Love conquers all,
transmuting and transforming
for the highest good of all concerned.

The 7th Day of the 28 Day Moon Cycle

**The Moon Angels

Also known as

The Moon Angels

'Emrudue'

Beloved,

Visualizations create corresponding emotions.

**Magnetic attracting powers of loving,
happy, safe, secure, grateful, abundant, and blissful feelings**

are created by omnipotent will

**and visual imagery of
beautiful desires manifesting**

that are the highest good of all.

**Beautiful divine visualizations and corresponding feelings
make possible successful materialization**

of every desired good situation and thing.

The mind speaks in visual images.

***A visual image of a horse, for example, is the same in any verbal language,
whereas the 'word' for horse varies greatly from one spoken language to the
next.***

Therefore, having a desire and making a visual image of it,

***combined with appropriate ideas and beliefs about it,
which result in flowing emotions of joy of this image already existing in time and
space,
attract it into reality out of the quantum field of infinite possibilities.***

**This is known as a most important aspect of The Power of The Word,
which is the mastery of being, will, thought, emotion and sensation in imagination,
to create miracles of beauty.**

"On earth as it is in heaven."

Divine Providence has ordained the understanding and mastery of the powers
of magnetic energy
that come from flowing emotions.

"I have not given you the spirit of fear, but of joy, and life everlasting."

"Make a joyful noise, all ye lands."

We inspire the understanding of the emotional body, and the importance of love,
for the purpose of manifesting heaven on earth.

Emotions are compressed information, like a zip file,
that work together with the holographic images created in imagination
to determine which realities manifest out of all possibilities.

EVERY GOOD THING AND SITUATION
is obtainable through the magnetic attracting power of positive happy emotions,
combined with clear intent, will, and visualization.

When a child of God has negative and perplexing emotions and feelings,
we help them to connect with and embrace these emotions
in a way to transform them into positive ones.

We inspire meditation that allows healing to occur,
so that powerful, happy, positive feelings evolve out of them.

Loving all that exists with unconditional all-encompassing love,
including that which is judged to be negative,
allows the transformative power of love to bring about healing and perfection.

Love unzips the codes and sees the wisdom
that is gained through difficult experiences.

Compassion and forgiveness of self and others occurs.

When negative emotions are no longer feared,
denied, or acted out destructively to self, others, or life,
but are processed safely in love in meditation,
the lessons of negative emotions are realized.

A person can then see why the higher self attracted previous traumatic
situations,
to let the soul learn the importance of causing no harm,
by going through personal experience of what it feels like when harm is done.

This is true regardless of whether the harm is done intentionally or unintentionally.

These lessons reveal the importance of happiness, in self and others, and the importance of forgiveness and gratitude becomes undeniable.

When all emotions are loved, instead of feared, and allowed to flow in meditation in safe and non-destructive ways, the negative ones cleanse and heal, and positive ones become even more perfect and attuned to the divine virtues.

Divine Providence has given us the responsibility of helping each child of divine being with feelings and emotions, concerning the manifesting of success and good fortune in life.

In the Law of One, which is the Law of Laws, it is written, "When one is helped, all are helped."

Upon the web of life, when any being is blessed with wonderful and beautiful emotions and feelings of good fortune and success, the entire ocean of magnetic energy is uplifted and revived for all.

Meditate on the divine virtues associated with the letters of our name, and call on our help to gain the following:

'E-M-R-U-D-U-E

E...We infuse cosmic consciousness into the physical world.

We help the children of God by conferring clairsentience and the ability to transfer consciousness.

M...We teach how the law of flowing and changing emotions are the foundation of the laws of change

and therefore we teach how to call forth the flow of beautiful music and happenings.

R...We teach how to stay free, independent, and mentally perfect.

*

*U...We help to attune to the creative source of everything in form,
and thus evoke great intuition, inspiration, and trance states
that transform any imperfection into the highest good of all.*

*

*D...We bring forth moon magic, which is the mystical magnetism of feeling
states.*

*These are states of love that are necessary in order to fulfill earthly desires,
make initiatives productive,
and create new realities.*

*

*U...We help the children of God understand and apply secret principles of higher
truth,
and mystical insights about feelings and emotions
in order to help manifest the heart's desire.*

*

*E...We reveal profound mysteries of emotion,
feeling and will so that the ability to materialize and dematerialize
any situation, object or vision is mastered.*

The musical notes of the divine virtues of the letters of our name are D, D, C, B,
C, B, and D.
"As above, so below."

The true and natural state for earth is to reflect the perfection, beauty, and
harmony of heaven.

On the seventh day of every twenty eight-day moon cycle,
we infuse all sentient beings upon the earth with emotions of their rightful
inheritance

of heaven on earth from Divine Providence.

ECSTASY

THE LAW OF ONE

We are all One.

When one is harmed, all are harmed.

When one is helped, all are helped...

Therefore, in the name of Who I AM, and I am One with All there is,

I ask that only the highest good of all concerned happen.

I give thanks that this is done.

So be it.

So it is.

*"Except ye be as little children,
ye shall in no wise enter the kingdom of heaven."*

I believe that the deep yearning you might be feeling is the impulse to realize your
DESTINY.

It's the DESTINY of an acorn to become an oak tree.

It's the DESTINY of a rose seed to become a rose.

Your DESTINY is to create an outer life that reflects the core, coded blueprint for greatness you came into this world to manifest.

'This is the real secret of life -- to be completely engaged with what you are doing ... And instead of calling it work, realize it is play. -Alan Watts
