H...We teach the power of the word, the ancient language sometimes known as Quaballah, and reveal how desires, thoughts, emotions and sensations in meditation change reality.

We initiate seekers how to translate and use virtues and qualities of Divine Being, to fully understand symbols, to use the ancient language in deep meditation and mastery of awareness.

Through this virtue, we confer initiation upon those who are spiritually ready.

Remember that the letter H always represents the virtue of the Power of the Word.

"In the beginning was the Word."

The word is five level awareness of oneness with all, intention, thought, emotion and sensation.

umlaut O, eu and O...We see through the eyes of Love Divine, and see and enliven indwelling Divinity.

We transmute a person's experience of reality into original indwelling Divine Perfection.

We evoke happy, successful situations in the physical world and we empower metaphysical masters.

The letters O and umlaut O, oe, are virtues of Transmutation and Divine Justice and Harmony.

R...We command impeccable service in following inner guidance.

In exchange we confer highly astute discernment, ingenuity, and expand the mind to grasp and apply this information quickly and easily.

The letter R is always the virtue of freedom and independence, of following inner guidance.

umlaut O, eu and O...We are perfect masters of transmutation.

We awaken indwelling Divinity and the awareness of original purity of all divine blueprints that are omnipresent in everything ever created, through the power of seeing through the eyes of Divine Love.

We help develop high powers of judgment and initiate seekers to use the ancient language

to manifest any emotional outcome and turn or twist of fate.

This is again the virtues of Transmutation and Divine Justice and Harmony.

M...As masters of the processing of emotions, we understand, control, and teach the change process.

Umlaut O, eu, and O...Through cognition brought about by love divine, all forms and systems of transformation are mastered.

Success and satisfaction manifest on every level, and the mysteries of meta and astrophysics are revealed.

This is again the virtues of Transmutation and Divine Justice and Harmony.

R...We empower our students to acquire deep inner guidance, impeccability, and a number of magical powers.

The musical notes of the letters of our name are A, D-sharp, C, C, D-sharp, C, D, D-sharp, C, and C.

As we grow taller spiritually, we entrain other souls in our wake, and the Earth shines a little more every day.

At appropriate times in the spiritual maturing of each Child of Light, initiations occur.

These initiations initiate deep inner guidance from Divine Being and result in higher consciousness.

Omnipresent, omnipotent, omniscient Divine Consciousness creates, sustains and relates to everything.

It does this through cognition brought about by flowing emotions of LOVE DIVINE.

Let's vibrate Love

One individual who
lives and vibrates to the
energy of pure love
and reverence for all of
life will counterbalance
the negativity of
750,000 individuals
who calibrate at the
lower weakening levels.

- Dr. Wayne Dyer

***Therefore, at appropriate times for each person,
this love brings about situations in which transmutation into harmony,
divine perfection and beauty occurs.***

***We inspire the understanding of all mysteries of wisdom from the point
of view of the universe.***

"As above, so below."

*The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.*

THE LAW OF

ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I am one with all there is;

*I ask that THE HIGHEST GOOD OF
ALL happen.*

*I give thanks that this is done.
SO BE IT!*

*Because this new moon beginning has a north node in the sign of Cancer,
we realize that we have the ability,
as divine beings,
to materialize or dematerialize current realities whenever necessary,
to nurture the precious creation of Earth and all who are influenced by it.*

We are entering the ancient future, the time of flowering,

"on earth as it is in heaven".

**The 28 Angels of the Moon Sphere
Divine Emotional Magnetic Rhythm**

***'The Moon in its planetary function
influences everything liquid on our earth.***

The Moon sphere is analogous to flowing emotions and feelings.

***The emotional awareness of each child of God,
is known in ancient terms as the astral body.***

**Emotions of happiness are necessary for all timelines to manifest divine harmony in
the quantum field.**

**Healing of the Divine Feminine, the awesome realm of flowing emotions and magnetism,
the water element, is necessary for Heaven to manifest on Earth.**

The healing of emotional flowing of each child of God on Earth is therefore of major importance.

**The Angels of the Moon Sphere
are commissioned with great responsibility in this regard.**

Angels of the Moon work with mankind in the realm of flowing emotions,
in contrast to the Angels of the 360 degrees of the zodiac
surrounding the Earth who work with the children of God in the realm of vitality.

There are 28 angel groups, one for each day of the moon cycle.

New Moon 1st Day of Lunar Cycle

Beloved,

We inspire perfect use of OMNIPOTENT SACRED WILL
FOR THE HIGHEST GOOD OF ALL
and SACRED FLOWING EMOTIONS
in the meditation of the divine virtues so that all things are
possible.

We have been given the responsibility by Divine Providence to control not only the tides of earth,
but also the tides of water in the bodies of all living things.
These tides correspond to flowing emotions of omnipresent,
omnipotent, and omniscient Divine Love and Life.

*When the children of God call on us for our help,
we teach them how to use omnipotent
will and intent for the highest good of all in combination
with strong flowing emotions of unconditional Divine Love
to heal the emotional reality of Earth.*

In this way we teach how to control the physical reality of Earth,

because the physical reality of each person,

and of the Earth as a whole,

is determined by flowing emotions.

Just as we control the tides of earth,

we teach the children of God to attune themselves emotionally to the rhythms of Divine Life,

so that they may flow with the sea of unconditional all encompassing Love,

that ebbs and flows with the expression of polarity in Universal Consciousness.

*We particularly attune the child of God to the use of the Sacred Dream,
the blueprint for perfection on the Earth
This blueprint is the Prime Will for the highest good of all for Earth.*

This is the Prime Will for bringing about a perfect kingdom,

a home of pristine beauty and harmony for all living creatures.

Miracles are created by combining OMNIPOTENT WILL FOR THE HIGHEST GOOD of the Earth,

the electric-masculine power,

with the FLOWING EMOTIONS of unconditional love and flowing feelings of the Sacred Dream of the Moon,

the magnetic-feminine power.

Just like the miracles of the tides, FLOWING EMOTIONS of the Sacred Dream and Divine Love of the Moon,

manifest perfect power,

rhythm, harmony, and cycles of flow in the emotional life

for all the children of God and for all sentient creatures.

*By studying the tides, and flowing with emotions of their healing effects,
perfect understanding of this is attained.*

By studying the scientific effects of the tides,
the influence of a rhythmic emotional life on the well being of the physical bodies
of the children of God and on the creatures of the world is understood.

Attune to the divine virtues represented by the letters of our name,

and call on our help to receive the following:

'E-B-V-A-P

E

We use cosmic and universal transference of consciousness -----

B

to produce miraculous phenomena, change the course of fate,
and teach the children of God the control of will and flowing
emotions in all planes. -----

V

*We mentor masters to control the unfolding of spiritual qualities in
self and others. -----*

A and umlaut A (ae)

We teach seekers to apply wisdom and truth of the enlightened
mind to develop magical abilities

like clairvoyance, mental discipline, language of symbols, and mind
control.

We reveal the original perfect divine blueprints of everything in
creation.

**umlaut A, AE...all imperfect forms of everything
in being, will, thought, emotion, and form are released,
and therefore go through transformation,
making way for the perfect original divine blueprints to manifest. --
-----**

P

We instill devotion to service and to sacredness. We inspire the
perception of beauty

from the universal perspective as harmony and the cultivation of
unconditional parental love,

which provides an umbrella of protection and nurturance to
promote creativity.' -----

The musical melody of our name are the notes: D ~ A ~ F# ~ G~C ~ B.

We inspire perfect use of OMNIPOTENT SACRED WILL

*FOR THE HIGHEST GOOD OF ALL and SACRED FLOWING EMOTIONS
in the meditation of the divine virtues so that all things are possible.*

On the first day of every 28-Day Moon Cycle we flood the Earth with deep rhythmic flowing emotions that control the tides, so that all life may attune to the rhythms of the Heart Divine that pulsates throughout the Web of Life.

"All that I do ye shall do and more."
