The Angels of Miraculous Rescue

Also known as

**The Angels
of**

Schaluach

Beloved,

**As people refuse to accept the unacceptable,
and instead turn to Divine Providence for
redress,
we inspire wonderful changes
that make what has seemed impossible possible.**

Divine Providence often ordains that dire and impossible situations are remedied.

In conditions that seem hopeless and irreversible,
REMEMBER THE STORY
OF LAZARUS
ALREADY DEAD AND ENTOMBED FOR SEVERAL DAYS,
WHO WAS BROUGHT BACK
TO LIFE
AND
COMPLETE HEALTH.

We are Angels of Miraculous Rescue.

Remember that when one is harmed, all are harmed.

When one is helped, all are helped.

***We help the entire being of God
when we help even the least creature
escape from dire circumstances.***

**We render people advice and assistance by intuition and other means
in even the most difficult situations of life,
where,
under normal conditions,
there is no possibility of escape.**

**We protect and inspire those who desire to turn away from harm
to create The Highest Good of All Concerned
for self and others.**

**The lesson of any time,
when appearances seem most negative,
is to follow the footsteps of masters who have gone before.**

**"Seek ye first the kingdom of heaven
and
all else will be added unto you."**

"The kingdom of heaven is found within."

**"All that I do,
ye shall do, and more."**

**Learn to become one with omnipotent divine will
in meditation,
one with infinite power
for the highest good of all.**

Flow with emotions of omnipotent will for the highest good of all.

Imagine divine perfection manifesting in any situation.

**Meditate on divine virtues such as love and clarity,
and
ask for help from the heavenly hosts.**

**Together, through *The Law of One*,
in meditation unite in consciousness with All That Is,
and accomplish miraculous reversals of fate in dire circumstances.**

We inspire the right remedy in every situation.

**Through the divine virtues of Schaluach,
the highest good of all concerned manifests.**

**When people refuse to accept the unacceptable,
and turn to Divine Providence for redress,
we make the impossible possible.**

**In all countries and in all cultures are accounts
of the incurable healed,
of immanent danger averted,
of miracles that HAVE reversed the seemingly irreversible.**

**These stories, passed down through scripture and legend,
document the POWER OF OMNIPOTENT DIVINE WILL to heal any
situation.**

**The divine virtue of SUPREME AND ABSOLUTE WILL, divine will
that creates the Universe, is the divine virtue of Sch, the first letter of
our name.**

Sch is the divine virtue of the original light and fire.

**When a person meditates on this virtue in being-will-visualization,
thought, feelings, and sensations,
enlightenment of the highest order results.**

**The being-will, mind, feelings, and sensations are flooded with fire and
light of absolute faith.**

**A Child of Light who evokes this letter in the akasha principle will
recognize,
from the akasha principle, the original element of the fire
together with the original light and will acquire the highest form of
enlightenment.**

**Symbolically, the Sch appears as a shining sun in the
akasha principle, with the original fire, as substance,
in its middle and the original light as radiation of the original fire.**

This is also the case in normal creation, where the sun, as original fire, stands for the hottest glow and the radiation of the heat of the sun is assessed as light.

Enlightenment, with mystical faculties such as clairvoyance, is the virtue of A.

The ability to understand the mysteries of life and death, of transformation, of control of negative passions and negative beings, is the divine virtue of umlaut A, ae.

Release and transformation give a Child of Light freedom from clinging to old, no longer useful, states of being, desires, beliefs, feelings, and sensations.

This is done through release, through letting go.

The vitality and equilibrium that comes from all of the divine virtues taken together, the splendor and majesty of Divine Being, is the meaning of letter L.

This virtue awakens true spiritual morality, vitality and youthening.

The ability to create, and know the ongoing effects of this creation, is the divine virtue of letter U of Schaluach.

This virtue gives a Child of Light the ability to go into deepest trance, receive profound inspiration, and create a new fate for self and others, and to see the ongoing results.

Enlightenment and wisdom, the original purity of all ideas in Divine Mind

is again enlivened in a whole brain manner.

**This virtue further awakens mystical faculties such as clairvoyance,
clairaudience,
levitation, eloquence and artistic talent that are necessary in
miraculous rescue.**

**Any imperfections in self or others that must be changed and
transformed
are lovingly done so by releasing them back to Divine Being,
with omnipotent will, for changes into other states that are the highest
good of all concerned.**

**The last letter, the letter Ch, is the virtue of clarity and perfect purity
of flowing feelings that remove all obscurity.**

Call, call on us to intervene.

Call on us with almighty faith.

Call on us to inspire you with this faith.

**We access the greatest creative and victorious power, and we bring it to
bear when called.**

This is the 256th group of angels overseeing the earth.

$2+5+6=13$.

$1+3=4$.

NUMBER FOUR is the perfect number of mastery of creation.

The work of Carl G. Jung emphasized that mandalas with four or a multiple of four spokes (petals) represented complete balance and healing in the four brainwave states.

It is represented by Jupiter.

It represents the four basic elements of fire, air, water and earth.

**It also represents the four directions, the four fundamental features of God,
which are omnipotence, wisdom, love - immortality, and perfect consciousness.**

It is the number of everything that is created in the visible and the invisible worlds.

It is highest wisdom and the number of length, width, height, and depth.

It is represented by a cross with arms of equal length, or by an equilateral quadrangle.

Sch-A-L-U-A-Ch

SchThe S oscillation is the original fire [all penetrating will].
The K oscillation is the original light [omnipotence]. The virtue of
Sch connects both original light and original fire, and thus indicates the
 non-manifestable omnipotence.

The Sch therefore represents the original fire or will principle superior
 to the K and S.

This is the virtue by which Divine Providence creates the first
 outpouring of divine creation.
It is regarded as the highest virtue.

Akasha [consciousness-penetrating-all]: He or she who is able to
 evoke this letter in the akasha principle will recognize, from the akasha
 principle,
 the original element of the fire together with the
 original light and acquire the highest form of
 enlightenment. Symbolically,
 the Sch appears as a shining sun in the
 akasha principle, with the original fire, as substance,
 in its middle and the original light as radiation of the original fire. This
 is also
 the case in normal creation, where the sun, as original fire,
 stands for the hottest glow and the radiation of the heat of the sun is
 assessed as
 light.

Mental: In the mental body, this letter oscillation will bring about the
 highest enlightenment,
 highest spiritualization, which will be
 increased to the point of ecstasy. This ecstasy is a positive form of
 rapture
 and only a little different from the one described by me with
 regard to the oscillation of letter J. The J oscillation has the original
 principle of love and feeling,
 the Sch has the principle of
 the original fire or will. By the Sch oscillation the intellect is somehow
 enlightened,
 no less so is consciousness, so both become more receptive.

Astral [feeling]: In the astral body, the Sch oscillation evokes the
 original state of the manifestation of faith and likewise the ability of
 transmutation
 and perfect mastery over the fire or will element in all
 kingdoms. Since the element of will-power is also identical to this letter
 oscillation
 in the astral world, it also comes to bear therein.

Material: In his or her material body, a person will strengthen his or
 her absolute faith. He or she will learn the mastery of the electrical
 fluid [willpower]
 in all three kingdoms, to a larger extent in the
 material world, and at the same time acquire the faculty of influencing

everything
in the material world by the help of the electrical fluid,
which is flowing willpower, or the fire element, where he or she thinks it
to be necessary.

This is the original masculine force.

This virtue is pure divine will power.

**It has a blazing red color, and the musical note of C.
It is the fire element so it has the sensation of warmth.
The brain is formed from this virtue.**

**A This is the sound of the divine virtue of highest wisdom and
enlightenment.**

**This sound [soft as in a sighahhhhh] and virtue is an initiation
into the highest wisdom and the purity of all ideas.**

**This has as a fundamental feature the enlightened mind. Reasoning,
perception, the cognition of the most profound truths, highest
knowledge,
high intelligence, and the arousing of all intellectual
faculties are expressed. Musical gifts, eloquence, poetic talent,
and clairvoyance, clairaudence, the art of levitation, and the control of
the air element and its beings are all aroused by meditating on this
virtue.**

**On the physical plane the command of the beings of the air,
control over storms, are all made possible by initiation into the highest
wisdom.**

**The color of wisdom and enlightenment is light blue, the musical note
is G, the element is air so it has the sensation of ease, and the lungs are
formed from it.**

**umlaut A, ae The sound of this letter, the long A, in the cosmic
language is the virtue of the origin and mystery of life and death
regarding their transformation.**

**By meditating on this virtue, a child of
God becomes convinced that in reality death does not exist,
for the so-called death is only a transformation from one state into
another.**

**Also will come enlightenment on the cause of this transformation.
With this comes the ability to master all negative spiritual beings in all
spheres and planes
with regard to their scope of action.**

**The purpose for which negative beings have been created becomes
clear.**

**Since, in the original principle all beings are alike, each
having been created by Divine Providence to fulfill a certain task,
there is no dissimulation of negative beings, for from the enlightened
persons point of view everything is pure. Here the saying:
"to the pure one everything is pure" becomes plain. If there were no
negative beings,
it would be impossible to distinguish between good and evil;
and if there were no passions, there would also be no virtues.**

**This virtue confirms the words contained in the Bible: "through night to
light",
the deep symbolic meaning of which now becomes clear.**

**In the intellect the ability is gained to see through all thoughts,
actions and wishes concerning matter, and of becoming their absolute
master.**

**In the feelings, this virtue represents desires, passions,
and the inclination to self-satisfaction etc.**

**A person who masters this virtue
in their feelings becomes absolute master and ruler of all desires and
passions.**

**Also, a person is able to not cling to imperfect mental, emotional, and
material virtues and objects. This means complete independence and
freedom**

and fulfills the saying "bind yourself and you will be free".

**On the material level this virtue is one of the most materialized.
No matter whether you evoke it in the mind, the feelings, the akasha, or
the material world, the earth is influenced by it to a larger extent.
The ability to infuse matter with divine virtues is heightened.**

**The color of this virtue is loamy brown. The musical note is C. The
element is earth so it has the sensation of weight. The anus is formed
from this virtue.**

**L The sound of this letter is the sound of the Divine Virtues all taken
together.**

**This letter represents the highest divine virtues that may be described
by words,
irrespective of whatever sort they may be. This
letter oscillation is used to comprehend the Divine Majesty and the
greatness
of God in the form of the purest virtues.**

**> From this virtue comes the faculty of comprehending true morality
as seen from the highest point of view.**

**This will lead you to the borders
of saintliness. On the feeling level true equilibrium of character occurs
and mastery of flooding the emotions with the highest light is attained.**

**On the physical level you gain perfect health, beauty and harmony
and you become absolute master of your own vitality.**

**It is to be imagined as the color of olive green. The musical note is
F, the element is air, so it has the sensation of ease. The spleen is
formed from this virtue.**

**U The letter U in the cosmic language represents the faculty of
comprehending
the creative act and its relationship to karma.**

**The use of will, which is fire, is the beginning of the creation of
anything.**

**This virtue of understanding the creative act and its ongoing
consequences allows one to use will so that it creates the highest good
of all concerned.**

**It evokes the highest form of intuition and inspiration
and makes possible the understanding of one's own karma and its
modification. It**

**also makes possible the transfer of consciousness
to any state imaginable and this results in states of highest trance.**

**This letter is imagined as shining velvet black and is practiced in the
solar plexus**

and then in the legs and feet. This letter enlivens the pancreas.

**The musical note is B, and it is the element of Akasha,
which has the sensation of God-penetrating-all in meditation.**

A and umlaut A, ae Wisdom and transformation.

**Ch This is the sound of clarity and perfect purity of flowing feelings.
As you know, emotions attract new realities into
manifestation. Flowing feelings of the divine virtues,
and of a visualized improved situation, manifest the desired outcome. A
person
becomes one with this divine virtue in order to penetrate
and heal any situation of confusion or darkness.**

**The color is light violet, the musical note is D-sharp, it has the
sensation of coolness because it is the water element of emotion.
The left leg is formed by this virtue.**

**Remember that in meditating on these letters,
you relax into a state of pure being and unity with Divine Being and all
creation. Now visualize
and feel yourself as a tiny dot located in your own solar plexus.
Imagine your body is an almost infinite universe surrounding you.**

**Meditate on the color, note, sensation, feeling, and meaning of a divine
virtue radiating
out from a tiny sun in the part of the body that
corresponds to its element. The fire element is in the head region,
the air element is in the chest, the water element is in the abdomen
seen as
a hollow space, and the earth element is in the leg region.
See the virtue enlivening the part of the body which is formed from it.**

**When you breathe out, see all of this radiating out of the pores of the
skin
over the part of the body that is formed from the virtue and see it
filling whatever inner guidance directs, up to and including the entire
outer universe.**

**When you breathe in, feel, see, hear, and contemplate all of this
flowing from the outer through the pores of the skin and filling your
entire physical body,
or whatever inner guidance directs. Learn to
breathe all of the divine virtues in this way automatically whenever you
wish to manifest any divine virtue.
KEEP YOUR BREATHING RHYTHM NATURAL,**

**DO NOT DISTURB ITS NATURAL RHYTHM.
DISSOLVE THE LIGHT IN THE BODY WHEN
YOU ARE FINISHED WITH YOUR MEDITATION
SO THAT ELEMENTS IN THE BODY STAY IN BALANCE.**

**As you manifest the divine virtue within your own body through BEING,
will, intellect, feeling, and sensation, you can automatically manifest it
in the outer universe
through the breath and law of correspondences.**

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence. Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician",

gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
