**2 degrees Scorpio**

## **The Angels of Electricity**

**Also known as**

**The Angels of**

## **Schaluah**

Beloved,

**As great power is understood through enlightenment,  
according to the original Law of Creation,  
*which is the highest good of all concerned*,  
we reveal even more secrets about electricity,  
which is the physical manifestation of willpower,  
that are astounding and fantastic.**

***It is important that these secrets,  
with their great powers are never misused,  
but only bless all.***

**This is a time of divine flowering, of Heaven on Earth, in which  
enlightenment blooms.**

**Even the most humble person will now follow in the footsteps of the  
masters who have gone before.**

***"It is not my will that any be lost."***

***Electro-magnetic energy is the ALCHEMICAL relationship  
between OMNIPOTENT DIVINE WILL  
and OMNIPRESENT FLOWING DIVINE EMOTION.***

**As this principle is understood through enlightenment,  
loving harmlessness to all life,  
to every animal and all of nature,  
is integrated as an absolute scientific standard.**

**This is because we are all one unified field.  
What affects one affects all.**

**What is willed, electricity, becomes emotions, which is magnetism.**

**The frequency of emotions, in humans or animals or any sentient life,  
attracts corresponding material realities out of the infinite fields of  
quantum potential.**

**Intentions and emotions must be, therefore, spiritually moral,  
to create vitality and love of life.**

**FIERY OMNIPOTENT WILL is the meaning of SCH,  
the first divine virtue of our name.**

**This omnipotence manifests in form as FLOWING FIRES,  
which on the spiritual plane manifests as desires,  
intentions, or will.**

**On the mental plane these then define and express  
as visual images, goals or concepts.**

**These visual images and goals create on the emotional  
plane  
immense flowing faith and enthusiasm.**

**This enthusiasm becomes, through magnetism, physical  
ELECTRICITY.**

**Electro-magnetic energy is the name given to this relationship between  
outward energy,  
which is intention and direction and male,  
and attractive, magnetic, emotional, physical female energy.**

**This is the manifestation of FLOWING OMNIPOTENT DIVINE WILL  
and OMNIPRESENT FLOWING DIVINE LOVE.**

**Therefore, in this second degree of Scorpio,  
we inspire both esoteric and practical understanding  
of how EMOTIONS OF OMNIPOTENT DIVINE WILL TO LOVE  
manifest in physical expression as flowing fire, or electricity.**

***All of the divine virtues in our name, Schaluah, lead up to  
dynamic use  
of these virtues to manifest new realities  
in being-will-visualizations, thoughts, emotions and  
sensations.***

***With these divine virtues a person masters OMNIPOTENT  
DIVINE WILL so completely,  
that a decree of any divine virtue through  
The Power of the Word shoots out like bolts of lightening  
and stays in manifestation like currents of electricity.***

**A Child of Light actually creates lightening and electricity this way,  
resulting in Perfect Divine Power and Will running through creation.**

***And to the Children of God is given dominion over all.***

**This is why it is taught that the heavenly host of Schaluah specialize in the manifestation of divine will and spirit manifesting as electricity.**

**Because the time of Heaven on Earth is here,  
all needs are met effortlessly and divinely.**

**Pure Omnipotent Will in its highest AND ORIGINAL essence,  
is the all pervading and directing divine virtue of the first letter, Sch, of  
our name Schaluah.**

**In deepest states of trance, we initiate Children of Light into the non-  
manifestable omnipotence,  
the Sch, which is the virtue by which Divine  
Providence creates the first outpouring of divine creation.**

**This is regarded as the highest virtue.**

**Remember that electricity and fire are WILL manifesting in physical  
forms.**

**Therefore, electrical inventions that are the highest good of all are  
inspired by us.**

**In the times of Heaven on Earth, people relate to electricity in  
sacredness,  
understanding that the source of all electricity is Divine Will for the  
highest good of all.**

**We help seekers unite individual awareness and will with divine will,  
so that electricity is used on every level to energize whatever is the  
highest good of all.**

**We inspire the use of omnipotent divine will to be used  
with enlightenment and release of imperfections  
so that everything is transformed into the splendor and majesty  
of Divine Being.**

**Omnipotent faith and courage are manifestations of omnipotence.**

***I and the Father are One.***

***All that I do, ye shall do and more.***

***As a Child of Light experiences unity with ORIGINAL OMNIPOTENT  
WILL OF  
DIVINE BEING for the highest good of all,  
the original purity of all ideas in divine mind are energized.***

***Then all that is not of the highest  
good of all is recognized and gladly released for transformations into  
other states***

*that are the highest good of all.*

The original purity of all ideas is the virtue of letter A , spoken softly as  
ahh.

The power of transformation, freedom from clinging to old outworn  
imperfect values  
and situations, beings, desires, thoughts,  
emotions, and possessions, is the divine virtue of umlaut A, ae .

The sum total of all divine virtues taken together, the splendor and  
majesty of Divine Being,  
is the source of vitality and youth and true spiritual morality.

It is the virtue of the next letter, L, in our name.

The act of creation with its ongoing effects is the virtue of letter U.

With this virtue a person changes fate of self or others, and receives  
highest intuition.

With this virtue one enters deep states of trance at will.

*In deepest states of trance, a person changes his or her  
own fate to  
that of Heaven on Earth, and changes the fate of the web of  
light  
to reflect the original purity of all ideas of creation.*

Enlightenment and Wisdom, the understanding of the original purity of  
all ideas in Divine Mind,  
awakens clairvoyance, clairauidience,  
eloquence, artistic talents and gives control over beings of the air  
element.

In possession of all of these virtues,  
a person then creates according to original divine highest will through  
The Power of the Word.

The last letter, letter H, is the virtue of The Power of the Word.

A portrait of Thich Nhat Hanh, a Buddhist monk, with his hands clasped in a prayer position. The image has a warm, golden-brown color palette. The text is overlaid on the left side of the portrait.

When you  
get free  
from views  
and words,  
reality reveals  
itself to you  
and that  
is Nirvana.

~ Thich Nhat Hanh

**ALL OF A SUDDEN, like lightening bolts,  
great works are earnestly embraced by ever increasing numbers of  
people,  
until finally all peoples  
of the world join together to love,  
heal and perfect all life,  
the environment and the economy.**

**In this way, through omnipotent faith,  
the original purity of all ideas in Divine Mind manifest as Heaven on  
Earth.**

**As group WILL to lovingly manifest Heaven on Earth grows ever  
stronger,  
it becomes increasingly strong electrical currents, and takes priority  
over all else,  
guided by indwelling Holy Spirit and the heavenly hosts.**

**Electronic communications and advanced computers and electrical  
systems, used for the highest good of all, are physical parts of these  
manifestations.**

**They are evolving to higher levels of miraculous perfection and  
harmlessness.**

**We inspire people to charge all physical electricity with divine virtues  
through The Power of the Word.**

**As a person utilizes loving feelings of courage and faith,  
in the fire of divine will through The Power of the Word,  
electrical impulses of pure fire light up the web of life.**

**Major healings, insights, and miracles are being reported.**

**They appear to be happening to exponentially more people and situations.**

**Divine connections are being made between ordinary consciousness and higher selves,  
integrating enlightenment with waking consciousness.**

**There are more and more of these wonderful happenings each day,  
until critical mass is reached,  
and our entire personal and group reality changes  
into such beauty and spiritual perfection  
that words cannot describe.**

**At this point, in the twinkling of an eye,  
our hearts burst forth in love and joy.**

**Sch-A-L-U-A-H**

***SchThe S oscillation is the original fire [all penetrating will].***

***The K oscillation is the original light [omnipotence].***

***The virtue of Sch connects both original light and original fire,  
and thus indicates the non-manifestable omnipotence.***

***The Sch therefore represents the original principle superior to the K  
and S.***

***This is the virtue by which Divine Providence creates the first  
outpouring of divine creation.***

***It is regarded as the highest virtue.***

***This is the original masculine force.***

***Electricity begins as pure omnipotent will power.***

***A wisdom and enlightenment.***

***umlaut A, ae, The realization of wishes regarding physical matter is subjected to this virtue.***

***The sound of this letter, the long A, ae, in the cosmic language is the virtue of the origin and mystery of life and death regarding their transformation.***

***By meditating on this virtue, a Child of Light becomes convinced that in reality death does not exist, for the so-called death is only a transformation from one state into another.***

***Also will come enlightenment on the cause of this transformation.***

***With this comes the ability to master all negative spiritual beings in all spheres and planes with regard to their scope of action.***

***The purpose for which negative beings have been created becomes clear.***

***Since, in the original principle all beings are alike, each having been created by Divine Providence to fulfill a certain task, there is no dissimulation of negative beings, for from the enlightened person's point of view everything is pure.***

***Here the saying: "to the pure one everything is pure" becomes plain.***

***If there were no negative beings, it would be impossible to distinguish between good and evil; and if there were no passions, there would also be no virtues.***

***This virtue confirms the words contained in the Bible: "through night to light",  
the deep symbolic meaning of which now becomes clear.***

***In the intellect the ability is gained to see through all thoughts, actions and wishes concerning matter,  
and of becoming their absolute master.***

***In the feelings, this virtue represents desires, passions, and the inclination to self-satisfaction etc.***

***A person who masters this virtue in the feelings becomes absolute master and ruler of all desires and passions.***

***Also, a person is able to not cling to imperfect mental, emotional, and material virtues and objects.***

***This means complete independence and freedom and fulfills the saying  
"bind yourself and you will be free".***

***On the material level this virtue is one of the most materialized.***

***No matter whether you evoke it in the mind, the feelings, the akasha,  
or the material world, the earth is influenced by it to a larger extent.***

***The ability to infuse matter with divine virtues is heightened.***

***The color of this virtue is loamy brown. The musical note is C.  
The element is earth so it has the sensation of weight.  
The anus is formed from this  
virtue.***

***L The sound of this letter is the sound of the Divine Virtues all taken  
together.***

***This letter represents the highest divine virtues that may be described  
by words,  
irrespective of whatever sort they may be.***

***This letter oscillation is used to comprehend  
the Divine Majesty and the greatness of God in the form of the purest  
virtues.***

***>From this virtue comes the faculty of comprehending true morality  
as seen from the highest point of view.***

***This will lead you to the borders of saintliness.***

***On the emotional level true equilibrium of character occurs and mastery of flooding the emotions with the highest light is attained.***

***On the physical level you gain perfect health, beauty and harmony and you become absolute master of your own vitality.***

***It is to be imagined as the color of olive green.  
The musical note is F, the element is air, so it has the sensation of ease.  
The spleen is formed from this virtue.***

***U The letter U in the cosmic language  
represents the faculty of comprehending the creative act and its  
relationship to karma.***

***It evokes the highest form of intuition and inspiration  
and makes possible the understanding of ones own karma and its  
modification.***

***It also makes possible the transfer of consciousness to any state imaginable and this results in states of highest trance.***

***This virtue reveals the ongoing effects of the use of pure will.***

***This letter is imagined as shining velvet black and is practiced in the solar plexus and then in the legs and feet.***

***This letter enlivens the pancreas.***

***The musical note is B, and it is the element of Akasha, which has the sensation of God-penetrating-all in meditation.***

***A Divine Providence has created the original principle of the elements by the three virtues represented by A, Sch, and M.***

***A is the air principle of intellect and wisdom.***

***M is the original water element of love, the original feminine power.***

***For reasons of balance the A has a mediating role between the original fire and the original water.***

***This is to say that intellect mediates between will and emotion.***

***This sound, the soft ahhhh of a sigh, is the sound of wisdom and enlightenment in its highest form.***

***This virtue gives clairvoyance, clairaudience, eloquence and musical and artistic gifts and control over the beings of the air.***

***Mastering this virtue gives the mind access to the purity of all ideas in their original form.***

***The beauty and perfection of all original ideas arouses the desire, or will, to manifest these on Earth.***

***On Earth as it is in Heaven.***

physical reality.*

whereby the dualistic principle is to be found in all forms of existence.***

## **Footnotes**

**The names and meaning of angel groups come from Quaballah,  
which is a very ancient set of teachings  
which together form a common precursor, or root, of three of the world's religions:  
Judaism, Islam, and Christianity.**

**Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the  
earth,  
and the angels who work with him or her.  
The being and the angels share the same name.**

**This name is a key to their powers and influence.**

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

This book is most important for understanding present day political issues.

If you have these, read Frabato the Magician first, with appendixes, and then read appendixes from the other three for background.

To understand Universal Consciousness, and immortality, it is very helpful to read the first three volumes of The Life and Teachings of the Masters of The Far East by Baird Spalding

The first three volumes are field notes taken on a scientific expedition to Nepal in the late 1800's.

This information on healing a trauma permanently in one session,

with no recurring flashbacks or nightmares, has been carefully researched over many years in clinical settings by licensed psychologists when treating veterans with PTSD.  
It was formulated as an amalgam from many successful therapeutic models

at the PTSD clinic at the VA Medical Center in Tuskegee Alabama  
in the '90's by Dr. Paul Michael Schlosser, PhD.

The two free one hour and approx. 20 minute DVDs, done in 3D, that explain how to use the trauma healing form are important.

You may download or view these, including the emotional trauma healing form, at [www.spiritussanctus.com](http://www.spiritussanctus.com).

[There are also other free emotional healing handouts here you can download and print to help you understand emotional trauma healing.]

The trauma healing form is to be used to facilitate healing a current or past emotional trauma permanently in one session.

It contains 23 steps that a traumatized person is led through by a facilitator in approximately one to three hours to permanently heal a traumatic incident with no recurring flashbacks or nightmares.

The trauma clearing form itself and the dvd's explain each step of this form.

Please feel free to download, copy and share this information.

Thank you so much. One one is helped, all are helped.
