The Angels of Faith and Conviction

Also known as

The Angels of
Sipillipis

Beloved,

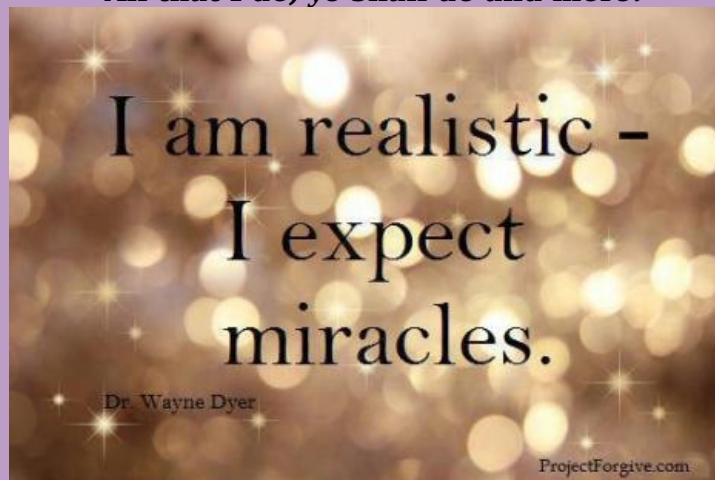

***We are regarded as very special heavenly host
because we teach the power of faith and conviction.***

Once you have acquired these two divine faculties,
you are capable of producing the greatest wonders
in the mental, emotional, and physical world.

We advise you how to reach quickly and safely the power of faith and the
power of conviction.

With faith, all things are possible.

All that I do, ye shall do and more.

We inspire the children of light to remember their divine inheritances
and identities
and
have the faith that can do all things!

The energies coming to Earth, on all levels, are awakening these
ancient and future memories,
the time of Alpha and Omega.

In the past, people often forgot divine realities as they grew out of
infancy.

YOU are a GOD in AMNESIA

**The time is now, when memories are being restored, to
remember divine identities from within
and flow with emotions of oneness
with Divine Universal Consciousness.**

I and the Father are One.

**Experiences of Oneness with Divine Being are becoming as strong in
people of all ages,
as it is in infants,
and as it is in all people each night in deep dreamless sleep.**

**The Delta brainwave of Pure Being
and unity with Divine Being and all creation that is dominant in infancy
and deep dreamless sleep
is becoming accessible to all people.**

**In a state of Pure Being, a person gets into contact with the most subtle
substance of the divine
spirit, i.e., with the original divine fire or willpower which works as
a substantial power in everything that has been created by Divine
Providence.**

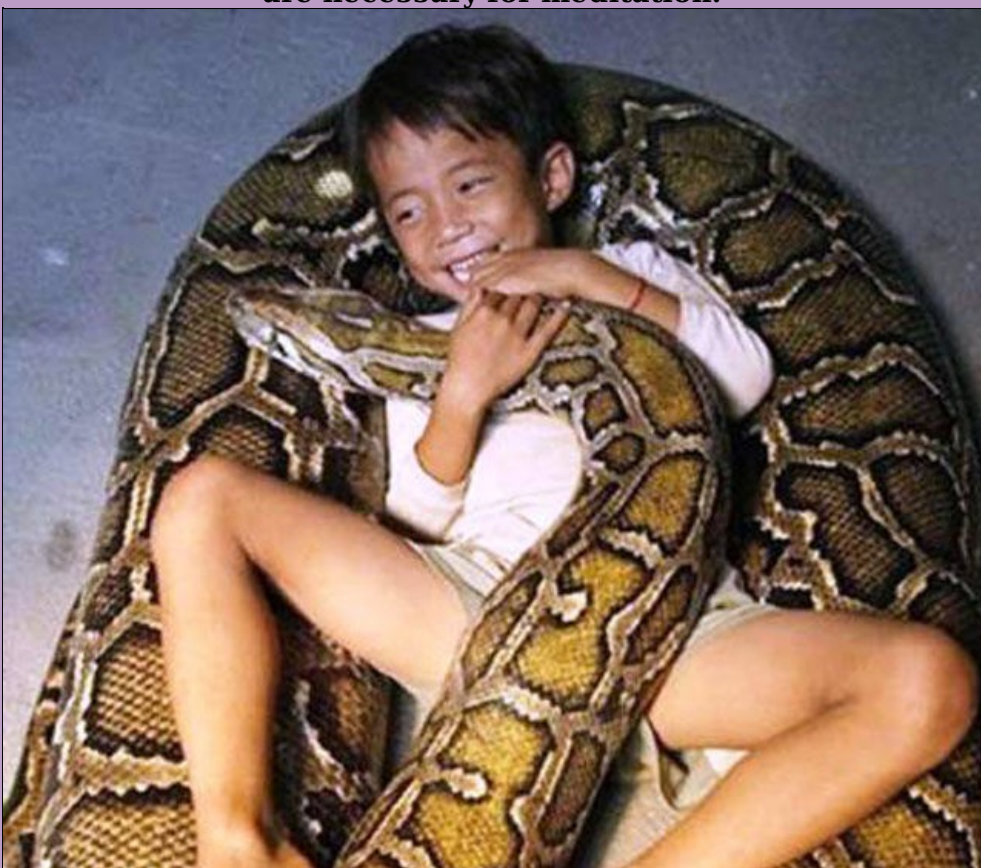

**That is why the body goes through healing each night in the deep
dreamless sleep cycle.**

**All-penetrating-willpower is the divine virtue of the first letter S of our
name Sipillipis.**

Ye must be as little children to enter The Kingdom of God.

Theta brainwave states of deep inner thought, dominant in childhood, are necessary for meditation.

This state requires RELAXATION AND EASE.

More and more, heavenly hosts are manifesting conditions of relaxation, safety, abundance and ease, that enable people to meditate and create *Heaven on Earth*.

In addition, Alpha brainwave states of flowing emotions, dominant in adolescence, are being understood and mastered.

Emotions are the key to manifesting whatever you desire out of the

quantum field of infinite possibilities.
Emotions create magnetism.
Emotions attract new realities into form.

Tangible feelings in the body of absolute faith and conviction have magnetic power to attract any change that is visualized.

Faith and conviction come from a state of oneness with all, so no harm is done.

Visualize the kingdom of heaven on earth for yourself and all others.

Remember that visual images are the language of miracles, and when visual images create corresponding emotions, the new visualized reality manifests.

It is in deep Delta brainwave patterns of Pure Being that OMNIPOTENT and omnipresent DIVINE WILL can be experienced.

**In those states and in deep inner thoughts of Theta, flowing emotions of Alpha,
of FAITH, CONVICTION, and COURAGE, are generated.**

**As each Child of Light reclaims experiences of natural Divine
omnipotent Will and Faith in thoughts, emotions, and sensations,
*omnipotent power to perform miracles are restored
naturally.***

**This ability is never misused, because to access it, all creation is
experienced as one with self,
and naturally love flows with the desire for the highest good of all.**

**This goes hand in hand with divine PURPOSE revealed, so that with
faith
and conviction each person goes about manifesting his or her unique
and perfect contributions
to Heaven-on-Earth in each moment and situation.**

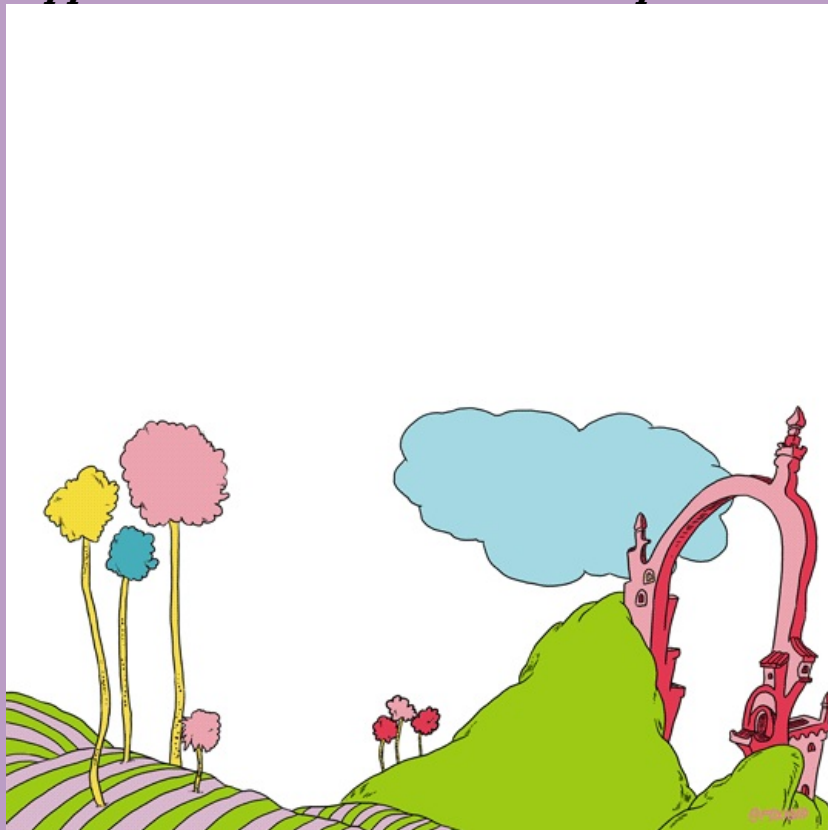

**We inspire mastery of the divine virtue of Cause and Effect, which is the
second letter of our name, the letter I.**

**This virtue enables a person to REMEMBER soul purpose and hear the
voice of inner conscience.**

**This virtue also reveals how to create any effect in the outer world, how
to accomplish any purpose.**

**We inspire people to take time to ask cellular memory to reveal
memories of conception, gestation,
birth, infancy and childhood, to become again the selves that they were
in dominant Delta, Theta and Alpha brainwave states.**

***We inspire healing all emotional woundings
that happened in these times to these parts of the self.***

**We inspire spending ongoing daily times in these states,
carefully healing and integrating their brainwave patterns and abilities
with Beta brainwave
states, which are the post adolescent adult states of memory, logic, and**

the five senses.

In this way whole brain functioning is restored so that divine birthrights are claimed and used.

**This is how a person takes any divine virtue and manifests it
in being-visualization- will, thoughts, emotion, and
sensations to express
dominion over all that is created for the purpose of
spiritual perfection for all.**

**Therefore we inspire meditations, and withdrawing from
outer activities and concerns,
to claim treasures of inner worlds of heavenly
consciousness.**

Lay up for yourselves treasures in Heaven.

**These treasures that are created and found within are uncorruptable
and cannot be lost or stolen.**

**The longing for spiritual perfection, for unification with Divine
Light, causes people to seek to continually create whatever is needed in
each moment**

t to manifest Heaven on Earth.

**This longing is the source of the survival instinct and is the virtue of
letter P.**

It is followed again by Cause and Effect, the letter I.

**The splendor and majesty of Divine Being, the combination of all divine
virtues taken together, gives vitality and equilibrium, youth and
immortality.**

**This is the virtue of the next two letters of our name
Sipillipis, the letter L. This virtue also awakens true spiritual morality.**

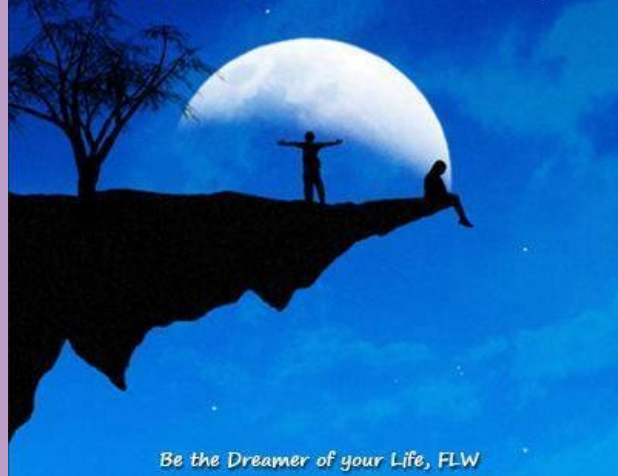

The last enemy to be overcome is death.

**Following the letters L are the same letters, in reversed order,
that you started with. Cause and Effect, the letter I, the longing for
spiritual perfection, the letter P, Cause and Effect,
the letter I, and finally, all-penetrating-omnipotent-willpower, the letter
S.**

**We help people live in the power of faith and conviction, to meditate on
the divine virtues of our name Sipillipis.**

**We work night and day until faith shines like blazing suns from depths
of being.**

The world needs individuals, capable of dreaming the impossible, attracting great ideas, and having the responsibility for believing and committing their lives to them.

Be the Dreamer of your Life, FLW

Real faith in asking for anything, or in performing actions, are visualizing and flowing with feelings that these requests and actions are already done and accomplished through all the divine virtues taken together.

These virtues guarantee that harmony and justice, according to the original purity of all ideas in Divine Mind, happen with maximum efficiency and minimum effort for all.

What has been willed has already been done, completed successfully, on the inner planes of being, will, thought, and emotion.

It must manifest.

Such are the ways of miracles.

When one is helped, all are helped.

With faith all things are possible.

According to the ancient teachings, the first 24 groups of angels govern the elements. The next groups govern the 360 degrees of the zodiac. This is the 257th group of angels overseeing the earth.

$$2+5+7=14. 1+4=5.$$

NUMBER FIVE is the perfect representation of the microcosm, of man in all his phases and forms of existence

*It represents the microcosm in its perfection.
The working of the four elements, ruled by the akasha principle, is represented by five and also expresses the power and the might which is symbolized by Mars.
All active miracles belong to this number and are represented by a pentagon.*

S-I-P-I-L-L-I-P-I-S

S The first step is initiation into ALL-PENETRATING-POWER.

With all-power you get into contact with the most subtle substance of the divine spirit, i.e., with the original divine fire which works as a substantial power in everything that has been created by Divine Providence.

Oneness with all-power gives mastery over the fire principle of desire and will and brings about a state of clairvoyance in its purest form. Complete control over consciousness results from this.

The color of this virtue is purple red, its musical note is G-sharp, it

*is the fire element of will and so it has the sensation of warmth,
and the gall bladder is the part of the body that is formed by it.*

*I All doings and all actions, all life, come under this virtue of
cause and effect. Likewise, the law of the evolution of everything
that has been created is expressed by it.
At the same time, Divine Providence in the most subtle form is manifested in this letter
oscillation.*

*In the alphabet, letter I is the tenth letter and number
ten represents the one as its highest form in the akasha principle,
which is the principle of God-penetrating-all.*

*P This sound is the virtue of the longing for perfection
and the highest spiritual realization.*

*By meditating on this virtue, a child of God awakens increased longing
for unification with the the original light and the divine virtues.*

*The deeper and the more frequently the seeker is penetrated by this virtue,
the deeper will be the feeling of humility, and it is in this
state that is found the greatest and most powerful proximity of divine majesty, of Divine
Providence.*

*This virtue is dark grey, and has the musical note of B. Since it is the
earth element, it has the sensation of weight. The right side of the nose was formed from
this virtue.*

*The desire for perfection is the cause behind learning how to create effects
in the akasha through will, intellect, feeling, and action.*

*I The use of the divine virtue of cause and effect is repeated in a
situation of faith and conviction. It is repeated as many times as inner
guidance prompts.*

*By the I oscillation, the child of God is able to enliven everything as he or she pleases, and
thus master it.*

*At the same time, he or she achieves the spiritual
ability to evoke any remembrance in his or her memory or the memory of some else and,
furthermore, to sharpen or weaken the conscience of a
human being, i.e., the most subtle form of Divine Providence,
depending, in each case, on what the intention is to achieve.*

L The sound of this letter is the sound of the Divine Virtues all taken together.

*This letter represents the highest divine virtues that may be described by words,
irrespective of whatever sort they may be. This
letter oscillation is used to comprehend the Divine Majesty
and the greatness of God in the form of the purest virtues.*

*From this virtue comes the faculty of comprehending true morality as seen from the
highest point of view.*

*This leads to the borders of saintliness.
On the feeling level true equilibrium of character occurs
and mastery of flooding the emotions with the highest light is attained.*

*On the physical level you gain perfect health, beauty and harmony
and you become absolute master of your own vitality.*

*It is to be imagined as the color of olive green. The musical note is
F, the element is air, so it has the sensation of ease. The spleen is formed from this virtue.*

L The divine virtue of the splendor and majesty of God is the true birthright of every child.

We are made in the Image and Likeness of God.

***L** The divine virtue of cause and effect, which gives complete mastery over every level of will, intellect, feeling, and form, is brought through on every level as the desired outcome is attained. In the feelings, this virtue gives control over breath and thereby over life and death.*

***P** The divine virtue of the longing for spiritual perfection in the emotions evokes the longing for the purification, the transformation, of ones character, the longing for mystic equilibrium in will, thought, feeling, and form.*

Furthermore, it evokes the ability to perceive beauty from the universal standpoint as the outcome of perfect harmony.

Only the honestly striving child of God is able to experience the true essence of beauty without being bound by outside appearance, which usually is a relative thing. The sensation of absolute beauty and harmony in their absolute purity and profundity can only be achieved by the mastery of this virtue.

***I** The sound of this letter is the virtue of cause and effect, which is the karma law.*

On the mental level, this is analogous to memory, remembrance and conscience.

In the feeling body, this corresponds to the astral/physical matrix, which is the connection between feeling and physical form, with all of its functions.

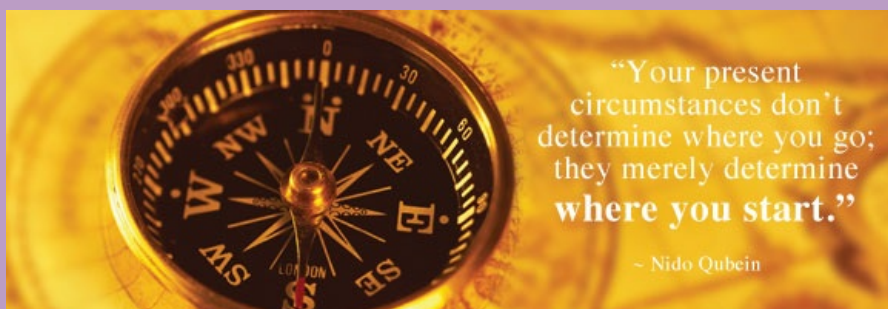

On the material world, everything that has shape, measure, number and weight can be understood and mastered with this virtue.

The color of this virtue is light opal, the musical note is G, the element is earth so it has the sensation of weight, and the left kidney is created by this oscillation.

***S** This divine virtue controls everything regarding enthusiasm and the absolute mastery of the electric flow of will energy.*

On the physical plane this virtue gives complete control of consciousness, of self and others, including humans, elements, and up to the highest angels etc.

MIRACLES

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background

and was compiled by his German publisher from notes written by Franz Bardon.
