The north node of any chart designates the direction that the entire chart is going.

**The full moon occurs around midnight in the eastern timezone.
The direction of this chart and the north node of this full moon is 10
Cancer,**

the heavenly hosts of weather control.

As you can see, the north node is conjunct Hades.

Hades signifies energies of destruction.

The following information on weather control shows us that

**The Law of One
is necessary and activates powers for the highest good of all.**

"God is not willing that any to be lost."

Miracles of Love transmute and change whatever is imperfect.

**TRUE COGNITION is deepest awareness of ONENESS,
OF UNITY WITH ALL BEING,
and the clear divine faith that comes from this.**

**In working with divine beings of weather control,
remember that The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I AM one with all there is;

I ask that only THE HIGHEST GOOD OF ALL happen,

I give thanks that this is done.

SO BE IT!

So it is.

*Everything is possible when one is guided
by the still small voice within...
such as dispelling the illusion of separation
and cocreating Heaven on Earth.*

Beloved,

**Making it rain or stop raining,
sending lightning in a certain direction,
causing hail-storms,
or any other type of weather;
all of these happen through the use of divine intent
with flowing visualizations and emotions
in attunement with high inspiration from Divine Being.**

We inspire meditations for clarifying guidance.

**We inspire Divine Will and Intent for weather that is appropriate for
the highest good of all concerned.**

**We inspire meditations for perfecting emotional states that attract
specific forms of weather desired.**

We teach and assist the Children of Light in controlling weather.

TA-R-A-T-O

T...Mastery over emotions gives mastery over all the elements.

***A and umlaut A, ae...When an enlightened mind with the ability to
transform negativity***

***R...works with emotions of freedom of will that are in tune with the
highest levels of Divine Consciousness,***

***A and umlaut A, ae...and uses wisdom of thought and emotions to
control
the spirits of the air and negative beings,***

***T...with high inspiration flowing through will, thought, and then into the
emotional nature;
then there is harmony and control over all of the elements of fire, air,
water, and earth.***

***umlaut O, eu and O... Seeing all through the eyes of love divine results
in transmutation and absolute success and happiness for all concerned.***

**For a person to generate Divine Omnipotent Will and Flowing Emotions
necessary to control weather;
high inspiration, wisdom, transformation,
and inner guidance
must be developed
along with the ability to see through the eyes of Love Divine,
so that weather promotes divine justice and harmony for all.**

Divine Will and omnipotent faith is the element of fire.

**Control over one's faith and desires
gives control over the fire element in nature.**

Faith and desire have sensations of heat and expansion in deep inward meditation.

Thoughts and visualizations are the air element.

Control over one's thoughts and visualizations gives control over the air.

Thoughts and visualizations have sensations of relaxation and ease in inward deep meditation.

Thoughts and visualizations that are in attunement with the original purity of all ideas in Divine Mind bring about Heaven on Earth.

Thoughts and visualizations then become emotions.

Flowing emotions of unambiguous intent for the highest good of all and divine faith must be developed in deep inward meditations to exercise mastery over weather.

Flowing emotions are known in the ancient science as 'the magnetic fluid'.

Mastery of Flowing Divine Emotions is necessary to have control over elemental beings of water.

Both emotions and water contain compressed information and directs attraction of new realities on the physical plane.

Emotions have sensations of coolness and chill in deep inward meditations.

Water and emotions impregnated with divine Love and divine will for the highest good of all attracts harmonious realities on the physical plane.

**In all circumstances, personal or collective,
we inspire the children of divine being, in this and all other realms,
to understand and use The Law of One,
which is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I am one with all there is;

I ask that THE HIGHEST GOOD OF ALL concerned happen.

I give thanks that this is done.

SO BE IT!

So it is.

Mastery of the physical plane gives control over the beings of earth.

Earth has the sensation of weight in deep inward meditationss.

Fire is delta brainwaves of pure being and unity with Divine Mind and all creation.

This brainwave is dominant in infancy, and deep dreamless sleep.

**Air is the theta brainwaves of deep inner thought.
This brainwave is dominant in childhood and visual aspects of dreaming each night.**

"Ye must be as little children to enter the kingdom of heaven."

"The kingdom of heaven is found within."

"Seek ye first the kingdom of heaven and all else shall be added unto you."

**Water is alpha brainwaves of flowing emotions.
Alpha is dominant in adolescence.**

**Earth is brainwaves of beta, of the five senses, memory and logic.
Beta becomes dominant after puberty.**

**Through high inspiration from Divine Being,
all four brainwaves are
brought into harmony to attract whatever is visualized and felt.**

**As a person commands their own brainwaves in meditation,
the ability to command the beings of the elements comes naturally,
and is naturally remembered.**

***Making it rain or stop raining, sending lightning in a certain direction,
causing hail-storms, or any other type of weather; all of these happen
through the use of flowing visualizations and emotions attuned
with high inspiration from Divine Being.***

We inspire meditations for clarifying guidance.

**We inspire Divine Will and Intent for weather that is appropriate for
the highest good of all concerned.**

**We inspire meditations for perfecting emotional states that attract
specific forms of weather desired.**

**If negative emotions, such as those of doubt or confusion,
exist even on a subconscious level when certain weather is visualized,
resulting physical realities may not be satisfactory.
Therefore, we help heal old negative and limiting beliefs and emotions
that have been previously held in the unconscious mind.**

**We help align emotions in the subconscious, conscious, and
superconscious mind
through the virtues of high inspiration, enlightenment, transformation,
and cognition brought about by love divine and harmony.**

**Divine intent, visualizations, thoughts and emotions on all levels bring
about the desired results.**

THE 14TH DAY OF THE 28 DAY MOON CYCLE

FULL MOON

The Angels of Moon Magic

Also known as

The Moon Angels

of

Ezhobar

Beloved,

When emotions run at full power, magnetic attraction peaks.

Remember,

magnetic attraction, caused by strong feelings, attracts changes in matter.

That is why tangible feelings of divine happiness are so important.

**It is also why we help the children of divine being remember,
intuitively,
all that has been so carefully learned throughout lifetimes,
in the infinities of time,
that the soul has experienced in beingness.**

**These lessons, or experiences,
help a person to see through eyes of love,
and in this way bring about justice and harmony for all.**

**We help each person experience oneness with all life,
so that only the highest good of all concerned is desired.**

**Emotions attract particular realities out of infinite potentialities,
that correspond to their frequencies, and manifest thereby specific physical
worlds.**

**During the time of a full moon, emotions are at their most powerful,
so manifesting changes on the physical plane is easier at this time.**

**This is why it is so important to attune emotions to the highest frequency
possible,
by healing negative ones and aligning with highest will and thoughts with
their corresponding feelings.**

Polarity is a fact of creation on all levels and emotions have polarity.

**By mastering polarity in the emotions, all things are possible, including
levitation of self, others, and objects.**

**The key is mastery of whole brain concentration on the four levels of being,
simultaneously, while feeling powerful emotions.**

**The level of Delta brainwaves allows a person to feel oneness with the unified
field of energy,
oneness with Divine Consciousness and with all life.**

**At the end of the spectrum of Delta brainwaves,
INTENT or WILL is generated for manifesting a divine virtue for the benefit of
the unified field.**

This is the level of electrical energy.

**The stronger the WILL, the larger will be the mold that is created on the
next level, which is thought.**

**At the level of Theta brainwaves, a person contemplates the MEANING of a
divine virtue that is being generated.**

**Clear and precise intellectual understanding of the divine virtue creates a
blueprint,**

or mold that will be filled on the next level with magnetic feeling energy.

The next level, Alpha brainwaves, is the level of EMOTION.

**Strength of EMOTION determines the strength of the magnetic power
generated
to fill the mold that was created on the previous level.**

**When the mold, or blueprint is filled, it manifests on the next level, which is
the level of form or matter.**

**The level of form is comprehended by Beta brainwaves, which register the five
senses, memory, language and linear thought.**

**It is on this level that changes in form are experienced by the five senses and
subject to memory,**

when they can be remembered at any future time.

**During a full moon, a person can align his/her strongest emotions
with the most powerful emotional energy of the Unified Field with great ease,**

and piggyback personal feeling energy with Divine Feeling Energy.

**In this way, the most amazing manifestations in magnetic and physical
creation are mastered.**

**Ideally, in the previous two weeks, divine intention/will, concept/thought,
feeling/passion and sensations of desired changes
in physical manifestation have been pondered and created.**

**Now, by feeling these creations with the greatest passion, is the time of
ultimate manifestation.**

**Meditate on the divine virtues associated with the letters of our name, and
call on our help, to gain the following:**

E-Z-H-O-B-A-R

***E...We infuse cosmic consciousness and awaken talents and abilities,
especially clairvoyance,***

and help you understand symbols and the ancient language of Quaballah.

***Z...We impart an excellent gift for prophecy, and the ability to see the working
of magic in the physical world.***

H...We teach all languages of all spheres, and confer power to raise the dead,

*and perform miracles using the power of the word according to the
meditations of the ancient language.*

*O...We help you attain acute power of judgment, especially regarding justice
and fate.*

B...We initiate masters over life and death and the power to change fate.

We also gift magic powers and teach the need for the existence of polarity.

*A...We aid development of artistic talents, eloquence,
and magic powers like levitation and learning the language of symbols.*

*R...We cause mind expansion in order to learn new information quickly and
easily.*

We impart ingenuity that manifests itself in a number of abilities.'

"As above, so below."

*The cycles of the moon are the natural cycles and rhythms of the sea of
magnetic energy,
the sea of the emotions of the universe.*

*By consciously aligning personal emotions with moon cycles,
a state of almost indescribable bliss and well being can be maintained on an
on-going basis.*

*Periods of quietness at the dark of the moon gives birth to new feelings
which grow gracefully into periods of intense excitement and completion at
the full of the moon.*

*The period of passionate completion of the full moon then gradually relaxes
into satisfaction and serenity at the end of the cycle, at the dark of the moon,
again.*

*The 28 day cycle of the moon, the dark of the moon waxing to the full moon
and the waning back again to the dark of the moon,
carefully guides the emotional sea of magnetic energy for all creation,
according to impeccable rhythms of harmony and life.*

Here is a useful exercise to help master polarity of emotion:

Choose a polarity such as excitement/relaxation.

Close your eyes and feel excitement.

Concentrate fully until your entire being is infused with the feeling of excitement!

Next feel relaxation.

Concentrate fully until your entire being is peaceful and floating, filled with feelings of relaxation.

Now feel excitement again!

Feel it fully, taking your time to work up to full awareness of its power!

Now feel relaxation again, feel it until you merge fully into peaceful, calm, quiet, being.

Now remain in a state of relaxation WHILE AT THE SAME TIME FEELING EXCITEMENT!

Feel these two feelings AT THE SAME TIME!

This exercise enhances wholebrain awareness.

It becomes effortless with practice.

This is useful to master any polarity such as acceptance/rejection, joy/sadness, confidence/fear, etc.

On the 14th day of every 28-Day Moon Cycle,

we flood the earth with powerful feelings to manifest miracles.
