The Angels of Natural Medicine

Also known as

The Angels of

Semechle

Beloved,

*Healing waters from springs,
heat baths, saunas and sweatlodges,
also breathing exercises,
sunlight,
fasting,
aromatherapy,
healthy foods and herbs,
and mud baths,*

massage, pressure points, asanas

*[body positions that stimulate flows of energy to different organs and
glands],*

*dance, exercise, chiropractic, acupuncture, urine therapy,
crystal and mineral therapy, emotional healing,*

***and other marvelous natural healing methods are
enlivened by us.***

We initiate you into all methods of natural medicine.

**There are many cures in natural medicine,
which we have yet to reveal.**

Omnipresent Divine Being rejoices each time anyone is healed.

**Herbs, water treatment,
care of the body and emotions and beliefs,
and other methods applied in natural medicine
all fall under our range of competence.**

**By accessing beautiful thoughts that create flowing emotions of divine
states of awareness,
vitality and healing are always available,
because the body produces its own medicines as sacred thoughts and
emotions
trigger powerful chemical responses from glandular centers.**

"As a man believeth in his heart, so is he."

"Thy faith has made thee whole."

**As people embrace the Alpha and the Omega of Heaven on Earth, many
ancient methods of natural healing and medicine are accessed,
as well as new ones that have never been known on Earth before.**

**We inspire the awareness that natural healing power exists
omnipresently everywhere in creation,
and also that Divine vitality of Being
is omnipresent, omnipotent, and omniscient love.**

Love expresses itself through all of creation on every level.

**Through the divine virtues of our name Semechle,
we inspire people who seek cures with natural healing.**

We inspire books and teachers of diverse natural methods.

**Regardless of where a person is, or what circumstances prevail,
there are natural methods of healing available.**

What affects one affects the many.

Like ripples in a pond, when one is helped, all are helped.

**According to the ancient teachings,
the first 24 groups of angels overseeing the earth govern the elements.
The next groups govern the 360 degrees of the zodiac.
This is the 259th group of angels overseeing the earth.**

$$2+5+9=16.$$

$$1+6=7.$$

***NUMBER SEVEN is the number of harmony, fertility, propagation and
growing. It is also the number of love with all its phases, no matter
whether the lowest form of love or the highest cosmic aspect of love.***

***Mercy, benevolence, virtuousness, and happiness are also aspects of
love. It is the number of beauty, purity, and harmony.***

**It is the number of Venus, the seven basic notes,
the seven states of maturity [chackras], and is represented by a septangle.**

**There are various symbols for seven. The colors of the rainbow are also the seven
vibration. Mandalas with seven spokes or multiples of seven carry this vibration.**

S-E-M-E-Ch-L-E

***S*The first step is initiation into ALL-PENETRATING-POWER.**

***With all-power you get into contact with the most subtle substance of the divine spirit,
i.e., with the original divine fire which works as a
substantial power in everything that has been created by Divine Providence.***

***Oneness with all-power gives mastery over the fire principle of
desire and will and brings about a state of clairvoyance in its purest form.
Complete control over consciousness results from this.***

***The color of this virtue is purple red, its musical note is G-sharp, it
is the fire element of will and so it has the sensation of warmth,
and the gall bladder is the part of the body that is formed by it.***

***E*This letter is the sound of universal consciousness, which
represents, as a divine idea and virtue, its omnipresence in everything that has ever been
created.**

***This unites your normal consciousness with the universal consciousness,
with the cosmic consciousness, so that you can attain, in
the akasha principal, omnipresence yourself.
This is known in oriental wisdom as Nirvi-Kalpa-Samadhi.***

***You attain the highest form of intuition in your mental world; you
transfer your consciousness so that there exists no sense of time and space.***

Divinity in His highest form is able to speak through you.

***The most profound mysteries of materialization and dematerialization become obvious to
you
as you master this, everything that is material may be
transferred back into its refined and most subtle form and any idea
can be intensified in such a way that it becomes physically visible.***

***The color of this virtue is deep violet, the musical note is D, the
element is akasha, which has the sensation of God-penetrating-all, and the spine is
formed from it.***

***M**The letter M is the sound of the divine virtue of Emotion, and most specifically love.*

Emotion is the magnetic power of the Universe that attracts energy into form on the material plane.

***Emotion is compressed information.
By changing emotions, it is possible to change physical reality.***

***Everything in nature is formed on the material plane
in response to the magnetic power of specific divine emotions.***

Water is the physical manifestation of emotions.

The human body is predominantly water.

Positive life-affirming emotions attract life into the entire body.

***The color of this virtue is the most beautiful blue-green
imaginable. The musical note is D. The element is water so it has the sensation of coolness.
The abdomen is formed from this virtue.***

***E**By becoming one with Universal Consciousness, which is the
consciousness of God in all things, a healer literally becomes one in consciousness
with the will, intellect, emotions, and form of the person
who is being cured and also one with Universal Mind.*

From this state, not only is the problem known, but also the cure.

Ch This is the sound of clarity and perfect purity.

The color is light violet, the musical note is D-sharp, and it has the sensation of coolness because it is the water element of feeling. The left leg is formed by this virtue.

L The sound of this letter is the sound of the Divine Virtues all taken together.

This letter represents the highest divine virtues that may be described by words, irrespective of whatever sort they may be. This letter oscillation is used to comprehend the Divine Majesty and the greatness of God in the form of the purest virtues.

From this virtue comes the faculty of comprehending true morality as seen from the highest point of view.

This leads to the borders of saintliness.

On the feeling level true equilibrium of character occurs and mastery of flooding the emotions with the highest light is attained.

On the physical level you gain perfect health, beauty and harmony and you become absolute master of your own vitality.

It is to be imagined as the color of olive green. The musical note is F; the element is air, so it has the sensation of ease. The spleen is formed from this virtue.

E By becoming one with the virtue of universal consciousness, the consciousness of the Divine Intelligence in all things, a person who is ill is guided by the indwelling consciousness of everything to whatever brings healing and balance and therefore health.

With this virtue, any idea or quality can be intensified into materialization.

MIRACLES

**"Manifold laws made by human consciousness fall away one by one as
my
one true law, that of love, replaces the fragmentation inherent in
earthbound codes."**

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION,

ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Feel free to share these messages.

**The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

**We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.**
