PDF version

**Today the sun shines 27 degrees Sagittarius**

**Galactic Center**

**and Central Sun**

## **The Angels of Miraculous Powers**

**Also known as**

**The Angels  
of**

## **Agasoly**

**Beloved,**

**We respond when phenomenal miracles  
must be performed  
for the highest good of all concerned  
to manifest.**

**Along with other orders of angels,  
when Divine Justice determines that miraculous intervention is  
necessary,  
we act.**

**There is a Center of the Milky Way Galaxy,  
the Center that the Earths Solar System orbits,  
that is called  
The Eye of Buddha  
in ancient writings.**

**It is called the Eye of Buddha  
because it emits photons of frequencies of Miraculous Powers  
to uplift Earth  
with intense cosmic blessings,  
when  
Divine Justice requires intervention  
in the affairs of The Children of Light.**

**Galactic Center, the emitting position for influences  
from highest Divine Consciousness,  
affects the biology of the earth and the human body  
through the divine virtues of Agasoly.**

**Creation is made of fractals,  
patterns within patterns within patterns  
that repeat over and over  
from infinitely small to infinitely large.**

**The physical fractal of The Central Sun within the human brain  
is the pineal gland,  
also termed the master gland,  
located in the center of the brain  
known as the Eye of Buddha in ancient scriptures.**

**This part of the brain in addition,  
contains the pituitary and hypothalamus glands.**

**The pineal gland within the human brain is a fractal of,  
and receptive to,  
radiation from the Eye of Buddha in the heavens.**

**The pineal gland produces over 20,000 psychotropic chemicals  
which are powerful organic chemicals that determine consciousness.**

**When conditions upon earth are not blissful,  
instead of passive receptivity to outward conditions,**

**paradoxically,  
we entreat you to claim your power  
and actively go within in deep meditation.**

**We ask you to activate the Eye of Buddha within,  
through visualizations of desired outcomes.**

**The pineal gland changes light waves into light particles  
in meditation on heavenly lights.**

**This is true whether the lights enter the eyes from the outer heaven,  
or lights enter the pineal from imagined visualizations of lights,  
from the inner heaven.**

**"Seek ye first the kingdom of Heaven, and all else shall be added unto  
you."**

**"The kingdom of Heaven is found within."**

**Light particles activate corresponding chemical reactions within the  
pineal gland.**

**Because the subconscious mind  
does not discriminate between actual happenings in the outer world  
and imagined happenings within,  
visualization of lights of divine qualities in meditation  
balances down pourings of divine lights  
from the outer realms.**

**This balances the sympathetic and parasympathetic nervous systems,  
as mystical powers are active in both outer and inner.**

**Whatever a person visualizes in their imaginations activates the Law of  
Attraction.**

**"As a man believes in his heart, so is he."**

**Instead of believing in fear,  
on the path of enlightenment,  
we help the children of light access omnipotent faith  
in deep meditation on divine light.**

**Because all are connected in the web of life,  
receptivity to outer lights and influences  
and creative visualization of lights  
of divine qualities, together electro magnetically  
manifest the highest good of all concerned.**

**By meditating on the qualities and colors of lights  
of the divine virtues of the letters of our name,  
miraculous powers are activated for the highest good of all.**

**Here is one of our stories:**

### **Miracle in The Senate Chamber**

**Once upon a time a slight, tired man named Harold  
sat dejectedly in a large ornate Senate chamber.**

**It had been a long frustrating day that seemed to drag on forever.**

**Most of his exhausted colleagues had already left.**

**The few who remained gathered up their papers and stuffed them  
worriedly into their briefcases.**

**Finally the chamber was emptied of everyone except him.**

**His emotions had seesawed from resignation and sadness,  
to joy and elation,  
earlier in the day,  
but now he was stumped.**

**A terrible suffocating responsibility that had weighed on his heart,  
indeed the worlds heart,  
had earlier broken open to reveal a shaft of brilliant,  
blinding light of hope this afternoon.**

**Miraculously he had come across a book describing the teachings of the  
angels,  
and his fervent prayers for heaven on earth had been heard by the  
angels of Agasoly,  
the heavenly hosts of miraculous powers.**

**In his inward silence during the long afternoons session,  
he had been amazed to see, in his inner eye, soft beautiful pastel lights  
expressing visual images of ingenious solutions over and over.**

**These solutions were amazing creative paradigm shifts.**

**They could solve extremely serious, dangerous international problems**

**that had been debated for years by fellow strategists.**

**All afternoon brilliant solutions had presented themselves in vivid detail.**

**He had excitedly taken copious notes,  
as another insight and new idea came through,  
all together comprising an overall solution,  
but what was he going to do with it now?**

**He was not naive about the prospect of successfully introducing new  
agendas  
at this late stage of the session.**

**Time was of the essence.**

**If solutions were not brought forward now,  
it would soon be too late to turn around the worst problems.**

**Disasters all around the world would be immanent.**

**He was facing tremendous resistance from many of his colleagues in  
the chamber.**

**What could he do with these new insights?**

**Who would listen?**

**Who would care?**

**If he approached the appropriate people to explain,  
would they block him while maintaining superficial politeness as they  
usually did?\***

**As he sat there facing the large door at the end of the room  
he realized that something MUST be done.**

**The present situation MUST be corrected,  
no matter how short a time was available,  
or how unlikely was cooperation from others.**

**He suddenly got up.**

**As he began to take a step,  
he stopped, frozen in place.**

**He was riveted on powerful feelings of emergency causing pressure on  
his heart.**

**He could feel that time was running out.**

**He stumbled toward a chair and sat down, bent over.**

**Gasping for breath, he held his head in his hands.**

**His outlook, once so up-beat and elated,  
fueled by wonderful insights earlier in the day,  
gave in to feelings of helplessness.**

**Tears flowed.**

**Shaking with heartbreak, he fell into a deep deep silence.**

**In the silence, the mighty Will of Divine Consciousness for the highest  
good of all  
gracefully flowed through his awareness.**

**Mighty powers of Omnipotence awakened in his deepest being.**

**He sensed the awesome immanent presence of heavenly hosts.**

**In his heart he knew that they had heard his prayer.**

**Angels who serve the Divine Creator! Bring about the Highest Good of  
All! he pleaded,  
flowing with rapture of oceans of Love for all creation.**

**Then, as if in a trance, he stood up and knew he must quickly leave the  
room.**

**His body propelled itself  
through the huge silent empty chamber.**

**Quickly treading the well worn majestic carpet to the chamber doors,  
he turned left and walked slowly down the majestic pink marble hall.**

**Suddenly a door opened and shut behind him.**

**Footsteps of a man echoed loudly onto the stone floor.**

**Harold felt the presence of this man a little over thirty feet away,  
and off to the right.**

**Powerful inner guidance spun Harold around.**

**He was looking straight into the cruel eyes of sinister Ed Bacon.**

**This man was dangerous.**

**Ed, the fearsome power broker from across the aisle,  
was a manipulative sorcerer of the opposing faction,  
who had proved impervious to changes in the past.**

**He typically denied the seriousness of problems,  
seeking only to lull people into a false sense of security and honor,  
while secretly furthering his groups dark agenda of greed and power.**

**For some strange reason though,  
at this moment,  
his frightening demeanor was gone.**

**He seemed shell shocked.**

**Fright transformed his face, he was weak, pale.**

**He slightly stumbled.**

**He looked up,  
frightened and lost.**

**Harold responded with confidence,  
love and clear inner vision of miraculous grace.**

**An old newspaper article suddenly flashed before his mind,  
about this mans aged father,  
who had just celebrated his 99th birthday.**

**Taking a long deep breath,  
Harold compassionately asked, in resounding words  
that echoed down the hall,  
Hello Ed; how is your father?**

**Ed jerked.**

**He was off guard.**

**So completely preoccupied was he with inner turmoil,  
he couldn't compose himself.**

**A look of panic crossing his face,  
he choked and stuttered.**

**Then he screamed,  
HOW DID YOU KNOW!?**

**Calmly, very calmly, Harold replied,  
Know what, Ed?**

**Know about my father!**

**Ed lost his balance.**

**He slightly stumbled again.**

**His eyes rolled back in his head as he screamed louder,  
He is passing away!  
He is passing away!  
AT THIS MOMENT,  
he is passing away right now!**

**"I just talked to the doctor!**

**As he said this their eyes met.**

**Something broke apart.**

**Eds hard heart, pierced by a stroke of blinding light,  
burst open.**

**Ed lurched forward heaving and sobbing uncontrollably.**

**The dam had burst.**

**From deep inside of him,  
a lifetime agony of terror,  
of emotional abuse and cruel mind control,  
of a small child struggling unsuccessfully for survival,  
and for his father's love and approval,  
unleashed with raging intensity.**

**Harold quickly reached out to put his arms around him  
to keep him from falling.**

**Ed heaved with uncontrollable tears.**

**Ed cried and cried, deep racking sobs,  
for what seemed like an eternity.**

**Years of unrelenting emotional control broke down.**

**Steel vice locks of years of dark occult  
and psychological manipulation loosened.**

**For a precious moment,**

**the little boy self hidden deep inside broke free.**

**Glorious lights  
of omnipotent divine will and miraculous grace  
manifested a new reality.**

**In that strange and miraculous moment,  
the hearts of the two former enemies merged.**

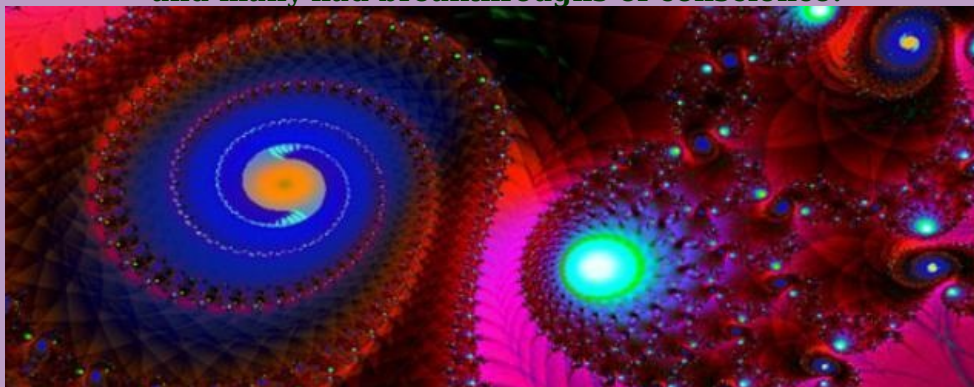

**Time stopped.**

**Fate was altered.**

**Understanding,  
true spiritual morality,  
courage,  
and grace  
continued to flow and work miracles,  
until the next day,  
after the quickly assembled funeral,  
Harold and Ed were seen in animated conversation at the lunch club.  
They talked long into the afternoon to the utter disbelief of their peers.**

**Miraculous powers focused on all of them,  
so harmony and safety manifested  
and many had breakthroughs of conscience.**

**Ed had obviously gone through a complete transformation.**

**Through the influences of the divine virtues of Agasoly,  
he saw that the Highest Good of All Concerned would bring about the  
success and satisfaction  
that he and all of his cronies  
had always secretly felt and longed for in their deepest beings.**

**He saw the futility of seeking success in merely outward power and  
wealth  
without first finding peace and happiness within.**

**He no longer trembled with visions of fearful horrible consequences  
if he did not satisfy his inner and outer demons.**

**He was swimming with feelings of immense wisdom  
that had shone on him from a higher power the night before,  
showing him that the success and satisfaction of each part  
was directly tied to the success and satisfaction of the whole.**

**For the first time in his life,  
he felt hope and a glimmer of freedom.**

**Immediately, with ever growing faith,  
Ed and Harold got to work in the Senate.**

**Hurried meetings were called,  
bringing together key experts and committee chairpersons from every  
faction.**

**The angels of Agasoly inspired all  
with the necessary attitudes and blueprints to bring it all together.**

**All parties agreed on exciting new paradigms that Ed and Harold  
presented,  
and emergency plans were put rapidly and successfully into place.**

**The heavenly hosts were busy as a number of desperate situations  
all over the world  
began to be completely transformed rapidly, fluidly, and efficiently.**

**Peoples and Governments around the world watched in awe  
as new changes took place,  
and quickly hurried to pitch in and help.**

**A new day had dawned.**

**Heaven and earth rejoiced.**

**To bring about miracles of such magnitude,  
it is critically important  
to enter into the silence  
and merge with and flow with visions and emotions of The Presence  
and virtues of Divine Consciousness.**

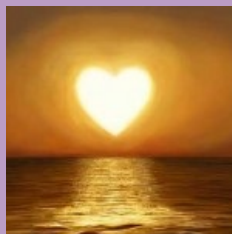

**In the silence,  
flow with tangible feelings of the presence of the heavenly hosts  
guiding you at every turn.**

**We are the very extension of your own being that you seek at these  
times.**

**Dare to believe.**

**With our assistance,  
through an inward focus in prayer and in silence,  
the gentle presence of divine grace is felt;  
in this state of consciousness,  
a person is empowered with strong flowing divine emotions  
that attract and manifest miraculous phenomena of every kind.**

**It is written, All that I do, ye shall do and more.**

*The crooked shall be made straight.*

**We teach and inspire all those who seek help  
according to their level of maturity  
with intuition, instructions, and practical assistance.**

**We help all realize that no one can refuse you access  
to the abundance and joys of Heaven  
but You yourself.**

**The riches of Heaven are available to all, now, who pray,  
truly knowing in advance that it is done  
and who go into the silence to receive and feel the truth  
with full, appropriate emotional intensity.**

**This is how to access faith.**

**Faith is weak to the degree that a Child of Light allows  
what he or she sees in outward manifestation  
to limit what is believed possible.**

**Look instead within, go into the silence.**

**Feel the powers of Divine Life.**

**Ecstatically celebrate the victory of answered prayer.**

**Similarly, it is true that limiting vision limits Our response to prayer.**

**ASK FOR EVERYTHING THAT YOU BELIEVE IN YOUR DEEPEST HEART.**

**DARE TO BELIEVE IN HEAVEN ON EARTH!**

**Expanding the sense of possibility gives Us the directive we need  
to act with full empowerment.**

**How much of your awesomely tremendous power  
to work in concert with Us  
have you not yet claimed?**

**See, visualize, abundance.**

**We ask you to expand the scope of your vision  
so that we can co-create Heaven on Earth.**

**We ask you not to be limited by negative programming  
about limited resources, cost restrictions,  
and what you have in the past believed are the limits of what is possible.**

**Ask Us saying,**

***Spare no resources.***

***Enlist all of the heavenly hosts and divine virtues to transform this and  
all situations  
into The Highest Good of All Concerned!***

**Ask us to read the unconscious minds of all those involved in this  
problem.**

**Ask us to plan and implement the perfect solutions  
that are the highest good of all concerned,  
solutions that benefit the entire web of life.**

***Divine Consciousness is present everywhere, in all things.***

**When you call upon the help of heaven,**

we connect you with flowing states of consciousness  
exemplified by miracle workers of all times.

Just as horizontal networking is necessary in the outer world,  
vertical networking with heavenly hosts in active prayer  
and then in the silence of the inner world  
magnifies the power of answered prayers into infinity.

As a person in embodiment, you may ask Us,  
who are the continuation of yourselves  
because we are ALL ONE,  
for miracles.

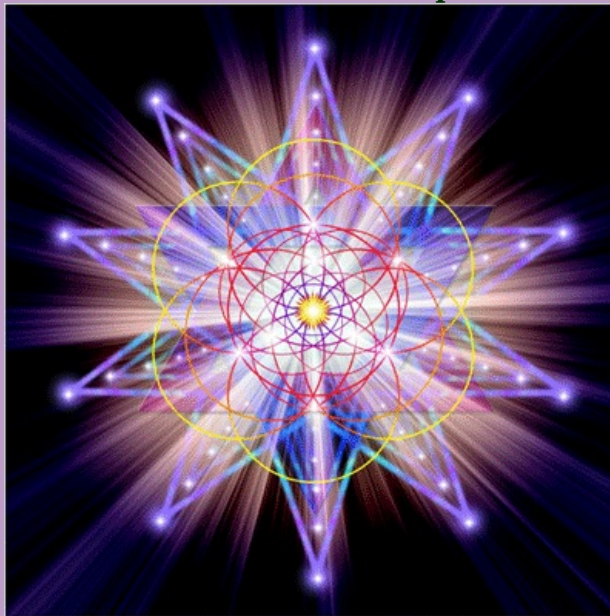

To the extent that you ask that your prayers are in accordance with The  
Law of One,  
the highest good of all concerned,  
you may direct Us to draw on whatever resources are needed  
to bring about desired outcomes.

You may entreat us to Use whatever divine virtues necessary  
to answer this prayer on behalf of all humanity.

Draw on whatever helpers from any dimensions of Creation  
that it takes to manifest these miracles.

Has it not been said, *all things are possible--to him who believes.?*

The heavenly hosts are commanded by Divine Providence  
to serve all of the beloved children of The Divine and of Earth  
in their efforts to manifest perfection.

It is the Will of Divine Providence for *Earth to be as Heaven.*

Listen carefully to answers from the still small voice in inner silence.

Ask for miracles in your heart so that Mercy and Grace may flow for all.

Go within and become receptive to Divine Wisdom,  
Grace, Power, Justice, Virtue, and omnipotent Will.

By going within, into the silence patiently--and asking  
for and feeling emotions of perfection,  
fulfill the requirements for the granting of miracles.

*Ask and you shall receive.*

Go within,

Empty yourself, expect to be filled with flowing emotions of the heavenly

hosts  
and divine virtues.

Expect to be guided.

Be receptive and FEEL emotions of the truth in Silence.

It is flowing EMOTIONS that create the magnetism  
to attract new realities into form, into the Earth.

Allow enough silent time for the emotions of the answer to become clear  
to you.

Charge the answer with positive emotions of confidence by experiencing  
your will joined with Omnipotent Divine Will, which is Omnipresent.

Feel feelings of the relief and joy that answered prayers bring.

Follow carefully the whisperings of The Holy Spirit.

All things are possible.

*By meditating on the divine virtues that correspond to the letters of our name,  
become one with the consciousness of miraculous powers.*

*A The sound of this letter, the soft A,  
is the divine virtue that is analogous to the enlightened intellect, faculty of judgment,  
comprehension of profoundest truths,  
knowledge and faculty of perception, and development of all intellectual faculties.*

*This sound [a soft a like a sighahhhhh] and virtue  
is an initiation into the highest wisdom and the purity of all ideas in existence.*

*This has as a fundamental feature the enlightened mind.*

*Reasoning, perception, the cognition of the most profound truths,  
highest knowledge, high intelligence,  
and the arousing of all intellectual faculties are expressed.*

*Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience, the art of  
levitation,  
and the control of the air element and its beings are all aroused by this initiation.*

*The color of wisdom and enlightenment is light blue, the musical note  
is G, the element is air so it has the sensation of ease, and the lungs are formed from it.*

*Umlaut A, aettransformation through release for change into another state. See below.*

*G The sound of this letter is the divine virtue that concerns  
everything having to do with the mysteries of Divine Grace and Mercy  
on all planes of existence.*

*In the physical world this virtue represents all phases of riches and wealth,  
of happiness and satisfaction.*

*By this virtue Divine Providence has created abundance and, like the Creator,  
a child of God may also bring about,  
for him or her self or other people,  
abundance in everything,  
should that be desired.*

*On an emotional level this virtue gives the feeling of happiness,  
of complete satisfaction.*

*Situations may be created by means of the elements  
and the will and feelings causing success and wealth in the world  
that is for the highest good of all concerned.*

*In the mind, this virtue gives the experience of peacefulness,  
and the faculty of giving true divine blessing.*

*The color of this virtue is deep emerald green; the musical note is  
F. It is the water element so it has the sensation of coolness  
..The left eye is formed from this virtue.*

*Awisdom and enlightenment. See above.*

*umlaut A, aeThe realization of wishes regarding physical matter is subjected to this  
virtue.*

*The sound of this letter, the long A, ae, in the cosmic language is  
the virtue of the origin and mystery of life and death regarding their transformation.  
By meditating on this virtue, a child of God becomes  
convinced that in reality death does not exist,  
for the so-called death is only a transformation from one state into another.*

*Also will come enlightenment on the cause of this transformation.  
With this comes the ability to master all negative spiritual beings in all spheres and  
planes  
with regard to their scope of action.*

*The purpose for which negative beings have been created becomes clear.  
Since, in the original principle all beings are alike,  
each having been created by Divine Providence to fulfill a certain task,  
there is no dissimulation of negative beings,  
for from the enlightened persons point of view everything is pure.*

*Here the saying: "to the pure one everything is pure" becomes plain.*

*If there were no negative beings,  
it would be impossible to distinguish between good and evil;  
and if there were no passions, there would also be no virtues.*

*This virtue confirms the words contained in the Bible: "through  
night to light", the deep symbolic meaning of which now becomes clear.*

*In the intellect the ability is gained to see through all thoughts,  
actions and wishes concerning matter, and of becoming their absolute master.*

*In the feelings, this virtue represents desires, passions,  
and the inclination to self-satisfaction etc.*

*A person who masters this virtue  
in their feelings becomes absolute master and ruler of all desires and passions.*

*Also, a person is able to not cling to imperfect mental, emotional, and material virtues and objects.*

*This means complete independence and freedom  
and fulfills the saying "bind yourself and you will be free".*

*On the material level this virtue is one of the most materialized.*

*No matter whether you evoke it in the mind, the feelings, the akasha,  
or the material world,  
the earth is influenced by it to a larger extent.*

*The ability to infuse matter with divine virtues is heightened.*

*The color of this virtue shines loamy brown light. The musical note is C. The element is earth so it has the sensation of weight. The anus is formed from this virtue.*

*SThis sound is the sound of all-penetrating-power.  
It has to do with everything regarding enthusiasm and the absolute mastery of will.*

*This is the most subtle substance of the divine spirit, i.e.,  
with the original divine will or fire  
which works as a substantial power in everything  
that has been created by Divine Providence.*

*A child of God using this divine virtue attains the spiritual gift of  
perfect mastery over the electrical fluid,  
which is the use of will,  
and is able to control everything analogous to will.*

*A state of clairvoyance in its purest form  
and perfect control over other beings is gained by this virtue in the feeling nature.*

*The color of this virtue shines purple red lights, its musical note is G-sharp.  
It is the fire element of will and so it has the sensation of warmth,  
and the gall bladder is the part of the body that is formed by it.*

*umlaut O, eu The sound of this letter is the divine virtue that  
concerns everything analogous to enlivening matter in all levels of will, thought, feeling,  
and form.*

*umlaut O, OE, when toned to the musical note of D-sharp, is COGNITION  
brought about by Love Divine. It has to do with enlivening the material plane.  
It is the miracle worker of all virtues.*

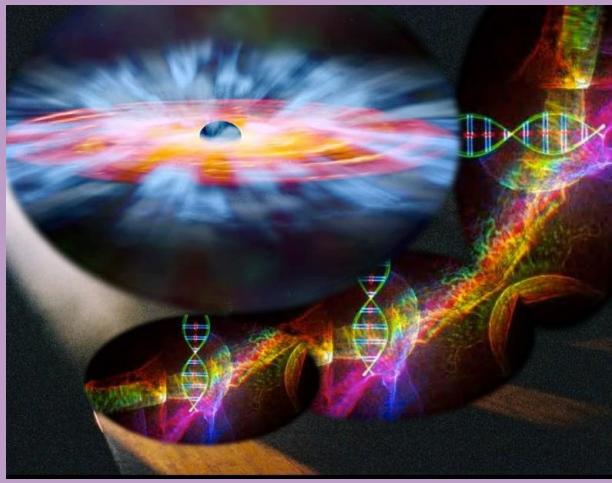

*Akasha: In the principle of consciousness penetrating all, the umlaut  
O oscillation evokes the most profound cognition  
which can only be brought about by love divine.*

*By the help of this a person gets to know all the possibilities of transformation of the  
spirit,  
all the systems and ways serving this end,  
and all knowledge concerning transformation in all other fields.*

*He/she is informed about everything that, deriving from the act of creation,  
had to pass through all the mode of transformation to be reunited.*

*A person must attain all the faculties that are offered  
by this  
profound cognition made possible by Love Divine,  
in the principle of consciousness-penetrating-all, and must make use of all possibilities,  
in order to get convinced that they cannot be described by words,  
by must be experienced, lived through.*

*I have mentioned the letters umlaut A and umlaut O  
as the last ones in this series of exercises,  
because by the help of their virtues one is able to comprehend,  
from the principle of consciousness-penetrating-all,  
the crown of all wisdom in the micro- and macrocosms,  
from the act of creation to the present state of evolution,  
and even to the final development.*

*Mental: Evoked in the intellect, the virtue of profound cognition brought about by love divine gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.*

*Astral/ emotional level: In the feelings, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her.*

*Apart from this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.*

*Material: When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.*

*A person is taught the true preparation and charging of the philosophers stone in the physical sense. He/she can influence, at will, any oscillationatomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her.*

*Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired.*

*By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.*

*Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything. The ovaries and testicles are formed from this virtue.*

*O, everything having to do with justice and harmony is meant.*

*The sound of letter O is the sound of the initiation into the original principle of divine justice.*

*Mentally you will be able to give expression to the absolute legality of harmony in all four basic qualities of the elements.*

*You will have a high power of judgement and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of justice.*

*You will never be able to condemn anyone unjustly.*

*This will bring about the abilities to create any change in the emotional situations that you find yourself in and to have absolute success and happiness on all levels.*

*The ability to control emotions is the ability to control magnetism, which is the ability to attract.*

*It is also the ability to manifest anything on the physical level.*

*This virtue shines ultramarine blue colors, the musical note of C, and is the earth element so it has the sensation of weight. It forms the throat and windpipe.*

*L The sound of this letter is the divine virtue that concerns everything regarding the spiritual comprehension of true morality from the mystical point of view.*

*This is the virtue of all the Divine Virtues all taken together.*

*This letter represents the highest divine virtues that may be described by words, irrespective of whatever sort they may be.  
This letter oscillation is used to comprehend the Divine Majesty and the greatness of God in the form of the purest virtues.*

*From this virtue comes the faculty of comprehending true morality as seen from the highest point of view.*

*This leads to the borders of saintliness.*

*On the feeling level true equilibrium of character occurs and mastery of flooding the emotions with the highest light is attained.*

*On the physical level you gain perfect health, beauty and harmony and you become absolute master of your own vitality.*

*It is to be imagined as colors of olive green. The musical note is F; the element is air, so it has the sensation of ease. The spleen is formed from this virtue.*

*Y The sound of this letter is the divine virtue that concerns everything that brings about the enhancement of general intellectual faculties and has special influence on memory.*

*This letter represents the true origin of the rhythm of life and its relations.  
This virtue has influenced the law of evolution from the beginning of creation towards its perfection.*

*Since this virtue is difficult to grasp, only the experienced student who has reached this point in scientific work will succeed in fully comprehending and mastering the original rhythms and cycles of life and the laws of harmony-legality.*

*In the mind this virtue brings about the faculty of profoundest cosmic intuition and inspiration which, at the same time, may be regarded as the gift for absolute devotion to, and deepest love for, Divine Providence.*

*In the emotions, this virtue imparts an excellent aptitude for prophecy that will exclude any possibility of mistake.*

*In the material level, this virtue leads to the ability to explore, comprehend and apply the absolute influence of the akasha principle, which is Consciousness-penetrating-all, on the material world with regard to all forms and bodies in the mineral, vegetable, animal and human kingdoms.*

*At the same time, the faculty of making emotional and material objects invisible is also achieved by the help of this virtue, for whoever recognizes and masters the akasha principle in the material world in all forms of existence is able to change the grade of condensation in our material world at will.*

*Thus dematerialization and materialization of a body is possible at any distance and within a few moments.*

*The ability to bridge over time and space not only mentally and emotionally but also materially is gained.*

*Many of the miracles cited in the Bible give evidence of this.*

*The color of this virtue shines pink, and the musical note is C-sharp.  
It is the element of etheric- earth-penetrating-everything.  
The heart is formed from this virtue, along with the virtue of high cognition, letter Z.*

## MIRACLES

**Note:** *In yesterday's message, The Angels of Conscience, the meaning of letter R reads as follows, denoting this virtue as being of the earth element, shining with golden lights with sensations of weight:*

*R***The sound of this letter is the divine virtue that concerns everything about freedom of will, freedom of action, and intellectuality.**

**This is the sound of the divine virtue of INDEPENDENCE AND FREEDOM.**

**It is the virtue of following inner guidance and being in tune with Divine Providence.**

**Those who study the divine virtues in the order of the alphabet reach a state of complete oneness with Divine Providence so that by the time they reach the letter R,**

**they have achieved a state of maturity by which your feeling of independence has been transformed into an absolute state of security and unimpeachability.**

**Mentally, you will have an eminent mind and the feeling of freedom of will and action.**

**Not only this, but also the state of maturity in which you will never violate a law, having yourself become a master of all laws.**

**In spite of your freedom of will, you will find yourself willing to subject yourself freely to Divine Providence, and accept missions to serve Divine Providence with deep humility, immense gratitude and the highest devotion without losing your feeling of absolute freedom of will in any way.**

**Such great ingenuity will proceed from this that you will be able to comprehend any knowledge quickly and without difficulty.**

**The color of this virtue shines gold, the musical note is C, the primary element is earth so it is felt with a sensation of weight, and the left side of the nose is formed from it.**

#### **Footnotes**

**The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity**  
**. Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.**

**The being and the angels share the same name.  
 This name is a key to their powers and influence.**

**Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.**

**Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].  
 Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.  
 These books have very important information for these studies.**

**The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.  
 Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.**

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

#### THE LAW OF ONE

We are all one.  
 When one is harmed, all are harmed.  
 When one is helped, all are helped.  
 Therefore, in the name of who I AM,  
 and I am one with all there is;  
 I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen.  
 I give thanks that this is done.  
 SO BE IT!  
 So be it.
