The Angels of Silence

Also known as

The Angels
of

Alosom

Beloved,

We guard the deep secrets of silence.

We reveal powers and faculties
produced by silence,
for those who look within
to find the kingdom of heaven.

"The kingdom of Heaven is found within."

"Listen to the still small voice."

We are guardians and teachers of the miracles of silence.

**In ancient methods of meditation and retreat,
technologies are taught,
esoteric secrets,
passed down from enlightened teachers
to seekers for generations.**

Seekers are taught to:

Surround yourself with a zone of silence."

"Unfreeze your concepts of yourself and of reality."

*"Merge yourself into the cosmic vastness that is attracted
into the Silence.*

**We inspire people to
enter The Silence
The Void,
the primal Womb.**

"Ye must be born again."

**Remember,
a void is a vacuum.**

**Into a vacuum,
energy is attracted.**

This is a decisive key to the right use of silence.

Those who *lose their way*,
question who they are,
and doubt self identity,
often do so because of becoming too active
in the outer world.

The vacuum that is silence
ATTRACTS unto itself,
original divine will, thought, and EMOTIONS and sensations
of whatever is INTENDED,
or prayed for.

The stronger and clearer the flow
of divine intentions and feelings,
the more powerful is the creation and resulting attraction
drawing forth divine changes in the inner and outer worlds.

**True mastery and enlightenment requires equal times spent in Silence,
in states of pure being
and unity with Divine Being.**

**In infancy and deep dreamless sleep each night,
the deep delta brainwave of pure being and unity with all is produced.**

This is the silence.

This is the bedrock upon which other frequencies of perception rest.

**By going into the silence, asking cellular memory to reveal
this deep brainwave pattern,
a person unites with pure being.**

**In silence, a person unites individual will with divine will,
individual mind with divine mind,
individual feelings with divine feelings,
and individual sensations with divine sensations.**

**Remember that flowing emotions are magnetic
and attract corresponding changes in the material world.**

**For this reason, painful emotions must be healed for heaven to manifest
inside, and outside.**

"On Earth as it is in Heaven."

**In entering the silence,
whatever painful emotions needing to be healed
often reveal themselves,
seeming to bar the way.**

**To help a person enter the silence,
we reveal the importance of spending enough time
to validate painful feelings as they come up,
for the wounded inner child self to heal.**

**As painful feelings flow, in an atmosphere of validation
and thanks
for having survived the difficult experiences that created them,
recognizing and giving thanks for the wisdom gained
about the importance of harmlessness,
bit by bit the inner child heals.**

Insights arise as to how wounded parents raise wounded children.

**Forgiveness arises,
for self and others.**

**Step by step then,
the silence is entered.**

**As this happens, we help deepen meditation,
so deeply, that from the stillness, a place of pure being,
all things are easily seen through the eyes of love.**

**This is how the divine inner parent comforts the inner child,
with the vitality and the splendor and majesty of divine being.**

**Then, through entering the silence,
divine will, thought and all of the divine qualities that give true vitality,
are most easily accessed, experienced, and therefore,
flowing emotions of divine qualities are best identified and attuned to.**

**In this way a person begins to see everything
through eyes of enlightenment and love more and more.**

**Visceral feelings of enlightenment and wisdom
and emotions of all of the Divine Virtues
blossom naturally and easily in the silence.**

**In the silence, the longings of the heart birth
divine visualizations and feelings.**

**In the silence it becomes easier to see how original ideas of enlightenment
balance the active and passive principles,
the Masculine and the Feminine,
the solar and lunar powers,
electricity and magnetism,
output and input,
GIVING AND RECEIVING,
WILL and EMOTIONS,
the vocal and the silent,
all polarities,
in the inner worlds and the outer worlds.**

**Remember that it is in the silence
that individual enlightenment arises.**

Emotions of Enlightenment flow easily in the silence.

**Without distractions and noises of the usual outer and inner states of being,
silence allows one to hear "the still small voice."**

**Enlightenment is the divine virtue of letter A of Alosom,
and shines light blue colors and the musical note of G.**

**Imperfections are then recognized and released for changes into other states
that are the highest good of all, the virtue of umlaut A, ae.**

Release of imperfections shines loamy brown light and the musical note of C.

**Away from all distractions,
in the silence,
emotions of splendor and majesty of Divine Being are accessible.**

**The splendor and majesty of Divine Being
comes from all of the divine virtues taken together.**

This virtue gives vitality and youth and true spiritual morality.

**It is the divine virtue of letter L
and shines glowing deep olive green colors and the musical note of F.**

**As a person experiences the splendor and majesty of Divine Being,
cognition brought about by Love Divine is awakened.**

Cognition brought about by Love Divine is the virtue of umlaut O, eu.

Seeing through the eyes of love shines deep orange light and the musical note of D sharp.

When this happens, strong visualizations and resulting feelings of divine and loving
cognition

ATTRACT TRANSMUTATION of whatever needs to be perfected.

This transmutation awakens justice and harmony,
success and satisfaction,
and emotional equilibrium.

Justice and Harmony is the virtue of O,
shining with ultramarine blue lights and the musical note of C.

In the silence, emotions of omnipotent Divine Will for The Highest Good of All
are experienced penetrating all of Creation.

This Divine Will is the virtue of letter S.

This virtue unites individual will with Divine Will
omnipresent in all,
which is omnipotent and all powerful.

It shines purple red colors and the musical note of G sharp.

Emotions of loving transmutation and satisfaction of Divine
Justice and Harmony are received in the Silence.

These emotions attract harmonious, successful and satisfactory situations into form.

And finally, the last letter of Alosom,
the letter M,
is the divine virtue of EMOTIONS,
LOVE,
CHANGE,
FLUIDITY,
FLOWING,
RECEIVING.

This is a Mother Virtue,
it is the Divine Feminine Principle of Emotions.

This virtue is the key to ATTRACTION and to MAGNETISM.

Whenever a Child of Light meditates on and masters this virtue,
THE POWER TO ENTER THE SILENCE
AND
RECEIVE STRONG INTENTIONS,
VISUALIZATIONS,
and EMOTIONS OF DIVINE VIRTUES
AND THEREBY STRONGLY ATTRACT NEW REALITIES INTO FORM
is enlivened.

This virtue shines lovely blue green colors and the musical note of D.

Remember that those who lose their way,
question who they are,
and doubt self identity often do so because of becoming too active in the world.

This same imbalance is perpetuated even into prayers whenever the seeker offers
only active one sided communication with The Divine.

He/ she who is talking all the time cannot hear or receive.

We inspire the Children of Light with silent time
to recover their center and receive visualizations and emotions of wisdom and inner
guidance.

The most common oversight of those who invest tremendous energy
into heart felt, fervent prayers,
is learning to balance active output with receptive input.

Open emotionally in silence to receive answers to every prayer.

Clear yourself of preconceptions of how the answers must come.

**Allow enough time to receive and feel the answers
that are being given to you
from your oneness with Divine Consciousness
and the Heavenly Hosts.**

At the conclusion of active prayer,
offer your intention that you wish to receive and feel the true and full answers to your
prayer.

Affirm that you are ready and enter the silence.

The confirmation comes as inner emotions of divine virtues, of peace and completion begin
to flow.

Entering the silence eventually becomes a good habit,
an essential component of every completed prayer.

In summary, balance active formulations of prayers with silence,
and spend enough time to receive and give thanks
for every beautiful feeling of answered prayer.

**This is a secret to bonding in loving relationships
with Divine Consciousness and the heavenly hosts.**

*We guard the deep secrets of silence
and the powers and faculties produced by silence
as a receptive, magnetic feeling state.*

We are guardians and teachers of the miracles of silence.

Here is one of our stories:

THE SILENCE

A large crowd of people are preparing for a concert.

Even though the countryside is beautiful,
a sad pall of weariness and loneliness hangs over everyone.

Many of them have traveled long distances to get there, not only on the
physical plane,
but they have also traveled emotionally, mentally and spiritually.

They are tired and exhausted from long days and years of difficulties
in life both personally and collectively.

It is a hot summer day, and in the long hours in the sun waiting for the
concert to begin,
the sadness and collective shock from living on planet earth during
difficult times appears on the faces of everyone.

At the edge of the crowd, a quiet young man
who has spent years meditating each day,
closes his eyes.

Sitting cross legged with a very straight back,
he watches his breathing,
making it slower and slower, deeper and deeper.

With the intention of uniting with Divine Beingness,
he goes into a deep place of silence through the stillness of his heart.

His mind stops its chattering.

He settles deeply into vast SILENCE.

In great receptivity he experiences Divine Being,
shining and flowing with perfection and beauty.

Deeper and deeper, quieter and quieter,
GREAT PEACE blooms,
with FEELINGS OF CONNECTION and unity
WITH THE SPLENDOR AND MAJESTY OF DIVINE BEING

Flowing with ever increasing tangible feelings in his body of exquisite
infinite peace,
Divine Beauty, Bliss and unconditional all encompassing love,
his soul unites with The Soul of The Divine.

Time passes.

His aura becomes ever more brilliant with light.

Ecstasy fills him,
flowing out and blessing all creation.

In his deep silence,
he experiences how this bliss and ecstasy is mirrored back to him,
coming back to him from all creation.

He is delighted as he feels bliss permeating all the people at the
concert
and filling every atom of the countryside.

He senses beautiful emotions of divinity
becoming more and more beautiful,
ever flowing through the entire world,
and the entire Universe.

In silence he sees and feels beautiful transformation of everything.

Finally, the time comes.

He feels the silence opening and giving birth
to a new reality.

He opens his eyes,
looks around and stands to raise his arms

in gratitude to the sun.

He is amazed.

All around him everything is renewed.

He sees miracles born out of the womb of his silence.

Everything has changed.

Small flocks of birds fly across the sky.

The air is cooler.

Gentle breezes dance playfully.

Time has stopped and sacredness fills the air.

Gentle ripples of laughter float across the crowd.

Someone is playing a flute far away.

People look at each other eye to eye.

Flowing emotions of indescribable love and gratitude open their hearts.

**Then, in the stillness and unity, the band,
in a deep state of inward harmony and inspiration,
strikes up a chord.**

It is beautiful.

The concert begins.

**The musicians are deeply inward,
flowing with exciting and welcome happiness.**

Happiness flows through their music.

**Powerful breakthroughs and insights from spirit,
awareness of Divine Essence,
were being received in the silence.**

Smiles appeared.

Listening to the music,
people entered into deep places within,
and felt the power of the truth of the saying:

Go within and listen to the still, small voice.

Deep within, each in his or her own way,
they knew and felt that all was going to be okay,
that somehow all was being transformed and transmuted
within them and in the world.

Their hopes lifted, they relaxed.

They felt more and more tangible feelings of joy flowing.

Some of them began to softly sway,
and hum,
and soon beautiful dancing and song graced the meadows.

Each, in his or her own way,
had entered into the silence within their own hearts
in receptivity of peace and ecstasy.

Remember that Silence is the Primal Receptive Womb of flowing Divine
Feminine Emotions.

Divine intention, created within the deepest delta brainwave of pure
being,
allowed each person to enter into pure silence,
and desire to be filled with awe and wonder of the splendor and
majesty of divine being.

With their own deep inward heartfelt spirit and intention,
like an eternal spring of life giving waters,
the silence continued giving birth to beautiful insights and bliss.

Beautiful manifestations of art flourished as inspired concert goers
expressed themselves.

People became both the blessed and the blessing.

They experienced shared epiphanies at that concert that changed their lives forever.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,

and the angels who work with him or her.

**The being and the angels share the same name.
This name is a key to their powers and influence.**

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

Franz Bardon's last autobiographical book, "Frabato the Magician",

gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

THE LAW OF ONE

We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.

SO BE IT!
So it is.
