serve as blueprints that get passed on and on throughout
future generations.***

We reveal that men are electric, they create on the physical, emotional, and spiritual levels.

We reveal that women are magnetic, they receive on these same levels.

As men create and women receive on these levels, the women themselves create beautiful relationships, with flowing divine love and deep understanding, that the men receive in return.

As a man goes within to find the kingdom of heaven, his own divine nature, and creates beauty to give to all in the outer world, the woman learns to see divine perfection in the outer world, and receive it.

Taking this within her, she gestates, creates and nourishes new realities.

We are revealing that when children come from painful family backgrounds of deep trauma and wounded emotions, we can be called upon for help with emotional healing and enlightenment.

Emotions are the water element and, like water, must heal and stay pure through flowing freely in realities of unconditional all encompassing love.

We inspire emotionally wounded people to EMBRACE wounded emotions in self and others with empathy, and allow the inner wounded child within, with patience, compassion and love, to be validated, to flow, express, and heal in safe and non-destructive ways.

In this manner they learn the lessons that these wounded emotions teach.

There are reasons the higher self allowed these events and emotions to occur in the first place.

These reasons reveal themselves through patient and empathetic flowing and attention.

Painful emotions flow, change, transform and heal this way, bringing important life lessons.

Insights into underlying causes of the wounding or traumatic events or situations are revealed.

Great wisdom, gratitude, forgiveness and enlightenment result.

We carefully watch over and guide the flowing of emotions and the change process.

Emotions are magnetic energy, and attract new realities into manifestation on the physical plane.

For this reason, the art of healing wounded emotions

and attuning them to divine states is necessary for happiness and peace.

Be cautious with substances and emotional techniques that seek to make painful emotions go away quickly without first learning important life lessons that these feelings were created to bring.

If inherent lessons of painful life experiences are not fully learned, they will surely come back again.

It is wise to take time to receive these gifts of deep wisdom so dearly paid for.

Once these gifts are received and integrated, release of painful emotions and situations happens naturally and easily.

Omnipotent emotions of sacred rapture, love and peace form all powerful fields of magnetism that manifest Heaven on Earth.

For this reason now, more than ever, it is important that people ask for and receive our assistance, which we give through the divine virtues of Tagora.

We awaken high inspiration, with ingenuity and control over will, thought, emotions and sensations through the divine virtue of letter T.

We inspire insights into the original purity of all ideas in divine mind, A.

Mystical faculties awaken, and artistic expressions expand.

Through the act of release, the mysteries of life and death give control

over negative passions and attachments to troublesome desires, beliefs, emotions, sensations, physical possessions or negative beings.

This is done through the divine virtue of umlaut A, ae.

The uplifting effects of these virtues manifest grace and mercy, the divine virtue of letter G.

True divine blessing flows and brings prosperity and peacefulness of the spirit.

Cognition brought about by love Divine transmutes everything seen into perfection.

Transmutation manifests harmony and Heaven on Earth for all involved.

This are the divine virtues of letters umlaut O, eu, and O.

Inner guidance then leads to even deeper enlightenment and true wisdom,
to even more profound understanding of the original purity of all ideas in Divine Mind.

Inner guidance is the divine virtue of letter R.

*The peace of the world depends on sacred rapture,
love and peace between lovers, parents, and children.*

In the ancient teachings, the heavenly hosts protecting Earth start with the 24 angel groups of the elements.

Next come the angels and their heads of the zone girlding the earth of the 360 degrees of the zodiac.

Therefore, the numerology of the 360 groups of the zodiac starts with the number 25.

This is the 252nd group.

$$2+5+2=9.$$

NUMBER NINE is symbolized by three equilateral triangles interlacing one another.

It represents the original idea of the astral or feeling world.

It is the number of motion, of rhythm and thus, of life in its most subtle form.

It is the number which prepares every situation in the astral or feeling world for the material world.

It represents the moon.

It is the highest number.

TA-G-O-R-A

T The sound of the letter *T* in the ancient language is the divine virtue of high inspiration with all the legal matters of this principle.

In the intellect, this virtue awakens remarkable inventive faculties and memory and gives mastery over all the elements of will/fire, intellect/air, emotion/water, and earth/sensation.

This virtue has a brown black color and is the fire element so it has the sensation of warmth and expansion.

The musical note is F and the right kidney is formed from it.

A Wisdom and enlightenment, the awakening of mystical faculties and artistic talents.

umlaut A The sound of this letter, the long A, in the cosmic language is the virtue of the origin and mystery of life and death regarding their transformation.

By meditating on this virtue, a child of God becomes convinced that in reality death does not exist, for the so-called death is only a transformation from one state into another.

Also will come enlightenment on the cause of this transformation.

With this comes the ability to master all negative spiritual beings in all spheres and planes with regard to their scope of action.

The purpose for which negative beings have been created becomes clear.

Since, in the original principle all beings are alike, each having been created by Divine Providence to fulfill a certain task, there is no dissimulation of negative beings, for from the enlightened persons point of view everything is pure.

Here the saying: to the pure one everything is pure becomes plain.

If there were no negative beings, it would be impossible to distinguish between good and evil; and if there were no passions, there would also be no virtues.

This virtue confirms the words contained in the Bible: through night to light, the deep symbolic meaning of which now becomes clear.

In the intellect the ability is gained to see through all/ /thoughts, actions and wishes concerning matter, and of becoming their absolute master.

In the emotions, this virtue represents desires, passions, and the inclination to self-satisfaction etc.

A person who masters this virtue in their feelings becomes absolute master and ruler of all desires and passions.

Also, a person is able to not cling to mental, emotional, and material virtues and objects.

This means complete independence and freedom and fulfills the saying bind yourself and you will be free.

On the material level this virtue is one of the most materialized.

No matter whether you evoke it in the mind, the emotions, the akasha, or the material world, the earth is influenced by it to a larger extent.

The ability to infuse matter with divine virtues is heightened.

The color of this virtue is loamy brown. The musical note is C. The element is earth so it has the sensation of weight. The anus is formed from this virtue.

G True love seeks grace and mercy for all beings.

The sound of this letter is the sound of the virtue of divine grace and mercy.

In the physical world this virtue represents all phases of riches and wealth, of happiness and satisfaction.

By this virtue Divine Providence has created abundance and, like the Creator, a child of God

may also bring about, for him or her self or other people, abundance in everything, should that be desired.

On an emotional level this virtue gives the feeling of happiness, of complete satisfaction.

Situations may be created by means of the elements and the will and feelings causing success and wealth in the world that is for the highest good of all concerned.

In the mind, this virtue gives the experience of peacefulness, and the faculty of giving true divine blessing.

*The color of this virtue is deep grass green with a feeling of coolness,
musical note F, and the left eye is formed from this virtue.*

O Umlaut O, eu,

*Akasha: In the principle of consciousness penetrating all, the umlaut
O oscillation evokes the most profound cognition
which can only be brought about by love divine.*

*By the help of this a person gets to know all the possibilities of
transformation of the spirit, all the systems and ways serving this end,
and all knowledge concerning transformation in all other fields.*

*He/she is informed about everything that, deriving from the act of creation,
had to pass through all the mode of transformation to be reunited.*

*A person must attain all the faculties that are offered by this
profound cognition made possible by Love Divine,
in the principle of consciousness-penetrating-all, and must make use of all possibilities,
in order to get convinced that they cannot be described by words,
by must be experienced, lived through.*

*I have mentioned the letters umlaut A and umlaut O as the last ones in this series of
exercises,*

*because by the help of their virtues one is
able to comprehend, from the principle of consciousness-penetrating-all,
the crown of all wisdom in the micro- and macrocosms, from the act of
creation to the present state of evolution, and even to the final development.*

Mental: Evoked in the intellect, the virtue of profound cognition brought about by love divine gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.

Astral/ emotional level: In the feelings, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her.

Apart from this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.

Material: When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.

A person is taught the true preparation and charging of the philosophers stone in the physical sense.

He/she can influence, at will, any oscillation atomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her.

Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired.

By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.

Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything. The ovaries and testicles are formed from this virtue of the profound cognition brought about by Love Divine. In healing, heal the left ovary first and then the right one.

O The sound of letter O is the sound of the initiation into the

original principle of divine justice, which gives satisfaction and a sense of pleasure and security.

By meditating upon this virtue, mentally you are able to give expression to the absolute legality of harmony in all four basic qualities of the elements, which are will, intellect, emotion, and sensation.

You have a high power of judgement and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of justice.

You will never be able to condemn anyone unjustly.

This will bring about the abilities to create any change in the emotional situations that you find yourself in and to have absolute success and happiness on all levels.

The ability to control and heal emotions is the ability to control and manifest anything on the physical level.

This virtue has an ultramarine blue color, the musical note of C, and is the earth element so it has the sensation of weight. It formed the throat and windpipe.

R To obtain true wisdom, the first requirement is the ability to listen to, hear, and follow the inner voice of guidance.

The sound of the letter R is the divine virtue of becoming the master and guardian of freedom and independence.

In this state there is the feeling of freedom of any pressing burden of the laws, for by the mastery of all the preceding virtues you have achieved a state of maturity by which this feeling of independence has been transformed into an absolute state of security and unimpeachability.

This comes from the realization of the harmony and perfection of all divine laws and the identification and love of them so intensely that they have actually become merged with oneself.

In this case you are the personification and representation of the divine laws and they will serve you, and your sense of freedom will derive from them rather than in spite of them.

This is a very high state of consciousness, and it is the state that every human being is destined to become aware of.

The truth is written within your heart and freedom and independence is necessary for each child of God to follow that still small voice within.

By following this inner guidance, the child of God uses their genius and knowledge to further the will of Divine Providence.

The color is golden, the element is earth so it has the sensation of weight, the musical note is C, and the left side of the nose is formed from it.

A This is the sound of the divine virtue of highest wisdom and enlightenment.

This sound [soft as in a sighahhhhhh] and virtue is an initiation into the highest wisdom and the purity of all ideas.

This has as a fundamental feature the enlightened mind.

Reasoning, perception, the cognition of the most profound truths, highest knowledge, high intelligence, and the arousing of all intellectual faculties are expressed.

Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience, the art of levitation, and the control of the air element and its beings are all aroused by meditating on this virtue.

On the physical plane the command of the beings of the air, control over storms, are all made possible by initiation into the highest wisdom.

The color of wisdom and enlightenment is light blue, the musical note is G, the element is air so it has the sensation of ease, and the lungs are formed from it.

Umlaut A, a transformation through release of imperfections to Divine Being for change into another state that is the highest good of all.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:
Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence. Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician",

gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
