## **The Angels of *Sea Travelers***

Also known as

**The Angels  
of  
*Dimurga***

**Beloved,**

***For any of you who travel the waters,  
it is important to know how the power of love creates new realities.***

**Water responds to emotions.  
By emitting emotions of love to create grace and beauty,  
any situation may be transmuted into divine perfection.**

**We are guardians of travelers, especially of those traveling by sea, on  
any kind of ship.**

**From the beginning of time we have protected those who call on us for  
safety  
and help while traveling the sea.**

**When you are under our protection,  
even the strongest hurricane can be survived without ever being in  
danger of drowning.**

**The powers of the heavenly hosts are greater than many people imagine,  
and more available.**

**So too are the powers of the Children of Light when they meditate  
and unite in consciousness with Divine will and consciousness  
and corresponding divine flowing emotions and sensations.**

**It is possible to shape reality to permit any outcome.**

**The POWER OF LOVE TO WILL, AND THUS CREATE, ANY REALITY is infinite.**

**Everything in nature is formed through the magnetism  
of divine flowing emotions.**

***Walking safely upon the waters, one of the miracles of the masters,  
is done through the divine virtues of Dimurga,  
and is within our competence to teach and inspire you.***

***By mastering divine virtues, especially the divine virtues of Dimurga,  
all things are possible on the seas and waters.***

***The animals of the waters will themselves come and rescue you if so commanded.***

**Emotion is analogous to the element of water.**

**Water is the material manifestation of emotions and can be controlled by them.**

**We often inspire the creation of talismans to wear that are charged  
with our divine virtues to help travelers connect with divine help  
that we give for shelter and safety during traveling.**

**Call on the host of Dimurga,  
and study carefully the virtues represented by the letters of our name.**

**Even for those who do not master these divine virtues,  
if we are called upon with faith,  
and it is allowed by fate,  
we lift up and protect from any calamity during travels.**

**By studying the Divine Virtues of the letters of our name,  
Dimurga,  
and becoming one with them through sincere concentration and focus,  
you may fulfill the famous prophecy,  
*All that I do, ye shall do and more.*  
in times of need.**

***D-I-M-U-R-G-A***

***D This letter is the sound of the divine virtue  
of mastery of the mysteries of creation,  
the mysteries of LOVE to create.***

***As above, so below.***

***The same laws apply to the microcosm and the macrocosm.***

***By meditating on this virtue the highest wisdom is gained in regard to  
creation in both the inner and outer worlds,  
in the personal inner universe and the outer universe.***

***In the intellect a person attains the profoundest cognition  
with regard to the ego-consciousness.***

***In the emotions, the understanding of love in all of its aspects is  
perfected.***

***On the material plane the mastery of fertility  
and everything that has to do with procreation is attained.***

***The color of this virtue is dark blue. The musical note is C. The element  
is Fire so it has the sensation of warmth and heat.  
The right ear is created from this virtue.***

***I The sound of this letter is the virtue of cause and effect,  
which is the karma law.***

***On the mental level, this is analogous to memory,  
remembrance and conscience.***

***In the emotional body, this corresponds to the astral/physical matrix,  
which is the connection between emotion and physical form, with all of  
its functions.***

***By meditating on the law of cause and effect,  
all laws of analogies between the micro- and the macrocosm  
are understood and mastered.***

***Everything that has shape, measure, number and weight  
has been created by the help of this letter oscillation.***

***If a child of God can master this meditation,  
he/she will be able to evoke the greatest miracles in the material world***

***by using the respective analogies to shape, measure, number and weight.***

***As one can see, shape, measure, number and weight  
are the chief components of the material world,  
and by getting this letter oscillation under control,  
a person becomes their absolute master.***

***It stands to reason that he/she will also be able to become a perfect  
metaphysician, too  
and, furthermore, to comprehend all laws presently still unknown to our  
physical world  
and to apply them in all fields.***

***The color of this virtue is light opal, the musical note is G, the element  
is earth so it has the sensation of weight,  
and the left kidney is created by this oscillation.***

***M The sound of the letter M is the sound of the divine virtue of emotion,  
flowing, fluidity and the change principle.  
The virtue of flowing divine emotions is the magnetic power of the  
Universe  
that attracts new situations and forms on the material plane.***

***Remember that everything in nature is formed out of the quantum field  
through the magnetism of divine flowing emotions.***

***Emotion is analogous to the element of water.***

***Water is the material manifestation of emotions and can be controlled  
by them.***

***In the material world the oscillation of letter M bestows on a  
child of God the power of controlling the fluid principle in the whole  
world, i.e.,  
in the micro-as well as the macrocosm.***

***Not only is a person able to comprehend, with his/her consciousness,  
everything fluid in its original principle, but he/she is also made  
absolute master of it.***

***This faculty, when acquired by meditating on this oscillation,  
also makes him/her master of magnetism, emotion, and everything that  
is connected with it.***

***Thus, for instance, he/she may control the laws of gravitation,  
and many other things.***

***The color of this virtue is the most beautiful blue-green imaginable. The musical note is D. The element is water so it has the sensation of coolness.***

***The abdomen, seen as a hollow space, is formed from this virtue.***

***U The letter U in the cosmic language represents the faculty of comprehending the creative act and its relationship to karma.***

***It evokes the highest form of intuition and inspiration and makes possible the understanding of ones own karma and its modification.***

***It also makes possible the transfer of consciousness to any state imaginable and this results in states of highest trance.***

***This letter is imagined as shining velvet black and is practiced in the solar plexus and then in the legs and feet.***

***This letter enlivens the pancreas.***

***The musical note is B, and it is the element of Akasha, which has the sensation of God-penetrating-all in meditation.***

***R The sound of the letter R is the divine virtue of becoming the master***

**and  
guardian of freedom and independence.**

**It is this virtue that is used by each child of God who listens to and  
follows  
their own inner voice of guidance.**

**This inner guidance is a person's unmistakable link  
with the Universal Mind of Divine Providence  
that lives and moves in all space and time and beyond.**

**In this state of freedom and independence  
there is the feeling of freedom of any pressing burden of the laws,  
for by the mastery of all the preceding virtues  
you have achieved a state of maturity  
by which this feeling of independence has been transformed  
into an absolute state of security and unimpeachability.**

**This comes from the realization of the harmony and perfection of all  
divine laws  
and the identification and love of them so intensely  
that they have actually become merged with oneself.  
In this case you are the personification and representation of the divine  
laws and they  
will serve you, and your sense of freedom  
will derive from them rather than in spite of them.**

**The color of this virtue is golden; the musical note is C. The left side of  
the nose is formed from it. Its element is earth so it has the sensation of  
weight.**

**G is the sound of the divine virtue of Grace and Mercy.**

**Attune to this virtue to give grace and mercy for all beings.**

**In the mind, this virtue gives the experience of peacefulness,  
and the faculty of giving true divine blessing.**

**On an emotional level this virtue gives emotions of happiness,  
of complete satisfaction.**

**In the physical world this virtue represents all phases of riches  
and wealth, of happiness and satisfaction.**

**By this virtue Divine Providence has created abundance and,  
like the Creator, a child of God  
may also bring about, for him or her self or other people,  
abundance in everything, should that be desired.**

**Situations may be created by means of the elements and the will and  
feelings causing success and wealth in the world  
that is for the highest good of all concerned.**

***The color of this virtue is deep grass green  
with a sensation of coolness,  
musical note F, and the left eye is formed from this virtue.***

***A This is the sound of the divine virtue  
of highest wisdom and enlightenment.***

***This sound [soft as in a sighahhhhh] and virtue is an initiation  
into the highest wisdom and the purity of all ideas.***

***This has as a fundamental feature the enlightened mind.***

***Reasoning, perception, the cognition of the most profound truths,  
highest knowledge, high intelligence,  
and the arousing of all intellectual faculties are expressed.***

***Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience,  
the art of levitation, and the control of the air element and its beings  
are all aroused by meditating on this virtue.***

***On the physical plane the command of the beings of the air,  
control over storms, are all made possible by initiation into the highest  
wisdom.***

***The color of wisdom and enlightenment is light blue, the musical note  
is G, the element is air so it has the sensation of ease, and the lungs are  
formed from it.***

***Umlaut A, aetranformation through release of imperfections to Divine  
Being for changes into other states that are the highest good of all  
concerned.***

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings

which together form a common precursor, or root, of three of the world's religions:  
Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,  
and the angels who work with him or her.

The being and angels share the same name.

This name is a key to their powers and influence.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF  
MAGICAL EVOCATION, ISBN 3-921338-02-6,  
and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE  
QUABALLAH, ISBN 3-921338-12-4].  
Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.  
These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.  
Franz Bardon's last autobiographical book, "Frabato the Magician",  
gives historical background and was compiled by his German publisher from notes written by Franz  
Bardon.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all  
dimensions.

#### THE LAW OF ONE

We are all one.  
When one is harmed, all are harmed.  
When one is helped, all are helped.  
Therefore, in the name of who I AM,  
and I am one with all there is;  
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .

**I give thanks that this is done.  
SO BE IT!**
