The beauty of food as medicine is
that the choice to heal and
promote health can begin as soon
as the next meal.

The Angels of Fruit

Also known as

The Angels of

Kathim

Beloved,

**We are the heavenly host that serve the highest good
by controlling all fruits of the earth.**

*Fruits are gifts of Divine Being
unto all creation,*

and are perfected organic results of fire and water.

**The fire of the sun,
and the waters,
and earth,
combine through the mysteries of plant consciousness,
into the most delicious of foods.**

**In deep meditation on original divine will and thoughts of creation,
awareness of the eating of fruit becomes a ceremonial experience,
it becomes a sacrament on the deepest organic level of being.**

***Fruits are gifts of Divine Being unto all
creation,
and are perfected organic results of fire and
water.***

**Without mankind knowing it, we inspired people to not only eat
fruit in its natural state,
i.e. at the moment of its becoming ripe, but also
to be blessed with the gifts of nature when nature rests and when
no fruits can be harvested.**

**We inspired the drying of fruits, and later the cooking and
conserving of them.**

Then people began to work them up into jams and juices.

**Our reservoir of recipes and novelties in the utilization of fruits is
almost unlimited.**

**Remember that the experience of meditation brings about
attunement
with original divine will for the highest good of all.**

In meditation a person relaxes into states of pure being

and unity with Divine Being and all creation and joy.

**>From this comes desires for the highest good of all concerned,
and emotions of love and other divine virtues flow.**

**From the magnetic energy thus created and shared,
you can rest assured that outcomes are sweet and nourishing to
spirit, soul and form
and to the entire continuum of life.**

**As this occurs, as emotions become beautiful,
people bring forth sweet fruits on every level in everything they
create.**

**In this way causes create effects that out picture original divine
blueprints of Heaven on Earth.**

People create sweetness!

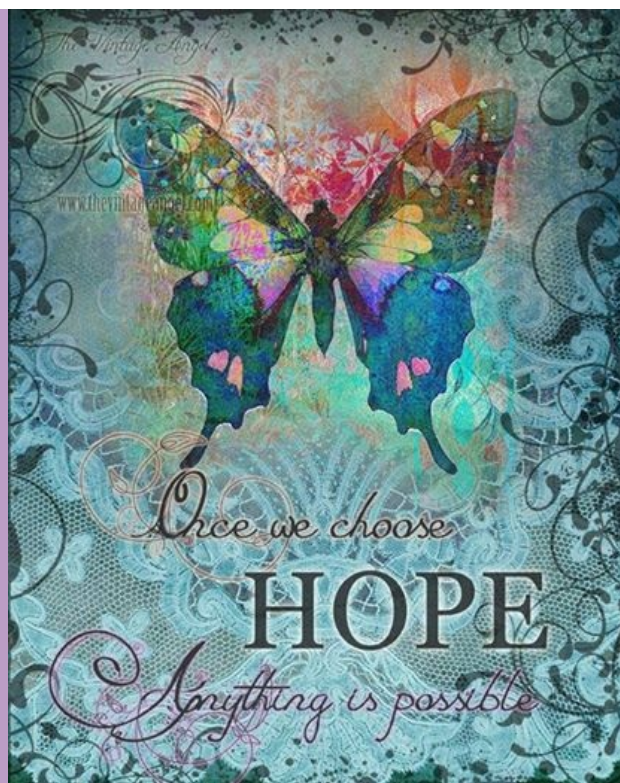

**Thus they join in with the plant kingdom in bringing
forth
sweetest fruits manifesting the Kingdom of Heaven.**

**The beginning letter of our name, K, is omnipotent will for the
highest good of all as a divine quality.**

Will is fire.

**The last letter of our name, M, is feelings, emotion, fluidity and
change.**

Emotions are water.

**In between these two divine virtues of will and emotions
are the virtues of wisdom and enlightenment letter A,
transformation, letter umlaut A, ae,
high inspiration, letter T,
The Power of the Word, letter H,
and the law of cause and effect, letter I.**

**Every impulse of will and every passing emotion creates outcomes
on every level,
especially the physical level.
This is the law of cause and effect.**

**Mastery of will and emotions is of the utmost importance in
creating Heavenly realities.**

**Knowing how to heal imperfect desires of the fire element and
painful emotions of the water element
are necessary on the path of spiritual perfection.**

**This is done through releasing whatever is not the highest good of
all for transformation
and seeing underlying divine perfection
through the eyes of love.**

"As a man believeth, so is he."

**When we believe in the indwelling divine presence of everything in
creation
instead of outward appearances of imperfection,
our belief becomes
a self fulfilling prophecy,
it is a key to the process of transmutation into perfection.**

**Transformation on the emotional level is accomplished
through allowing painful emotions to flow
and change
in an atmosphere
of loving empathy and validation
for those parts of the self that have been wounded.**

Emotions contain compressed information.

**As painful emotions are healed through unconditional love and understanding
and forgiveness and gratitude for the wisdom gained from them,
they change,
and
as they change and become positive,
negative desires also change and become life giving once again.**

**When formerly suppressed wounded emotions are allowed to flow
with deep empathy,
deep lessons about life contained within them are discovered and
integrated within the soul.
Even the most powerful person will understand through personal
experience
the necessity for harmlessness and love.**

**To realize harmlessness in a deep personal way is why the higher
self allowed
personal experience of painful situations,
usually at a very young, helpless and innocent age,
to happen in the first place.**

**By personally experiencing the lack of love and nurturance on an
emotional level
during a stage of trust and innocence,
a soul
realizes that this is unacceptable,
and desires a new reality of omnipotent, omniscient, and
omnipresent love.**

**When this information is absorbed,
painful emotions naturally change into positive divine ones once
again.**

**Then the soul no longer uses its beingness to create negative
realities through wounded emotions.**

**Remember that emotions of happiness and joy
are the natural state of the Children of Light.**

**Once painful emotions are experienced, and their causes are
understood,
much is learned so that mistakes are no longer made.**

**The oneness of all life becomes understood on such deep personal
levels
that all harm is avoided, for self or others.**

**It bears repeating again that for the purpose of learning these
lessons of harmlessness
through personal experience,
it is important to let any painful emotions
flow with love and gratitude when they come up instead of
bypassing them, making them go away with medications,
distractions, or any forms of dissociation.**

**As this skill is perfected, flowing healed emotions of joy within the
children of light
affect the plant kingdom that then more powerfully produce healing
substances.**

**When planting seeds, the ancients taught to hold the seed in the
mouth for 9 minutes, soaking it in saliva.**

The seed absorbs information about the body from the saliva and incorporates this information into its own DNA.

**Now it can produce healing elements for that person to bring
sweetness and harmony
to the body in the fruit it produces.**

**A person then uses The Power of the Word in being, will, thought,
emotions, and sensations
to further charge and consecrate plants and fruit with divine
virtues
so the body later receives ultimate life force from eating the fruit.**

**Remember that wisdom is the proper blending
of divine male and female, fire and water, will and emotions.**

At this time of The Alpha and The Omega, people gain wisdom.

**They learn how to heal wounded emotions through loving empathy
for self and for others
and apply divine will and joyful emotions to the plant kingdom for
healing and sweet food.**

**It is time to scientifically understand powers inherent in love and
forgiveness of self and others to heal,
transform, and transmute everything
in creation, including food.**

**We inspire the children of love to use will and emotions to create
and harvest good fruits of Heaven on Earth.**

**In Heaven on Earth, children from conception on learn from their
parents and their society that all good manifestations result from
masterful conscious use
of divine will and joyful emotions.**

**The first 24 groups of angels overseeing the earth govern the elements.
The next groups govern the 360 degrees of the zodiac. This is the 267th group
of angels overseeing the earth.**

**NUMBER SIX represents the macrocosm in its perfection.
It is represented by an equilateral hexagram.**

This is the number of man when he finally reaches that state of enlightenment in which he is one with God.

Jesus referred to this number when he said, "I and the Father are One."

The lower triangle of the hexagram denotes, in the mystical sense, man with his three dimensional aspect of body, soul and spirit.

The upper triangle of the hexagram points to the three-dimensional unification and influence of divine power and virtues in the mental, feeling, and physical worlds.

Number six represents the sun and all spherical miracles.

Footnotes

**The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:
Judaism, Islam, and Christianity.**

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon. Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician",

gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

THE LAW OF ONE
We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.
SO BE IT!
So it is.
