GALACTIC CENTER

The Angels

of

Conscience

Also known as

The Angels

of

Gezero

Beloved,

**We stand at the threshold
of
*The Central Sun.***

We serve by awakening conscience.

**26 Sagittarius,
The Angels of Conscience,
open doorways to 27 degrees Sagittarius,
The Heavenly Hosts of Miraculous Powers,
who open doorways to 28 Sagittarius,
The Angels of Destiny.**

**Destiny is the center of the galaxy,
downloading energy waves of information.**

**It is divine destiny to awaken human conscience
for manifesting Divine original will
for Heaven on Earth.**

***"Thy kingdom come,
Thy will be done,
On Earth as it is in Heaven."***

**For this reason, it is the destiny of creation that down pourings
of divine lights
bring about spontaneous remissions
of inharmonies in all dimensions.**

***Through the divine virtues that we activate,
even the greatest criminal
experiences pricks of conscience,
which lead him or her to reform.***

**Because of the oneness of all life,
harm caused anywhere affects everything everywhere,
including the one who causes the harm.**

What goes around comes around.

Harm done to anyone or anything is harm done to self.

"What you do unto the least of these, you do unto me."

Harm done to self harms the whole being of Creation.

"Keep your eye single and the body shall be filled with light."

**By focusing on the kingdom of heaven within,
and seeking the still small voice in silence,
a person remembers.**

**A state of pure being and unity with all is remembered,
along with the realization that
joy is the natural state for all creation.**

"...life, liberty, and the pursuit of happiness."

***"For I have not given you the spirit of fear, but of joy,
and life everlasting."***

"The last enemy to be overcome is death."

**Remember that every action
and every desire,
idea,
emotion
and sensation
sends out ripples of energy
over The Web of Life.**

**Within one minute of having a thought,
over a hundred thousand chemical reactions occur in the physical body.**

**With the out breath, these information codes go out
and effect the outer worlds.**

**As these ripples come back to the sender,
karma is experienced.**

**If harm has been caused,
great harm returns.**

**The purpose of karmic suffering
is to learn, on deep personal levels,
how harm feels,
and thereby realize the importance of harmlessness to self
and to others.**

**Information contained within flowing visualizations
and emotions
of grace and mercy
from enlightened beings,
help awaken conscience and higher wisdom
in those who receive this grace.**

**That is why Grace and Mercy are the
divine virtue of letter G,
the first letter and virtue of our name.**

This virtue shines with emerald green colors and the musical note of F.

**In this way, a Child of Light,
no matter how traumatized by previous emotional trauma,
through listening to conscience,
raises his or her awareness to a higher level of being,
thereby raising the frequency and perfection
of intentions, ideas, emotions and sensations.**

**Then, as old returning negative or limited karmas come back,
these harmful karmas glance off these heightened energy fields,
to manifest in mostly symbolic ways,
instead of through intense suffering.**

**Remember that when people receive tangible feelings in their physical,
emotional,
mental,
and spiritual bodies,
of grace and mercy,
amazing phenomena happens.**

Emotions contained compressed information.

**The emotional information of feelings of grace and mercy
unzips in deep introspection
to reveal the the most important Law of All,
the Law that transcends and overrides all other laws,
both civil and social.**

**Conscience reveals the importance of The Law of One,
of always giving and receiving the highest good of all concerned.**

The Law of One

***We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM,
and I AM ONE with ALL there is,
I ask that only the highest good,
of all concerned,
happen.***

***I give thanks that this is done.
So be it.
So it is.***

**Conscience also works through the Akasha-Principle,
which is the principle of Divine Consciousness-penetrating all.**

**In deep and sincere silence and introspection
this Divine Consciousness is experienced.**

**That is why conscience is most directly accessed
via the inner voice of guidance in silence.**

**The Akasha principle is the omnipresence of Divine Consciousness
in everything everywhere.**

**Omnipresence is the virtue of the second and fourth letter of our name,
the letter E of Gezero.**

Omnipresence shines with deep violet lights and the musical note of D.

Relax.

**Ask your cellular memory to let you remember what you experience
naturally
in deep dreamless sleep each night.
In deep dreamless sleep each night the body produces deep delta
brainwaves.**

**It is these brainwaves that are produced by enlightened sages
who experience unification with Divine Majesty, samadhi, while in**

waking states.

It is in these brainwave states that the body heals each night in sleep.

**Go into this state of simple pure deep pure being,
and consciously remember unity with Divine Being and thereby with all
creation.**

Experience pure being and be the virtue of omnipresence.

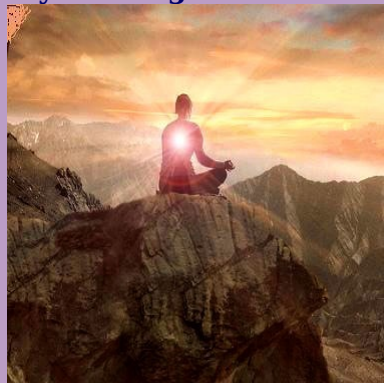

"I and the Father are One."

"All that I do, ye shall do and more."

**Conscience arises comes from emotions
that flow from the grace and mercy of Divine Illumination,
and also from memories and faculties from past lives.**

**The higher faculties of intellect and intuition,
of remembering everything you have ever learned in all lifetimes,
are the divine virtue of letter Z, the third letter of our name.**

Z shines with light yellow lights and the musical note of G.

**Through the OMNIPRESENCE of Divine Being and Consciousness,
Children of Light communicate throughout Divine Mind.**

**Due to this virtue,
communication with Divine Mind and all beings is going on at all times
either superconsciously, consciously or subconsciously.**

**Remember that the superconscious mind and the subconscious mind
process trillions of bits of information a second.**

The conscious mind processes 0 to 40 bits of information a second.

Pricks of conscience are sometimes due to messages received from the
superconsciousness
and the subconsciousness
from other lifetimes of intense experience and learning.

Omnipresence, oneness with all, is deepened.

*"What you do unto the least of these,
you do unto me."*

This is the second letter E of our name, shining with deep violet lights
and the musical note of D.

Inner guidance then awakens genius that comes from omnipresence,
omnipotence and omniscient divine consciousness,
and directs each person in each moment.

Learn to listen to the still small voice within.

This is the virtue of letter R of our name, shining with golden lights.

Finally, the virtue of Cognition brought about by Love Divine awakens
within.

Seeing through the eyes of love, a Child of Light sees the indwelling
divine essence of any matter or any being.

This awakens the powers of love to manifest indwelling Divine
Perfection.

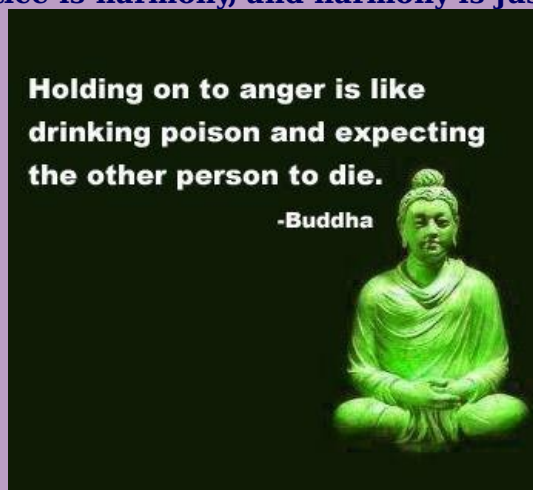

"Love conquers all."

This is transmutation.

Seeing through eyes of love is the divine virtue of umlaut O, eu, of
Gezero,
shining dark orange lights and the musical note of D sharp.

Transmutation brought about by love divine manifests justice and
harmony,
the virtue of O,
shining with ultramarine blue lights.

Justice is harmony, and harmony is justice.

Remember that pangs of conscience often speak
to a Child of Light in the silence
through deep painful flowing emotions.

**Painful emotions are compressed information that,
when allowed to flow safely,
reveal much wisdom and cause change,
and heal,
so that feelings can feel good once again.**

At this time, conscience is awakening in more and more people.

**Ancient teachings point out that when a decision to do something
is in accordance with the highest good,
it feels good.**

It will feel more so all the time.

**Conversely, if a decision progressively feels worse and worse,
inner guidance is clearly saying that it is not best to follow that course
of action.**

**The outer world reflects the inner world,
just as the lower world reflects the higher.**

As above, so below.

As within, so without.

Remember that the solar sun is a step down transformer of The Central Sun.

**Powerful mass coronal ejections and solar winds coming off of the solar
sun are
physical manifestations of potent photonic transmissions
of Divine Communication that affect biology.**

**At this time, the awakening of conscience is all powerful,
and wonderful miracles are manifesting.**

Ask and ye shall receive.

"Knock and it shall be opened unto you."

"All that I do, ye shall do, and more."

**Ask your superconscious mind and your subconscious mind
to constantly upload and download clear divine inner guidance.**

**Ask that downpourings of divine light through grace and mercy
enhance conscience, so that only the highest good is done
in each situation.**

Stand inside the silence, even when active in the outer world.

Keep your attention focused to listen and feel.

**Kata is an ancient Japanese word meaning
the visible world.**

**Kamu is the word for facing the invisible essence from which the visible
world comes,
which is filled with doorways.**

**Manu means to choose which doorway will open next to manifest in the
visible.**

**Na means to name that doorway,
and be the grounding for its flow.**

**Katakamuna
Katamanuna**

**Instead of looking outside for directions,
we help, through the down pouring of divine light,
to more easily finding it within.**

We help awaken high cognition and grace and mercy.

**In the silence is the still small voice,
the voice of the Holy Spirit.**

Keep your eye single, stay focused, follow the love of your heart.

**Calm and still the environment of the inner ear
from the coarse noise**

of everyday consciousness.

Enter the silence and feel the gentle subtlety of inner grace and guidance.

Awaken to silence in which Divine Grace and Mercy are in flowing higher consciousness.

Emotions of highest insight will begin to flow within you.

Filled with Divine Illumination, your free will then creates grace, beauty, and harmony.

In this way the harvest will be sweet, and karma turns into dharma, the path of service.

As above, so below.

On Earth as it is in Heaven.

We are One.

Miracles

By meditating on the divine virtues that correspond to the letters of our name in the ancient language, conscience is understood, mastered, and perfected.

G The sound of this letter is the divine virtue that concerns everything having to do with the mysteries of Divine Grace and Mercy on all planes of existence.

The sound of this letter is the sound of the virtue of Divine Grace and Mercy. When a person follows conscience and inner guidance from Divine Providence, they manifest blessings for all.

In the physical world this virtue represents "all phases of riches and wealth, of happiness and satisfaction.

By this virtue Divine Providence has created abundance and, like the Creator, a child of God may also bring about, for him or her self or other people, abundance in everything, should that be desired.

On an emotional level this virtue gives emotions of happiness, of complete satisfaction.

Situations may be created by means of the elements and the will and feelings causing success and wealth in the world that is for the highest good of all concerned.

In the mind, this virtue gives the experience of peacefulness, and the faculty of giving true divine blessing.

The color of this virtue shines deep emerald green; the musical note is F.

*It is the water element so it has the sensation of coolness.
The left eye is formed from this virtue.*

E The sound of this letter concerns everything related to the transfer of consciousness and intuition.

This letter is the sound of universal consciousness, which represents, as a divine idea and virtue,

its omnipresence in everything that has ever been created.

*Meditating on this virtue unites your normal consciousness with the universal consciousness,
with the cosmic consciousness, so that you can
attain, in the akasha principal, omnipresence yourself.
This is known in oriental wisdom as Nirvi-Kalpa-Samadhi.*

*You attain the highest form of intuition in your mental world;
you transfer your consciousness so that there exists no sense of time and space.*

Divinity in His highest form is able to speak through you.

*The most profound mysteries of materialization and dematerialization
become obvious to you as you master this,
everything that is material may be
transferred back into its refined and most subtle form
and any idea can be intensified in such a way that it becomes physically visible.*

*In the emotional body, the oscillation of letter E represents
the control of the feeling consciousness of oneself and of other people.*

Especially easy is it to achieve special clairaudience by meditating on this virtue.

*By "special clairaudience" not only the hearing of beings,
etc., is meant, but also the understanding of the language of all animals
and the perception of the remotest past, the present, and even
the future,
indiscriminately of distance or kingdom, i.e., human kingdom or animal kingdom.*

*The color of this virtue shines deep violet, the musical note is D, the
element is akasha, which has the sensation of God-penetrating-all,
and the spine is formed from it.*

*ZThe sound of this letter is the divine virtue that concerns everything
that brings about the enhancement of general intellectual faculties
and has special influence on memory;
higher cognition, remembrance,
the actual merging with past life abilities.*

The letter Z represents the higher faculties of divine intelligence.

When meditating on this in the emotional realm, all kinds of artistic faculties arise.

The ability to put all abstract ideas into words develops.

This virtue introduces tremendous endurance and resilience into material world forms.

*The divine virtue of the letter Z has the musical note of G,
is a light yellow color, is of the air element and has the sensation of ease, and
is practiced in the heart.*

*The heart of every child of God was created with this virtue along with the virtue of Y,
the cycles and rhythms of life.*

E is related to the transfer of consciousness and intuition.

*RThe sound of this letter is the divine virtue that concerns everything about freedom of
will,
freedom of action, and intellectuality.*

This is the sound of the divine virtue of INDEPENDENCE AND FREEDOM.

It is the virtue of following inner guidance and being in tune with Divine Providence.

*Those who study the divine virtues in the order of the alphabet reach a
state of complete oneness with Divine Providence so that by the time they reach the letter
R,*

*they have achieved a state of maturity by
which your feeling of independence has been transformed
into an absolute state of security and unimpeachability.*

Mentally, you will have an eminent mind and the feeling of freedom of will and action.

*Not only this, but also the state of maturity in
which you will never violate a law, having yourself become a master of all laws.*

*In spite of your freedom of will, you will find yourself
willing to subject yourself freely to Divine Providence,
and accept missions to serve Divine Providence with deep humility, immense
gratitude and the highest devotion without losing your feeling of absolute freedom of will
in any way.*

*Such great ingenuity will proceed from this
that you will be able to comprehend any knowledge quickly and without difficulty.*

*The color of this virtue shines gold, the musical note is C, the primary
element is earth so it is felt with a sensation of weight,
and the left side of the nose is formed from it.*

The Light of the Divine Presence Always Prevails

*umlaut O, eu toned to the musical note of D-sharp, is COGNITION
brought about by Love Divine. It has to do with enlivening the material plane.*

*It is the miracle worker of all virtues along
with umlaut A, ae, the mysteries of life and death and transformation.*

*Akasha: In the principle of consciousness penetrating all, the umlaut
O oscillation evokes the most profound cognition which can only be brought about by love
divine.*

*By the help of this a person gets to know all the possibilities of
transformation of the spirit, all the systems and ways serving this end,
and all knowledge concerning transformation in all other fields. He/she
is informed about everything that, deriving from the act of creation,
had to pass through all the mode of transformation to be reunited.*

*A person must attain all the faculties that are offered by this
profound cognition made possible by Love Divine,
in the principle of consciousness-penetrating-all, and must make use of all possibilities,
in order to get convinced that they cannot be described by words,
by must be experienced, lived through.*

*I have mentioned the letters unlaut A and unlaut O as the last ones in this series of
exercises,
because by the help of their virtues one is
able to comprehend, from the principle of consciousness-penetrating-all,
the crown of all wisdom in the micro- and macrocosms, from the act of
creation to the present state of evolution, and even to the final development.*

*Mental: Evoked in the intellect,
the virtue of profound cognition brought about by love divine gives the understanding of
the
transformation of ideas, virtues, etc. by the quabbalistically pronounced word,
which is a very great and comprehensive field.*

*Astral/ emotional level:
In the feelings, the virtue of profound
cognition brought about by love divine develops the faculty of perfect astral projection
and the mastery of all occult and magical phenomena
that have reference to transformation,
so that a person may, for instance, assume any desired vibration in the emotional body
without
being recognized by other beings and with only Divine Providence seeing through him/her.*

Apart from this, a person is able to transform any

emotional oscillation into the oscillation he wants and to do the same with any element.

Material:

*When mastered in the physical body, the profound cognition
brought about by love divine
leads to perfect knowledge of quabbalistic alchemy in the material world.*

*A person is taught the true preparation and charging of the
philosophers stone in the physical sense. He/she can influence,
at will, any oscillation atomic, oscillation, electronic oscillation- by quabbalah,
and he/she is able to transform it into the oscillation desired by him/her.*

*Therefore he/she perfectly masters the laws of transmutation and is
able to transform any metal into gold, any stone into a precious stone, etc. if desired.*

*By the help of this virtue a person is furnished with
many other faculties of which he/she cannot even dream now
and which non-initiates would regard as absolutely impossible.*

*Umlaut O shines dark orange, has the musical note of D-sharp, is the
element of akashic-earth which has the sensation of weight penetrating everything.
The ovaries and testicles are formed from this virtue.*

*O The sound of letter O is the sound of the initiation into the original principle of divine
justice.*

*Mentally you will be able to give expression to the absolute legality of harmony in all four
basic qualities of the elements.*

*You will have a high power of judgement and the ability to comprehend spiritually any
legality,
any interference by Divine Providence for the sake of justice.*

You will never be able to condemn anyone unjustly.

*This will bring about the abilities to create any change in the emotional
situations that you find yourself in and to have absolute success and happiness on all
levels.*

*The ability to control emotions is the ability to control magnetism,
which is the ability to attract.*

It is also the ability to manifest anything on the physical level.

*This virtue has an ultramarine blue color, the musical note of C, and
is the earth element so it has the sensation of weight. It forms the throat and windpipe.*

Footnotes

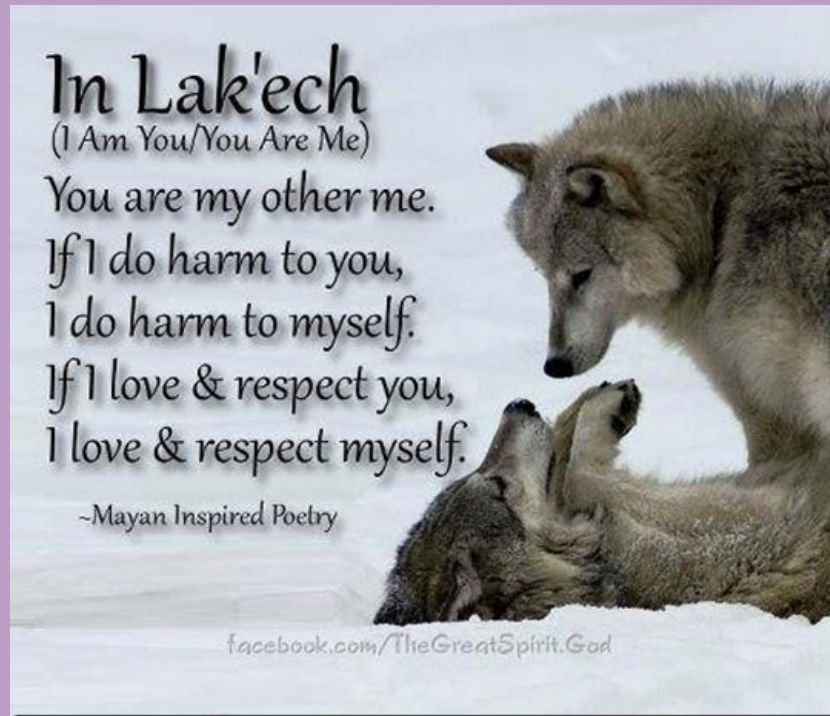

The names and meaning of angel groups come from Quaballah,
which is a very ancient set of teachings which together form a common precursor, or root, of three
of the world's religions:
Judaism, Islam, and Christianity.

**Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the
earth,**

**and the angels who work with him or her.
The being and the angels share the same name.
This name is a key to their powers and influence.**

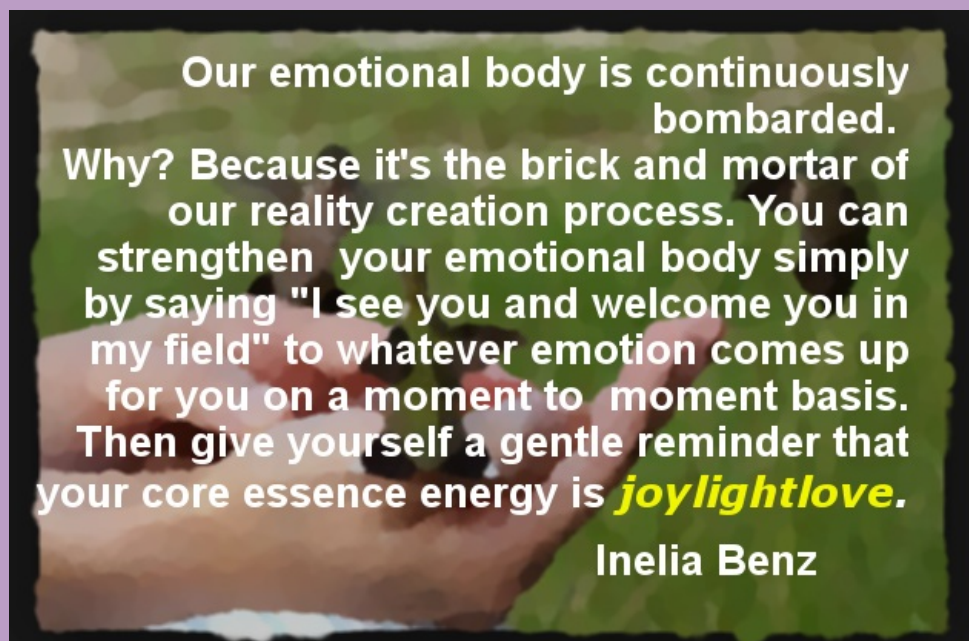

**Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of
Franz Bardon.**

**Information of the heavenly hosts of the zone girdling the earth is referenced from
THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,
and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE**

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician" gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Joanne Ruffis

To understand Universal Consciousness, and immortality,

it is very helpful to read the first three volumes of The Life and Teachings of the Masters of The Far East by Baird Spalding

The first three volumes are field notes

taken on a scientific expedition to Nepal in the late 1800's.

**If you don't have an instrument for playing the sounds (pitches) associated with each letter,
there is a simple instrument which will play the notes at the correct pitch.**

It's called THE MASTER KEY,chromatic pitch instrument.

You can purchase these at amazon.com for about \$20.00

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM, and I am one with all there is;
I ask that **ONLY THE HIGHEST GOOD OF ALL CONCERNED** happen .
I give thanks that this is done.

SO BE IT!
So it is.
