The north node of any chart designates the direction that the entire chart is going.

The full moon occurs early morning in the eastern timezone.

**The direction of this chart and the north node of this full moon is 11
Cancer,**

the heavenly hosts of mystical initiation.

**Please note that on July 2nd this summer the sun and moon conjoined at
this exact point of mystical initiation.**

The Angels of Mystical Initiation

Also known as

**The Angels
 of
*Horomor***

Beloved,

We are heavenly hosts that govern mystical initiations.

**By meditating on the following divine virtues of the letters of our name,
it is possible to understand how mystical initiations are conferred.**

H-O-R-O-M-O-R

**H...We teach the power of the word, the ancient language sometimes
known
as Quaballah,
and reveal how desires, thoughts, emotions and sensations in
meditation
change reality.**

**We initiate seekers how to translate
and use virtues and qualities of Divine Being,
to fully understand symbols,
to use the ancient language**

in deep meditation and mastery of awareness.

Through this virtue, we confer initiation upon those who are
spiritually ready.

Remember that the letter H always represents the virtue of the Power of the Word.

"In the beginning was the Word."

The word is five level awareness of oneness with all, intention, thought, emotion and sensation.

umlaut O, eu and O...We see through the eyes of Love Divine, and see and enliven indwelling Divinity.

We transmute a person's experience of reality into original indwelling Divine Perfection.

We evoke happy, successful situations in the physical world and we empower metaphysical masters.

The letters O and umlaut O, oe, are virtues of Transmutation and Divine Justice and Harmony.

R...We command impeccable service in following inner guidance.

In exchange we confer highly astute discernment , ingenuity, and expand the mind to grasp and apply this information quickly and easily.

The letter R is always the virtue of freedom and independence, of following inner guidance.

umlaut O, eu and O...We are perfect masters of transmutation.

We awaken indwelling Divinity and the awareness of original purity of all divine blueprints that are omnipresent in everything ever created, through the power of seeing through the eyes of Divine Love.

We help develop high powers of judgment and initiate seekers to use the ancient language to manifest any emotional outcome and turn or twist of fate.

This is again the virtues of Transmutation and Divine Justice and Harmony.

M...As masters of the processing of emotions, we understand, control, and teach the change process.

Umlaut O, eu, and O...Through cognition brought about by love divine, all forms and systems of transformation are mastered.

Success and satisfaction manifest on every level, and the mysteries of meta and astrophysics are revealed.

This is again the virtues of Transmutation and Divine Justice and Harmony.

R...We empower our students to acquire deep inner guidance, impeccability, and a number of magical powers.

The musical notes of the letters of our name are A, D-sharp, C, C, D-sharp, C, D, D-sharp, C, and C.

At appropriate times in the spiritual maturing of each Child of Light, initiations occur.

These initiations initiate deep inner guidance from Divine Being and result in higher consciousness.

Omnipresent, omnipotent, omniscient Divine Consciousness creates, sustains and relates to everything.

It does this through cognition brought about by flowing emotions of LOVE DIVINE.

Let's vibrate Love

One individual who
lives and vibrates to the
energy of pure love
and reverence for all of
life will counterbalance
the negativity of
750,000 individuals
who calibrate at the
lower weakening levels.

- Dr. Wayne Dyer

**Therefore, at appropriate times for each person,
this love brings about situations in which transmutation into harmony,
divine perfection and beauty occurs.**

**We inspire the understanding of all mysteries of wisdom from the point
of view of the universe.**

"As above, so below."

Changes in consciousness occur both ways, from the large to the small and from the small to the large, or, in other words, from the universe which is the macrocosm to the human that is microcosm and from the microcosm to the macrocosm.

Initiation works both from the inner to the outer and from the outer to the inner.

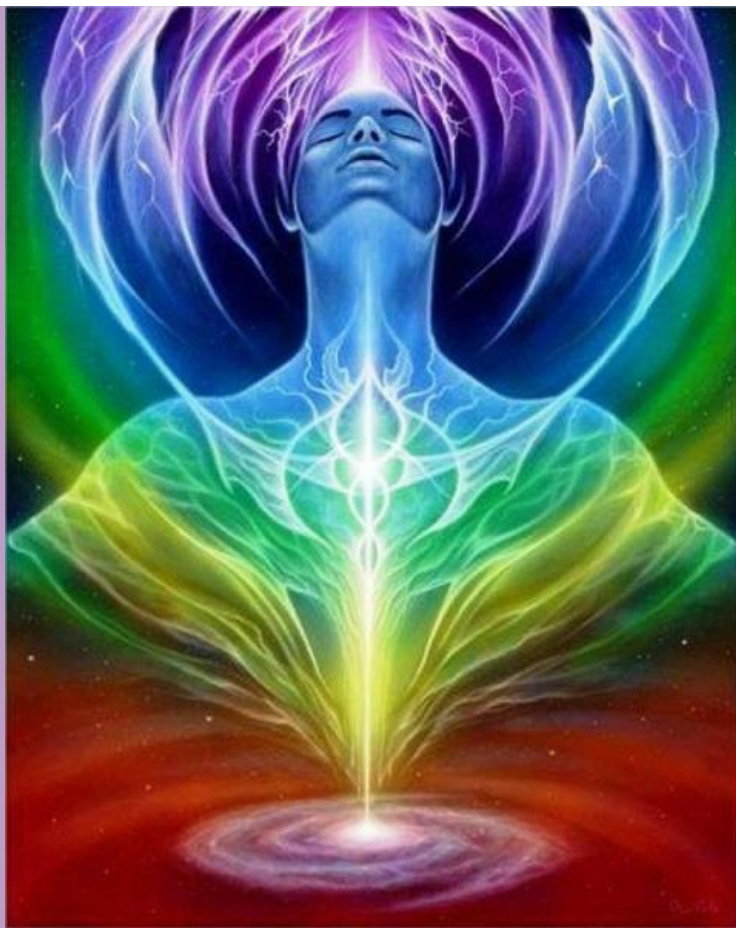

As you remember previously, in doing meditations of the ancient language, in which the attention is placed in the solar plexus and the physical body is imagined as a vast universe swirling all around, a person uses meditation to create changes in the body, emotions, mind and will.

The subconscious mind and the superconscious mind, both process over 400 billion bits of information a second, while the conscious mind processes 4 to 40 bits of information a second.

By meditating in conscious awareness on desired realities in the imagination, including visual images, thoughts, emotions, and sensations, a person is able to consciously send out information into the quantum field to perform miracles.

As you can see, the super and sub conscious minds do the work, while the conscious mind determines what the actual work is.

Through the law of correspondences, the larger universe is changed on these four levels of intention, visualization, emotions and sensations, or fire, air, water and earth.

**As emotions are infused with Omnipotent Omnipresent Omniscient
Loving
Will of Divine Being,
and the divine virtues are made more conscious in personal spiritual
practice
over time,
development proceeds until a most splendid kind of mystical initiation
is attracted!**

**It is at this point that Divine Being Itself ordains a mystical
initiation into higher consciousness.**

**In the mystical initiations that we inspire and protect,
the vast macrocosmic universe creates changes in the smaller
microcosm of the individual.**

**This is usually done through an enlightened being,
who may or may not be in physical embodiment.**

**This being may be the indwelling spirit of vast suns or astronomical
entities.**

**This being is guided by Divine Being to perform the initiation
through powers of awareness of deep meditation.**

**He or she unites in consciousness with the initiate,
and wills, visualizes and feels emotions and sensations of the
transference of
higher consciousness onto the student,
with cognition brought about by Love Divine,
using The Law of One, and whatever of the divine virtues that
inner guidance prompts.**

"Ask and ye shall receive."

**As one goes through this initiation, powerful intentions,
visualizations, EMOTIONS, and sensations of Divine Universal
Awareness**

are transferred from the teacher to the initiate.

**This attracts amazing and beautiful physical changes to the initiate's
blood and chemistry
as the initiate's glandular system reacts to these strong divine
emotions.**

**Powerful changes in consciousness results,
leading to higher skill and understanding of metaphysics and
astrophysics.**

MIRACLES

**In all circumstances, personal or collective,
we inspire the children of divine being, in this and all other realms,
to understand and use The Law of One,
which is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

*and I am one with all there is;
I ask that THE HIGHEST GOOD OF ALL concerned happen.
I give thanks that this is done.*

SO BE IT!

So it is.

THE 14TH DAY OF THE 28 DAY MOON CYCLE

FULL MOON

The Angels of Moon Magic

**Also known as
The Moon Angels**

of

Ezhobar

Beloved,

When emotions run at full power, magnetic attraction peaks.

Remember,
magnetic attraction, caused by strong feelings, attracts changes in matter.

That is why tangible feelings of divine happiness are so important.

It is also why we help the children of divine being remember,
intuitively,
all that has been so carefully learned throughout lifetimes,
in the infinities of time,
that the soul has experienced in beingness.

These lessons, or experiences,
help a person to see through eyes of love,
and in this way bring about justice and harmony for all.

We help each person experience oneness with all life,
so that only the highest good of all concerned is desired.

Emotions attract particular realities out of infinite potentialities,
that correspond to their frequencies, and manifest thereby specific physical worlds.

During the time of a full moon, emotions are at their most powerful,
so manifesting changes on the physical plane is easier at this time.

This is why it is so important to attune emotions to the highest frequency possible,
by healing negative ones and aligning with highest will and thoughts with their corresponding feelings.

Polarity is a fact of creation on all levels and emotions have polarity.

By mastering polarity in the emotions, all things are possible, including levitation of self, others, and objects.

The key is mastery of whole brain concentration on the four levels of being,
simultaneously, while feeling powerful emotions.

The level of Delta brainwaves allows a person to feel oneness with the unified field of energy,
oneness with Divine Consciousness and with all life.

At the end of the spectrum of Delta brainwaves,
INTENT or WILL is generated for manifesting a divine virtue for the benefit of the unified field.

This is the level of electrical energy.

The stronger the WILL, the larger will be the mold that is created on the next level, which is thought.

At the level of Theta brainwaves, a person contemplates the MEANING of a divine virtue that is being generated.

Clear and precise intellectual understanding of the divine virtue creates a blueprint,

or mold that will be filled on the next level with magnetic feeling energy.

The next level, Alpha brainwaves, is the level of EMOTION.

Strength of EMOTION determines the strength of the magnetic power generated to fill the mold that was created on the previous level.

When the mold, or blueprint is filled, it manifests on the next level, which is the level of form or matter.

The level of form is comprehended by Beta brainwaves, which register the five senses, memory, language and linear thought.

It is on this level that changes in form are experienced by the five senses and subject to memory,

when they can be remembered at any future time.

During a full moon, a person can align his/her strongest emotions with the most powerful emotional energy of the Unified Field with great ease,

and piggyback personal feeling energy with Divine Feeling Energy.

In this way, the most amazing manifestations in magnetic and physical creation are mastered.

Ideally, in the previous two weeks, divine intention/will, concept/thought, feeling/passion and sensations of desired changes in physical manifestation have been pondered and created.

Now, by feeling these creations with the greatest passion, is the time of ultimate manifestation.

Meditate on the divine virtues associated with the letters of our name, and call on our help, to gain the following:

E-Z-H-O-B-A-R

E... 'We infuse cosmic consciousness and awaken talents and abilities, especially clairvoyance,

and help you understand symbols and the ancient language of Quaballah.

Z... We impart an excellent gift for prophecy, and the ability to see the working of magic in the physical world.

H... We teach all languages of all spheres, and confer power to raise the dead,

and perform miracles using the power of the word according to the meditations of the ancient language.

O... We help you attain acute power of judgment, especially regarding justice and fate.

B... We initiate masters over life and death and the power to change fate.

We also gift magic powers and teach the need for the existence of polarity.

A... We aid development of artistic talents, eloquence, and magic powers like levitation and learning the language of symbols.

R... We cause mind expansion in order to learn new information quickly and easily.

We impart ingenuity that manifests itself in a number of abilities.'

"As above, so below."

**The cycles of the moon are the natural cycles and rhythms of the sea of magnetic energy,
the sea of the emotions of the universe.**

By consciously aligning personal emotions with moon cycles, a state of almost indescribable bliss and well being can be maintained on an

on-going basis.

Periods of quietness at the dark of the moon gives birth to new feelings which grow gracefully into periods of intense excitement and completion at the full of the moon.

The period of passionate completion of the full moon then gradually relaxes into satisfaction and serenity at the end of the cycle, at the dark of the moon, again.

The 28 day cycle of the moon, the dark of the moon waxing to the full moon and the waning back again to the dark of the moon, carefully guides the emotional sea of magnetic energy for all creation, according to impeccable rhythms of harmony and life.

Here is a useful exercise to help master polarity of emotion:

Choose a polarity such as excitement/relaxation.

Close your eyes and feel excitement.

Concentrate fully until your entire being is infused with the feeling of excitement!

Next feel relaxation.

Concentrate fully until your entire being is peaceful and floating, filled with feelings of relaxation.

Now feel excitement again!

Feel it fully, taking your time to work up to full awareness of its power!

Now feel relaxation again, feel it until you merge fully into peaceful, calm, quiet, being.

Now remain in a state of relaxation WHILE AT THE SAME TIME FEELING EXCITEMENT!

Feel these two feelings AT THE SAME TIME!

This exercise enhances wholebrain awareness.

It becomes effortless with practice.

**This is useful to master any polarity such as acceptance/rejection,
joy/sadness, confidence/fear, etc.**

On the 14th day of every 28-Day Moon Cycle,

we flood the earth with powerful feelings to manifest miracles.
