The Angels of Bliss

Also known as

The Angels of

Batirunos

Beloved,

Wonderful magnetic lamps light the world
as sentient beings
flow with tangible feelings of blissful
emotions,
attracting Heaven on Earth,

attracting manifestations of Paradise.

*There is a mathematical point,
a point at which a critical number of people and
sentient beings
are creating and flowing emotions of BLISS,
in which an IGNITION takes place.*

*At this point,
a quantum leap into the ancient future,
the alpha and omega of perfection,
happens.*

This is the time that has long been foretold.

**To give bliss, peace, pleasure, and delight to
mankind
is our special commission from Divine
Providence.**

**Everything that makes people happy,
each happy moment,
is inspired by us and given our protection.**

This is the time when

EARTH IS AS HEAVEN.

***"Thy kingdom come,
Thy will be done,
On earth as it is in heaven."***

As above, so below.

Divine virtues are first experienced in a state of pure being and unity with Divine Being and all creation.

Then they are expressed as VOLITION and WILL, emitting colors of light and visual images of beauty and perfection.

Omnipotent will activates almighty faith and deep understanding is enlivened.

As understanding grows, powerful emotions are generated.

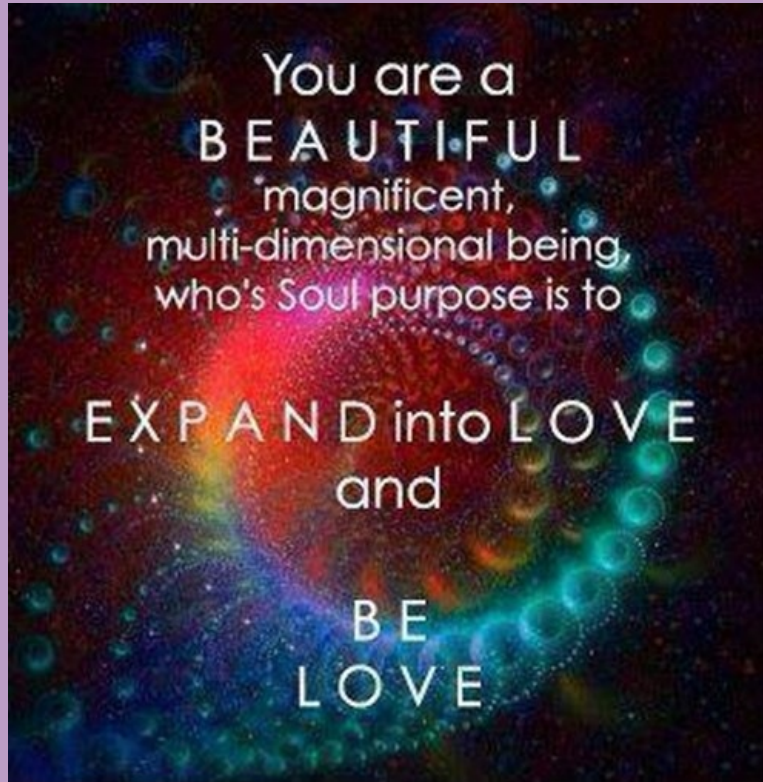

These emotions are magnetic, and attract new realities into manifestation on earth.

This is why, in meditating on the divine qualities of Divine Being, it is so important to FLOW with emotions of each virtue.

By toning the sound of each virtue's emotions in its appropriate musical note,

**either silently in meditation or out loud,
the corresponding emotions become so powerful that very mystical
changes occur.**

**Then, by experiencing the sensations of the virtues element in
meditation,
which will be either consciousness-penetrating-all,
warmth, ease, coolness, or weight,
a person creates an electro-magnetic creative manifestation,
using all four brainwaves.**

**To understand that Universal Life contains within it ALL
POLARITIES
and to master and be thankful and happy with this,
is an important key to bliss.**

**Embracing and mastering polarity
is the divine virtue of the letter B of our name.**

**Mastering polarity within,
instead of resisting or fearing it,
and seeing that polarity is necessary for creation to exist,
especially the polarity of electricity and magnetism,
is an important step to peace,
to bliss and gratitude for all
and the end of war,
between parts of one's own self or
war in the outer world.**

**Polarity is necessary for creation to exist.
This virtue awakens mastery of will and emotion,
of electricity and magnetism.**

**We help each person realize that he or she is not a victim of fate,
but rather, through meditation and mastery of will and emotion,
determines what to create and attract out of the quantum field
within the inner worlds,
which, through the laws of cause and effect,
creates and attracts corresponding realities in the outer world.**

By having dominion over polarity in the inner world,

a person realizes dominion over polarity in the outer worlds.

**This dominion is perfectly wielded by entering into states of
enlightenment,
the virtue of letter A, soft A, of our name,
and releasing
all imperfections on every level of awareness
for changes to other states that are the highest good,
the virtue of letter umlaut A, ae.**

**High inspiration, letter T, understanding cause and effect, letter I,
and following inner guidance, letter R, in states of deep meditation
and trance, letter U,
awakens for purposes of creating supreme happiness
on an ongoing basis.**

**Seeing through the eyes of Divine Love, the divine virtue of letter O
of our name,
reveals indwelling divine perfection in everything
and thereby guides transformation
through transmutation to harmony for all.**

**All penetrating divine will for the highest good of all reigns
supreme.**

All penetrating divine will is the virtue of letter S.

**Like the powerful perfume of fine flowers,
bliss produces magnetic auras that attract Heaven on
Earth.**

The Mayans call this time The Age of Flowers.

**One moment of divine happiness can transform days of
despair.**

**Like a small flame that overcomes and illumines the
darkness of a large cavern,
or the weak force overcoming the strong in quantum
mechanics,
happiness and bliss overcome negativity to attract
Heaven on Earth.**

**Even if a small flame goes out in a dark room, the vision stays in the
memory to guide.**

The power of light, and happiness, is never forgotten.

**Supreme Happiness, the virtue of letter N of our name,
is the ecstasy and rapture of feelings of Divine Presence,
both within the self, and in the outer worlds.**

Divine Happiness, and all the divine virtues,

are Eternal,
and are real like the Sun and the waters and the earth and the sky.

By using control over one's will and emotions,
healing all with love and desires for the highest good of all,
wounded feelings, with their attendant unhappy physical
manifestations,
become like fleeting nightmares,
passing illusions, dark clouds passing in the sky.

"Give thanks for all things."

"All things work for good to those who believe."

Through their passing, wounded feelings have revealed
deep compassion and empathy for suffering.

By experiencing oneness with all in deep meditation,
the realization that when one is harmed, all are harmed, arises.
With this also arises the realization that when one is helped, all are
helped.

"What you do unto the least of these you do unto me."

We inspire the children of light to realize that there is no more
important manifestation than this:

To be happy, to be glad, to be the embodiment of flowing feelings of
Bliss.

The magnetism of emotions of bliss and rapture attract solutions to
any problem.

Delight is the Garment of Light.

As children of the most high, this is your Divine Birthright.
Flowing tangible feelings in the body of divine happiness attracts
happy realities
out of the quantum fields of infinite possibilities.

"For I have not given you the spirit of fear, but of joy, and life everlasting."

*In Bliss the body produces chemicals,
neurotransmitters, etc.
that bring about healing, immortality,
and communion with Divine Being.*

We are Angels of Bliss and therefore of immortality,
and we bring tidings of great joy.

*The Divine Presence lives with In the hearts of every
person.*

*We inspire the discovery of this heart space,
this oneness and unity with all polarities,
so that there is only Love,
and the universe is filled with light.*

*We give high inspiration and strong inner guidance
so that the all-penetrating-power of Supreme Happiness
is discovered.*

unconditional all encompassing LOVE
and gains the power to transmute anything
into its original perfect divine blueprint.**

**This virtue
transforms everything into greater perfection and harmony
and shines with a deep orange light.**

**It takes both virtues, the umlaut A, ae, which is the transformative
power of recognizing and letting go,

sensation,
and releasing it back to Divine Being for changes into other states
that are
the highest good of all,
through COGNITION BROUGHT ABOUT BY LOVE DIVINE
to manifest MIRACLES.**

B-A-T-I-R-U-N-O-S

*B This is the divine virtue of Universal Life which is the virtue of
polarity in all of its many forms. Understanding polarity leads to the greatest
wisdom.*

*Mastering this virtue through meditation gives control over will and emotion,
life and death,
and the power to change any fate.*

*This divine virtue is a light violet color, is the earth element so it
has the sensation of weight, vibrates to the musical note of A, and forms the
right eyeball.*

A This is the sound of the divine virtue of highest wisdom and enlightenment.

*This sound [soft as in a sighahhhhhh] and virtue is an initiation
into the highest wisdom and the purity of all ideas.*

*This has as a fundamental feature the enlightened mind.
Reasoning, perception, the cognition of the most profound truths, highest
knowledge,
high intelligence, and the arousing of all intellectual
faculties are expressed.*

*Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience, the
art of levitation, and the control of
the air element and its beings are all aroused by meditating on this virtue.*

*On the physical plane the command of the beings of the air,
control over storms, are all made possible by initiation into the highest
wisdom.*

*The color of wisdom and enlightenment is light blue, the musical note
is G, the element is air so it has the sensation of ease, and the lungs are
formed from it.*

*Umlaut A, aettransformation through release of imperfection for change into
another state.*

*T The sound of the letter T in the ancient language is the divine virtue of high
inspiration
with all the legal matters of this principle.*

*In the intellect, this virtue awakens remarkable inventive faculties and
memory.*

*When a person chooses the path of bliss, the heavenly hosts
awaken high levels of inspiration, so that ingeniousness removes all obstacles.*

I The sound of this letter is the virtue of cause and effect, which is the karma law.

On the mental level, this is analogous to memory, remembrance and conscience.

In the emotional body, this corresponds to the astral/physical matrix, which is the connection between emotion and physical form, with all of its functions.

On the material world, everything that has shape, measure, number and weight can be understood and mastered with this virtue.

The color of this virtue is light opal, the musical note is G, the element is earth so it has the sensation of weight, and the left kidney is created by this oscillation.

R The sound of the letter R is the divine virtue of becoming the master and guardian of freedom and independence.

It is this virtue that is used by each child of God who listens to and follows their own inner voice of guidance.

This inner guidance is a person's unmistakable link with the Universal Mind of Divine Providence that lives and moves in all space and time and beyond.

In this state of freedom and independence there is the emotion of freedom of any pressing burden of the laws, for by the mastery of all the preceding virtues you have achieved a state of maturity by which this feeling of independence has been transformed into an absolute state of security and unimpeachability.

This comes from the realization of the harmony and perfection of all divine laws and the identification and love of them so intensely that they have actually become merged with oneself.

In this case you are the personification and representation of the divine laws and they will serve you, and your sense of freedom will derive from them rather than in spite of them.

This is a very high state of consciousness, but it is the state that every human being is destined to accomplish.

"It is not my will that any be lost."

It is for this reason that your teachers have told you to listen to the still small voice within, and that "the truth is written within your heart".

The color of this virtue is golden; the musical note is C. The left side of the nose is formed from it.

U The letter U in the cosmic language represents the faculty of comprehending the creative act and its relationship to karma.

The use of will, which is fire, is the beginning of the creation of anything. This virtue of understanding the creative act and its ongoing consequences allows one to use will so that it creates the highest good of all concerned.

It evokes the highest form of intuition and inspiration and makes possible the understanding of ones own karma and its modification. It also makes possible the transfer of consciousness to any state imaginable and this results in states of highest trance.

This letter is imagined as shining velvet black and is practiced in the solar plexus and then in the legs and feet.

This virtue enlivens the pancreas.

The musical note is B, and it is the element of Akasha, which has the sensation of consciousness-penetrating-all in meditation.

N This sound is the sound of supreme happiness and fulfillment beyond words to describe.

This virtue gives control over the consciousness of self and other beings.

This virtue gives control over the mental matrix, which is the spiritual bonding material that connects the emotional body to the mental body, i.e., to the spirit.

The mastery of this virtue reveals to the child of God all the mysteries relating to the mind and the emotions and bestows the ability to comprehend, see, sense and control, the mental matrix with its sphere of action, either in regard of self or others.

On a physical plane, this virtue gives mastery over the principle of cohesion or coherence, gravity and the attractive power of everything material.

The color is dark red, the musical note is A, it is of the water element of emotion so it has a cool sensation.

The liver is formed from this virtue.

umlaut O, eu, when toned to the musical note of D-sharp, is COGNITION brought about by Love Divine. It is the miracle worker of all virtues.

*Akasha: In the principle of consciousness penetrating all, the umlaut
O oscillation evokes the most profound cognition which can only be brought
about by love divine.*

*By the help of this a person gets to know all the possibilities of
transformation of the spirit, all the systems and ways serving this end,
and all knowledge concerning transformation in all other fields.*

*He/she is informed about everything that, deriving from the act of creation,
had to pass through all the mode of transformation to be reunited.*

*A person must attain all the faculties that are offered by this
profound cognition made possible by Love Divine,
in the principle of consciousness-penetrating-all,
and must make use of all possibilities,
in order to get convinced that they cannot be described by words,
by must be experienced, lived through.*

*I have mentioned the letters umlaut A and umlaut O as the last ones in this
series of exercises,
because by the help of their virtues one is able to comprehend,
from the principle of consciousness-penetrating-all,
the crown of all wisdom in the micro- and macrocosms, from the act of
creation to the present state of evolution, and even to the final development.*

*Mental: Evoked in the intellect, the virtue of profound cognition brought
about by love divine
gives the understanding of the transformation of ideas, virtues, etc.
by the quabbalistically pronounced word, which is a very great and
comprehensive field.*

*Astral/ emotional level: In the feelings, the virtue of profound cognition
brought about by love divine
develops the faculty of perfect astral projection
and the mastery of all occult and magical phenomena
that have reference to transformation,
so that a person may, for instance,
assume any desired vibration in the emotional body without
being recognized by other beings
and with only Divine Providence seeing through him/her.*

*Apart from this, a person is able to transform any
emotional oscillation into the oscillation he wants and to do the same with any
element.*

Material:

*When mastered in the physical body, the profound cognition
brought about by love divine leads to perfect knowledge of quabbalistic
alchemy in the material world.*

*A person is taught the true preparation and charging of the
philosophers stone in the physical sense.*

*He/she can influence, at will, any oscillationatomic, oscillation, electronic
oscillation- by
quabbalah, and he/she is able to transform it into the oscillation desired by
him/her.*

Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired.

By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.

Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything.

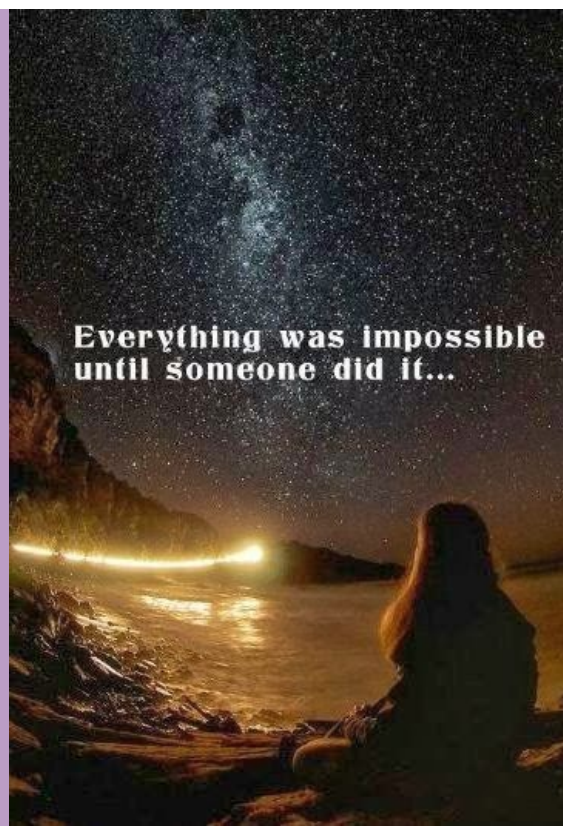

The ovaries and testicles are formed from this virtue.

O..Justice and harmony.

S This sound is the sound of all-penetrating-power. This will-power is used to completely saturate the levels of intellect, emotion, and form with the energy of divine virtues, both within the body and in the outer world.

The color of this virtue is purple red, its musical note is G-sharp, it is the fire element of will and so it has the sensation of warmth, and the gall bladder is the part of the body that is formed by it.
