The Angels of ***Destiny and Change of Fate***

Also known as

**The Angels
of**

Ekore

Beloved,

*We coax the most timid hearts to open
in some way to the light of Divine Love.*

*The most occluded spirits open to the light of
Truth.*

*Even the most hopeless fates
can be transmuted.*

**Embracing love and truth,
the journey of destinys change begins.**

**Tiny sparks of love
erupt into a blazing suns
as
the children of Light awaken
desires
for all beings to be happy.**

**As this happens,
all is possible.**

This is the way to accomplish divine love and forgive all.

We lead the fate of every human being.

We teach the difference between destiny and free will.

We teach how to change the fate of any person.

**Miraculous Powers of Love Divine flowing from Galactic Center,
awaken recognition of indwelling perfection in all creation,
and this recognition transforms the destinies of all.**

**The original oneness of all life,
and the will of life to grow into spiritual perfection
is thus recognized,
and as it is recognized,
this oneness and this divine will for the highest good of
all,
transforms all that it touches,
including Fate.**

**Through the divine virtues of Ekore,
the heavenly host guard the destiny of every human being, and
teach Children of Light
*how to alter any fate.***

**Remember that Divine Love is like the sun:
it shines equally on the good and bad alike.**

**This love blesses that which is good
and transforms and heals whatever is not working for the highest good.**

All energy in creation is electro-magnetic.

**Divine Being, Will and Thought are electrical,
while flowing divine emotions and sensations are magnetic.**

**Energy first travels outward as divine will and intent through electricity,
and then alternates to become magnetic by creating emotions.**

This then magnetically attracts these new realities into form.

***Just as a tiny seed often creates a big plant with many seeds,
energies that are sent out into creation,
on the levels of will, mind, emotions, and sensations,
attract similar energies
and travels back to the point of origin
many times stronger.***

This is true whether or not energy is positive or negative.

You reap what you sow.

***A persons destiny is determined by seeds that are sown
throughout time.***

**When seeds are positive and loving,
these energies radiate outward into the web of life.**

**They bless and are blessed by all,
for everything is connected in the unified field.**

Beauty returns to the sender in waves of beauty.

**But as a Child of Light in ignorance and emotional pain acts out destructively,
terrible mistakes are made and negative energies are sown.**

***That is why knowing of THE ONENESS OF ALL LIFE
and knowing how to understand and heal emotions that
are magnetic
are so necessary in altering any negative fate.***

By moving from fear to love, a fate is altered.

**THE ONENESS OF ALL LIFE, the Omnipresence of the Divine, is the
virtue of letter E of Ekore.**

It shines with a deep violet light and the musical note of D.

**It is in the silence that each person flows best with their emotions.
When emotions are beautiful, loving them helps them become ever
more**

**beautiful. If the emotions are wounded and painful,
let them flow to healing and transformation in an atmosphere of
unconditional all
encompassing empathy and gratitude for all the lessons they have
made possible.**

**Wounded emotions teach us how important harmlessness is.
Wounded emotions
only become worse by destructively acting them out
to self, others or property, or resisting, denying, bypassing,
suppressing them.**

**Emotions heal by flowing,
most importantly in the presence of divine empathy, validation and
unconditional love.**

As emotions flow, insights grow.

**In the process of feeling wounded emotions safely,
memories about earlier events that caused these emotions are
reawakened.
As these memories are relived over and over so that every emotion
within them is felt,
healing insights arise about the why and how behind the creation
of harmful events.**

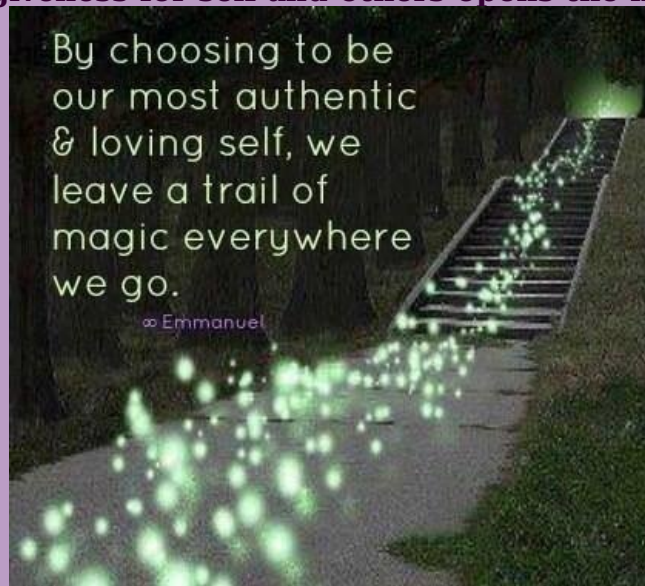

**These powerful healing insights awaken great wisdom
and restore positive beliefs and ideas about self and reality in
general.**

**In this process a Child of Light SEES AND UNDERSTANDS
PREVIOUS DESTINY.**

**He or she understands why everything happened just the way that it
did.**

**He or she can see how the lessons learned will work
for the ultimate highest good of all concerned.**

Forgiveness for self and others opens the heart.

**Once negative emotions are transformed, they become positive and
life giving.**

**Then it is possible to go into the silence and feel positive emotions
of original Omnipotent Divine Will for the highest good of all.**

Original Divine Will for the highest good of all is the virtue of letter
K of Ekore.

It has a silvery blue light and the musical note of B.

*Becoming one through meditation with original
OMNIPOTENT DIVINE WILL
gives the highest power imaginable to work direct
miracles
in the macrocosm of the outer world and in the
microcosm of self.*

"What you do to the least of these you do unto me."

As a Child of Light aligns individual will with OMNIPOTENT DIVINE
WILL

and enters the silence to flow with emotions of conscience and
cognition brought about by LOVE DIVINE,
miraculous electro-magnetic powers are unleashed which change
destiny.

COGNITION BROUGHT ABOUT BY LOVE DIVINE is the virtue of
umlaut O, eu, of Ekore.

It shines with a deep orange light and the musical note of D
sharp. This in turn brings about harmony and justice,
the virtue of O, shining with an ultramarine blue light.

In the silence, emotions of inner guidance are recognized.
Emotions of inner guidance awaken genius that directs a Child of
Light to states of
being, willing, thinking, feeling,
and sensing whatever is the highest good of all concerned in any
situation.

Inner guidance is the divine virtue of letter R.
It shines with a golden light and the musical note of C.

Through guidance a Child of Light sows seeds of divine splendor
and majesty
throughout The Unified Field of Light and Life.

The Unified Field of Light and Life, the Omnipresence of Divine Life,
is again the virtue of the final letter E of Ekore.

*It is only when emotions are left in painful states,
when silence and inner guidance are stonewalled,
when conscience and change are not
embraced
and love is shunned,
that the consequences of a persons past actions,
which is their destiny,
requires extraordinary grace from Divine Intervention
to change.*

*Through the divine virtue of Omnipresence,
we transfer higher states of awareness
to such a person when Divine Providence so guides,
for the sake of the highest good of all concerned.*

As a a troubled Soul longs for the dawn of the light of spirit, safety

and love,
and goes within to pray and listen to conscience,
from Universal Consciousness, Miraculous Powers are released.

Ever watchful, We, the angels of Ekore respond.

**When you choose oneness with Divine Will and Love
and forgive others and your self--
placing your highest value on love above all else,
immersing yourself in loving the oneness of all life--
you become as The Divine Creator,
Who lives in all beings and takes on all the roles:**

**The Lover, the Beloved, Love itself, the Forgiven and the
Forgiver.**

**This, a state of loving Oneness with all life, is the
ultimate destiny.**

Flowing Omnipotent Divine Will and Love are beacons to others.

They multiply a hundred fold, and then thousands.

**Like rays of light Divine Will and Divine Love illumine even the
greatest darkness.**

**Following the progression of the Fibrinachi spiral,
Divine Will and Love expand and attract more and more.**

**Recognizing The Divine in everything, loving equally self and others,
Divine Love transmutes all creation into perfection.**

Miracles blossom throughout the Kingdom of Earth.

**Divine Love dances awake the sacred dream of all with All-Power
and All-Wisdom.**

Blazing hearts of love, at ONE with ALL, change everything.

**By meditating on the divine virtues that correspond to the letters of
our name,**

it is possible to become one with our consciousness.

***E In the Akasha principle,
which is the principle of consciousness-penetrating-all,
this letter oscillation represents the
divine virtue***

of universal consciousness which is omnipresent in everything.

Meditation on this virtue unites your normal consciousness with the universal consciousness, ie., with cosmic consciousness.

In a deep Delta brainwave state, a state of pure being like the consciousness of an infant, when you evoke this virtue, you experience yourself as being omnipresent. In oriental wisdom this is called the Nirvi-Kalpa-Samadhi.

As you retain this focus, it gives you the mental quality of the highest form of intuition.

On a feeling level you experience special clairaudience, not only the hearing of beings, etc., is meant, but also the understanding of the language of all animals and the perception of the remotest past, the present, and even the future, indiscriminately of distance.

On a material level you are able to reveal the profoundest mysteries of materialization-condensation-and dematerialization-refinement. You learn to intensify any idea, concept, mental or emotional form in such a way as they become physically visible.

Visualize E as a dark violet with a feeling of penetrating all, visualize this color with the divine virtue of enlightenment filling all space, inwardly and outwardly.

This letter sounds like the musical note D, and was used to form the spine.

K The sound of this letter is the virtue of omnipotence. In the akasha, the subtle pre-matter, it is the highest and purest light and is analogous to the original fire, or desire principle.

In the mind, it manifests as the state of faith. This is the faith that was spoken of in the Bible that moves mountains and does all things".

In the soul, which is also called the astral or feeling body, this virtue manifests as endurance, toughness, courage, and the ability to remove any feeling of fear within yourself or within others.

This virtue gives one courage to face the fear of disease and the unknown and find the cure.

Since it is the fire and air element, it has the sensation of warmth and ease; it has the musical note of B, and the color of silvery blue.

umlaut O, eu The sound of this letter is the divine virtue that concerns everything analogous to enlivening matter in all levels of will, thought, feeling, and form.

umlaut O, eu, when toned to the musical note of D-sharp, is COGNITION brought about by Love Divine. It has to do with enlivening the material plane.

It is the miracle worker of all virtues.

Akasha:In the principle of consciousness penetrating all, the umlaut O oscillation evokes the most profound cognition which can only be brought about by love divine.

By the help of this a person gets to know all the possibilities of transformation of the spirit, all the systems and ways serving this end, and all knowledge concerning transformation in all other fields. He/she is informed about everything that, deriving from the act of creation, had to pass through all the mode of transformation to be reunited.

A person must attain all the faculties that are offered by this profound cognition made possible by Love Divine, in the principle of consciousness-penetrating-all, and must make use of all possibilities, in order to get convinced that they cannot be described by words, by must be experienced, lived through.

I have mentioned the letters umlaut A and umlaut O as the last ones in this series of exercises, because by the help of their virtues one is able to comprehend, from the principle of consciousness-penetrating-all, the crown of all wisdom in the micro- and macrocosms, from the act of creation to the present state of evolution, and even to the final development.

Mental:Evoked in the intellect, the virtue of profound cognition brought about by love divine gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.

Astral/ emotional level:In the emotions, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her.

Apart from this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.

Material:When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.

A person is taught the true preparation and charging of the philosophers stone in the physical sense.He/she can influence, at will, any oscillationatomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her.

Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired.

By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.

Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything.

The ovaries and testicles are formed from this virtue.

O, everything having to do with justice and harmony for all life is meant.

The sound of letter O is the sound of the initiation into the original principle of divine justice.

Mentally you will be able to give expression to the absolute legality of harmony in all four basic qualities of the elements.

You will have a high power of judgement and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of justice. You will never be able to condemn anyone unjustly.

This will bring about the abilities to create any change in the emotional situations that you find yourself in and to have absolute success and happiness on all levels.

The ability to master emotions is the ability to control magnetism, which is the ability to attract. It is also the ability to manifest anything on the physical level.

This virtue has an ultramarine blue color, the musical note of C, and is the earth element so it has the sensation of weight. It forms the throat and windpipe.

R The sound of this letter is the divine virtue that concerns everything about freedom of will, freedom of action, and intellectuality.

This is the sound of the divine virtue of INDEPENDENCE AND FREEDOM. It is the virtue of following inner guidance and being in tune with Divine Providence.

Those who study the divine virtues in the order of the alphabet reach a state of complete oneness with Divine Providence so that by the time they reach the letter R, they have achieved a state of maturity by which your feeling of independence has been transformed into an absolute state of security and unimpeachability.

Mentally, you will have an eminent mind and the feeling of freedom of will and action.

Not only this, but also the state of maturity in which you will never violate a law, having yourself become a master of all laws. In spite of your freedom of will, you will find yourself willing to subject yourself freely to Divine Providence, and accept missions to serve Divine Providence with deep humility, immense

gratitude and the highest devotion without losing your feeling of absolute freedom of will in any way.

Such great ingenuity will proceed from this that you will be able to comprehend any knowledge quickly and without difficulty.

The color of this virtue is gold, the musical note is C, the primary element is air so it is felt with a sensation of ease, and the left side of the nose is formed from it.

EThe web of life, the unified field, the omnipresence of Divine Consciousness.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,

and the angels who work with him or her.
The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters

are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book,

"Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Love brings miracles of happiness.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed,

When one is helped, all are helped.

**Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .**

I give thanks that this is done.

SO BE IT!

So it is.
