The Angels of Spiritual Protection

Also known as

The Angels
of

Ranar

Beloved,

*We protect and guide people as they go through changes
in understanding the nature of reality.*

We make sure that when the pupil is ready, the

teacher appears.

At this time people are receiving ever more spiritual enlightenment as ancient and new paradigms of Heaven on Earth awaken within.

The photon belt and other influences are activating DNA, and ancient cellular memories come online, to awaken awareness with the original divine blueprints of perfection.

Awakening paradigms of becoming one with and using divine awareness, virtues in being, will, thought, emotions, sensations conjoined with awareness of the underlying unity of all life, mean that creative acts are constantly being made outwardly and inwardly that heal Earth from previous imbalances.

All people dealing with spiritual knowledge for the highest good are protected by us against obsession or any other accompanying unfavorable psychic factors.

We have at our disposal the most diverse methods which make communication with the knowledge of different spiritual realms possible, and these we guide you to use as it becomes appropriate for your stage of development.

The ingenuity that comes from the mastery of following inner guidance, especially when the body is filled with the glandular chemicals that result from emotions of happiness, is so astounding that only those who have experienced it can fathom the extent of this.

We acquaint spiritual seekers with special practices of mental and emotional attunement to different states of enlightenment.

We are regarded as the most trusted protectors for those who tread on the path to perfection.

Call on us for protection for yourself and others.

As beautiful new realities manifest, the heightened quality of life itself becomes a source of spiritual inspiration and knowledge.

This is the 243rd degree of the zodiac.

$$2+4+3=9.$$

NUMBER NINE is symbolized by three equilateral triangles interlacing one another.

It represents the original idea of the astral or feeling world.

It is the number of motion, of rhythm and thus, of life in its most subtle form.

It is the number which prepares every situation in the astral or feeling world for the material world.

It represents the moon.

It is the highest number.

R This is the sound of the divine virtue of INDEPENDENCE AND FREEDOM.

It is the virtue of following inner guidance and being in tune with Divine Providence.

Divine Providence prompts each being in each moment.

**The human body, which is the microcosm,
is made up of almost infinite numbers of individual parts,
and yet operates as one organism.**

The outer universe, which is the macrocosm, does so as well.

As above, so below.

Those who study the divine virtues in the order of the alphabet reach a state of complete oneness with Divine Providence so that by the time they reach the letter R, they have achieved a state of maturity by which your feeling of independence has been transformed into an absolute state of security and unimpeachability.

I and the Father are One.

All that I do, ye shall do and more.

Mentally, you will have an eminent mind and the feeling of freedom of will and action.

Not only this, but also the state of maturity in which you will never

**violate a law,
having yourself become a master of all laws.**

**In spite of your freedom of will, you will find yourself willing
to subject yourself freely to Divine Providence,
and accept missions to serve Divine Providence with deep humility,
immense gratitude and the highest devotion
without losing your feeling of absolute freedom of will in any way.**

**Such great ingenuity will proceed from this that you will be able to
comprehend
any knowledge quickly and without difficulty.**

**The color of this virtue is gold, the musical note is C, the element is
earth so it is felt with a sensation of weight, and the left side of the
nose is formed from it.**

A..wisdom and enlightenment.

**Umlaut A, aeThe sound of this letter, the long A, in the cosmic language
is the virtue of the origin and mystery of life and death regarding their
transformation.**

**By meditating on this virtue, a Child of
Light becomes convinced that in reality death does not exist,
for the so-called death is only a transformation from one state into
another.**

Also will come enlightenment on the cause of this transformation.

**With this comes the ability to master all negative spiritual beings
in all spheres and planes with regard to their scope of action.**

**The purpose for which negative beings have been created becomes
clear.**

**Since, in the original principle all beings are alike,
each having been created by Divine Providence to fulfill a certain task,
there is no
dissimulation of negative beings,
for from the enlightened persons point of view everything is pure.**

Here the saying: to the pure one everything is pure becomes plain.

**If there were no negative beings,
it would be impossible to distinguish between good and evil;
and if there were no passions, there would also be no virtues.**

**This virtue confirms the words contained in the Bible: through night to light,
the deep symbolic meaning of which now becomes clear.**

In the intellect the ability is gained to see through all thoughts, actions and wishes concerning matter, and of becoming their absolute master.

In the feelings, this virtue represents desires, passions, and the inclination to self-satisfaction etc.

A person who masters this virtue in their feelings becomes absolute master and ruler of all imperfect desires and passions.

Also, a person is able to not cling to mental, emotional, and material virtues and objects.

This means complete independence and freedom and fulfills the saying bind yourself and you will be free.

On the material level this virtue is one of the most materialized. No matter whether you evoke it in the mind, the feelings, the akasha, or the material world, the earth is influenced by it to a larger extent. The ability to infuse matter with divine virtues is heightened.

The color of this virtue is loamy brown. The musical note is C. The element is earth so it has the sensation of weight. The anus is formed from this virtue.

N This sound is the sound of supreme happiness and fulfillment.

This virtue gives control over the mental matrix, which is the spiritual bonding material that connects the emotional body to the mental body, i.e., to the spirit.

The mastery of this virtue reveals to the child of God all the mysteries relating to the connection between the emotions and the mind and bestows the ability to comprehend, see, sense and control, the mental matrix with its sphere of action, either in regard of self or others.

The color of supreme happiness is dark red, the musical note is A, and it is of the water element of feeling so it has a cool sensation. The liver is formed from this virtue.

A This is the virtue of the highest wisdom and enlightenment that can be conceived of.

This sound [a soft a like a sighahhhhh] is the virtue of the highest wisdom and the purity of all ideas in existence.

This has as a fundamental feature the enlightened mind.

Reasoning, perception, the cognition of the most profound truths, highest knowledge, high intelligence, and the arousing of all intellectual faculties are expressed.

Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience, the art of levitation, and the control of the air element and its beings are all aroused by this initiation.

On the physical plane the command of the beings of the air, control over storms,

are all made possible by initiation into the highest wisdom.

The color of wisdom and enlightenment is light blue, the musical note is G, the element is air so it has the sensation of ease, and the lungs are formed from it.

Umlaut A, aereleasing all imperfection back to Divine Being for transformation into another state that is the highest good of all.

RThe ingenuity that comes from the mastery of following inner guidance, including emotional and sensational levels, is so astounding that only those who have experienced this ingenuity can fathom the extent of this.

MIRACLES

“Even the smallest act of generosity is a difference being made.”

~ Matt Kahn

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,

and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence. Names, phrases, and sections, in the angel messages

are quoted or paraphrased from the books of Franz Bardon. Information of the heavenly hosts of the zone girdling the earth is referenced from

THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters

are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4]. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

His book, Initiation into Hermetics, is a preparation for the above books. His biography, Frabato the Magician, compiled from his notes by his publisher, gives important background information.

The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one. When one is harmed, all are harmed.
When one is helped, all are helped.

Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY
THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.
