The Angels of Trade and Money

Also known as

**The Angels
of**

Giria

Beloved,

*Peacefulness of the spirit, and true divine blessing for all,
are the most important ethical considerations,
especially in all trade and monetary systems.*

***Those who use trade and money
with the intention of the highest good of all concerned
are the stewards of the Most High.***

By their fruits ye shall know them.

**From the earliest beginnings to the furthest future,
all trade and the making of coins from all types of metals,
are under the range of our competence.**

**We have helped mankind develop in this respect
in accordance with his grade of maturity and the scheduled time.**

**The seventh ray,
expressing in this time,
especially takes the form of divine blessings
through money and currency,
on the physical plane.**

***Currencies are coming into expression
that embody the energy of the highest good.***

Remember that to the extent that Enlightenment,
[according to the original purity of all ideas in Divine Mind],
brings Grace and Mercy to each transaction,
to that extent the Kingdom of Heaven
manifests in the affairs of mankind,
and prosperity and security are assured for everyone.

All is sacred.

**We help mankind discover ways to use money and trade to bring true
divine blessings to all life.**

**We remind incarnated sons and daughters
that Divine Being is omnipresent
within the web of life.**

**We inspire revelations of any imperfections in monetary systems,
we help people release and let imperfections go,
to replace them with the original divine understanding of heaven on
earth.**

**We are assigned by Divine Providence to control trade and monetary
matters of earth
in a way that is the highest good of all.**

All is connected.

What affects the smallest part has repercussions on the whole.

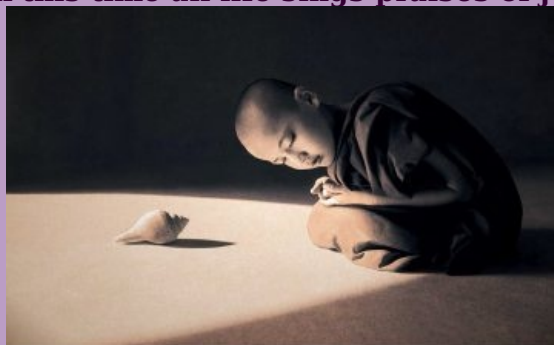

**In the original plans for Heaven on Earth,
enlightened spirit, which is desire and thought,
and loving soul, which is emotion and sensations,
unite in harmony in each person.**

**This creates a beautiful electro-magnetic energy
which informs the quantum field and determines reality.**

**In this way, in each person, divine will for the highest good of all, and
flowing divine love,
manifest divine blessings in everyday affairs,
especially in business and trade.**

**Spiritual use of money and services, according to the highest good of
all in the web of life, guarantees plenty and abundance for all in an
Earth that is a Garden of Eden.**

In this time all life sings praises of joy.

As the sacredness and welfare of even the smallest creature,

**or piece of land,
is protected by all,
the entire unified field of energy vibrates with harmony and joy in all
dimensions.**

We inspire people to handle money and trade in harmlessness and love.

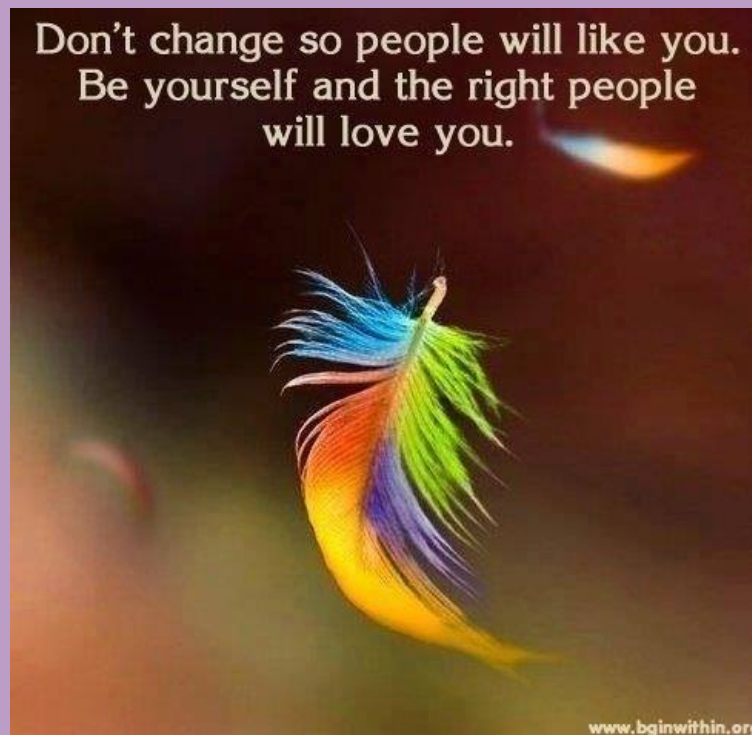

**We, the Angels of Giria, inspire and protect all who wish
peacefulness of the spirit, and abundance for all.**

**We, along with other groups of angels, heap blessing upon blessing
upon blessing.**

**We, among other heavenly hosts, celebrate
when those who use trade and money according to the highest good of
all concerned
as stewards of the Most High,
bring grace and mercy to even the least of God's children.**

By their fruits ye shall know them.

Grace and Mercy is the divine virtue of the letter G of our name Giria.

**As goods and services are exchanged with love,
integrity, generosity, value, and compassion,
the result is goodwill, security, understanding,
satisfaction, affection, loyalty, trust, gratitude, optimism, and
inspiration.**

These considerations are priceless.

As any business person knows,
these qualities create good reputation, loyal customer base,
best public relations and advertising, good credit,
mutual co-operation, respect, satisfaction, happiness, optimism,
high vision, heartfelt assistance and productivity.

Creating good karma is the divine virtue of letter I, the second and
fourth letter of our name.
This is the virtue of Cause and Effect, of memory, remembrance and
conscience.

By desiring to serve the highest good, and listening to and following
inner guidance, a person knows how to create blessings
for all in every transaction with genius.

Following inner guidance is the divine virtue of letter R.

The end result is enlightenment for all concerned.

Enlightenment is the divine virtue of letter A, pronounced softly as in a
sigh, ahhhhhhh.

Then this A becomes umlaut A, ae,
and the result is transformation of any limitations or imperfections,
as each person gladly releases for change
any negative states of being, desires, ideas, emotions, or physical
possessions
that are no longer serving the highest good of all.

Look at the letters in our name, Giria:

*G This is the profundity of Divine Grace and Mercy in all its infinite
expressions.*

*The virtue of divine peace of the mind and the ability to
give true divine blessing is attained by meditating on this virtue.
In the emotions there is the emotion of complete happiness and
satisfaction.*

*In the material world, this virtue represents all phases of riches and
wealth, of happiness and satisfaction.*

*Musical tone F. Deep grass green color. A feeling of chill. Enlivens the
left eye.*

*This is the law of cause and effect. All doings, all life come under this
law.*

This is the tenth letter and represents the one in its highest form.

*Meditating on this virtue brings about perfect memory, remembrance,
and conscience in the mind.*

*You master the understanding of emotions,
and learn how to heal your own or another's emotions by the use of
cause and effect.*

*In the physical you understand the laws of analogy between the micro
and the macrocosm.*

*Musical note G. Light opal color. Earth element sense with a feeling of
weight.
Enlivens the left kidney.*

*This is the virtue of freedom and independence. Meditating on this
virtue gives you an eminent mind and perfect attunement to Divine
Providence
and at-onement with all Divine Laws so that you never misuse
free will in any way. In the feelings this awakens ingenuity.
In the physical this virtue causes a rational widening of your intellect.*

*Musical note C. Golden light. Enlivens the left side of the nose.
Earth element with a sensation of weight.*

ICause and Effect.

*By mastering this virtue a child of God can cause miracles
with everything that has weight, number, shape, and measure.*

*This is the attainment of the highest wisdom
and the highest illumination that may ever be lavished on a human
being.*

*Meditating on this virtue brings about an enlightened mind with all its
fundamental features of reasoning, the cognition of the most profound
truths,
highest knowledge, and high intelligence.*

*On the feeling level, all talents such as musical ability, eloquence, and
poetic talent are accessible.
You also experience clairvoyance,
clairaudience, the mastery of languages, the art of levitation and the
control of the air element.*

*On the material level the control of air spirits, storms, and the ability to
heal any diseases of the lungs
are available through merging in consciousness with the virtue of
enlightenment.
This is a soft A, such as in ah or Allah.*

*Visualize it as light blue with a sense of ease, filling all space, inwardly
and outwardly.
The sound of A is the musical note G.*

*Umlaut A, ae, this virtue gives power of transformation.
This virtue gives control over negative beings and control of
passion. This very
important virtue, along with umlaut O, OE, is necessary for miracles to
occur.*

*WITH THIS VIRTUE, A CHILD OF LIGHT IS ABLE TO LET GO OF ANY
DESIRE, IDEA, FEELING, OR PHYSICAL SITUATION WHICH NO LONGER SERVES THE HIGHEST
good.*

*The sound of this letter, the long A, ae, toned to the musical note C,
is the virtue of the origin and mystery of life and death regarding their
transformation.*

By meditating on this virtue, a Child of Light becomes convinced that in reality death does not exist, for the so-called death is only a transformation from one state into another.

Also will come enlightenment on the cause of this transformation. With this comes the ability to master all negative spiritual beings in all spheres and planes with regard to their scope of action.

The purpose for which negative beings have been created becomes clear.

Since, in the original principle all beings are alike, each having been created by Divine Providence to fulfill a certain task, there is no dissimulation of negative beings, for from the enlightened persons point of view everything is pure.

Here the saying: "to the pure one everything is pure" becomes plain. If there were no negative beings, it would be impossible to distinguish between good and evil; and if there were no passions, there would also be no virtues.

This virtue confirms the words contained in the Bible: "through night to light", the deep symbolic meaning of which now becomes clear.

In the intellect the ability is gained to see through all thoughts, actions and wishes concerning matter, and of becoming their absolute master.

In the emotions, this virtue represents desires, passions, and the inclination to self-satisfaction etc. A person who masters this virtue in their feelings becomes absolute master and ruler of all desires and passions.

Also, a person is able to not cling to imperfect desires, mental, emotional, and material virtues and objects.

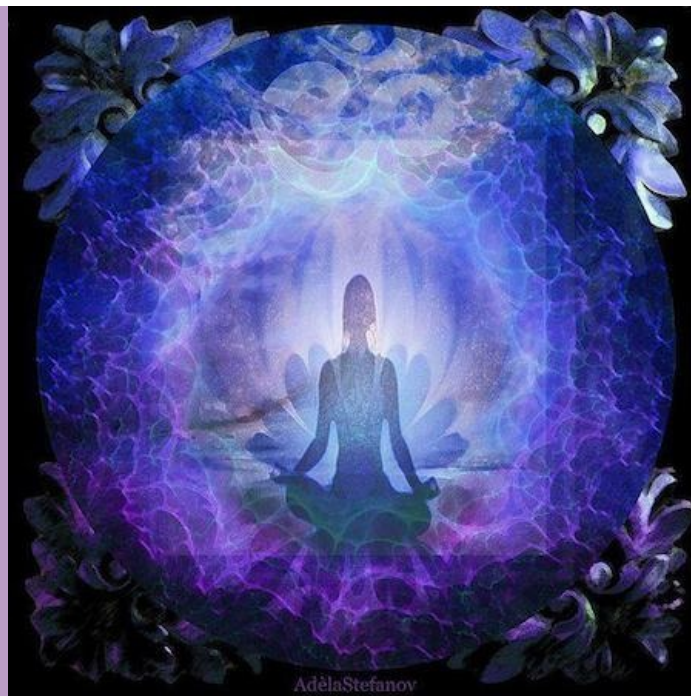

This means complete independence and freedom and fulfills the saying "bind yourself and you will be free".

On the material level this virtue is one of the most materialized. No matter whether you evoke it in the mind, the feelings, the akasha, or the material world, the earth is influenced by it to a larger extent.

The ability to infuse matter with divine virtues is heightened.

The color of this virtue is loamy brown. The musical note is C. The element is earth so it has the sensation of weight. The anus is formed from this virtue.

Footnotes

The names and meaning of angel groups come from Quaballah,
which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:
Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,
and the angels who work with him or her.
The being and the angels share the same name.
This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.
Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL
EVOCATION, ISBN 3-921338-02-6,
and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH,
ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.
The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.
Franz Bardon's last autobiographical book, "Frabato the Magician",
gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Love brings miracles of happiness.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.

SO BE IT!

**TO REMEMBER WHO YOU ARE,
YOU NEED TO FORGET WHO
THEY TOLD YOU TO BE.**

Go deep within your heart and in the silence, behold your unique purpose for manifesting in form.

There are no two snowflakes, DNA, or people alike.

Your purpose revealed through divine inner guidance in each moment is unique
in manifesting the splendor and majesty of divine love.

wrong is wrong
even if everyone is doing it

right is right
even if only **you** are doing it
