# The Angels of Underground Waters

Also known as

The Angels of

## Elami

Beloved,

Here in the last degree of Sagittarius,  
flowing emotions of divine wisdom manifest  
within deep life giving waters on earth.

Through the divine virtues of Elami,  
Divine Light communicates with and spiritualizes  
all underground waters upon the planet.

Emotions are the element of water.  
Emotions and water are magnetic in their flowing.

Emotions attract new realities into form.

*Sacred emotions attract sacred realities.*

We guide people through deepening receptivity to original sacred  
magnetic flowing divine emotions.

We show them where these emotions have been embedded in the  
earth in the form of healing waters.

**In the Silence, clairsentience awakens through experiencing flowing emotions of divine wisdom.**

**We help people find healing waters by increasing sensitivity to magnetic flows of divine emotions, especially those that are underground--with attunement and awareness of flowing divine emotions of love, power, and wisdom that embody as life giving healing underground waters.**

**We inspire the children of light to further charge all underground waters with visualizations and emotions of Divine Consciousness.**

***We care for all of the waters situated under the earths surface.***

***We show you how to find subterranean mineral springs,  
without having to use any of the usual location-  
apparatus.***

***Wherever there is drinking water under the ground,  
we inspire you with the knowledge of where it is.***

**Once a person understands the sacredness of matter, whether the  
matter  
is the most subtle matter of being, desires and thoughts,  
or the more dense matters of emotions, water and physical forms, it  
becomes clear  
that sacredness in matter is made possible by DIVINE EMOTIONS  
from the OMNIPRESENCE and OMNIPOTENCE of Divine  
Consciousness that is in all that has been created.**

**Omnipresence is the divine virtue of letter E of Elami.  
This virtue shines with deep violet light and the musical note of D.  
This virtue has the sensation of consciousness-penetrating-all.**

**In all things in creation are the splendor and majesty of Divine  
Consciousness, the divine virtue of letter L.**

**Splendor and majesty are all of the divine virtues taken together,  
awakening awe, true spiritual morality,  
youthening, and vitality, shining with deep glowing olive green light  
and the musical note of F,  
with sensations of relaxation and ease.**

**Wisdom and enlightenment are also available everywhere, they are  
omnipresent.**

**This is the divine virtue of letter A.  
This virtue shines with a light blue color and the musical note of G  
and has sensations of ease and relaxation.**

**With wisdom comes abilities to release imperfections for  
transformation  
into other states that are the highest good for all.  
This is the virtue of umlaut A, ae, shining with loamy brown light  
and sensations of weight.**

**Pure feelings and emotions manifest as water on the physical plane.  
Pure feelings and emotions are the virtue of letter M, shining with a**

lovely  
blue-green light and the musical note of D, with sensations of  
coolness and chill.

By charging waters with flowing feelings of Divine Virtues, a Child  
of  
Light enlivens water with divine life through The Laws of Cause and  
Effect.

Cause and Effect are the divine virtue of letter I, shining with  
a light opalescent light and the musical note of G, and sensations of  
weight.

As above, so below.

Fire is WILL and Spirit. Will is the masculine aspect of Divine Being,  
the electric power,  
which creates blueprints in the mental sphere of intellect.

Water is a physical manifestation of flowing EMOTIONS and  
Soul. Emotions  
are the feminine aspect of Divine Being, the magnetic power of  
feelings that attract life into form.

Taken together, Will and Feelings, which are Fire and Water, create  
through Intellect and Form, which are Air and Matter. These are the  
four elements, fire, air, water, and earth.

Here is one of our stories:

### ***SPRING OF LIFE***

Once upon a time a young man was reading an article  
about how to remember having clairsentience as a child.

He soon realized that all children spontaneously use clairsentience.  
They do it from a deep place of silence within,  
by being naturally receptive to emotions coming from around them.

Following the instructions in the book, he closed his eyes  
and went into a deep state of relaxation and ease.

He went back in time.

Joe remembered himself as very little, a tiny child at his mothers  
knee.

Then he remembered times when he heard the sound of his mothers  
footsteps softly thumping in her old loose slippers past his open  
door late in the nights,  
long after he had been tucked in.

He remembered waking up sometimes and wondering why she was

**not sleeping.**

**Next his memories got very strong and vivid.  
It was as if he were actually back in his past, experiencing it for the  
first time.**

**As he lay in his warm blankets, he sent his attention out to feel what  
emotions she was feeling.**

**He could feel her emotions,  
whether or not she was distracted, worried, happy, or sad.**

**Sometimes she would be peaceful and lost in thought, at other  
times  
she would be lonely, wishing for his father to come back home  
earlier from work.**

**He sent her prayers of gratitude and love  
and gradually came back to waking consciousness.**

**He got up from his chair whistling a thoughtful tune and poured  
himself a cup of tea.**

**He was so happy.  
Now he remembered that he was gifted.  
He had remembered his own natural form of clairsentience.**

**It was in a deep forest many years later, that this experience served  
him so well.**

**He was lost in the vast mountain ranges,  
desperately needing to find water to drink, that he remembered this  
exercise.**

**He sat at the foot of a great tree, closed his eyes, and relaxed.**

**He beckoned the silence within.  
He sent his attention out to the emotions coming from the forest  
around him.**

**With the faith and innocence of his inner child self, his heightened  
receptivity to the emotions around him caused his senses to expand  
to a large area of the forest.**

**The more he relaxed, going within, loving, still, curious,  
focused, receptive and silent, the clearer the impressions.**

**Ahhhhhhhhhhhhh! That was it!**

**Emotions and sensations of plants, earth, and stones!  
How beautiful! How alive! How caring and loving!**

**Remembering intuitively that waters are materialized emotions of  
life and vitality  
flowing in one direction, he searched the area.**

**Where are emotions moving and flowing?**

**Hmmmmm..Focusing more deeply, he ballooned his attention over a  
bigger and bigger area.  
Finally he felt clearly emotions of rushing waters underground.**

**Sure enough!!!**

**The flowing underground he felt was coming from slightly behind a  
hill far away  
on the right flowing across some distance in front of him in a  
leftward direction.**

**It was about three feet wide, and perhaps eight inches deep,  
about ten or twelve feet under the ground. The waters felt like living  
cool light.**

**Joe squinted his eyes. With a burst of excitement, he saw that the  
energy flow popped out of the ground about a quarter mile down  
the hill on the left.**

**Running in a relaxed receptive gait, vivid images of ancient Indians  
from many generations passed through his mind's eye.**

**With great clarity and certainty, knowing that the Indians had loved  
and sung praises to this water for thousands of years, he sang a  
happy song.**

**Flowing emotions of thousands of years of singing and gratitude for  
the  
clean underground waters swirled through his soul, lifting him up  
in ecstasies of wonder and awe.**

**The water was very pure and full of life.**

**Joe sprinted through large gorgeous ferns, leaping over fallen moss  
covered trees with growing excitement.**

**There it was, almost hidden from his sight by overhanging  
rhododendron,  
the small mysterious pool of water, the beginning of a meandering  
stream, appeared before him.**

**Crawling forward on hands and knees, he felt how soon his thirst would be drenched with living coolness!**

**Joyfully his hands scooped the living water into his thirsty mouth.**

**Swallowing deeply, gulping explosions of life force energized his weary body.**

**Inside of him shimmering emotions of harmony and peace united him with all those who had drunk from this spring in the past.**

**AHHHHH..tears of gratitude dampened his cheeks!**

**The ancient Angel of Elami,  
a beautiful goddess who had forever protected this wondrous  
ancient spring,  
smiled ever so sweetly as Joes heart soared in bliss.**

**Nearby the mountains sighed deeply in peace.**

**Here in this last degree of Sagittarius, a Child of Light goes into the silence and flows with emotions of omnipresence of Divine Being in everything.**

**This is in preparation for the next sign of Capricorn.**

**Capricorn is receptivity to OMNIPOTENT DIVINE WILL FOR THE  
HIGHEST GOOD OF ALL,  
from the Heavens and also from the Earth.**

### Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.  
This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of

Franz Bardon.  
 Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE  
 OF MAGICAL EVOCATION,  
 ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE  
 KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].  
 Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.  
 These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.  
 Franz Bardon's last autobiographical book,  
 "Frabato the Magician", gives historical background and was compiled by his German publisher  
 from notes written by Franz Bardon.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all  
 dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM, and I am one with all there is;  
 I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .

I give thanks that this is done.

SO BE IT!

So it is.
