perfection of all  
ideas in Divine Mind,  
imbeds information into these waters.*

This is the divine virtue of letter A.

*Vitality and youthening are found in healing springs.*

*For this reason, all healing springs are holy,  
and should be carefully protected.*

**This vitality comes from charging waters through the perfect use of the frequencies all of the divine virtues taken together, the splendor and majesty of Divine Being, which is the letter L.**

***It is our happy duty from Divine Being to charge healing springs also with the divine virtue of cognition brought about by love divine.***

***This alchemical virtue of Divine Love is present in healing springs and causes transmutation into original divine perfection.***

***Cognition brought about by love divine is the key to***

*transmutation.*

This is umlaut O, eu.

*Divine harmony is in the waters, letter O.*

*Feelings of grace and mercy, true divine blessings,  
pour forth from these waters,  
again the divine virtue of letter G.*

*And finally, we infuse the waters of springs with memory,  
remembrance, and conscience  
through the law of cause and effect, the letter I.*

As people utilize waters of healing springs in this time of heaven on  
earth,  
we teach methods of hydrotherapy that surpass any ever known before.

Healing spring waters are impregnated with qualities that create  
perfection in all who partake of them.

It is the original will of Divine Providence that medicinal springs are  
accessible to all that need them,  
all of the Children of Light and animals, forever.

*Divine Providence has ordained that all medicinal springs,  
many of  
which have not yet been discovered, are protected and  
beautified,  
as the greatest and most sacred treasures upon the earth.*

Wherever sacred springs have been covered up or capped,  
even in cases of buildings of antiquity,  
they are restored to their original naturalness and perfection.

***As they are restored to their original pristine conditions,  
the positive effect on the entire web of life is astounding.***

**Formerly toxic and ugly environments become again the beautiful,  
uplifting, and healing oasis that they were originally designed to be.**

***We protect all those who use medicinal springs, human and  
animal,  
so that all meet together in sacredness and harmony.***

**This mastery of medicinal springs prepares people for the gateways of  
Scorpio,  
which are initiations of flowing emotions of divine love.**

**This is the 234th degree of the zodiac.  $2+3+4=9$ .**

**NUMBER NINE** is symbolized by three equilateral triangles interlacing one another.

**It represents the original idea of the astral or emotional world.**

**It is the number of motion, of rhythm and thus, of life in its most subtle form.**

**It is the number which prepares every situation in the astral or emotional world for the material world.**

**It represents the moon.**

**It is the highest number.**

***M-E-G-A-L-O-G-I***

*all possibilities,  
in order to get convinced that they cannot be described by words,  
by must be experienced, lived through.*

*I have mentioned the letters umlaut A and umlaut O as the last ones in  
this series of exercises,  
because by the help of their virtues one is able to comprehend,  
from the principle of consciousness-penetrating-all,  
the crown of all wisdom in the micro- and macrocosms, from the act of  
creation to the present state of evolution, and even to the final  
development.*

*Mental: Evoked in the intellect, the virtue of profound cognition  
brought about by love divine gives the understanding of the  
transformation of ideas, virtues, etc. by the quabbalistically pronounced  
word,  
which is a very great and comprehensive field.*

*Astral/ emotional level: In the feelings, the virtue of profound  
cognition brought about by love divine develops the faculty of perfect  
astral projection  
and the mastery of all occult and magical phenomena  
that have reference to transformation, so that a person may, for  
instance,  
assume any desired vibration in the emotional body without

seeing through him/her.*

*Apart from this, a person is able to transform any emotional oscillation

***It is a known fact that the astral matrix, and with it the whole body, is kept alive by breathing.***
