## **The Angels of Introspection**

**Also known as**

**The Angels  
of**

***Ikon***

**Beloved,**

***With introspection,  
the attention goes within,  
not searching outside of self for peace,  
for enlightenment.***

***"The kingdom of heaven is within you."***

***We inspire children of Divine Being  
in finding the kingdom of heaven within.***

***When a person is weary of seeking happiness in the outer worlds,  
we reveal mysteries and powers in deep meditation.***

***By going deep within, and becoming one with original divine will,  
a pathway opens for the highest good of all in creation.***

***We inspire courage, faith, and excitement.***

***Understanding and uniting in deep introspection,  
with original omnipotent divine will for happiness for all,  
reveals solutions for self preservation.***

***Go Within!***

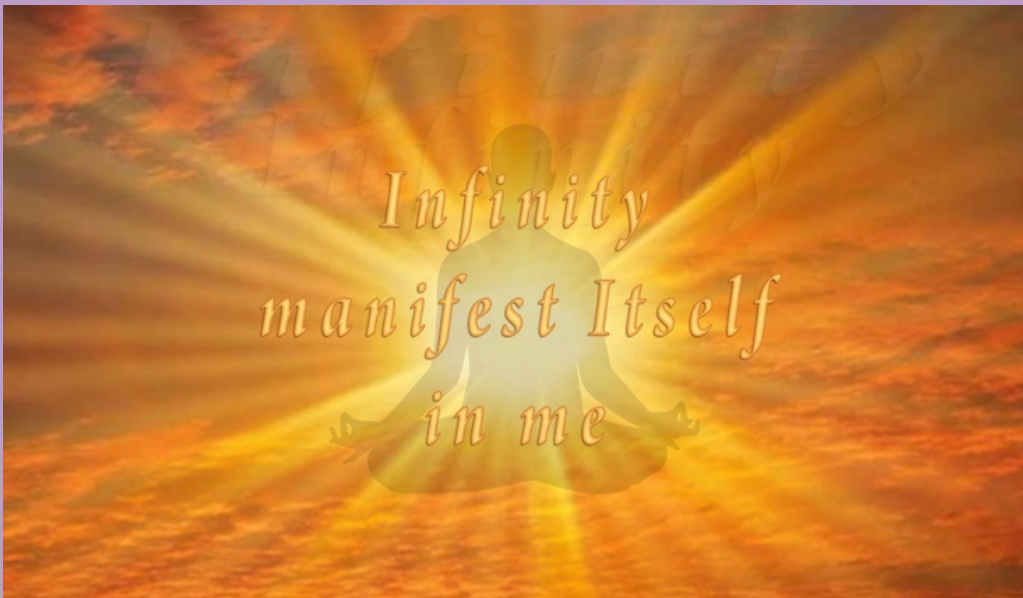

***Underneath mental programming,  
and emotional reactions,  
there is a center of stillness.***

of peace,  
of pure being,  
within you.

**Teachers of truth throughout the ages  
carefully point seekers  
*to go within,*  
*to listen to the still small voice,*  
*to find and experience their oneness with divine being.***

**The superconscious and subconscious minds both  
process approximately four hundred billion bits of information per second.  
The conscious mind processes four to forty bits of information each second.**

**By aligning the conscious mind with these inward processes,  
with these minds,  
solutions are visualized,  
felt,  
and manifested.**

Only with introspection can The Kingdom of Heaven be found.

*The Kingdom of Heaven lies there within you.*

Seek ye first the Kingdom of Heaven and ALL else shall be added unto you.

Introspection is necessary  
in physical,  
emotional,  
mental,  
psychic,  
and spiritual training.

Without deep introspection,  
away from the distraction of everyday life,  
true recognition of universal truths  
and consciousness of Divine Love  
within the heart  
is difficult.

It has been said that the longest journey  
anyone ever takes,  
is from the head to the heart.

The head must listen to the heart.

If the heart has been broken,  
deep introspection  
reveals solutions to open it once again.

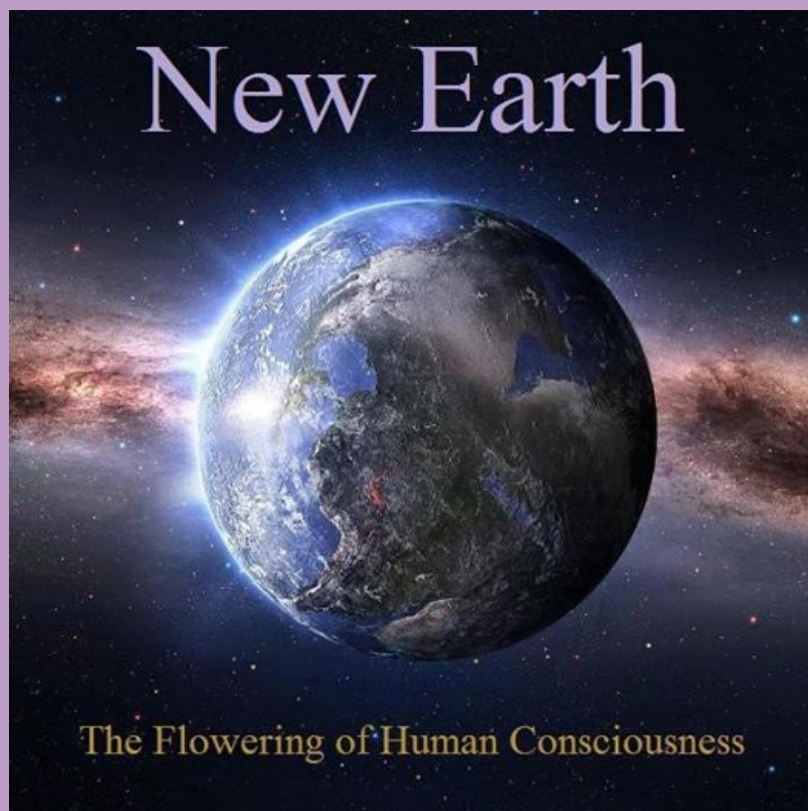

Emotional wounding is acknowledged,  
respected,  
and in so doing,  
deep insights arise as to the causes of this emotional wounding,  
and spontaneous healing images arise  
from the super and subconscious minds.

The heart produces a tube torus energy field  
5,000 times stronger than the brain.

The heart is the first to develop in the womb,  
all else develops afterwards.

Research shows that the heart's field produces life, plasma.

Sages of all times  
discovered that it is only with introspection  
looking within,  
that Divine Love is rediscovered,  
and Divine Equilibrium is possible.

Spiritual wealth is first found within.

**Spiritual wealth flows from experiencing personal unity with divine being,  
which comes from deep introspection.**

***"I and the Father are ONE."***

***"It is the Father within, it is HE that doeth the works."***

**In the deep delta brainwave state of infancy, and in deep dreamless sleep each night,  
a state of pure being and unity with all being is experienced.**

**It is in this deep delta brainwave state that the body heals.**

**By going within,  
and asking cellular memory to reveal this state of pure being in meditation,  
a person heals all appearances of separation  
between self and Divine Being,  
and between self and others.**

***"What you do unto the least of these, you do unto me."***

**From this state of pure being, in deep Theta brainwave states, the dominant state of childhood and deep inner meditation,  
a person focuses attention,  
seeking the kingdom of heaven within,  
and activates changes in self and in the outer worlds,  
for the highest good of all.**

***"Ask and ye shall receive."***

***"Seek, and ye shall find."***

**As this treasure is found within,  
all else is added.**

**Emotions flowing from deep inward states of unity and will,  
attract changes out of the quantum fields of infinite possibilities.**

**Treasures in the outer world  
are then attracted  
into manifestation  
in physical reality.**

**As Heaven is found within,  
Heaven automatically manifests outwardly in the world.**

***"As a man believeth, so is he."***

**Each divine virtue is accessed through introspection and disciplined study.**

**Like tasting a soup to ensure that flavors are kept in balance as ingredients are added,  
introspection is the means by which life is kept in balance.**

**Balance is maintained by turning inward and attuning to inner work equally  
with interactions in the outer.**

**We reveal to you the mysteries of the mystical equilibrium of body,  
soul and spirit  
in relation to the Akasha principle,**

**which is the principle of Consciousness-penetrating-all.**

**We inspire establishing self-discipline regularly,  
for introspection and balanced interaction with the outer.**

**This is a major key to mastery and illumination.**

**If you have difficulty in this, call on our help and meditate on the divine  
virtues of I-K-O-N.**

**Flowing emotions and feelings of Supreme Divine Happiness,  
represented by the last letter of our name, N, are the natural result.**

### ***I-K-O-N***

#### ***I.The mastery of cause and effect.***

*In the Akasha principle of consciousness-penetrating-all,  
this letter represents the virtue of Fate and Karma, the law of Cause and Effect.*

*All doings and all actions, all life, come under this law.  
The law of the evolution of everything that has been created  
is expressed by the virtue of Cause and Effect.*

*At the same time, Divine Providence in the  
most subtle form is manifested in this virtue.*

*In the alphabet the letter I is the tenth letter  
and number ten represents the one as its highest form.*

*In the mind this virtue creates memory, remembrance and conscience.*

*By mastering Cause and Effect, one is able to enliven everything and  
master it.*

*At the same time, he achieves the spiritual ability to evoke any remembrance  
in his memory or the memory of someone else  
and to  
sharpen the conscience of another  
whenever it is permitted by Divine Providence.*

*In the feelings this virtue controls the very act of feeling itself  
and therefore controls the life force and the act of breathing.*

*Perfect control of the Virtue of Cause and Effect  
brings the ability to restore life and breath to the dead.*

*On the material plane this virtue corresponds to all laws of analogies  
between the micro-and the macrocosm,  
the above and the below,  
the inward and the outward.*

*Everything that has shape, measure, number and weight  
has been created by the help of this virtue of Cause and Effect.*

*Once this virtue is mastered,  
the greatest miracles in the material world can be caused  
by using the respective analogies to shape,  
measure, number and weight,  
which are the chief components of the material world.*

*Besides mastering these,  
a person may become a perfect  
metaphysician and to comprehend all laws presently still unknown  
and to apply them in all fields.*

*This virtue has a light opalescent color, is of the earth element of beta brainwaves,  
and the musical note of G.*

*This virtue forms the left kidney.*

*By recapitulation of past actions, your own and others,  
the cause and effect principle  
makes itself obvious through analysis.*

***K The light, meaning, and sound of this letter is the virtue of omnipotence.***

*In the akasha,  
the subtle pre-matter,  
it is the highest and purest light  
and is analogous to the original fire,*

*or desire principle.*

*In the mind, it manifests as the state of faith.*

*This is the faith that was spoken of in the Bible that moves mountains and does all thing.*

*In the soul, which is also called the astral or feeling body,  
this virtue manifests as endurance, toughness, courage,  
and the ability to remove any feeling of fear  
within yourself or within others.*

*This virtue gives one courage to face the fears of emotional wounding,  
and find the kingdom of heaven within.*

*Since it is the fire and air element, it has the sensation of warmth and ease;  
it has the musical note of B, and shines colors of silvery blue.*

*Original omnipotence forms the left ear.*

***Oneness with Gods Will,  
and  
therefore Omnipotence,  
is accessed through introspection  
in the deep inward reaches of spirit, mind, and heart.***

***At this point the spirit and soul understand why things are the way they  
are,  
knows that there is infinite power  
to create,  
success and happiness for all,  
with heartfelt motivation and skills to bring forth Divine Justice for all.***

*umlaut O, eu The sound of this letter is the divine virtue that  
concerns everything analogous to enlivening matter in all levels of will, thought, feeling, and form.*

*umlaut O, eu, toned to the musical note of D-sharp, is COGNITION  
brought about by Love Divine.  
and has to do with enlivening the material plane.  
It is the miracle worker of all virtues.*

*Akasha:*

*In the principle of consciousness penetrating all,  
attunement to the deep orange light of the umlaut O oscillation  
evokes the most profound cognition  
which can only be brought about by love divine.*

*By the help of this a person gets to know all the possibilities of  
transformation of the spirit,  
all the systems and ways serving this end,  
and all knowledge concerning transformation in all other fields.*

*He/she is informed about everything that,  
deriving from the act of creation,  
had to pass through all the mode of transformation to be reunited.*

*A person must attain all the faculties that are offered  
by this profound cognition made possible by Love Divine,  
in the principle of consciousness-penetrating-all,  
and must make use of all possibilities,  
to get convinced that they cannot be described by words,  
by must be experienced,  
lived through.*

*I have mentioned the letters umlaut A and umlaut O as the last ones in this series of exercises,  
because by the help of their virtues one is able to comprehend,  
from the principle of consciousness-penetrating-all,  
the crown of all wisdom in the micro- and macrocosms,  
from the act of creation to the present state of evolution,  
and even to the final development.*

*Mental:*

*Evoked in the intellect,  
the virtue of profound cognition brought about by love divine  
gives the understanding of the transformation of ideas, virtues, etc.  
by the quabbalistically pronounced word,  
which is a very great and comprehensive field.*

*Astral:*

*This is the emotional level.*

*In the feelings, the virtue of profound  
cognition brought about by love divine  
develops the faculty of perfect astral projection,*

*and the mastery of all occult and magical phenomena  
that have reference to transformation,  
so that a person may,  
for instance,  
assume any desired vibration in the emotional body  
without being recognized by other beings  
and with only Divine Providence seeing through him/her.*

*Apart from this, a person is able to transform  
any emotional oscillation into the oscillation he wants  
and to do the same with any element.*

*Material:*

*When mastered in the physical body,  
the profound cognition  
brought about by love divine  
leads to perfect knowledge of quabbalistic alchemy in the material world.*

*A person is taught the true preparation and charging of the philosophers stone  
in the physical sense.*

*He/she can influence, at will, any oscillationatomic, oscillation, electronic oscillation-  
by  
quabbalah,  
and he/she is able to transform it into the oscillation desired by him/her.*

*Therefore he/she perfectly masters the laws of transmutation  
and is able to transform any metal into gold,  
any stone into a precious stone, etc. if desired.*

*By the help of this virtue a person is furnished with  
many other faculties  
of which he/she cannot even dream now  
and which non-initiates would regard as absolutely impossible.*

*Umlaut O shines dark orange light,  
has the musical note of D-sharp,  
is the element of akashic-earth  
which has the sensation of weight penetrating everything.*

*The ovaries and testicles are formed from this virtue.*

### ***O.Divine Justice and harmony then manifests,***

*The sound of letter O is the sound of the initiation into the original principle of divine justice.*

*Mentally you will be able to give expression to the absolute legality of harmony  
in all four basic qualities of the elements.*

*You will have a  
high power of judgement  
and the ability to comprehend spiritually any legality,  
any interference by Divine Providence for the sake of justice.*

*You will never be able to condemn anyone unjustly.*

*This will bring about the abilities to create any change in the emotional  
situations that you find yourself in  
and to have absolute success and happiness on all levels.*

*The ability to master emotions is the ability to control magnetism,  
which is the ability to attract.*

*It is also the ability to manifest anything on the physical level.*

*This virtue shines ultramarine blue colors, the musical note of C, and  
is the earth element so it has the sensation of weight.*

*It forms the throat and windpipe.*

***The Justice principle of Divine Law and Harmony  
brings success and satisfaction for all in World Service.***

***The heavenly hosts nurture each seed of love sown and the harvest is  
beautiful.***

***The desire to bring forth justice and harmony  
on the path of World Service  
is a royal road to the greatest riches in the Kingdom of Heaven.***

***N.Supreme Happiness, the rapture and ecstasy of the seventh heaven of  
delight, flows.***

***Supreme happiness is the principal of coherence, and is similar to***

*gravity.*

*Happiness causes amazing chemical changes in perception  
that now sees solutions to any kinds of problems,  
especially in connecting body to spirit,  
and making emotions impervious to stress,  
while evoking the drive for self-preservation.*

*Supreme Happiness confers control over emotions of self and others.*

*Divine Happiness shines lights of dark red colors.  
It is a virtue of the element of water, or magnetism,  
with sensations of chill.*

*The liver is formed from this virtue.*

*Mystical equilibrium of spirit, mind, emotion, and body  
attuned to divine will for the highest good of all,  
vibrates the highest happiness that words can describe.*

*"For I have not given you the spirit of fear,  
but of joy,  
and life everlasting."*

**It is through introspection that cause and effect,  
almighty faith,  
loving cognition,  
and happiness is revealed.**

When you choose oneness with Divine Will and Love.  
and forgive others and your self through deep introspection within,  
placing your highest value on Divine Will and Love above all else,  
immersing yourself in loving the oneness of all life--  
you become as The Divine Creator,  
Who lives in all beings and takes on all the roles:

The Lover, the Beloved, Love itself, the Forgiven and the Forgiver.

This, a state of loving Oneness with all life, is the ultimate destiny.

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,

and the angels who work with him or her.

The being and the angels share the same name.  
This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

***THE LAW OF ONE***

***We are all one.  
When one is harmed, all are harmed.  
When one is helped, all are helped.  
Therefore, in the name of who I AM, and I am one with all there is;  
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .  
I give thanks that this is done.  
SO BE IT!  
So it is.***
