[PDF version](#)

A person with a backpack is walking on a snowy mountain path at sunset. The sun is low on the horizon, casting a warm glow over the scene. The person is silhouetted against the bright light of the setting sun. The sky is a mix of orange, yellow, and blue. The ground is covered in snow.

There are hundreds of paths up the mountain, all leading to the same place, so it doesn't matter which path you take. The only person wasting time is the one who runs around the mountain, telling everyone that his or her path is wrong.

**2 degrees Sagittarius**

## **The Angels of Fire and Water**

**Also known as**

**The Angels of**

**Myrmo**

**Beloved,**

**Align will and emotion to harmlessness to all, and seek to use the diverse gifts of consciousness for the highest good of all concerned.**

**As this is done, much more is revealed by the heavenly**

**hosts.**

**Remember that on the material plane,  
fire and heat  
are analogous to masculine creative electrical energy of  
Divine Being  
that expresses through will and visualization.**

**Water and liquids on the material plane are analogous to  
feminine magnetic  
flowing emotions, receptivity, change and attraction.**

**Wisdom is always a combination of these two,  
divine will and divine love, electricity and magnetism.**

***Wisdom unites male and female energy.***

*The four mutable signs of Sagittarius,  
Gemini,  
Pisces  
and Virgo  
are step down transformers of the wisdom of Neptune.*

*Sagittarius reveals wisdom of will.*

*Gemini reveals wisdom of mind.*

*Pisces reveals wisdom of emotion.  
Virgo reveals wisdom of the earth.*

*In the seven spinning vortexes and glandular centers along the spine,  
called chackras,  
the male or fire principle is dominant in the crown,  
throat, upper abdomen, and base.*

*The sixth, or third eye center,  
the heart,  
and the second chackra of relationships  
are dominant of the water feminine principle of attraction.*

**In all cases, male is omnipotent will for the highest good of all  
and thoughts that come from this will,  
and female is flowing emotions of Divine Virtues and Love  
and results that are attracted by these emotions.**

**These two elements of fire and water,  
of electricity and magnetism,  
come together on all four levels of creation,  
in rhythmic ways,  
giving birth to manifestation.**

***We teach,  
through the divine virtues of our name Myrmo,  
about joining fire and liquid together  
to create on both subtle and physical levels.***

***Fire is divine will and thought.  
Fire burns on the plane of will and mind.***

***Liquid is flowing divine emotions.***

*Emotions flow on the astral plane.*

*Liquid is also flowing water.*

*Water flows on the physical plane.*

*In addition to creating on subtle levels,  
we inspire the use of steam and vaporization,  
on the physical levels,  
for many purposes that are the highest good of all  
concerned.*

**Remember that  
Sagittarius is DIVINE WISDOM  
working through WILL,  
the element of fire.**

**As deeper mastery of male and female,  
fire and water,  
electricity and magnetism,  
on levels of being, will, mind, emotions, and sensations,  
become clear,  
then inspirations for inventions  
using fire and water in the worlds of energy and form also become  
clear.**

**CERTAIN PRINCIPLES behind the making of the philosopher's stone  
become obvious.**

**From the time of early civilizations long past  
we have revealed to mankind uses of steam.**

**Steam engines allowed travel over great distances in  
recent history.**

**Inventions of the future will reveal more wonders  
that result from combining fire and liquids.**

**We inspire inventors to use steam with all of its diverse possibilities.**

**Everything from the most modern steam engine to the  
vaporization of liquids for manifold purposes, falls under our  
jurisdiction in the Divine Scheme.**

**As you float in far reaches of space in journeys to come,  
our gifts of using heat to vaporize liquids will bring comfort and  
blessings.**

**M is the virtue of divine magnetism,**

of emotions, life, sensation, change, water, and flowing.

**Y** is the virtue of divine rhythms and cycles of life.

**R** is the virtue of following inner guidance.

**M** is activated again and then umlaut **O**, **eu**,  
which is transmutation caused by seeing through the eyes of love  
and **O**, which is divine justice and harmony.

Umlaut **O**, **oe**, is cognition brought about by love divine  
that reveals indwelling divinity and enlivens it to manifest.  
This is transmutation into divine perfection.

Transmutation then creates justice and harmony, the virtue of **O**.

***Align will and emotion to harmlessness to all,  
and seek to use the diverse gifts of consciousness  
for the highest good of all concerned,  
then much more is revealed by the heavenly hosts.***

*The first 24 groups of angels overseeing the earth govern the elements.  
The next groups govern the 360 degrees of the zodiac.  
This is the 266th group of angels overseeing the earth.*

$$2+6+6=14.$$

$$1+4=5.$$

**NUMBER FIVE** is the perfect representation of the microcosm,  
of man in all his phases and forms of existence.

*It represents the microcosm in its perfection.*

*The working of the four elements, ruled by the akasha principle,  
is represented by five and also expresses the power and the  
might, which is symbolized by Mars.*

*All active miracles belong to this number and are represented by a pentagon.*

**M-Y-R-M-O**

**M** The sound of the letter **M** is the sound of the divine virtue of emotions.  
This virtue is the magnetic power of the Universe that attracts energy into form on the  
material plane.

*Everything in nature is attracted into forms through the  
magnetic power of specific frequencies of emotion.*

*That is why it is so important for emotions to be joyful.*

*Emotions are analogous to the element of water.*

*Water is the material manifestation of emotions.*

*The color of this virtue is the most beautiful blue-green imaginable. The  
musical note is **D**. The element is water so it has the sensation of coolness.  
The abdomen is formed from this virtue.*

**Y** This letter represents the true origin of the rhythm of life and its relations.  
This virtue has influenced the law of evolution from the  
beginning of creation towards its perfection.

*Since this virtue is difficult to grasp, only the experienced student who has reached this  
point in scientific work  
will succeed in fully comprehending and mastering  
the original rhythms of life and the laws of harmony-legality.*

*In the mind this virtue brings about the faculty of profoundest cosmic intuition  
and inspiration which, at the same time, may be  
regarded as the gift for absolute devotion to,  
and deepest love for, Divine Providence.*

*In the emotions, this virtue imparts an excellent aptitude for prophecy  
that will exclude any possibility of mistake.*

*In the material level, this virtue leads to the ability to explore, comprehend and apply  
the absolute influence of the akasha principle,  
which is Consciousness-penetrating-all, on the material world*

*with regard to all forms and bodies in the mineral, vegetable, animal and human kingdoms.*

*At the same time, the faculty of making emotional and material objects invisible is also achieved by the help of this virtue, for whoever recognizes and masters the akasha principle in the material world in all forms of existence is able to change the grade of condensation in our material world at will.*

*Thus dematerialization and materialization of a body is possible at any distance and within a few moments.*

*The ability to bridge over time and space not only mentally and emotionally but also materially is gained.*

*Many of the miracles cited in the Bible give evidence of this.*

*The color of this virtue is pink, and the musical note is C-sharp. It is the element of etheric- earth-penetrating-everything. The heart is formed from this virtue.*

*R The sound of the letter R is the divine virtue of becoming the master and guardian of freedom and independence. It is this virtue that is used by each child of Divine Being who listens to and follows their own inner voice of guidance. This inner guidance is a person's unmistakable link with the Universal Mind of Divine Providence that lives and moves in all space and time and beyond.*

*In this state of freedom and independence there is the feeling of freedom of any pressing burden of the laws, for by the mastery of all the preceding virtues you have achieved a state of maturity by which this feeling of independence has been transformed into an absolute state of security and unimpeachability.*

*This comes from the realization of the harmony and perfection of all divine laws and the identification and love of them so intensely that they have actually become merged with oneself.*

*In this case you are the personification and representation of the divine laws and they will serve you, and your sense of freedom will derive from them rather than in spite of them.*

*The color of this virtue is golden; the musical note is C. The element is earth so it has the sensation of weight. The left side of the nose is formed from it.*

*M In the material world the oscillation of letter M bestows on a child of God the power of controlling the fluid principle in the whole world, i.e., in the micro-as well as the macrocosm.*

*Not only is a person able to comprehend, with his/her consciousness, everything fluid in its original principle, but he/she is also made absolute master of it.*

*This faculty, when acquired by meditating on this oscillation, also makes him/her master of magnetism and everything that is connected with it.*

*Thus, for instance, he/she may control the laws of gravitation, and many other things.*

*Umlaut O, eu,*

***Akasha:In the principle of consciousness penetrating all, the umlaut O oscillation evokes the most profound cognition which can only be brought about by love divine.***

***By the help of this a person gets to know all the possibilities of transformation of the spirit, all the systems and ways serving this end, and all knowledge concerning transformation in all other fields. He/she is informed about everything that, deriving from the act of creation, had to pass through all the mode of transformation to be reunited.***

***A person must attain all the faculties that are offered by this profound cognition made possible by Love Divine, in the principle of consciousness-penetrating-all, and must make use of all possibilities, in order to get convinced that they cannot be described by words, by must be experienced, lived through.***

***I have mentioned the letters umlaut A and umlaut O as the last ones in this series of exercises, because by the help of their virtues one is able to comprehend, from the principle of consciousness-penetrating-all, the crown of all wisdom in the micro- and macrocosms, from the act of creation to the present state of evolution, and even to the final development.***

***Mental:Evoked in the intellect, the virtue of profound cognition brought about by love divine gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.***

***Astral/ emotional level:In the emotions, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her.***

***Apart from this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.***

***Material:When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.***

***A person is taught the true preparation and charging of the philosophers stone in the physical sense.He/she can influence, at will, any oscillationatomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her.***

***Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired.***

***By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.***

***Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything. The ovaries and testicles are formed from this virtue of the profound cognition brought about by Love Divine. In healing, heal the left ovary first and then the right one.***

***OJustice and harmony, success and satisfaction for all. Reveals astro and metaphysics.***

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.  
Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.  
The being and the angels share the same name.  
This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon. Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.  
These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.  
Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
