The Angels of Hydrotherapy

Also known as

The Angels of

Anadi

Beloved,

**There are many methods of hydrotherapy,
which so far have remained unrevealed,
which we entrust to whoever sincerely seeks help.**

**We are specialists in hydrotherapy,
the art of healing with water.**

**The human body on a molecular level is said to be ninety nine percent water.
The earth is said to be eighty percent water.**

**In computer science it has been discovered
that water holds immense amounts of information.**

**Now is the time of the long awaited Alpha and the Omega,
the time of Heaven on Earth.**

**Cosmic particles and waves from space shower the earth with biological energy,
ancient in origin,
to awaken dna codes of divinity,
virtues for healing and blessings.**

**In this way the waters of Earth are continually cleansed
and charged with divine beauty.**

**We inspire wisdom of how to remove the causes of diseases by thermic stimulants
and how to create the dispositions of harmony and health in the human body.**

**Like the Angels of Megalogi, 30 degrees Libra,
we are responsible for all methods of water treatment.**

**We teach how to use the electric energy of will-visualization
and the magnetic energy of emotion and sensation,
to charge and enliven water for treating the most various diseases.**

**By meditating on the divine virtues that we represent,
and calling on our help, we join with you in consciousness.**

**Charging water is successfully achieved with strong flowing emotions of
divine virtues,
especially emotions of wisdom, transformation and
supreme happiness.**

**Enlightenment recognizes, then releases any imperfections for
transformation.**

**Enlightenment, and alignment with divine will for the highest good of
all,
combines with flowing divine emotions to manifest any intention to
create a loving reality.**

**Clear thought, transformation and supreme happiness are the divine
virtues of A and umlaut A and N of our name**

**Because emotions contain compressed information,
the original purity of all ideas in Divine Mind
are in this case compressed into emotions of Supreme Happiness,
and then used to create loving new realities.**

Emotions of transmutation, the divine virtue of umlaut A, ae, are emotions of letting go of negative energies for changes into other states that are the highest good of all.

This makes room for creations of the highest perfection to occur.

The letter D is the divine virtue of the mysteries of love to create. This virtue reveals how each person has incarnated to create unique situations of Heaven on Earth.

**We, and the heavenly host of Megalogi,
have been given the responsibility to inspire and teach how to send
divine intentions,
thoughts, emotions, and sensations into bodies of water
and to the elemental beings of water, the undines.**

**It is also important to permeate,
with divine intentions, visions, and emotions,
the waters in your own body temples,
as well as with streams, rivers, lakes, springs, oceans, and
underground aquifers.**

**The earth is approximately 80 percent water,
and so is the human body and the bodies of most mammals.**

Create divine love in these living waters!

**We help people with the divine virtue of Cause and Effect,
the virtue of the last letter of our name, the letter I.**

**When you pray and meditate, we ask you to call forth Divine Virtues to
impregnate waters and bless the animals who live in the waters
and the undines who are the spirits of the waters.**

**As people do this, waters take on miraculous Divine Healing energies to
enliven and bless all life.**

"On Earth as it is in Heaven."

This is the 262nd group of angels overseeing the earth.

$$2+6+2=10.$$

NUMBER ONE is the first number in the universe and represents the highest form, which is God Himself.

The manifested light and everything that was made of it is God in His Oneness.

Whenever the Deity is to be identified, this is done by number one.

One means highest cognition, highest unity, and highest wisdom.

All evolution starts with this number.

It is represented by a dot.

The middle of flowers represents the Oneness of God.

One is represented by the center of the mandala.

NUMBER TEN is the last number. It is the reflection of number one in its roughest form.

Ten is the number of physical matter, the number of realization.

Ten is called "The Kingdom "in Hebrew Quabbalah.

The human body is subject to number ten, and so also is the mineral, vegetable, and animal kingdom, and everything that is perceived by the five senses.

Its symbol is a circle with a cross consisting of eight arms in its middle, contrary to number one which is usually symbolized by a dot or a circle as the sign of infinity. Ten can also be represented by a square with a circle drawn in its middle.

Ten is the starting point on the way to God.

A-N-A-D-I

A*This is the sound of the divine virtue of highest wisdom and enlightenment.*

This sound [soft as in a sighahhhhh] and virtue is an initiation into the highest wisdom and the purity of all ideas.

This has as a fundamental feature the enlightened mind.

Reasoning, perception, the cognition of the most profound truths, highest knowledge, high intelligence, and the arousing of all intellectual faculties are expressed.

Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudence, the art of levitation, and the control of the air element and its beings are all aroused by meditating on this virtue.

On the physical plane the command of the beings of the air, control over storms, are all made possible by initiation into the highest wisdom.

The color of wisdom and enlightenment is light blue, the musical note is G, the element is air so it has the sensation of ease, and the lungs are formed from it.

Umlaut A, aethe mysteries of life and death and transformation. The release of imperfections back to Divine Being for transformation into other states that are the highest good of all concerned. See below.

N*This sound is the sound of supreme happiness and fulfillment beyond words to describe.*

The purpose of enlivening water is to bless everyone with happiness and perfect health.

This virtue gives control over the mental matrix, which is the spiritual bonding material that connects the emotional body to the mental body, i.e., to the spirit.

The mastery of this virtue reveals to the child of God all the mysteries relating to the mind and the emotions and bestows the ability to comprehend, see, sense and control, the mental matrix with its sphere of action,

either in regard of self or others.

On a physical plane, this virtue gives mastery over the principle of cohesion or coherence, gravity and the attractive power of everything material.

The color is dark red, the musical note is A, it is of the water element of feeling so it has a cool sensation. The liver is formed from this virtue.

*A wisdom and enlightenment,
the original purity of all ideas in Divine Mind, mystical faculties and artistic talent.*

Umlaut A, aeThe sound of this letter, the long A, in the cosmic language is the virtue of the origin and mystery of life and death regarding their transformation.

*By meditating on this virtue, a child of
God becomes convinced that in reality death does not exist,
for the so-called death is only a transformation from one state into another.*

*Also will come enlightenment on the cause of this transformation.
With this comes the ability to master all negative spiritual beings
in all spheres and planes with regard to their scope of action.*

The purpose for which negative beings have been created becomes clear.

*Since, in the original principle all beings are alike, each
having been created by Divine Providence to fulfill a certain task,
there is no dissimulation of negative beings, for from the enlightened
persons point of view everything is pure. Here the saying:
"to the pure one everything is pure" becomes plain.*

*If there were no negative beings,
it would be impossible to distinguish between good and evil;
and if there were no passions, there would also be no virtues.*

*This virtue confirms the words contained in the Bible: "through night to light",
the deep symbolic meaning of which now becomes clear.*

*In the intellect the ability is gained to see through all thoughts, actions and wishes
concerning matter,
and of becoming their absolute master.*

In the feelings, this virtue represents desires, passions, and the inclination to self-

satisfaction etc.

*A person who masters this virtue
in their feelings becomes absolute master and ruler of all desires and passions.*

*Also, a person is able to not cling to imperfect mental, emotional, and material virtues
and objects.*

*This means complete independence and freedom and fulfills the saying "bind yourself and
you will be free".*

*On the material level this virtue is one of the most materialized.
No matter whether you evoke it in the mind, the feelings, the akasha, or
the material world, the earth is influenced by it to a larger extent.
The ability to infuse matter with divine virtues is heightened.*

*The color of this virtue is loamy brown. The musical note is C. The
element is earth so it has the sensation of weight. The anus is formed from this virtue.*

*D This letter is the sound of the virtue of the mastery of the
mysteries of creation. Mastering this virtue gives the understanding that the same laws
apply
to the microcosm and the macrocosm.*

As above, so below.

*By meditating on this virtue the highest wisdom is gained in regard to
creation in both the inner and outer worlds, in the personal inner universe and the outer
universes.*

*In the intellect a person attains the profoundest cognition with regard to the ego-
consciousness.
I and the Father are One.*

*In the emotions, the understanding of love in all of its aspects is
perfected. Love is the greatest power, and with love all can be healed and transmuted.*

*On the material plane the mastery of fertility and everything that has to do with
procreation is attained.*

*The color of this virtue is dark blue. The musical note is C. The element
is Fire so it has the sensation of warmth and heat. The right ear is created from this virtue.*

I The sound of this letter is the virtue of cause and effect, which is the karma law.

On the mental level, this is analogous to memory, remembrance and conscience.

*In the feeling body, this corresponds to the astral/physical matrix,
which is the connection between feeling and physical form, with all of its functions.*

*On the material world, everything that has shape, measure, number and weight
can be understood and mastered with this virtue.*

*The color of this virtue is light opal, the musical note is G, the
element is earth so it has the sensation of weight, and the left kidney is created by this
oscillation.*

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence. Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Love brings miracles of happiness.

The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.

SO BE IT!
