## The Angels of Imitation

Also known as

The Angels of

## Schulego

Beloved,

**As people remember their oneness with all  
and desire the highest good of all concerned,  
while aligning individual will with Omnipotent Divine Will,  
we join many other heavenly beings to manifest amazing  
miracles.**

**The dawning of this present age of heaven on earth  
is a subject of many predictions  
by prophets of many cultures and times.**

**They were shown future effects of technical inventions,  
such as the internet,  
transforming the world in many many ways.**

***These inventions are made possible with our help,  
and we are happy to tell you that much more is being***

*revealed,  
as humanity remembers from within  
divine laws of harmlessness, grace and mercy.*

**As the Children of Light align individual will with Omnipotent Divine Will, remedies are swift and sure because Divine Will is omnipresent, omniscient love and all powerful.**

**The Children of Light are now maturing to understanding The Law of One, and are embracing transmutation, harmony, balance, and true spiritual morality.**

***As this occurs, beneficial products that we reveal to inventors rival any that you might possibly imagine.***

**We are the heavenly host that inspires inventors to create anything that is an imitation of a natural material.**

**We have, for instance, taught man how to imitate gems.**

**The invention of glass, china, artificial leather, rubber,  
plastic,  
and many other synthetic products are due to our  
inspiration.**

***When an antiparticle appears, instantly a particle appears  
too,  
and they merge to neutralize charge and become a photon.***

***Remember that light always follows darkest moments of  
darkness,  
it is always darkest just before the dawn.***

***We are the 248th group of the heavenly hosts.***

$$2+4+8=14.$$

$$1+4=5.$$

***NUMBER FIVE is the perfect representation of the microcosm,  
of man in all his phases and forms of existence.***

***It represents the microcosm in its perfection.***

***The working of the four elements, ruled by the akasha  
principle, is represented by five  
and also expresses the power and the might which is symbolized by  
Mars.***

***All active miracles belong to this number and are represented by a  
pentagon.***

***Sch-U-L-E-G-O***

***SchThe S oscillation is the original fire [all penetrating will].***

***The K oscillation is the original light [omnipotence].***

***The virtue of Sch connects both original light and original fire,  
and thus indicates the non-manifestable omnipotence.***

***The Sch therefore represents the original principle superior to the K and S.***

***This is the virtue by which Divine Providence creates the first outpouring of divine  
creation.***

*It is regarded as the highest virtue.*

*This is the original electric masculine power.*

*This virtue is pure divine will power.*

*It has a blazing red color, and the musical note of C.  
It is the fire element so it has the sensation of warmth.  
The brain is formed from this virtue.*

*U The letter U in the cosmic language  
represents the faculty of comprehending the creative act  
and its relationship to karma.*

*It evokes the highest form of intuition and inspiration  
and makes possible the understanding of ones own karma and its modification.*

*It also makes possible the transfer of consciousness to any state imaginable  
and this results in states of highest trance.*

*This letter is imagined as shining velvet black  
and is practiced in the solar plexus and then in the legs and feet.*

*This letter enlivens the  
pancreas. The musical note is B, and it is the element of Akasha,  
which has the sensation of God-penetrating-all in meditation.*

*L The sound of this letter is the sound of all Divine Virtues taken together,  
therefore,  
this sound is the sound of the splendor and majesty of Divine Consciousness.*

*True spiritual morality, vitality, youthening and immortality are awakened.*

*E This letter in the ancient language represents the divine virtue of omnipresence.*

*In the mind this virtue gives the ability of universal transference of consciousness.*

*In the emotions, this virtue gives control over the emotions of oneself  
and others, and the ability to understand the language of all beings,  
including the language of numbers and mathematics.*

*On the physical plane this virtue gives mastery over materialization and  
dematerialization,  
or the condensation and refinement of an idea.*

*The letter E has the musical note of D, is of the dark violet color,  
and is meditated on with the feeling of consciousness-penetrating-all.*

*G Inventors who are inspired by the Angels of Schulego,  
seek grace and mercy for all beings.*

*In the physical world this virtue represents all phases of riches and wealth,  
of happiness and satisfaction.*

*By this virtue Divine Providence has created abundance and, like the Creator, a child of God may also bring about, for him or her self or other people, abundance in everything, should that be desired.*

*On an emotional level this virtue gives emotions of happiness, of complete satisfaction.*

*Situations may be created by means of the elements and the will and emotions causing success and wealth in the world that is for the highest good of all concerned.*

*In the mind, this virtue gives the experience of peacefulness, and the faculty of giving true divine blessing.*

*By being one with this virtue, a child of God can see how much the virtue of divine grace and mercy ameliorates the painful fate of the future that was caused by previous failure to adhere to the Divine Laws of Justice and Harmony.*

*The color of this virtue is deep grass green with a feeling of coolness, musical note F, and the left eye is formed from this virtue.*

*umlaut O eu*

*Akasha: In the principle of consciousness penetrating all, the umlaut O oscillation evokes the most profound cognition which can only be brought about by love divine.*

*By the help of this a person gets to know all the possibilities of transformation of the spirit, all the systems and ways serving this end, and all knowledge concerning transformation in all other fields.*

*He/she is informed about everything that, deriving from the act of creation, had to pass through all the mode of transformation to be reunited.*

*A person must attain all the faculties that are offered by this profound cognition made possible by Love Divine, in the principle of consciousness-penetrating-all, and must make use of all possibilities, in order to get convinced that they cannot be described by words, by must be experienced, lived through.*

*I have mentioned the letters umlaut A and umlaut O as the last ones in this series of exercises, because by the help of their virtues one is able to comprehend, from the principle of consciousness-penetrating-all, the crown of all wisdom in the micro- and macrocosms, from the act of creation to the present state of evolution, and even to the final development.*

*Mental: Evoked in the intellect, the virtue of profound cognition brought about by love divine gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.*

*Astral/ emotional level: In the feelings, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her.*

*Apart from this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.*

*Material: When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.*

*A person is taught the true preparation and charging of the philosophers stone in the physical sense.*

*He/she can influence, at will, any oscillation atomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her.*

*Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired.*

*By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.*

*Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything. The ovaries and testicles are formed from this virtue of the profound cognition brought about by Love Divine. In healing, heal the left ovary first and then the right one.*

*O The sound of letter O is the sound of the initiation into the original principle of divine justice.*

*By meditating upon this virtue, mentally you are able to give expression to the absolute legality of harmony in all four basic qualities of the elements, which are will, intellect, emotion, and sensation.*

*You have a high power of judgement and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of justice.*

*You will never be able to condemn anyone unjustly.*

*This will bring about the abilities to create any change in the emotional situations that you find yourself in and to have absolute success and happiness on all levels.*

*The ability to control emotions is the ability to control and manifest anything on the physical level.*

*This virtue has an ultramarine blue color, the musical note of C, and is the earth element so it has the sensation of weight. It formed the throat and windpipe.*

#### Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,

and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION,

ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book,

"Frabato the Magician",

gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

#### THE LAW OF ONE

We are all one.  
When one is harmed, all are harmed.  
When one is helped, all are helped.  
Therefore, in the name of who I AM, and I am one with all there is;  
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .  
I give thanks that this is done.

SO BE IT!
