Melamo

Beloved,

and accesses authority and mastery
to transform and transmute this into perfection.**

**In the sign of Capricorn,
DIVINE WILL,
for the highest good of all,
MANIFESTS ON EARTH
in practical ways.**

**Original divine intent to manifest spiritual perfection
in desire, thought, emotion and form
encompasses all creation.**

**We help World Servers elevate their own unique personalities to
enlightenment,
thus putting them in front of the spiritual powers,
and thereby enabling them to
influence man and animal at personal will.**

**The angels of Melamo teach magical practices by which one can
proceed to the highest plane of power.**

**In this case mastery comes from mastery of divine powerful flowing
emotional states.**

These powerful emotions are the pure original emotions of divinity.

They are magnetic compact information vortexes flowing through emotionally.

**They are empowered
by
personal identification,
of uniting in meditation with
The Omnipresence of Splendor and Majesty of Divine Being
in all of Creation.**

***Remember that flowing divine emotions are the divine virtue of letter M
of Melamo.***

Oneness with All is the divine virtue of letter E.

Here is one of our stories:

MOUNTAIN OF GLORY

Once upon a time, We, the angels of Melamo, were shimmering over a mountaintop.

It was late on a warm beautiful winters afternoon.

**A kind man,
who had been protecting and inspiring others to help protect the earth,
sat in meditation just below us
in a small grove of quaking Aspens.**

**Through deep study, self-discipline, and ongoing emotional healing and enlightenment
he was experiencing ever-deepening and widening pure awareness,
power, ecstasy and sacredness.**

**We were hovering over him because at this moment his heart had sent
out a powerful cry for help.**

At this very moment his heart was deeply breaking.

He was overcome with the sadness in the world.

He had been longing and weeping in sadness and nostalgia for divine
perfection for so long,
wanting to replace so much suffering in the world with divine beauty.

That is why we had been summoned,
it is why we had come.

The anguish within his heart had called us.

He had seen too much suffering recently.

Too much suffering.

Too much destruction.

His heart was burning so fiercely.

He could hardly bear it!

He was, longing, longing for all in creation to experience unity with
Divine Light!

So deep was the longing of his heart for Divine Beingness
to manifest on the physical plane of everyday consciousness
for all beings
that it amazed even us!

Ever since he was very small
he had wanted to be one with Divine Consciousness and flow with
divine emotions.

However, this exalted state of being and emotion had kept eluding him
because of strife all around him.

He was an empath.
He felt everything around him.

When he was out in nature, and creatures were happy and well around
him,
he would be in worshipful gratitude and ecstasy,
his heart overflowing in love.

Even though he experienced these times of great ecstasy now and
then,
when he got back into town,
the world would soon come crashing back down on him.

Everyday consciousness there seemed to hold him in snares
that he could not fully escape.

He knew that only beauty and spiritual enlightenment held any magic
for him.

The fads of the world did not appeal to him,
they made him weak and tired.

As far back as he could remember,
whenever he had tried to fill the void in his heart with anything else
other than divine love,
beauty and harmony,
the beckoning glitter faded so quickly that he felt like he had been hit
by a truck!

Then his longing for Oneness with Divine Being in all creation would be

stronger than ever.

At times he felt as if the intensity of his desire for enlightenment and
love
was all powerful and could move mountains!

This overwhelming emotion of longing and power
had gotten even stronger because recent tragic situations
in the world had caused him so much prolonged and extreme anguish.

That was why he had come to the mountain wilderness to fast and pray.

His longing for Heaven on Earth had reached absolute critical mass.

Even though he was personally safe and blessed,
the suffering of the world seemed so great.

His heart was crying to end the suffering forever for all sentient beings.

The problem was that he just didnt know how to do it.

How could he help?

He looked at the sky, crying out,
"Why cant I heal the sick, raise the dead,
and do all the miracles that I have heard about all my life?"

Oh Divine Consciousness!

Let me follow in the footsteps of the masters, saints, and prophets!"

Why have I been told to do such things if I cant do them?

Was it not said,
All that I do ye shall do and more.?

So deep were his supplications,
that at first he didn't notice the gathering shimmerings of lights all
about him.

He kept shouting out to the heavens,
"It is IMPOSSIBLE for me to live ordinary life and be happy while the
Earth is suffering!
My heart is being torn apart with my longing for Heaven on Earth for all
beings around me!"

With the intensity of raging seas he screamed out to God,
to the saints, to the angels, for help, for answers.

He continued,
"How can I fill the world with Light, with Omnipotent Divine Will for the
highest good of all,
with the Compassion of Love and Empathy?

I want to heal and teach and help people.
I want happiness all around me,
not suffering!

How can I help all others?

How can they find and dwell within the God-spark within themselves"

How can I bring Heaven to Earth?

Oh how his heart was trembling "Oh Divine Being, help me!!"

He crumpled down on the ground, tears streaming down his cheeks.

"Why am I so helpless to help?", he sobbed.

SILENCE.

**Eyes closed, head lifting up suddenly,
from the silent bedrock of his being,
his soul screamed out
a final primal call for help that rang throughout
the celestial realms.**

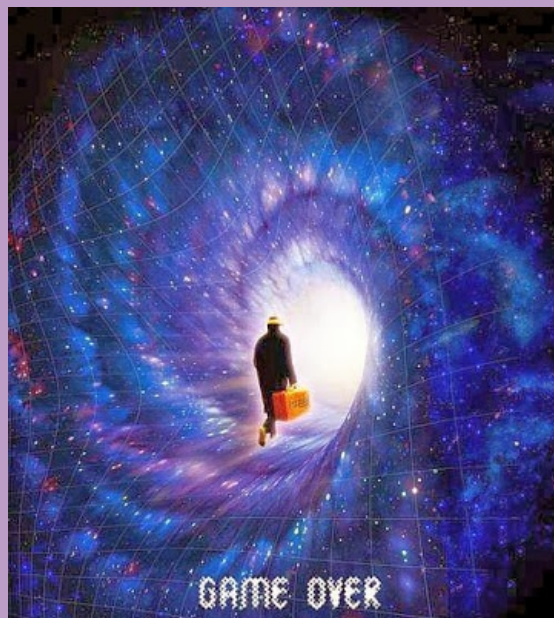

Then something snapped into place.

**A connection so deep and so wide that it filled the universe
formed in that moment
between Creator and Created.**

TIME COLLAPSED INTO ETERNITY.

**We, the Angels of Melamo,
flooded him with flowing oceanic divine emotions of oneness with all
life,
with the splendor and majesty of Divine Being,
with Cognition brought about by Love Divine.**

**As if walking through a portal of consciousness,
powerful emotions of ecstasy,
bliss
and understanding
swept him into a swirling vortex
of giant cosmic oceans
of light
and infinite love
and joy.**

**He experienced The ONENESS of Divine Being
living through all creation,
and through everything that happens.**

**He remembered what was written:
*"Give thanks for all things,
for that is my will concerning you."***

"All things work for good for them that believe."

Finally, his inner vision opened,
he saw how even the worst situations catalyzed deep innate longings for
spiritual perfection,
for unity with divine light,
for beauty,
and for the spiritual path to joy, love, and happiness.

Even that which had appeared negative and unacceptable before,
now he understood its purpose,
and saw why it was allowed to have happened.

Many beings learned much through these lessons.

They learned about cause and effect.

They learned what harm feels like,
and how it returns to the sender.

He saw that those parts of creation who experienced this harm time and
again
were learning to never cause harm to anything.

This was how they learned,
deep on an organic level,
they learned through these personal experiences.

He saw that the time had come for all of these lessons to come home to
roost,
for each being to discover divinity within themselves,
and within all others,
to understand
and long for
and finally become one with
the awareness of the oneness of all life,
to live in joy,
to cause harm to none.

With waves of happiness,
he saw in clear divine rapture
that no matter what anyone or anything was experiencing,
all was destined to find its way to the center of sacredness,
pure being,
love and life.

With this, he sighed with deep relief.

His body and heart relaxed.

He thought back over his life.

He felt grateful for the lessons he had learned through the challenges of life.

He realized how his suffering and sensitivity had propelled his spirit and soul to seek and find his immortal divine life within.

*"Seek ye first the kingdom of heaven,
and all else shall be added unto you."*

"The kingdom of heaven is found within."

"Listen to the still small voice."

"I and the Father are ONE."

"All that I do, ye shall do, and more."

He knew that each person was experiencing this journey, learning in their own ways.

He was so grateful for them too,
now he could feel joy,
instead of being fearful.

He gladly traded his old fear and helplessness
for understanding, gratitude, love and faith.

He was so glad to have reached his destination!

He was so glad that he could feel ONE with Divine Being,
ONE with indwelling divine perfection everywhere.

As he gazed upon the world,
his gazing saw indwelling original divine perfection
in each being,
in each creation.

He knew deep within,
with certainty,
that this beautiful glorious perfection was coming in to full
manifestation.

He could see that each person, each being,
was destined in this time to come full circle into the center,
was destined for the full glory of divine perfection on every level.

He saw all wounds healed,
all hearts whole and grateful,
the crooked made straight.

"All that I do ye shall do and more."

Let's vibrate Love

One individual who
lives and vibrates to the
energy of pure love
and reverence for all of
life will counterbalance
the negativity of
750,000 individuals
who calibrate at the
lower weakening levels.

- Dr. Wayne Dyer

Joy arose like a phoenix,
within his heart.

He felt the power and the might of divine being.

He shook with waves of glory and love.

He now knew that justice and harmony were inevitable.

As the afternoon deepened,

glorious insight after insight came to him.

He became ONE with divine silence,
seeing the truth of all original divine ideas that lay at the core of reality.

Again and again he saw how every person, every being,
was learning the lessons of harmlessness
through life changing personal experience with suffering.

He understood how this deep catalyst awakened ancient memories
and longings within the deepest part of every being,
awakening memories of inherent divine joy, oneness, love and
perfection.

He saw clearly that imperfections everywhere, in all beings and
situations, were being
released for change now and that through original divine willpower and
love,
were being transformed and transmuted into states that are the
highest good of all.

He forgave all. He gave thanks for all.
"Give thanks for all things, for that is my will concerning you."

With overwhelming rapture and awe, stronger than anything he had
ever
felt before in his life, with infinite faith and burning cognition of the
Divinity and Love
of all that exist in the web of life, peace swept through him.

His consciousness was filled with the music of the spheres.

When finally he came out of meditation, he said to himself,
"This beautiful stillness, this rapture is my home,"

This is my home, this bliss is the truth of my being!

It was now twilight on the mountain.

Feeling totally invigorated, he leapt up and sprang forth as if he had wings on his feet.

In joyful glee he flew down the mountain back to his warm and cheerful cabin.

Into the wee hours of the morning his light burned.

He again looked at his books of ancient teachings.

Sacred thoughts that once seemed distant now jumped off the pages with blazing clarity, making sense to him.

Word by word, sentence by sentence, he recognized much more clearly the ancient teachings That which he knew to be The Truth of his very Being.

Closing his eyes, meditations and practices attuned his consciousness with Divine Being and flowed much more effortlessly through him.

He knew,
he experienced,
with unshakeable intensity,
that this enlightened consciousness and flowing emotions of love were right now making a difference in the world!
No longer was he emitting sadness into the unified field of energy, unknowingly attracting the very things he so wished to change!

Now Blazing Light and flowing Love Divine was radiating out, transforming reality in omnipotent Power and Might!

There was no doubt whatsoever.

Grasping his pen, he wrote down these words:

" God, I am one with thee, and Thou art everywhere.

So I am everywhere also."

*"God, thou art one with me, and thou art all powerful.
In Thee I have all power also."*

*"God, WE are everywhere present, YOU and I, and
TOGETHER we contain all knowledge.
Together we bring our Love into all the worlds, our flowing
love heals all, for WE ARE ONE."*

Time stopped and from all eternity infinite beings came to attention.

Angels, Dominions, Powers, and Thrones, and all beings in creation, were sharing deep communion and joy in the heartspace of pure beingness.

Within their heartspaces ancient original designs of creation as pure spiritual perfection burst into reality in the world.

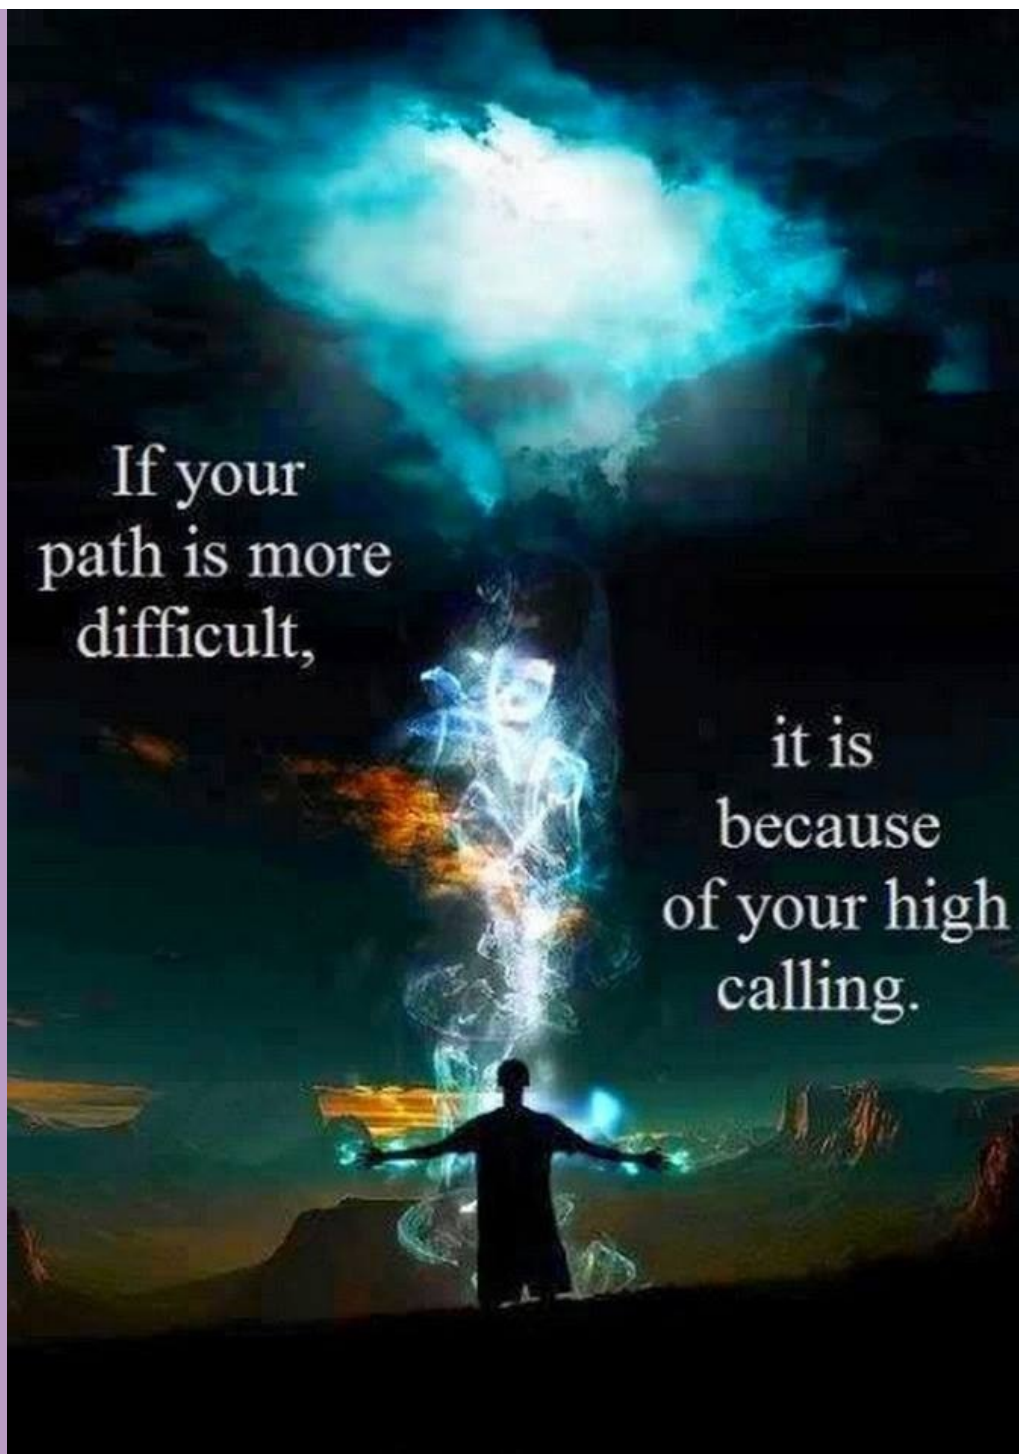

That night everywhere people experienced miracles of grace.

**Once again The Ancient Disguise was lifted as a Child of Light discovered, remembered, in deep inner knowing and flowing divine emotions,
Oneness with God and all Creation.**

Once again a Child of Light unleashed The Power of Miracles.

MIRACLES

If your
path is more
difficult,

it is
because
of your high
calling.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,

and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.
These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.
Franz Bardon's last autobiographical book,
"Frabato the Magician", gives historical background

and was compiled by his German publisher from notes written by Franz Bardon.

Love brings miracles of happiness.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.

SO BE IT!
So it is.
