The Angels of Protection for the Insane

Also known as

The Angels of

Namalon

Beloved,

***Enlightened masters have passed through dangerous
hills and valleys of
every conceivable state of reality safely,
using love as the ultimate tool of transformation,
to bring about divine happiness.***

There is an old zen koan:

Before enlightenment, a lake is a lake and a mountain is a mountain.

*During enlightenment, a lake is no longer a lake and a mountain is no longer a
mountain.*

After enlightenment, a lake is a lake and a mountain is a mountain.

At many points in the process of transformation,
Divine Intelligence
embedded in the physical body temple,
sometimes referred to as kundalini,
is aroused,
and powerful altered states of consciousness are entered
as the enlightenment process proceeds.

When the kundalini meets emotional blocks in any chakra,
it blazes through,
unleashing the original wounded emotions
in that chakra for transformation.

In this way, the process of enlightenment at times
separates a person from commonly accepted social awareness,
and a personal sacred journey to
reclaim divine inheritance
can at times lead temporarily into fantastical states.

Sometimes an entire incarnation,
or many incarnations,
are spent in alternate realities that others do not understand.

We protect those on this journey,
and all insane people,
and all those people who by fate
are not to be met with any evils.

Lunatics are under our protection so that during their fits nothing can
happen to them.

We protect those who suffer from St. Vituss Dance and epileptic fits.

**On the spiritual path of seeking higher consciousness
and supreme happiness,
a person goes through many changes in consciousness
and flowing emotions.**

*Gods love is like the sun,
it shines equally on the good and the bad alike.*

Just as loving an upset child calms it,
loving an emotion while it is being felt calms it,
and brings with it amazing insights and wisdom!

This is true whether you are loving your own emotions
or someone else's.

**By handling unusual states of awareness with love and
gratitude,
instead of fear and judgement,
transmutation and transformation is assured.**

Over many lifetimes on the spiritual path
of seeking higher consciousness
and supreme happiness,
a person goes through many changes
in consciousness and flowing emotions.

***"Give thanks for all things, for that is my will
concerning you."***

"All things work for good to those that believe."

Enlightened masters in this way pass through dangerous hills and valleys
of every conceivable state of reality safely,
using love and gratitude,
that all things work for good for those who believe,
as ultimate tools of transformation,
to bring about divine happiness.

**We ask you to remember, that just as loving an upset
child calms it,
loving an emotion while it is being felt calms it,
*and brings with it amazing insights and wisdom!***

**In our deep inner self, we produce Theta brainwaves,
which are dominant in childhood and in dreaming each
night.**

***This is why it was spoken:
"Ye must be as little children to enter the kingdom of
heaven."***

**Meditation requires relaxation and ease,
necessary for Theta brainwave production.**

**By giving thanks for all states of awareness,
validating them and the inner child self who is dreaming
them,
instead of fighting them or fearing them,
cosmic states of deep inner divine power
are awakened.**

**All states of awareness present important lessons when
we give thanks,
and just learn and listen,
instead of being fearful or destructive.**

**This is true whether you are grateful for and loving
your own emotions or someone else's.**

Ask any good therapist.

**This is why enlightened teachers throughout history
have spoken of the dramatic power
of Love Divine to conquer all, on every level.**

**This skill for handling emotional states,
with love and gratitude,
to Divine Being that is omnipresent**

in all things: material, emotional, mental, or spiritual,
can be used for self or anyone else,
and is especially important to use when experiences happen that are difficult
to understand.

**Remember, over many lifetimes on the spiritual path
of seeking higher consciousness
and supreme happiness,
a person goes through many changes
in consciousness and flowing emotions.**

**The path to enlightenment
often passes through periods of seeming insanity
as imperfect paradigms are released.**

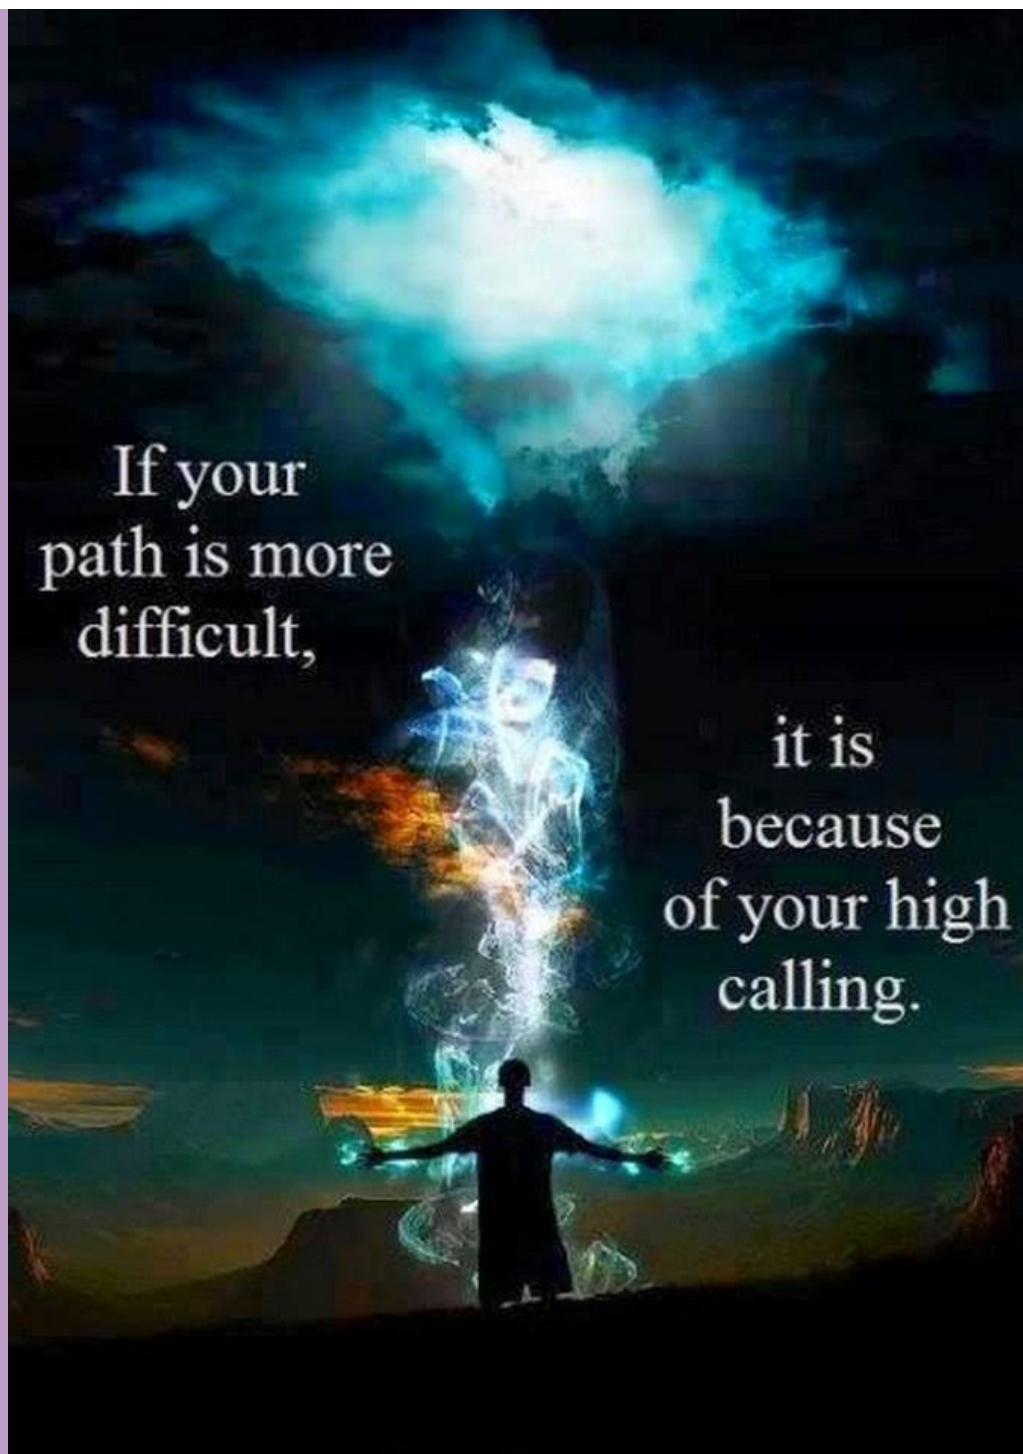

**Original paradigms,
encoded in multidimensional cellular memory,
reflecting the original purity of all ideas in Divine
Mind,
are often remembered, comprehended and understood.**

**Some of these states of alternate realities that differ from the norm
can be overwhelming.**

They may be either sporadic or persistent.

***Strong protection by the heavenly host is required
during these passages.***

**So remember that in times of dramatic changes in life,
especially as strong emotional reactions are triggered,
people experience restructuring in the perception of reality.**

If your
path is more
difficult,

it is
because
of your high
calling.

Some of these restructuring states of emotional consciousness are very intense and disorientating, taking a person out of ordinary awareness.

Before enlightenment, a lake is a lake and a mountain is a mountain.

During enlightenment, a lake is no longer a lake and a mountain is no longer a mountain.

After enlightenment, a lake is a lake and a mountain is a mountain.

Sometimes shifts are so destabilizing, that a persons chaotic passionate emotions magnetically attract corresponding powerful intelligences, or beings,

from various levels in the astral plane or other realms.

These astral or emotional beings have a life of their own,
and can take over a persons body and consciousness,
like an unwelcome guest.

*Some of these influences can make a person
feel out of control of thought processes;
hearing and seeing what is imperceptible to others,
and losing control of the body.*

Taking substances like alcohol and some drugs can make such a
person
even more susceptible to powerful influences of this nature,
of both a negative or positive nature.

It is important to learn the skill of using The Law of One
and flow with emotions in an atmosphere of empathy and
unconditional,
all encompassing love,
letting emotions flow and be felt in safe and non-destructive ways
that do not harm self, property and others.

*Empathy for self and others,
visible or invisible, near or far in time or space,
allows healing of emotions
with dramatic insights
that open enlightenment
and balance the heart.*

*Invoking The Law of One transforms negative beings
and brings about the highest good of all concerned.*

The final paradigm of Heaven on Earth comes from the most
ancient beginnings of time
and is based on the original law from which all other laws come.

This law is The Law of One, and when invoked,
it activates Omnipresent Divine Mind and overrides all lessor laws.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I am one with all,

**I ask that ONLY THAT WHICH IS THE HIGHEST GOOD OF ALL
CONCERNED happen.**

I give thanks that this is done.

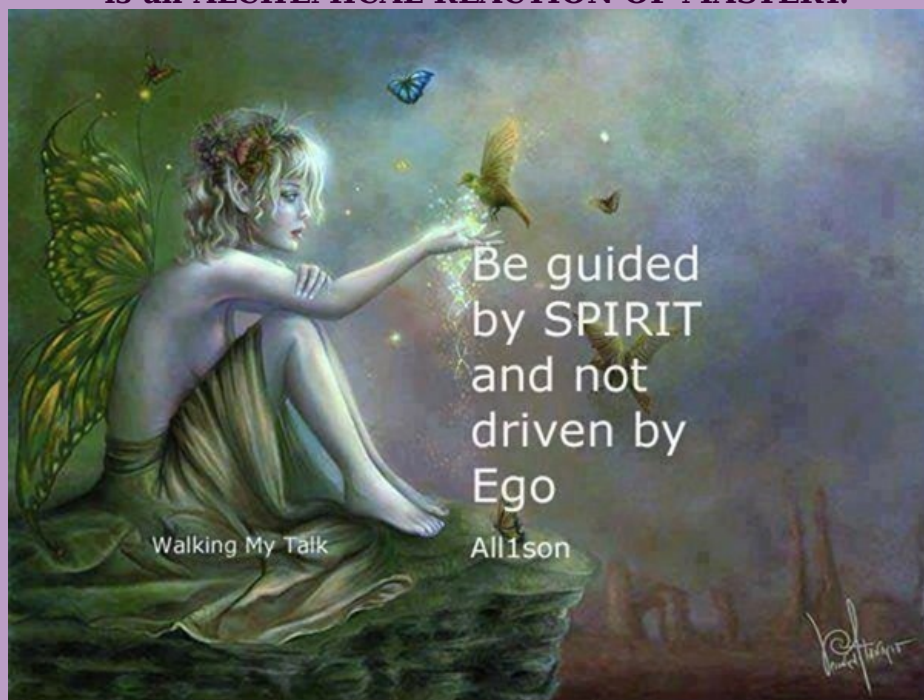

Then, the on-going act of loving emotions with empathy,
both for self
and others,
instead of resisting, judging, by-passing, acting out, or denying
these strong emotions,
TRANSFORMS them in an on-going manner.

Emotions are astral things.

They are the water element
and troubling ones are like magnetic storms, rapids, whirlpools
etc.

Loving each and every emotion from the heart,
seeing them through the eyes of Divine Love,
is an **ALCHEMICAL REACTION OF MASTERY.**

This empathy response is a universal change agent.

Emotions contain compressed information.

**Embedded in any emotional state, when opened, is flowing
memories and information
that reveals why the higher self choreographed the experience of
these emotions.**

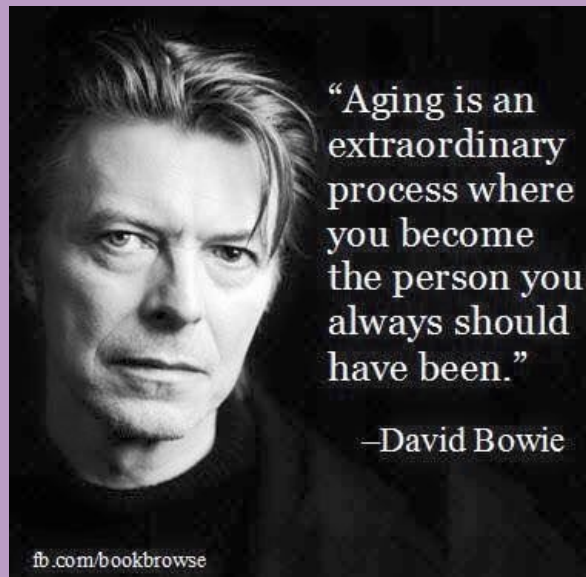

**By experiencing harm on any level,
real or imagined,
the deep inner self remembers, in deep introspection,
why it is so important to create harmony and justice for all.**

**Oftentimes, the original purpose for incarnation is remembered,
and one enters into an awakening of one's soul purpose of service.**

**The subconscious mind does not distinguish between a happening
in the outer world,
and an imagined happening in the inner world.**

**It has been found that within one minute of having a thought,
over a hundred thousand chemical reactions occur in the body.**

**By breaking from ordinary reality,
and journeying in the realms of the imagination,
many archetypes and powers are aroused.**

**We are the heavenly host that help the children of
divine being
experience unusual emotional states safely,
on their journey into healing and enlightenment.**

**Remember that an imbalance,
sudden change,
or toxic condition
on any level affects other levels,
and can lead to disorientation.**

**No matter what level causes a problem,
lovingly working with emotional healing and flowing
and using
The Law of One is an enlightened path of transformation**

and change.

Ask the emotions to let you know the lessons they are teaching you.

Thank the emotions for what they have to teach.

Answers come.

Emotions change.

Be patient.

Love like the sun, constantly in all seasons, in all times and situations.

Love conquers all.

The greatest of these is love.

**In cases of disorientation or insanity,
the will and mind, or spirit,
heals as well as the heart and body, or soul,
when frightening and painful emotions are allowed to
flow
and go through transformation
in loving therapeutic ways.**

***"Yay, though I walk through the valley of the shadow of death,
Thou preparest a table before me in the presence of my enemies,***

*Thou annointest my head with oil,
my cup runneth over.
Surely goodness and mercy shall follow me all the days of my life,
and I shall dwell in the house of the Lord forever."*

**Treating conditions of instability and disorientation with
medications
or physical therapies alone,
without addressing emotions and beings of the astral plane,
often pushes the causes of problems underground into the
unconscious
where they are stored as tension in body tissues.**

**These wounded emotions lie quietly in wait unconsciously,
still attracting unwanted life experiences.**

**Eventually they therefore are triggered by events in life that have
some similarity
to original traumatic events and situations.**

**Remember that everything exists on the continuum of energy
represented
by being-will, mind, emotion, and form:
or Delta, Theta, Alpha, and Beta Brainwave states.**

**An imbalance, sudden change, or toxic condition on any of these
levels affects other levels,
and can lead to disorientation.**

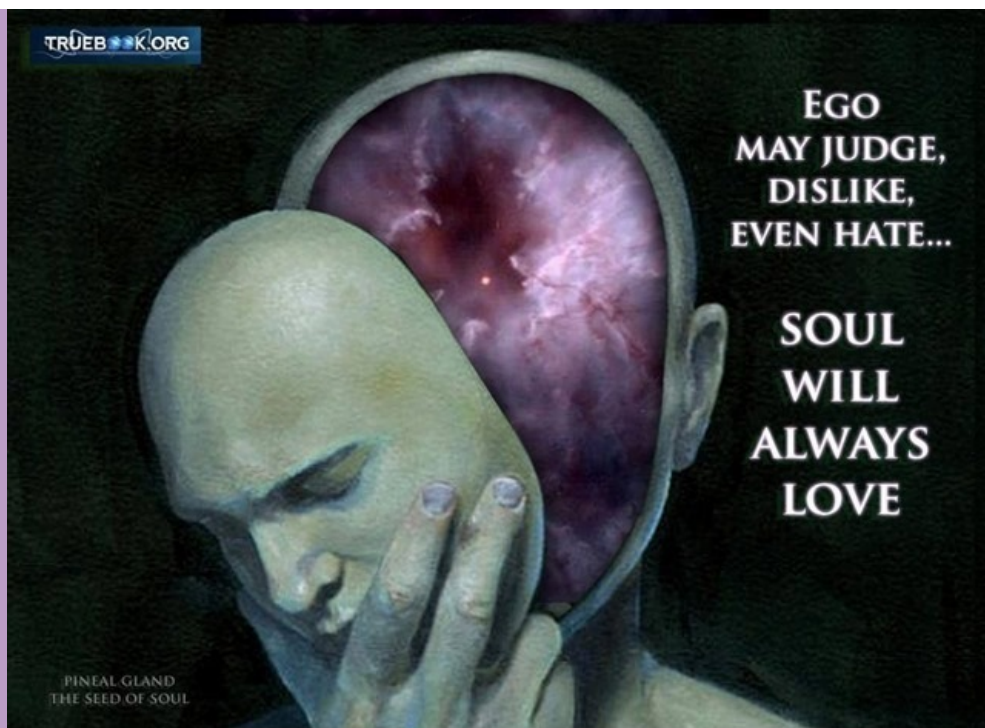

**No matter what level causes a problem,
lovingly working with emotional healing and flowing and using
The Law of One is an enlightened path of transformation and
change.**

Address all four levels of consciousness.

**As negativity is met with love instead of fear,
as feelings are allowed to flow with empathy and validation,
learning the lessons they have been given to teach,
they transform and transmute into emotions of supreme happiness.**

**With love,
allow true happiness and greater enlightenment,
the real cure,
to manifest.**

Let us look at the divine virtues of Namalon.

With these virtues we protect those who are going through shifting realities.

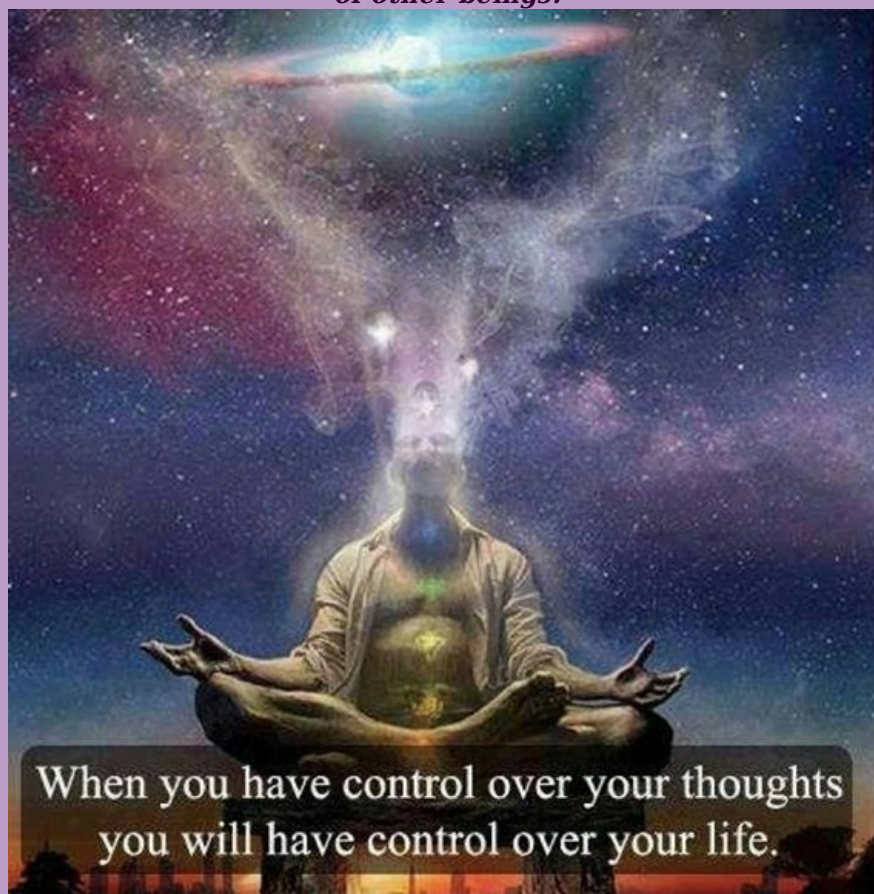

By meditating on these virtues, the Children of Light protect and heal themselves and each other when passing through unusual realities in consciousness and flowing emotions.

The first letter is N.

The sound of N toned in the musical note of A is the sound of supreme happiness

and fulfillment beyond words to describe.

This virtue gives control over ones own consciousness and the consciousness of other beings.

This virtue gives control over the mental matrix, which is the spiritual bonding material that connects the emotional body to the mental body, i.e., to the spirit.

The mastery of this virtue reveals to a Child of Light all the mysteries relating to the mind and the emotions and bestows the ability to comprehend, see, sense and control,

the mental matrix with its sphere of action, either in regard of self or others.

On a physical plane, this virtue gives mastery over the principle of cohesion or coherence, gravity and the attractive power of everything material.

*The color is dark red, the musical note is A,
it is of the water element of emotions so it has a cool sensation.
The liver is formed from this virtue.*

*A, wisdom and enlightenment, is then accessed through a state of relaxation and ease,
awakening mystical faculties and artistic talent.*

*The next letter is umlaut A, ae, which gives power of transformation.
This virtue gives control over negative beings and
control of passion. This very important virtue, along with umlaut O, oe,
is necessary for miracles to occur.*

*WITH THIS VIRTUE, A CHILD OF LIGHT IS
ABLE TO LET GO
OF ANY DESIRE, IDEA, EMOTION, OR PHYSICAL SITUATION
which no longer serves the highest good.*

The sound of this letter, the long A, ae, toned to the musical note C, is the virtue of the origin and mystery of life and death regarding their transformation.

*By meditating on this virtue, a Child of Light
becomes convinced that in reality death does not exist,
for the so-called death is only a transformation from one state into another.*

*Also will come enlightenment on the cause of this transformation.
With this comes the ability to master all negative spiritual beings
in all spheres and planes with regard to their scope of action.*

*The purpose for which negative beings have been created becomes clear.
Since, in the original principle all beings are alike, each
having been created by Divine Providence to fulfill a certain task,
there is no dissimulation of negative beings,
for from the enlightened persons point of view everything is pure.*

*Here the saying: "to the pure one everything is pure" becomes plain.
If there were no negative beings,
it would be impossible to distinguish between good and evil;
and if there were no passions, there would also be no virtues.*

*This virtue confirms the words contained in the Bible: "through night to light",
the deep symbolic meaning of which now becomes clear.*

*In the intellect the ability is gained to see through
all thoughts, actions and wishes concerning matter,
and of becoming their absolute master.*

*In the feelings, this virtue
represents desires, passions, and the inclination to self-satisfaction etc.
A person who masters this virtue
in their feelings becomes absolute master and ruler of all desires and
passions.*

*Also, a person is able to not cling to imperfect mental, emotional, and
material virtues and objects.*

*This means complete independence and freedom
and fulfills the saying "bind yourself and you will be free".*

On the material level this virtue is one of the most materialized.

*No matter whether you evoke it in the mind, the feelings, the akasha, or
the material world, the earth is influenced by it to a larger extent.*

The ability to infuse matter with divine virtues is heightened.

*The color of this virtue is loamy brown. The musical note is C. The
element is earth so it has the sensation of weight. The anus is formed from
this virtue.*

The third letter is M.

*The sound of the letter M toned to the musical note of D
is the sound of the divine virtue of emotion, fluidity, change, magnetism and
life force.*

*This virtue is the magnetic power of the Universe
that attracts energy into form on the material plane.*

*Everything in nature is formed through
the magnetic force of divine emotion.
Emotion is analogous to the element of water.*

*In the material world the oscillation of letter M bestows on a
child of God the power of controlling the fluid principle in the whole world,
i.e.,*

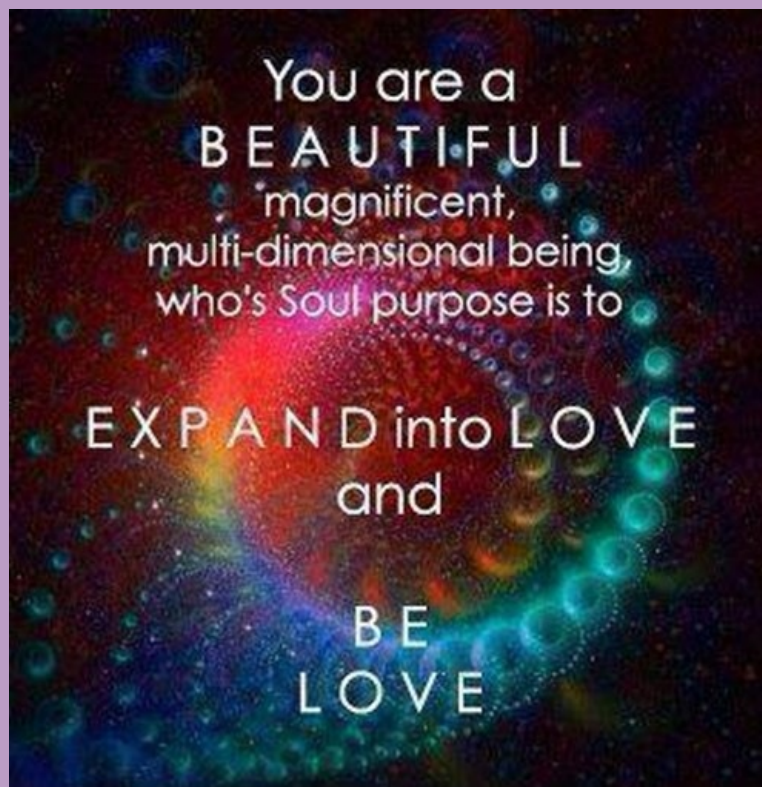

*in the micro-as well as the macrocosm.
Not only is a person able to comprehend,
with his/her consciousness,
everything fluid in its original principle,
but he/she is also made absolute master of it.*

*This faculty, when acquired by meditating on this oscillation,
also makes him/her master of magnetism, emotion, and everything that is
connected with it.
Thus, for instance, he/she may control the laws of gravitation, and many other
things.*

*The color of this virtue is the most beautiful blue-green imaginable. The
musical note is D. The element is water so it has the sensation of coolness.
The abdomen is formed from this virtue.*

The next letter, A, is wisdom and enlightenment.

*The path to enlightenment often passes through periods of seeming insanity
as old paradigms are released
and paradigms reflecting the original purity of all ideas in Divine Mind
are comprehended and understood.*

*This sound [soft A as in a sighahhhhhh] toned to the musical note G
is the sound of the highest wisdom, enlightenment and the purity of all ideas.*

*This has as a fundamental feature the enlightened mind.
Reasoning, perception, the cognition of the most profound truths,
highest knowledge, high intelligence, and the arousing of all intellectual
faculties are expressed.*

Musical gifts, eloquence, poetic talent, and clairvoyance, clairsaudience, the art of levitation, and the control of the air element and its beings are all aroused by meditating on this virtue.

On the physical plane the command of the beings of the air, control over storms, are all made possible by initiation into the highest wisdom.

The color of wisdom and enlightenment is light blue, the musical note is G, the element is air so it has the sensation of ease, and the lungs are formed from it.

The fifth letter is L.

The sound of L toned to the musical note of F is the sound of the Divine Virtues all taken together.

This letter represents the highest divine virtues that may be described by words, irrespective of whatever sort they may be.

This letter oscillation is used to comprehend the Divine Majesty and the greatness of God in the form of the purest virtues.

From this virtue comes the faculty of comprehending true morality as seen from the highest point of view.

This will lead you to the borders of saintliness.

On the feeling level true equilibrium of character occurs and mastery of flooding the emotions with the highest light is attained.

On the physical level you gain perfect health, beauty and harmony and you become absolute master of your own vitality.

It is to be imagined as the color of olive green. The musical note is F, the element is air, so it has the sensation of ease. The spleen is formed from this virtue.

umlaut O, eu, when toned to the musical note of D-sharp, is COGNITION brought about by Love Divine. It is a miracle worker of all virtues.

Akasha: In the principle of consciousness penetrating all, the umlaut O oscillation evokes the most profound cognition which can only be brought about by love divine.

By the help of this a person gets to know all the possibilities of transformation of the spirit, all the systems and ways serving this end, and all knowledge concerning transformation in all other fields.

He/she is informed about everything that, deriving from the act of creation, had to pass through all the mode of transformation to be reunited.

A person must attain all the faculties that are offered by this profound cognition made possible by Love Divine, in the principle of consciousness-penetrating-all, and must make use of all possibilities, in order to get convinced that they cannot be described by words, by must be experienced, lived through.

I have mentioned the letters umlaut A and umlaut O as the last ones in this series of exercises, because by the help of their virtues one is able to comprehend, from the principle of consciousness-penetrating-all, the crown of all wisdom in the micro- and macrocosms, from the act of creation to the present state of evolution, and even to the final development.

Mental: Evoked in the intellect, the virtue of profound cognition brought about by love divine gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.

Astral/ emotional level: In the emotions, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her.

Apart from this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.

Material: When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.

A person is taught the true preparation and charging of the philosophers stone in the physical sense.

He/she can influence, at will, any oscillation atomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her.

Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired.

By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.

Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything.

The ovaries and testicles are formed from this virtue.

This brings about justice and harmony, success and satisfaction, the virtue of O.

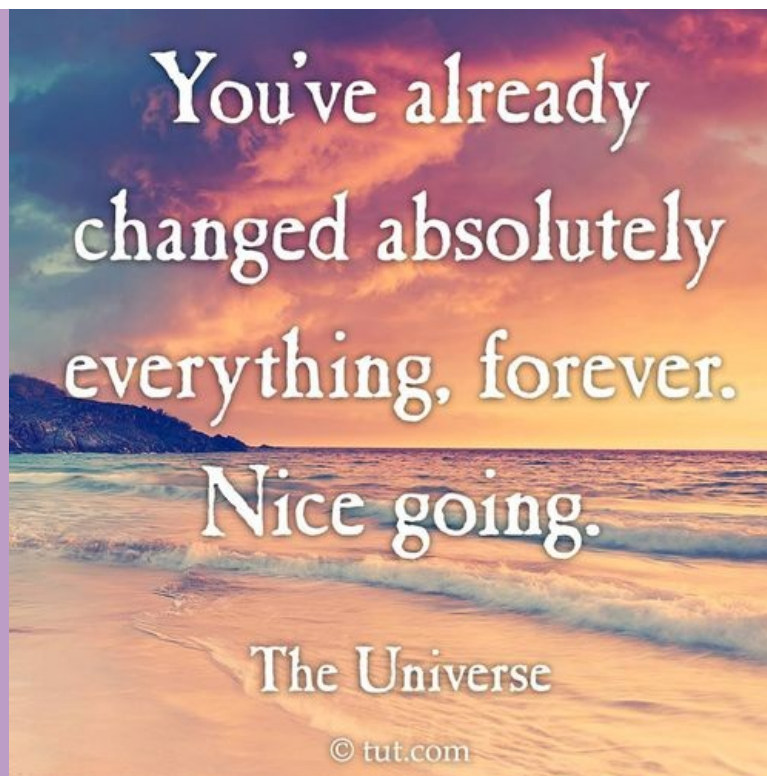

The last letter is N, which is Supreme Happiness. Those Children of Light who pass through times of insanity are carefully protected.

The first 24 groups of angels overseeing the earth govern the elements. The next groups govern the 360 degrees of the zodiac. This is the 273rd group of angels overseeing the earth.

$$2+7+3=12.$$
$$1+2=3.$$

NUMBER THREE is symbolized by a triangle. The three is the number of akasha principal, of fate, of cause and effect, of Karma, and is attributed to the sphere of Saturn. All things on all levels originate from the akasha principle, the fine pre-matter of all existence, and therefore from the number three. It is the original idea of procreation. Man and woman and child. Also it represents spirit, soul, and body. It is the number of intuition, life and death, and cognition in its highest form.

MIRACLES

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,
and the angels who work with him or her.

The being and the angels share the same name.
This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon. Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician",
gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Love brings miracles of happiness.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM, and I am one with all there is;

I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .

I give thanks that this is done.

SO BE IT!

So it is.
