The Angels of Miracles

Also known as

**The Angels
of**

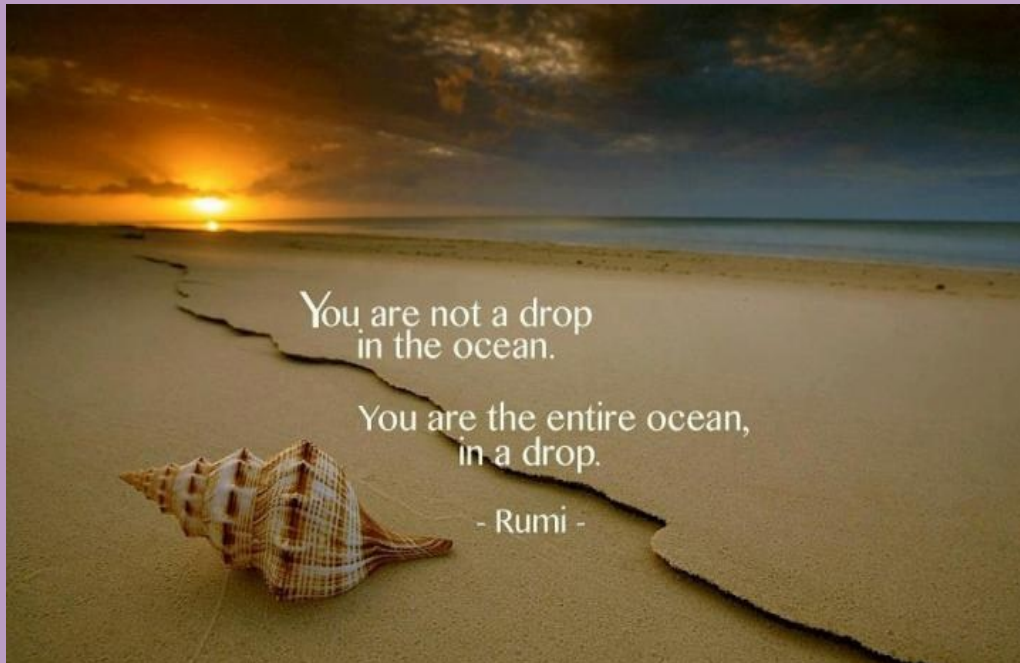

Elason

Beloved,

***When you are ready to work miracles,
we reveal to you the methods
by which you are able to realize all of your high ideals.***

**Like the Angels of Ugali,
we help those who have carefully prepared themselves for high work
in the service of Divine Providence.**

**As a person identifies him or herself simultaneously as a unique
individual child of Divine Being
at the same time
that he or she experiences self as ONE with Divine Being and all
Creation,
miracles happen.**

For example, a great master of miracles explained how he did it in the following quotes.

Step number one:

"I of myself can do nothing, it is the Father within, it is He that doeth the works."

Step number two:

"Seek ye first the kingdom of God and all else shall be added unto you."

Step number three:

***"The kingdom of Heaven is found within."
"Go within and seek ye the still small voice."***

Step number four:

***"I and the Father are One."
"All that I do, ye shall do and more."***

**This experience of polarity of self as one continuum
that is the one and the many
comes naturally
through meditation on Divine Presence.**

**This happens in Delta brainwave states,
which is a state of pure being and omnipotent will.**

**This is the dominant brainwave state of infancy and deep dreamless
sleep each night,
and we must all return to this
state in conscious meditation to unite our experience of self with Divine
Being.**

You must be born again.

The Omnipresence of The Divine is experienced this way.

**Self identifies
with the creator and with all creation,
and with all of its splendor and majesty.**

**This opens the heart,
and as the heart opens and experiences cosmic love
and omnipotent will for the highest good of all,
the omnipresence and the splendor and majesty of Divine Being are
experienced.**

**Omnipresence and all of the divine virtues taken together
are the divine virtues of letter E and L of Elason.**

**The ability to comprehend and contemplate the original purity of all
ideas in Divine Mind follows.**

**This allows a person to relax and float in contemplation of the original
purity of Divine Mind,
of the divine blueprints of creation.**

**It is then natural and effortless to recognize and LET GO of the pull of
imperfections of mass consciousness,
to let go of any
destructive or limiting desires, ideas, emotions, and physical
possessions
that no longer serve the highest good.**

**As these energies are released with all penetrating power,
which is the divine virtue of letter S of our name,
they transform into other forms of energy and states that are
the highest good of all concerned.**

Wisdom and transformation are the divine virtues of A and umlaut A, ae.

**Recognition of the all pervading perfection of Divine Being
as ONE and as everything in creation at the same time
then allows miracles to manifest as this information affects the
quantum field.**

**A dual consciousness of releasing imperfections
and seeing the original divine perfection everywhere present in
creation
on every level of matter, emotion, thought, and desire
IS THE ESSENCE OF MIRACLES.**

**A person aligns individual will
with all pervading omnipotent divine will to manifest the highest good,
the original divine blueprints
on all levels of creation.**

**This brings about the ability to create a new future,
to see the future,
and to control the consciousness of any being through loving oneness
with it,
so that it attunes to the original ideas of Divine Perfection .**

Transmutation into perfection is brought about by seeing through the eyes of Love Divine.

*This is the deepest divine love
that comes through the experience of oneness with all in creation.*

*It awakens deep gratitude and awe at the splendor and majesty of sacredness
and original perfection inherent in creation.*

*By looking and seeing through flowing cosmic love
of the heart,
the indwelling divine blueprints of perfection in all creation are recognized
as indwelling the core of everything in
creation,
and this perfection is awakened and enlivened.*

**The virtue of umlaut O, eu is this loving cognition of divine love that
transmutes anything into
indwelling omnipresent perfection.
This virtue, along with umlaut A, ae, which is the release and letting go
of temporary imperfections,
are prime causes of miracles.**

**Harmony and Justice result from this, bringing success and satisfaction
to all.**

Harmony is the virtue of O.

Supreme Happiness is the final virtue of our name.

*"For I have not given you the spirit of fear, but of joy, and life
everlasting."*

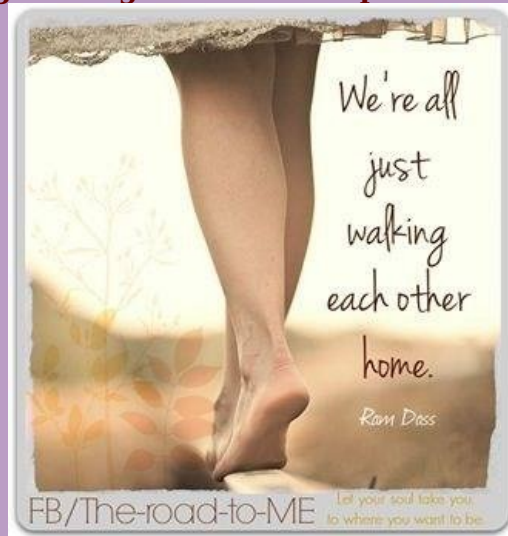

**The virtue of letter N of our name
is the divine virtue of the highest happiness that can be described by
words.**

**It is toned to the musical note of A, and visualized as dark
red light.**

**The liver is formed from it.
It is an emotional virtue, a water element,
and is sensed as having chill.**

**This quality, when mastered, gives you the ability of knowing the state
of mental maturity of other people.**

**You have the faculty of enlightening anyone who you deem worthy,
on account of his state of maturity,
by transferring the letter oscillation on him so that the
person concerned is able to solve any problem
corresponding to his grade of development without difficulty.**

**In the feelings, this virtue of divine happiness evokes the drive for self-
preservation.**

**A person who masters this divine feeling in the astral world of emotion
has complete control over any influence or being , and cannot be
harmed.**

We help with comprehension of all Divine Virtues.

**We help bring divine virtues into focus with clarity
so that the Children of Light can release all imperfect states of
awareness
and remember original purity and perfection.**

**We help with the experience and application of these powerful states of
awareness on all levels.**

**When a person is ready to receive words of power,
words that are formed in meditation of being, will-faith, visualization,
thought, emotion and sensation
of divine qualities,
we inspire letter combinations to manifest any miracles that are desired
to manifest.**

**The path to Enlightenment and Mastery is The Heros journey, The Great
Journey of the Soul.**

**Every possible distraction and temptation offers itself, every possible
detour is presented.**

As a person persists, however, and presses on with determination,
he or she breaks through veils of illusion and delusion.

Let thine eye be single and thy body shall be filled with light."

Seek ye first the Kingdom of God and all else shall be added.

Such a person releases, lets go, of any desires, thoughts, emotions,
sensations or
possessions or appetites that are imperfect and embraces the rapture of
true divine being on every level.

Because such a consciousness is identified both with individual self
and ALL CREATION as ONE,
awareness affects all equally.

Effects are created that accomplish
whatever is willed, visualized, believed in, thought about, emotionally
felt and sensed,
both in individual self and others, since they are seen as ONE.

The angels themselves guard every footstep of all who earnestly strive
for enlightenment.

Even more than that,
heavenly hosts actually guide each person on the path as if he or she is
a little child,
for in truth, each son or
daughter of Divine Being is a child.

"Ye must be as little children to enter the Kingdom of Heaven".

The Theta brainwave of deep inner thought which is dominant in
childhood,
is necessary to access the inner realms of
The Kingdom of Heaven within.

This brainwave pattern is accessed in states of relaxation and ease.

For this reason, in the time of Heaven on Earth, the time of the Alpha
and the Omega,
stress and lack are removed from day to day affairs.

Stress and lack are released and changed into ease and relaxation,
so that the divine normal state of awareness of the children of light
produces the theta brainwave pattern of deep inner thought along with
the
experience of pure being and oneness.

The heavenly hosts offer every needful assistance when asked.

They offer the company of Heaven itself.

They surround each person who seeks the Kingdom within
with subtle treasures and blessings that words cannot describe.

The Kingdom of Heaven is found within.

Here is a brief story illustrating subtle treasures given to a person who
is persistent on the path to enlightenment,
compared to a person whose consciousness has
not yet released imperfection:

THE VISION

**Two people were standing side by side on a breezy mountaintop,
looking at rainbows in a vast panorama in the evening light.**

**One of them is a sensitive woman named Marie, who strives moment by
moment to experience Oneness with the Divine.**

All of her life she has been seeking higher truth.

Day after day she has pondered spiritual teachings.

**She has listened to her heart, asking for help,
and listening intently to inner guidance and following it with simple
faith.**

The other person on the hilltop is a regular guy.

He is a mid-level manager at a large corporate retail store.

**All of his life he has sought to fit in, to live up to his fathers desire for
him to be successful and socially acceptable.**

**He is always seeking a path of least
resistance, desiring to get by and have as much fun as possible in the
process.**

**Spirituality does not have much meaning for him. His interests
and desires are pretty much aligned with whatever is currently
fashionable in his peer group.**

Side by side stand they on the hilltop.

**Marie feels the fresh breeze against her cheek, and notices how
refreshing it is, how deeply she can fill her lungs and how invigorating
it feels.**

**Harry, the corporate manager, slouches over.
He is thinking about a guy at his favorite hangout who owes him some
money.**

He flows with emotions of discontent and annoyance,

his eyes staring dully at the ground,
his head slightly cast downward.

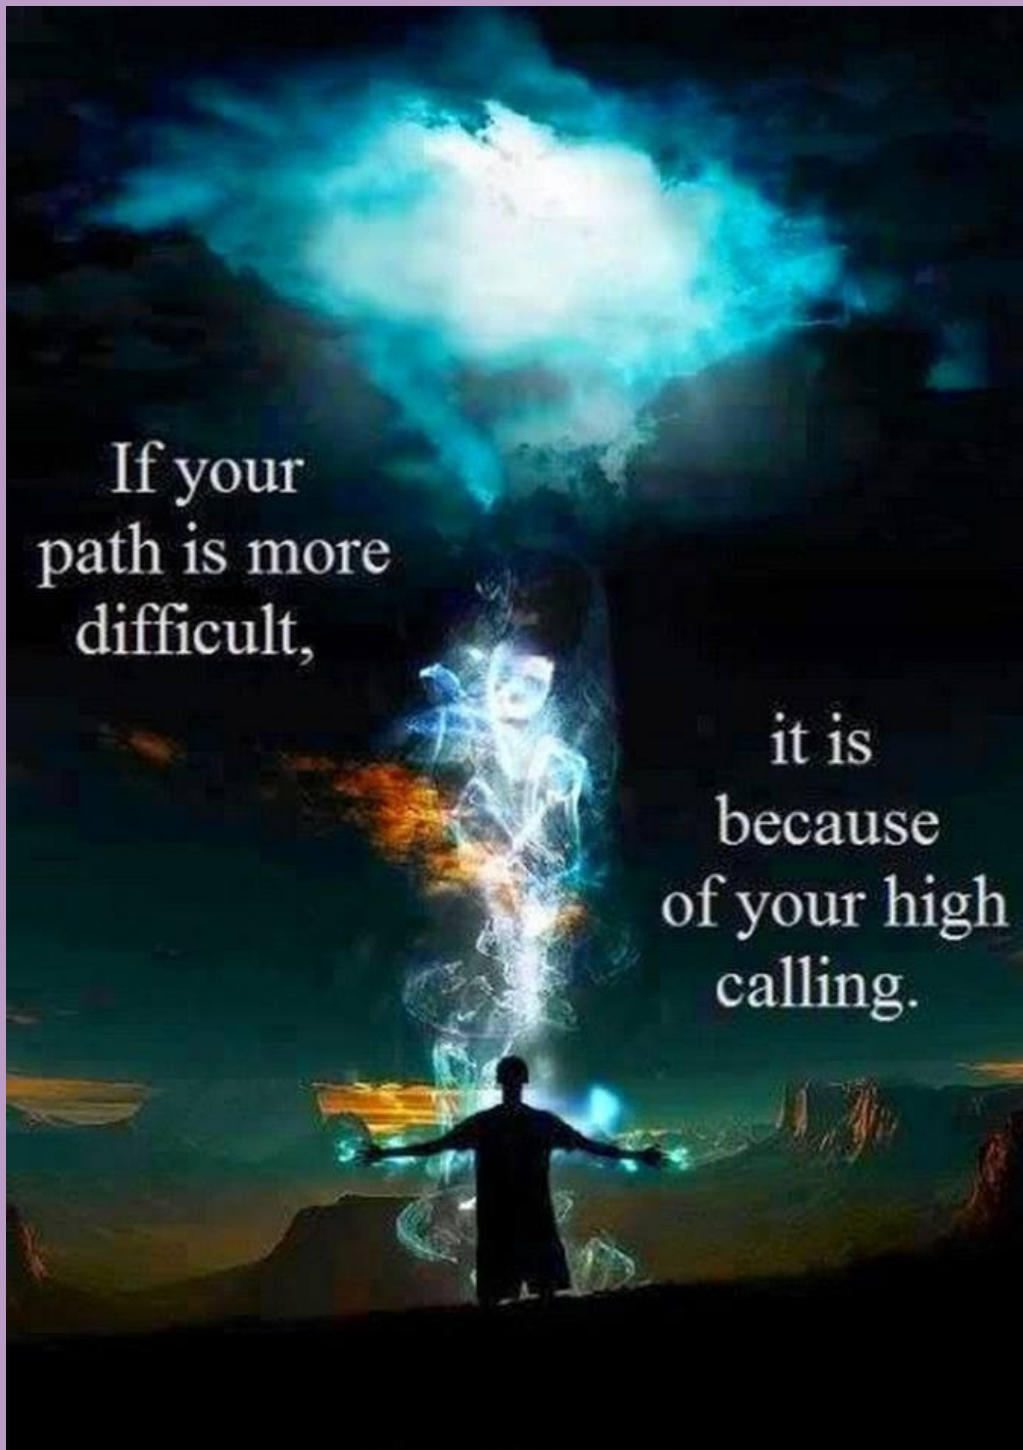

He wishes this guy would go ahead and pay him so
that he can finally get the car painted.
He feels numbed out.
It seems he always has a vague feeling of discontent.

He feels foolish standing here.

He doesn't know who this lady is standing beside him.
She seems weird.

What got in to me? Why did I drive up here?, he wonders to himself.

Time passes as they ponder,
each in their own inner being,
and night brings beautiful stars and shades of blue.

Marie is transfixed.
She looks up.

Beautiful silvery colored clouds are
scurrying in the breezes, creating vistas of awesome beauty in the night
sky.

She is amazed.

The beauty of the last rays of the setting sun
and the orange rays of light in the clouds against the indigo of the sky
awaken within her speechless gratitude to the mysterious creator of all
that is.

Harry doesn't notice a bit of this.

The chill of the night air is irritating and uncomfortable for him.

His thoughts are in another world.

A painful look crosses his face as he remembers his anxious unhappy
wife.

He is feeling guilty at how he left her at the house earlier.

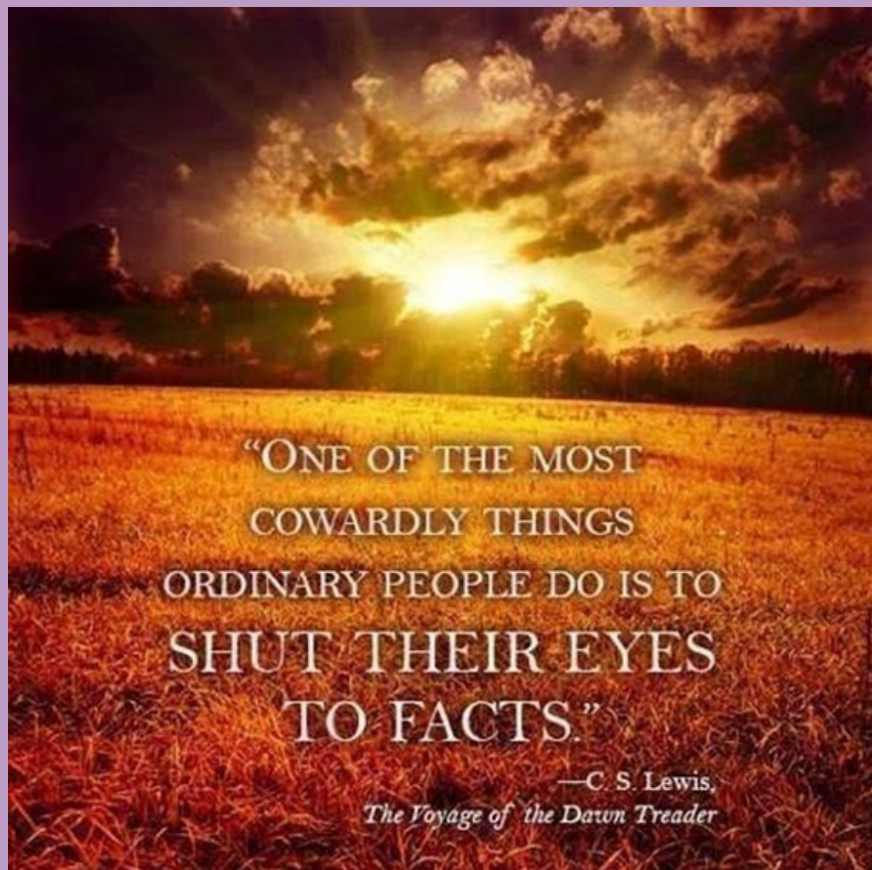

He remembered how she had looked desperately at him for the slightest
gesture of love,
for some word of affection.

He felt bad.

He had given her only his silent smoldering
glance of anger and frustration.

It had been a long time since he had given her a single kind word or a
look of hope.

He had avoided her emotions,
had refused to see her sadness for many months.

His conscience pricked him with sadness and guilt.

***At that very moment, deep in prayer,
Marie felt a jolt of energy rushing up her spine!***

**The top of her head blasted open as she felt energy rushing out the top
of her head towards the bright light that she saw inwardly above her.**

**She lifted her eyes as her heart exploded into waves of blissful emotions
of
thankfulness, awe, rapture and union.**

**Praise and thanksgiving to Omnipresent Divine and Supreme
Consciousness filled her.**

Emotions of love and awe merged with The Ocean of Cosmic Love.

She was one with The Universe.

She could hardly breathe.

Noticing this, she took a deep breath.

Then she saw the descent of a dove. the Dove of Light!. she felt herself becoming Pure Light!

**She whispered prayers of Peace;
willing,imagining, feeling, and sensing Heaven and Earth as ONE.**

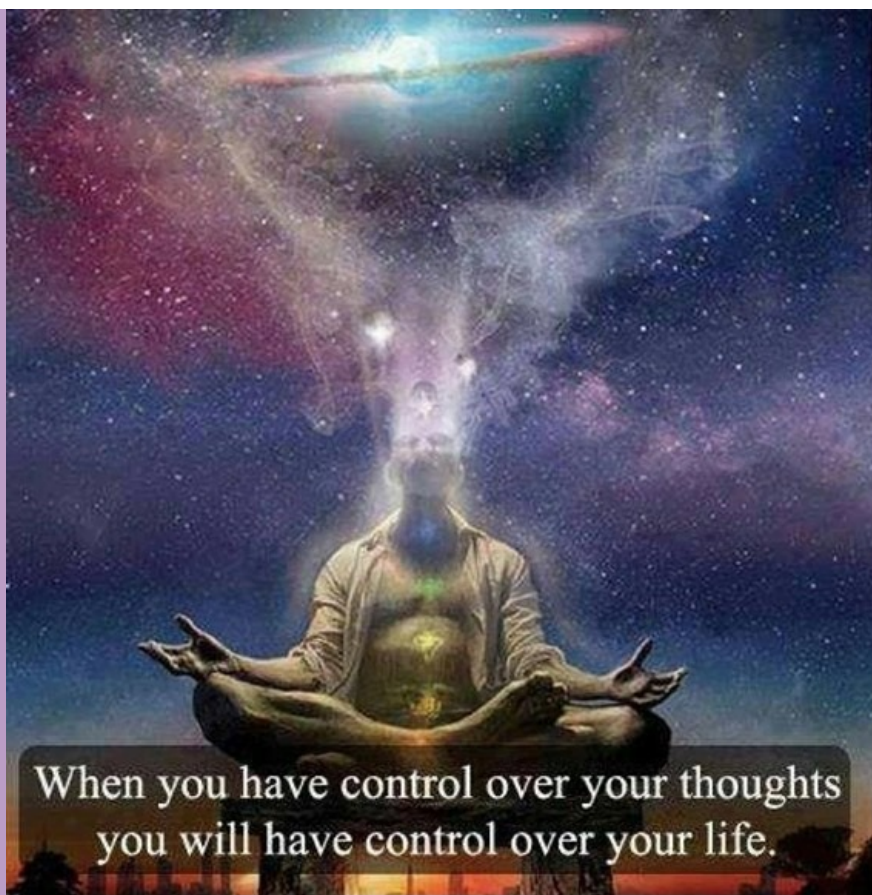

She felt miracles happening!

Deep into the night, Marie stood transfixed.

**She clasped her hands over her heart,
inwardly listening to angel choirs singing hymns of joy.**

So deeply entranced was she, that she had not noticed when Harry had left earlier.

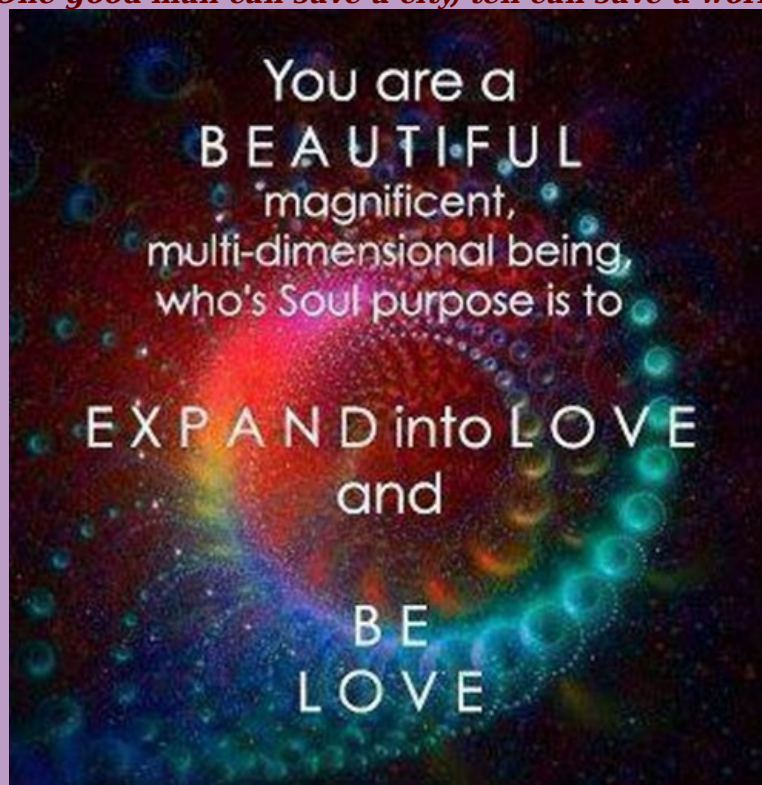

**The truth was that that night, while Marie prayed in a state of awareness of her omnipresence,
Harry's soul and the souls of many many others had been lifted up through divine grace into realms of light.**

When you have control over your thoughts
you will have control over your life.

When one is helped, all are helped.

One good man can save a city, ten can save a world.

**So when Harry had sadly turned around and gone home,
he was in a deep deep state.**

Time stopped for him.

**In looking back,
he later realized that this journey home from the mountain had seemed
to take forever.**

**Even the walk down the mountain to his car had seemed to take forever
as he made his way down the hill for the long drive home.**

On the way back though, driving along lonely highways in the deep
velvet night,
a strange supernatural peace quietly descended over him
at the same time that Marie,
back on the mountain top,
had finished her prayers for Heaven on Earth.

Upon awaking the next day, he, like many others, sensed that the world
seemed different.

Something had changed.

A strange thing had happened.

He, and many many others, realized that what had seemed to be
important to them had changed.

They discovered a longing in their hearts for Pure Love,
a longing to give and receive divine love,
a longing that was more important than anything else.

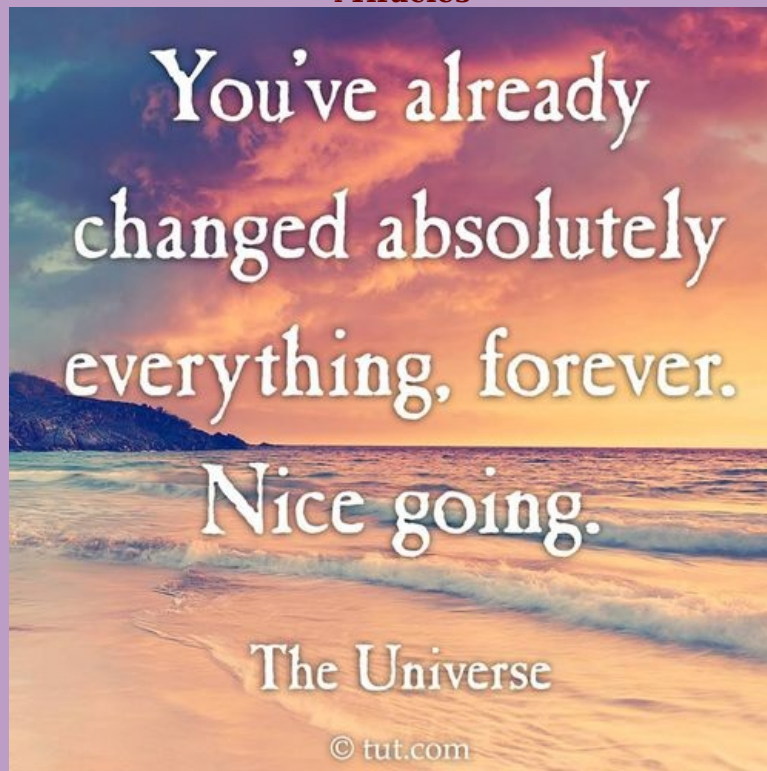

Suddenly none of the things that had once seemed so important to them
seemed all that attractive anymore.

They found themselves wondering about God,
desperately wanting to find out more.

Angels surrounded the people of Earth.

A quantum leap in enlightenment had occurred.

Miracles

The letters in our name, Elason, reveal the process of miracle-working:

*EIn the Akasha principle, which is the principle of consciousness-penetrating-all,
this letter oscillation represents the divine virtue of universal consciousness which is
omnipresent.*

*Meditation on this virtue unites your normal consciousness with the universal
consciousness,
ie., with cosmic consciousness.*

*In a deep Delta brainwave state, a state of pure being like the consciousness of a happy
infant,
experience self as being omnipresent.*

In oriental wisdom omnipresence is called the Nirvi-Kalpa-Samadhi.

This awakens the mental quality of the highest form of intuition.

*On a feeling level you experience special clairaudience, not only the hearing of beings,
etc., is meant,
but also the understanding of the language of all animals
and the perception of the remotest past, the present, and even the future,
indiscriminately of distance.*

*On a material level a person is able to reveal the profoundest mysteries
of materialization-condensation
and dematerialization-refinement.*

*A person learns to intensify any idea, concept, mental or emotional form
in such a way as they become physically visible.*

*Visualize E as a dark violet with a feeling of penetrating all,
visualize this color with the divine virtue of enlightenment filling all
space, inwardly and outwardly.
This letter sounds like the musical note D, and was used to form the spine.*

*LIn the akasha principle of consciousness-penetrating-all
this letter represents the highest divine virtues.*

*By meditating on this virtue a person perceives how divine virtues
work in the various spheres and levels.*

On a mental level a person understands and identifies with divine morality.

*On the feeling level there is equilibrium, and the ability to spiritualize emotions
so that a person becomes one with the divine virtues.*

On the material level there is perfect health, beauty, and harmony.

A person is master of their own vitality.

If a person so chooses, their body can retain the appearance of youth.

*With permission from Divine Providence, a person can also confer these qualities to
another person.*

*Visualize the divine virtues as dark green shining olive color with a
sensation of ease filling all of space, inwardly and outwardly.
The Divine Virtues sound like the musical note F, and was used to form the spleen.*

AThis is the attainment in the akasha principle, the principle of consciousness-penetrating-all, of the highest wisdom and the highest illumination that may ever be lavished on a human being.

This brings about an enlightened mind with all its fundamental features of reasoning, the cognition of the most profound truths, highest knowledge, and high intelligence.

On the emotional level, all talents such as musical ability, eloquence, and poetic talent are accessible.

By meditating on this virtue a person also experiences clairvoyance, clairaudience, the mastery of languages, the art of levitation and the control of the air element.

On the material level the control of air spirits, storms, and the ability to heal any diseases of the lungs are available through merging in consciousness with the virtue of enlightenment that is represented by this letter oscillation of A.

Visualize it as light blue with a sense of ease, filling all space, inwardly and outwardly.

The sound of A is the musical note G. The lungs are formed from this virtue.

Umlaut A, ae, this virtue gives power of transformation.

This virtue gives control over negative beings and control of passion.

This very important virtue, along with umlaut O, OE, is necessary for miracles to occur.

WITH THIS VIRTUE of umlaut A, ae, A CHILD OF LIGHT IS ABLE TO LET GO OF ANY DESIRE, IDEA, EMOTION, OR PHYSICAL SITUATION which no longer serves the highest good.

The sound of this letter, the long A, ae, toned to the musical note C, is the virtue of the origin and mystery of life and death regarding their transformation.

By meditating on this virtue, a Child of Light becomes convinced that in reality death does not exist, for the so-called death is only a transformation from one state into another.

Also will come enlightenment on the cause of this transformation.

*With this comes the ability to master all negative spiritual beings in all spheres and planes
with regard to their scope of action.*

*The purpose for which negative beings have been created becomes clear.
Since, in the original principle all beings are alike, each
having been created by Divine Providence to fulfill a certain task,
there is no dissimulation of negative beings, for from the enlightened
persons point of view everything is pure.*

Here the saying: "to the pure one everything is pure" becomes plain.

*If there were no negative beings,
it would be impossible to distinguish between good and evil;
and if there were no passions, there would also be no virtues.*

*This virtue confirms the words contained in the Bible:
"through night to light", the deep symbolic meaning of which now becomes clear.*

*In the intellect the ability is gained to see through all thoughts,
actions and wishes concerning matter, and of becoming their absolute master.*

*In the feelings, this virtue represents desires, passions,
and the inclination to self-satisfaction etc.*

*A person who masters this virtue
in their feelings becomes absolute master and ruler of all desires and passions.
Also, a person is able to not cling to mental, emotional, and
material virtues and objects.
This means complete independence and freedom and fulfills the saying
"bind yourself and you will be free".*

*On the material level this virtue is one of the most materialized.
No matter whether you evoke it in the mind, the emotions, the akasha,
or the material world,
the earth is influenced by it to a larger extent.
The ability to infuse matter with divine virtues is heightened.*

*The color of this virtue is loamy brown. The musical note is C. The
element is earth so it has the sensation of weight. The anus is formed from this virtue.*

*Sn the akasha principle, which is consciousness-penetrating-all,
this letter oscillation represents the all-penetrating power all-power.*

*By meditating on this quality a person gets into contact with
the most subtle substance of the divine spirit,
with the original divine fire and will in everything that has been created.*

On the mental level a child of divine being has perfect mastery over will and intent.

*On the emotional level a person can have absolute clairvoyance in its purest form.
It is possible to see over time and space and have control over other beings.*

*This virtue is the original fire, visualize it as purple with a reddish
tint with a feeling of warmth, filling all of space.
It vibrates to the musical note G sharp, and is used to form or heal the gall bladder.*

*O The sound of this letter is the divine virtue of justice.
By meditating on this virtue in the akasha principle, deep delta brainwaves
of pure being, a person will experience Divine Justice,
and gain the appreciation and recognition of Divine Laws.*

*The absolute legality of harmony, in all four levels of the
energy continuum -will, mind, emotion, and form becomes clear.*

The attainment of a high power of judgement awakens.

*A person has the ability to comprehend spiritually any legality,
any interference by Divine Providence for the sake of justice.*

*The Virtue of Justice is an original principal.
Visualize it as ultramarine blue with a sensation of weight, filling all of space.
It sounds like the musical note C, and is used to form and heal the throat and windpipe
area.*

*The sound of the sixth letter, umlaut O, eu, toned to the musical
note of D-sharp, is COGNITION brought about by Love Divine.
It is the miracle worker of all virtues.*

Akasha: *In the principle of consciousness penetrating all, the umlaut
O oscillation evokes the most profound cognition which can only be brought about by love
divine.*

*By the help of this a person gets to know all the possibilities of transformation of the
spirit,
all the systems and ways serving this end,
and all knowledge concerning transformation in all other fields.
He/she is informed about everything that,
deriving from the act of creation,
had to pass through all the mode of transformation to be reunited.*

*A person must attain all the faculties
that are offered by this profound cognition made possible by Love Divine,
in the principle of consciousness-penetrating-all,
and must make use of all possibilities,
to get convinced that they cannot be described by words,
by must be experienced, lived through.*

*I have mentioned the letters umlaut A and umlaut O as the last ones in this series of
exercises,
because by the help of their virtues one is able to comprehend,
from the principle of consciousness-penetrating-all,
the crown of all wisdom in the micro- and macrocosms,
from the act of creation to the present state of evolution,
and even to the final development.*

Mental: *Evoked in the intellect, the virtue of profound cognition brought about by love
divine
gives the understanding of the transformation of ideas, virtues, etc.
by the quabbalistically pronounced word, which is a very great and comprehensive field.*

Astral/ emotional level: *In the emotions, the virtue of profound cognition brought about by
love divine
develops the faculty of perfect astral projection
and the mastery of all occult and magical phenomena
that have reference to transformation,
so that a person may, for instance, assume any desired vibration in the emotional body
without being recognized by other beings
and with only Divine Providence seeing through him/her.*

*Apart from this, a person is able to transform any
emotional oscillation into the oscillation he wants and to do the same with any element.*

Material: *When mastered in the physical body, the profound cognition
brought about by love divine leads to perfect knowledge
of quabbalistic alchemy in the material world.*

*A person is taught the true preparation and charging of the
philosophers stone in the physical sense. He/she can influence, at will,
any oscillation atomic, oscillation, electronic oscillation- by quabbalah,
and he/she is able to transform it into the oscillation desired by him/her.*

*Therefore he/she perfectly masters the laws of transmutation and is
able to transform any metal into gold, any stone into a precious stone, etc. if desired.*

*By the help of this virtue a person is furnished with
many other faculties of which he/she cannot even dream now
and which non-initiates would regard as absolutely impossible.*

*Umlaut O is dark orange, has the musical note of D-sharp, is the
element of akashic-earth which has the sensation of weight penetrating everything.
The ovaries and testicles are formed from this virtue.*

*NIn the akasha principle the highest state of happiness may be evoked
by the meditation and mastery of the divine virtue represented by the sound of this letter.*

*This quality, when mastered, gives the ability of knowing the state of mental maturity of
other people.*

*It awakens the faculty of
enlightening anyone who you deem worthy,
on account of his state of maturity,
by transferring the letter oscillation on him so that the
person concerned is able to solve any problem
corresponding to his grade of development without difficulty.*

In the emotions, this letter evokes the drive for self-preservation.

A person who masters this letter in the feeling world has complete control

over any influence or being , and cannot be harmed.

In the material world, everything that is related to the gait and movement of human beings and animals is influenced by the qualities represented by this letter.

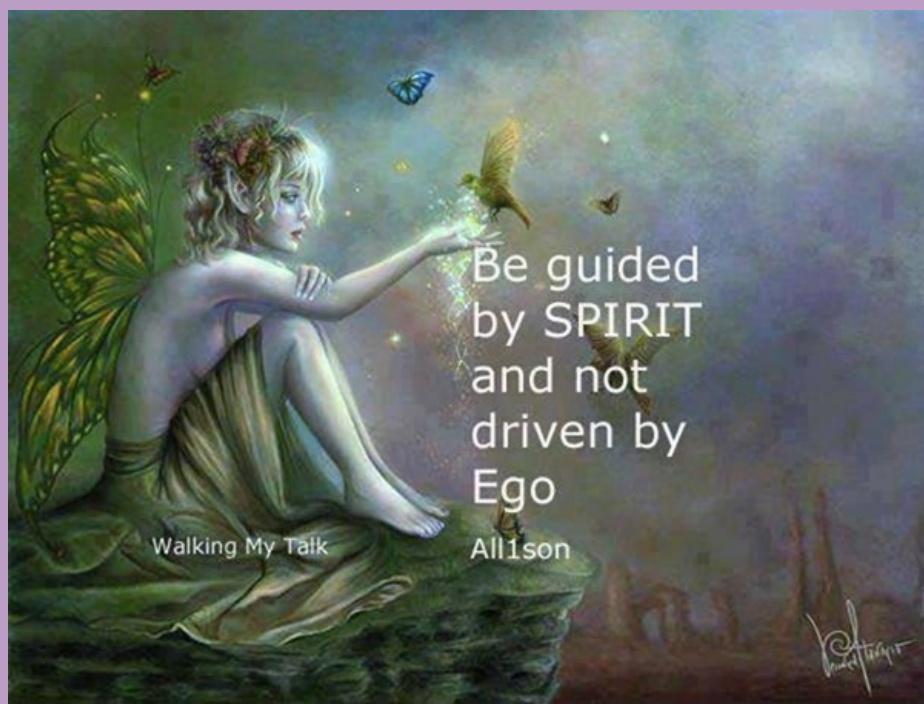

Lameness can be cured.

*In the material world,
in all planes and worlds of the created cosmos,
this letter oscillation is identical to cohesion, or power of coherence
and therefore has a certain connection to specific gravity
and attractive power of everything material.*

*It is similar to the letter M regarding gravitation and attractive power of matter.
Visualize N as dark red with a sense of coolness
filling all of space.*

Divine Happiness vibrates to the musical note A and is used to form and heal the liver.
