The Angels of Good Fortune

Also known as

The Angels of

Asinel

Beloved,

*To inspire and bring about good luck
is our pleasant mission
from Divine Providence.*

*Whenever people are blessed by good fortune,
they radiate auras of happiness that are infectious.*

*Supreme Happiness attracts solutions
to problems of every kind,
and brings coherence to life.*

**Anyone who stays in contact with the divine virtues
of the heavenly host of Asinel
can be sure to have good luck,
divine luck that blesses all,
everywhere there is a need for it.**

**To whatever extent a person allows him or herself
to expand boundaries
in terms of how much good fortune
that blesses all concerned can be encompassed within the
self
to this extent
he or she becomes an emissary for good fortune on Earth.**

**We bring good fortune in respect to love,
to gambling when it is the highest good of all concerned,
and to many other affairs.**

**With our help, you are not only able to bring happiness to yourself
alone,
but you can also bring it to other people who do not know of us.**

**We inspire wisdom and enlightenment that awaken mystical faculties,
such as clairvoyance and artistic talents.**

**These gifts of the spirit reveal the original divine blueprints for heaven,
to manifest in the below' as it exists in the above'.**

On earth as it is in heaven.

**The original divine blueprints of creation,
the original purity of all ideas in divine mind,
reveal a creation of joy and abundance.**

"Consider the lilies of the field...."

"I have not given you the spirit of fear, but of joy, and life everlasting."

**This is why wisdom and enlightenment is the first divine virtue of our
name Asinel.**

**As the beauty and perfection of original ideas for creation are
comprehended,
imperfect concepts, situations, and conditions are then released back
to Divine Being
for changes into other states that are the highest good of all.**

**With complete conviction and enthusiasm that penetrate all creation, a
Child of Light KNOWS that perfect blueprints for Heaven on Earth
are accessible and manifest-able in the here and now.**

**This enthusiasm is an aspect of divine all-penetrating-willpower, letter
S.**

**Understanding the law of Cause and Effect
enables a person to create causes that manifest this reality on earth
NOW.**

Cause and Effect is the letter I that follows S.

***Whenever people are blessed by good fortune,
they radiate auras of happiness that are infectious.***

***Supreme Happiness attracts solutions
to problems of every kind and brings coherence to life.***

This is the divine virtue of letter N.

Remember that emotions contain compressed information.

That is why joy is so important to creation.

"Make a joyful noise, all ye lands."

The information code that is found within emotions of Supreme Happiness reveals solutions to any problem.

This code goes out into the matrix of physical reality and provides everything needed to manifest situations that correspond to frequencies of flowing delight.

People receiving good fortune and allowing emotions of happiness to flow through their awareness become beacons of good fortune, conduits of blessings for others.

Happiness ripples out into the entire web of life, like rays of light that penetrate to the furthest corners.

Good fortune and happiness bless the entire creation.

When one is helped, all are helped.

This is the virtue of omnipresence, the divine virtue of letter E.

Blessings awaken peacefulness of the spirit, abundance, and the lessening of suffering to all.

Through the divine virtue of letter L, which is the majesty and splendor of all the divine virtues taken together, true spiritual morality shines forth as it was originally intended by Divine Providence.

All of the divine virtues taken together awaken youthening, vitality, true spiritual morality and even immortality.

Remember that attunements to the emotions of these divine virtues precede manifestations of good fortune.

Realize the dynamics of these emotional attunements deeply within the self.

A secret to invite more good fortune into life is simply to meditate with us, the heavenly host of good fortune, and join our songs of joy with the divine virtues of Asinel .

Allow positive emotions to grow, while not allowing the nay sayer in previous programming to prevail.

At the same time, expand the capacity to flow with happy emotions as you realize your power to attract happiness on all levels for self and others.

This attracts good fortune.

Break-throughs into higher and higher charges of our divine virtues can be experienced.

***The test is learning to surrender to blessings rather than resisting them,
and letting the energies of blessing bring re-form.***

We help you realize to what extent you can make use of your own ability to manifest good fortune and how far Divine Providence will allow us to help you.

At this time, many people are faithfully working for the sake of others, whether it is selflessly raising a child, caring for an aged parent, caring for animals, restoring the environment, or some other type of kindly service designed to make the world a better place.

The more that you honestly and objectively realize the divine contributions that you are actually making to the betterment of life the more that you will see that you deserve all of the happiness for which you long.

If you cannot see how your presence on earth is a blessing to all, in deep meditation ask for this to be revealed, and in doing so, allow good luck and good fortune to bless you.

When you call for good fortune for others, you will in turn be blessed as well, for when one is helped all are blessed.

Such work IS rewarded and when good fortune happens to such as these it is the universe returning thanks.

Just the act of facing each day with resolution to do your best is an act of bravery and courage.

***Just the act of staying in a relationship that is difficult and
challenging
is an act of mercy and strength.***

***Allow yourself to receive the blessings that are yours by
right,
that belong to you as a beloved expression of Divine
Providence.***

**Therefore it is with great joy that we bring good fortune in whatever
ways we can.**

**Whenever anyone is helped and blessed with happiness,
this attracts beauty for the entire web of Life.**

**We want you to feel free to call on us for good fortune for yourselves and
for others.**

**We want you to take stock of what goodness you have really brought to
the world
and to allow goodness to return freely to you.**

We love you and we seek to bless you.

We are the angels of good fortune, of good luck.

We are the heavenly host of Asinel.

***The first 24 groups of angels overseeing the earth govern the elements. The
next groups govern the 360 degrees of the zodiac. This is the 269th group of angels
overseeing the earth.***

$$2+6+9=17.$$
$$1+7=8.$$

***NUMBER EIGHT is the number of the mind, the intellect, and thus the number of
knowledge.***

It is analogous to the planet Mercury.

The octagon is a symbol of the Native American Medicine wheel in all of its forms.

All knowledge, actual or theoretical, is a part of the eight vibration.

A-S-I-N-E-L

A This is the sound of the divine virtue of highest wisdom and enlightenment.

This sound [soft as in a sighahhhhh] and virtue is an initiation into the highest wisdom and the purity of all ideas.

This has as a fundamental feature the enlightened mind.

Reasoning, perception, the cognition of the most profound truths, highest knowledge, high intelligence, and the arousing of all intellectual faculties are expressed.

Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience, the art of levitation, and the control of the air element and its beings are all aroused by meditating on this virtue.

On the physical plane the command of the beings of the air, control over storms, are all made possible by initiation into the highest wisdom.

The color of wisdom and enlightenment is light blue, the musical note is G, the element is air so it has the sensation of ease, and the lungs are formed from it.

Umlaut A, aethe mysteries of life and death and transformation.

This virtue awakens the ability to release any imperfection on any level back to Divine Being for change into another state that is the highest good of all concerned.

SThis sound is the sound of all-penetrating-power.

This is the most subtle substance of the divine spirit, i.e., with the original divine will or fire which works as a substantial power in everything that has been created by Divine Providence.

A child of God using this divine virtue attains the spiritual gift of perfect mastery over the electrical fluid, which is the use of will, and is able to control everything analogous to will.

A state of clairvoyance in its purest form and perfect control over other beings

is gained by this virtue in the emotional nature.

The color of this virtue is purple red, its musical note is G-sharp, it is the fire element of will and so it has the sensation of warmth, and the gall bladder is the part of the body that is formed by it.

I The sound of this letter is the virtue of cause and effect, which is the karma law.

On the mental level, this is analogous to memory, remembrance and conscience.

In the emotional body, this corresponds to the astral/physical matrix, which is the connection between emotion and physical form, with all of its functions.

By meditating on the law of cause and effect, all laws of analogies between the micro- and the macrocosm are understood and mastered.

Everything that has shape, measure, number and weight has been created by the help of this letter oscillation.

If a child of God can master this meditation, he/she will be able to evoke the greatest miracles in the material world by using the respective analogies to shape, measure, number and weight.

As one can see, shape, measure, number and weight are the chief components of the material world, and by getting this letter oscillation under control, a person becomes their absolute master.

It stands to reason that he/she will also be able to become a perfect metaphysician, too and, furthermore, to comprehend all laws presently still unknown to our physical world and to apply them in all fields.

The color of this virtue is light opal, the musical note is G, the element is earth so it has the sensation of weight, and the left kidney is created by this oscillation.

N This sound is the sound of supreme happiness and fulfillment beyond words to describe. This virtue gives control over the consciousness of other beings.

This virtue gives control over the mental matrix, which is the spiritual bonding material that connects the emotional body to the mental body, i.e., to the spirit.

The mastery of this virtue reveals to the child of God all the mysteries relating to the mind and the emotions and bestows the ability to comprehend, see, sense and control, the mental matrix with its sphere of action, either in regard of self or others.

On a physical plane, this virtue gives mastery over the principle of cohesion or coherence, gravity and the attractive power of everything material.

The color is dark red, the musical note is A, it is of the water element of emotion so it has a cool sensation.

The liver is formed from this virtue.

E This letter is the sound of universal consciousness, which represents, as a divine idea and virtue, its omnipresence in everything that has ever been created.

Meditating on this virtue unites your normal consciousness with the universal consciousness, with the cosmic consciousness, so that you can attain, in the akasha principal, omnipresence yourself. This is known in oriental wisdom as Nirvi-Kalpa-Samadhi.

You attain the highest form of intuition in your mental world; you transfer your consciousness so that there exists no sense of time and space. Divinity in His highest form is able to speak through you. The most profound mysteries of materialization and dematerialization become obvious to you as you master this, everything that is material may be transferred back into its refined and most subtle form and any idea can be intensified in such a way that it becomes physically visible.

In the emotional body, the oscillation of letter E represents the control of the emotional consciousness of oneself and of other people. Especially easy is it to achieve special clairaudience by meditating on this virtue.

By "special clairaudience" not only the hearing of beings, etc., is meant, but also the understanding of the language of all animals and the perception of the remotest past, the present, and even the future, indiscriminately of distance or kingdom, i.e., human kingdom or animal kingdom.

The color of this virtue is deep violet, the musical note is D, the element is akasha, which has the sensation of God-penetrating-all, and the spine is formed from it.

L The sound of this letter is the sound of the Divine Virtues all taken together.

This letter represents the highest divine virtues that may be described by words, irrespective of whatever sort they may be. This letter oscillation is used to comprehend the Divine Majesty and the greatness of God in the form of the purest virtues.

>From this virtue comes the faculty of comprehending true morality as seen from the highest point of view.

This will lead you to the borders of saintliness.

On the feeling level true equilibrium of character occurs and mastery of flooding the emotions with the highest light is attained.

On the physical level you gain perfect health, beauty and harmony and you become absolute master of your own vitality.

It is to be imagined as the color of olive green. The musical note is F, the element is air, so it has the sensation of ease. The spleen is formed from this virtue.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:
Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.
This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon. Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4J. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Love brings miracles of happiness.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

**We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.**

**SO BE IT!
So it is.**
